From your proxy......

To all students, old and new, I wish to extend a cordial welcome to Cal Poly. As soon as you have registered you become an integral part of the Cal Poly family. Good wishes and success will go with you, and we feel sure that you are going to enjoy them.

There are about 1,000 students and 200 professors and administrators here, making up a total of about 1,200 people. It is important that you know each other and make friends with them all. Remember, though, your lessons come first and your activities second. When you leave this college you will not be known by WHAT you know, but by WHAT you know.

PREXY SPEAKS

Dougherty enthusiastically enumerated the benefits of the trip in an interview today.

The Associated Students have a full set of officials plus a hired graduate manager who is given the responsibility of all finances. Functions of student government are broken down and assigned to various permanent committees and sub-committees. Each of these committees is composed of representatives elected from clubs and organizations from the college at large. Each of these committees, in turn, is composed of representatives from smaller classes and groups.

DUTIES OF OFFICERS

1. Report to Accounting Office in Administration Building. Pay registration fee.
2. Take receipted accounting department card to Room 107, Accounting Office. Secure the following: Registration number, name of social counselor, photo appointment, and name of social counselor.
3. Fill out Student Biographical Record.
4. Attend and complete registration.
5. Report to advisors and complete registration.
6. Fill out Student Biographical Record card.
7. Complete the Student Biographical Record.

The lucky gal is now Mrs. Herbert Fischer, formerly Miss Mary Young, the boy is Mr. Herbert Fischer. And fresh when you see this couple, you will know them for they look at each other like kids. We want you to call them Mr. and Mrs. Fischer, Or else.

**HELDRIVERS —BEWARE**

With a roar and a grinning of gears, out of a cloud of smoke streaks a snappy little roadster. It shoots down the hill from a high permision and at the very top of the road just below the gym the driver slams on his brakes and the tires skid in a gory at an inch or so of rubber is instantly bumed off. He finally gets his car slowed down enough to turn the corner in two wheels.

All of this I think, feelas, just how really incomprehensible it is of these "helddrivers" to use the campus roads as their own private race track. After all, it is your life he is endangering when he drives his car too fast and it is your life he is endangering when he drives his car too fast and it is your life he is endangering when he drives his car too fast and it is your life he is endangering when he drives his car too fast.

Polly's Football Season Opens September 20

By Amaru Pereira

Friday, September 3, 1942
THE CALIFORNIA POLYTECHNIC EL MUSTANG

Pigskin season has rolled around again and that seems to do things to you. I hope that all of you will be able to go to Whittier to give the Mustangs some moral support on their opening game. You frosh from known as yet whether he will go in as an athletic director or a "buck witt soon be in the Army, it is not

Off My Mind

By Amaru Pereira

After that is over it's "Reno Bound!" This reminds me of last year's trip to Santa Barbara. We were there when the game was still being played when a storm came in and it poured down all over the field. As things turned out the game had to be cancelled. That was very disappointing, but I will not cry over spilt milk. I think that the game was stopped early enough and the players got off the field pretty soon. It was quite a thrill to see the clouds part and the sun shining through. It was a beautiful sight.

1940 pigskin review

The 1940 pigskin season started out with a bang in the Cal Poly/Montana tangle with the Engineers from Cal Tech. Cal Poly lost the game 31 to 7 after once leading 7 to 0. A "roughing the passer" penalty on the one yard line was the deciding factor of the game.

De Rosa to go into Army soon

Don De Rosa, former backfield football for the Mustangs, will soon be in the Army. I am not sure whether he is in the regular army or in the reserves. I believe that he is in the regular army. He is a good worker and he has done a lot for the Mustangs. I think that he will make a good career in the Army.

Results of 1940 Football Season

San Jose Poly 14
Santa Maria J. C. 13

The Mustangs will be in the Army again this year and will have to prepare for the next season. I hope that they will do well in the Army and that they will come back stronger than ever.

Chuck Pavelko takes position on coaching staff

Charles Pavelko, former University of Santa Clara basketball player, has been appointed by Julian A. McPhail, president of the California Polytechnic College, to the post of assistant football coach, succeeding Don De Rosa.

Come on frosh --------play the game

Chuck Pavelko will help "Howie" with the football team as backfield coach. In addition to this he will take care of the swimming team.

Basketball season in retrospect

Last year's Poly varsity played a schedule of 21 games, winning only ten of them. The Mustangs offered the season by winning the S-L-O County championship in the Azusa-Fairbanks tournament and were awarded gold basketballs.

Chuck Pavelko stepped up a grade of two into shape and the end of the season every opponent knew that they had been in a tough game. Poly had many close games and had to work hard to win some of these. I hope that they will do well this year.

In retrospect

Freshman participation is not limited to freshman teams. If any freshman has the ability to make a varsity letter he is eligible, so come on frosh, show these upper classmen what you can do.

Off My Mind

By Amaru Pereira

If there are any of you who wish to help out on the sports page of the Mustang, call on me. I always enjoy playing in the sports page, and I think that it is a good way to get to know the other students. I am always willing to help out, so come on and let's get started.

By Amaru Pereira

The Mustangs are going to the Army soon and will have to prepare for the next season. I hope that they will do well in the Army and that they will come back stronger than ever.
**Glee Club auditions to be held September 8, 11, & 15**

By H. E. DAVISON

Every year the Cal Poly Mustang Band plays on a great show at all football games, basketball games, parades, and assemblies. With the new uniforms purchased last year, the first, fastly high marching step that is printed, and the intricate formations, as well as new lighting effects, this year’s band will be better than ever before.

So freshmen, if you have tried out a uniform in high school, or just have a uniform in high school, or just have a uniform at home, you will have a lot of fun, besides having the feeling that you belong to one of the campus organizations. If you don’t have a uniform in high school and you can’t afford one, the glee club will try to get a uniform for you, or if you have a uniform in high school that you can’t afford to buy, the glee club will try to get a uniform for you.

**EASY AS PIE**

If you are interested in trying, Bill Gould, one of your freshman year, will be in the glee club, and he will be hanging around during the year, besides making music for all the glee club events, also be featured.
