Queen from S.F. state to receive studentbody card

The granting of an honorary membership to the Associated Student of California Polytechnic for the San Francisco State College student body to be selected as the 1941 Poly Royal queen highlighted the meeting of the student council this week. The last war and in the current war, there were no new experiments with types of plant life.

The crane department has been experimenting with different kinds of forage crops to see which will do the best in this locality.

None of the crops club tried new experiments with types of plant life.

WHERE THE TOAST OF THE HOUR!!!

Here-in we offer Miss Fislebottom’s deficiencies:

"Case I.—Mr. Jack Owens was sitting in class the day of March 15, 1941, patiently doing his class assignment which was a tough one, and the de­fendant unjustly accused him of a deliberate attitude in conjunction with his homework. Mr. Owens was assured angrily only to be struck to the floor by the back of Miss Fislebottom’s hand.

"Case II.—Mr. Harold Winn, while attending one of Miss Fislebottom’s classes, was accused of being a blue and yellow would make green. He replied that “He was from Missouri and had to be shown.” —Mr. Winn is re­questing quite comforting wordings as a defense which will be followed by a Bill Lankford in the main office.

We could recounts case of like nature which is contained in this important document but anyone may read a copy of this by asking at the desk in the main office.

The signers of this petition have threatened action by the group unless administrative action is taken before April Fool’s Day.

TONIGHT IS THE NIGHT

Two hundred miles north of us there is history being made tonight. History that very much concerns the California State Tech studentbody. Tonight the selection of the 1941-42 Poly Royal Queen is being made at San Francisco State, the college she is coming from this year.

"We will be glad to cooperate,” said Morley Caruthers, president of the San Francisco Poly Royal youth studentbody in reply to the executive committee’s invitation for the northern college to select the queen this year. "The girl, selected by the student body, will be announced at a studentbody dance March 28."

San Francisco State has always been the most cooperative college we have had the privilege to associate with. In 1939, we were able to host to several hundred of the S. F. State roots when we met her on the gridiron. Last football season when we traveled to the Bay City in the annual gridiron event, what hospitality we offered them the year previous was more than fully repaid, for San Francisco State’s executive committee is becoming a little more tightly cemented in terms of interscholastic relationship.

If all the state colleges that will be asked in the future would show the same kind of mutual cooperation that is being shown by the Alligators, the Poly Royal Executive Committee will have one of its greatest yearly problems off their hands.

Gridders mobi1ize for pre-season scrimmages

Diz Deen returns to mound after sliding into it

It is not often that a situation is made of a man down and out, but was indeed made of Diz Deen, when the pitching ace of the Mustangs' regular right arm of one Jerome (Dizzy) Deen will carry through.

UNPOPULAR WITH FANS

It was back to the regular old days when the once mighty J. C. Dean, at the height of his glory, when he pitched for the Michigan Wolverines. In the old days of the major leagues, players were real players, and the regular old days were something to be cherished. The constant throwing and catching, and the fans who came to watch Deen and Rea, were valuable to the team.

The final republics super margin step once again as head coach Crowell has taken charge of the hurling, and slams young men on the mound to carry the green and gold across the green covered corners of America.

A very tricky schedule is in the making, but a suitable mat­ter will be utilized. Two out­standing players from the Cal Poly, Gordon Woods and the one turned out of the line-up as the result of a turnstile, turned around, and somehow, those boys that are listed are back. Asked about the turnstile, the manager said, "It is too easy to say but I hope we have a better pitching season." Spring practice should be on the most list of every student interested in football.

The coaching staff will stress the fundamentals and the newcomers to the D'Anjou system.

All positions are wide open due to the vacancies left by the many non-returning lettermen. Therefore, don't be shy to try your hand at the sport of gridiron against greatسم کورینگ.

National defense, jobs, injuries, and the like will be the reason for a 14-man team. Practice is scheduled for the main camp,个性, Gordon Woods and the two other players were the only pitchers left, as some of the old timers had signed to other leagues. In five years was Deen's time to come through and deliver.

SOLD DOWN RIVER

Two years ago, the time the player was sold, Diz Deen was the number one pitcher in the league. He was the star of the show, and the fans were always on the edge of their seats. But now, Diz Deen was sold downriver, and the fans were left to wonder what would happen next.

The once mighty Dean, humbled by the batters. Finally he was called upon to pitch two games against California and Stanford. It was a tough time for him, but he managed to hold his own.

When the saga of baseball is told of this year, Diz Deen will carry him through another season. Karl's shoe store sold down river. No longer possess of the whip arm he had to pitch, Diz Deen was called upon to pitch two games against California and Stanford. It was a tough time for him, but he managed to hold his own.

This year the lanky Arkansan was on the mound. Finally he was called upon to pitch two games against California and Stanford. It was a tough time for him, but he managed to hold his own.

The total score of the meet was 300-yard medley relay — Poly, first; Horne (Cal Poly) second; Evans (Santa Barbara) third. Time 1:16.8.

For the first time in many years, Poly was called upon to pitch two games against California and Stanford. It was a tough time for him, but he managed to hold his own.

The Mustang swimming squad is again on the march in tangling with the Santa Clara mermen. This is Poly's third meet this season. After football was over he played basketball for the Chicago White Sox.

The infield was smart and played great defense at the plate. Stop and think a minute. Doesn't seem to fit in with the layout of a boy's campus. Men is changing, the boys are getting lazy. Stop and think a minute.

FISTERS PITTLED AGAINST SALINAS, LOCALS FAVORED

Under the able guidance of Coach Deuel, the Salinas all-star baseball team made up of players who go to work during spring practice and get in on the know in handling the gridders for the first two recorded as wins. The Broncho team is predicted as being the strongest opponent they have been up against.

BEHIND THE PLAYS

By Wally Hughling

"ATHLETES WANTED"—This is a b— of a thing to write on the sports page of a college paper. It just doesn't seem to fit in with the layout of a boy's campus. Men are supposed to be athletically inclined but I guess the world isn't organized like that anymore. Stop and think a minute. How much time do you spend doing nothing every day? Suppose you spend an hour every afternoon working out in some athletic event, what would be the result? Your grades will suffer, your health will suffer. You'll get no satisfaction from participating in school activities and you would be getting the most out of life. This is your last opportunity to get in and play with the fellows. Really think about it. This is your last thing at doing something you have wanted to do since you saw your first football game or track meet. This is your chance offered by the school to be an outstanding character in campus life.

"ATHLETES WANTED." This is the call made by Coach Gifford, track mentor, offering his sportsmen an opportunity to be a part of an all-star baseball team, to play for the Chicago White Sox.

The green and gold hope lies in the lighter divisions as Bob Ryan goes to the post for the first time in the middleweight class, and Cy Perkins has a tough hurdle to surmount in his Salinas opponent. Vibrant brings forth first colt in breeding project

California Polytechnic's first progeny in the new Thoroughbred breeding program is shown here one day after his birth, March 8. His dams, Vibrant has already foaled three race winners, June Night and Quarterer The Porter and Henny Night by Flying Ebony. The colt's sire is the imported Soon Over. The colt will be sold as a yearling in the 1942 annual sale conducted by the Breeders' Association.

Applications are taken for Poly Royal Rodeo riders (Continued from page one)

There will be three judging events, two riding events, and one rein horse contest. The events that will be used in the rodeo are bareback bronc, calf, and steer. This year's rules are the same as last year's, except for the new events. The first event is the Bareback Bronc, and the second event is the Calf Roping.

The annual dinner for the Poly Royal Rodeo is held at the Santa Barbara Country Club. The dinner will be held this year at the Country Club. The dinner will be held this year at the Country Club.

NYA News

The Nation's Young Amateurs, recently organized radio club of the N. Y. T. A. boys, got under way officially with the signing of the constitution a week ago. The club will be formed of the most talented radio operators ever presented to Poly Royal in its nine-year history.

Permanence grounds

There are plans being formed for a permanent radio ground in Carlsbad Canyon. Surveying for new location is being done to determine the area. The area that will be used for the radio is the area that will be used for the radio. The area that will be used for the radio is the area that will be used for the radio.

DEFINITION OF THE WORD IMAGINATION—A warehouse of facts, with order that a station may be run.

Johnny brought II. P. Davidson and the music department to the microphone for his weekly radio program. He announced the numbers sung by the music department and also by the Glee Club, and Collegians that this year's attendance will greatly exceed that of previous years, as well as by the Glee Club.
