Open Forums on Semester Review Task Force Report Planned for January

As part of the process of exploring whether Cal Poly should convert to semesters, the Semester Review Task Force submitted its recommendations to President Armstrong in December. The full report can be read online.

Next in this process, the Academic Senate and the ASI Board of Directors will review the report at their respective meetings in January. In addition, President Armstrong will host two open forums for the campus:

- Open Forum (staff focused): 2 p.m. Wednesday, Jan. 16, the Pavilion of the Christopher Cohan Performing Arts Center (Please note: This is a new date.)

- General Campus Open Forum (all): 2 p.m. Wednesday, Jan. 30, the Pavilion of the Christopher Cohan Performing Arts Center

The task force's report and these campus discussions will assist President Armstrong with Cal Poly's ongoing involvement in the CSU's systemwide deliberations on semester conversion. In a note to the campus last month, President Armstrong said he will continue to keep the campus informed as the process continues and that he plans to submit his recommendations to CSU Chancellor Timothy White by the end of winter quarter.

Cal Poly Rose Parade Float Captures Bob Hope Humor Award

"Tuxedo Air," the float built by students from Cal Poly with their peers at Cal Poly Pomona, captured the Bob Hope Humor Award for most comical and amusing entry in the 2013 Rose Parade in Pasadena on Jan. 1. "Tuxedo Air" conveyed the 2013 parade theme of "Oh, the Places You'll Go!" through the depiction of adventurous penguins learning to fly with the hope of reaching warmer and more exotic lands. Cal Poly students have worked with their counterparts at Pomona every year since 1949 to build a float for the annual New Year's Day parade. In true Learn by Doing fashion, students design the float and build it themselves (half at each campus), then put it together with the help of volunteers in the days leading up to the parade. The Cal Poly floats are frequent award winners at the parade. Tuesday marked the 51st time in 65 years the student-built float has been honored. Find more information on the Cal Poly Rose Float on Facebook and on the ASI website. And see more photos of the Cal Poly Universities Rose Float here.
