Junior Class to Sponsor Dance
What promises to be one of the big events of the year, the student body dance sponsored by the Junior class, will get off on a whirlwind start next Friday evening in Crandall gym.

The theme for the evening will be Cal Poly's new housing program, and the committee working on this something new-and-different-in-the-way of intermission entertainment, which will be abridged in deep secrecy until the night of the dance.

The Junior class, under the auspices of Paul Dougherty with President George Dewey at the helm, are working full tilt to make this dance one of the biggest and best of the year.

The Hungry Five Needs Clothing
The war is over, but did you hear about the clothing shortage? That great and select symphony of national entertainment, known as the "Hungry Five," are literally without a shirt on their backs. Needed to complete their array are five coats of distinction that would put H. P. to shame. If you have a circus coat, a Cuban war smock, or what have you, please notify the music department or drop a note in Box 210.

The "Hungry Five" is a committee which makes the rounds of Farm Labor meetings and other gatherings for the purpose of musical and comic entertainment. When the organization was forced to disband during the war, the uniforms were misplaced and cannot be found. So, if anyone can help the boys out, your donation will be appreciated.

Young Farmers Plow
The Cal Poly Young Farmers club plowed into their spring field of entertainment for club members and guests, Friday night.

The club planned to have the afternoon start as a fundraiser, with an event for the annual end-of-year whirl in entertainment. Swimming started at 7 p.m. in the Poly swimming hole and was followed by dancing to the tune of Juty Box and his "Recordians" in the Corral.

Cal Poly: Home of the Bureau
By Bill Mead
Cal Poly has been headquarters for the State Bureau of Agricultural Education since 1933. Before that time the bureau's headquarters were in Sacramento, where Julian McPhee was in charge. In the summer of 1933, when McPhee became president of the college, the bureau office was moved here to San Luis Obispo, by 1944, when McPhee became state director of Vocational Education, he was succeeded as Bureau Chief by B. F. McMahon.

The duties of the bureau are that of administering agricultural education in high schools and junior colleges of the state, which includes the training of agricultural teachers, the auditing of records of high school agriculture departments, and the work of various committees of the bureau.

McMahon is the Bureau Chief and has been at Cal Poly since 1933. He is responsible for the training of agricultural teachers, the auditing of records of high school agriculture departments, and the work of various committees of the bureau.

Byron McManus is Chief of Bureau.

Fifth Zuncho Colt Foaled
By Herb Mack
Newest addition to Cal Poly's famed line of thoroughbred horses is a new week-old colt. Almost a successful year of thoroughbred racing is expected for this year's colt, which was foaled during a laboratory period in February. The colt is a offspring of a thoroughbred mare, and was witnessed by thirty fellows who received some practical experience in horse produktion.

Another colt is expected the end of this month with more coming in March. All five colts are out of our black stud, Zuncho. These colts will probably be sold at the coming sale to be held in July at Cal Poly.

Veterinary Education
By George Couper
Dr. Lindsey, doctor of veterinary medicine, joined the Poly teaching staff this past week and, in his presence, gave counsel for the Poly cows, cows and their owners and a big sign of relief.

The Poly Veterinary Service is now under the direction of Dr. Lindsey, who has been teaching at the Poly and has had experience in horse produktion.

For some winning purses, they are a source of comfort, a sign that has been once, and a golding. Soon Over, that has raced four times. Another colt, a half-bred, has raced twice at Santa Anita, placing ninth and sixth in March.

Veterans in receipt of disability pensions to the $4,000 or more may file their applications under Law 14. Another amendment to the

Weather Forecast:
Your Guess Is as Good as Mine.

In San Luis Obispo, your guess is as good as mine.

New Veterinarian Added to Staff
Dr. Lindsey, a veterinarian, joined the Poly teaching staff this past week and, in his presence, gave counsel for the Poly cows, cows and their owners.

Hate off to Paul and life crops boys. The dance was really on the bounce. A good time was well behaved. Holm and Wally did a fine job of hostessing. The faculty present, U. E. C., G. G. Sue. Bill and Paul all seemed to have a good time. Holmes says that nylons are like a candy box. Europe. All I'm ever going to get is a bunch out. Who takes care of Junior.

That kind of reporting isn't fair, and we print with a few of the many problems facing us. I gotta stop now cuz I am near the end of the roll and the Best of Food story window and cracked the ceiling, for the city which is sinking. My little brother bit a truant. My father fell out of a ten old grandmother has been put in a hall in that dark pate of sprinkling of grey (grey hairs, not dandruff) on that dark pate of sprinkling of grey. "Three cheers for the basketball team" was a consensual in the Navy.

Merrill. However, what has both- odhman who gets rabies, my brother will be off. I use to have a Roosuhn on that dark pate of sprinkling of grey. "Three cheers for the basketball team" was a consensual in the Navy.

I see the El Rodeo staff is sponsoring a snapshot contest. There should be a bell on camera on the campus. Even if you don't win a prize, your pictures may be used in the annual yearbook.

Some old faces seen around last week were Carl Graham, Hosmer, Brown, Henry House and Jim Blake. The "Double K" Kal and Kouns. Blake has been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been been be...

"Dear John"

EDITOR:

After a jape of several weeks, the inference that the college was being forced into hiring of the story. The release went on to say that the ruling in the "case of Pavelko" was made after a request to the attorney general's office from the state department of education. The ruling, A. P. alleged, was that Poly had to hire Pavelko back — with the inference that the college was being forced into hiring him.

Facts in the case are at variance with the story as published by A. P. In November, 1945, the administration asked the state department of education to advise the college as to what legal action was to be taken. The administration was expected to arise in the athletic department. Although repeated follow-ups were made by the college to get the answer to the problem, no statement was received from the college and the first word the administration heard on the subject was the radio broadcast release of the A. P. story.

In the administration's request for advice, the situation was explained as follows: Prior to the war, Poly's athletic department had three men. The newly named athletic director, Howard O'Daniels, head coach; and Don DeRosa, assistant coach. DeRosa resigned his position and eight months later went into the Navy. Charles Pavelko was hired to fill his position. After serving on the staff during the football season of 1941, Pavelko resigned and took a commission in the Navy. Deuel was called back into the army, having served as a captain in the first World War, and was given a leave of absence. O'Daniels was given a leave of absence, and entered the navy as an athletic officer. Bob Dakan was hired as coach and coached the 1942 football squad before going into the Navy. "Little Bo" Dewey was given a plug. Now that sounds very, very feminine, even to a college for men. The only problem was — which is the order of "grapes," but are remedies for a few of the many problems facing us.

Any suggestions from Merrill can be made in his column. I realize the author? One Issue starts with the word the administration heard on the subject was the radio broadcast release of the A. P. story. In November, 1945, the administration was asked to advise the college of whether a man who resigns his job to go into the military service has a right to return to that job was answered here today by Robert Kenny, state attorney general, in a ruling in the case of Charles Pavelko. Pavelko resigned and took a commission in the Navy. Deuel was called back into the army, having served as a captain in the first World War, and was given a leave of absence. O'Daniels was given a plug. Now that sounds very, very feminine, even to a college for men.

Dots and Dashes...

This week I am going to try to give you as many dots and dashes as a few Polytans out of school and in school...

Did you know that we had some bronco boosters here at Polyville... take a ride to Morro Bay and see some of the finest bronco boosters around... or... a Jim O'Neil, Frank Doyt, Jim Stout, Dick Otto, Frank Morro Bay is the bronco booster... so... Doner and Stout have been roping calves too... more power to you, boys... you have more guts than most of us... Raw in the Power high school "Red Cat" that I found 5 inch LLOYD HARDING, basketball star at Power will do his best to get you there... I'll answer you as soon as possible... I know some of you will have to wait... I'm sorry...

— RED JEWETT has spent a lot of time in the gym showing the guys how to throw a right cross... GEORGE "Cheese" EGO has had the luxury of playing basketball (Rob Deken was coach here in '47-'48) and he will be answering requests from us... more power to you, boys...

Mustangs Clash With Octanes in Play-off

Final play-off for the championship of the second half of the City League will be Monday night with the Octanes and the Mustangs vying for the hard fought at 7:00 p.m.

Playing a total of eight games in the City League series, Poly has its last victory, in all but one. The Leaguers showed the Octanes with the lead to 7:10 p.m.

Octanes Win Chance in Poly Playoff

City league basketball wound up its second half with three thrilling games in Poly's gym. The Octanes ran up the highest score in the league's 72.7 over the Native Sons of the last minute when two Legionaries dropped their ball and off the floor. They tumbled over the floor which made a hit with the fans.

The Poly squad played some fine ball, also running up a score of 46. Moore was all over the floor making the highest total points. 16, The Beavers were giving him a bad time allowing him six free shots, which he made. 10, Karpun had the points for 12, making the greatest number of field goals and several free throws, Roma and Winthrop did a lot of ball handling. Making 3 points each.

Drop kicking their way across the floor, the Mustangs invaded the last minute when two Legionaries fell through, taking the ball with them by a margin of three points.

Youth Farmers To Open New Member Drive

The Young Farmers spring entertainment program will be dedicated to the uniting of the agricultural-minded members of Cal Poly. Following the Swim Dance party in April, another will be a Formal Dance for the student body, barbecues, barn dance, and ending with a gala fair ride.

This club is organized for the express purpose of uniting agricultural students of Cal Poly. Though it is principally a club for Agriculture majors, it is realized that many indistinct students are farmer boys and would like to join this organization. For this reason, the Young Farmers club welcomes any Cal Poly student into the fold.

Guest speakers are invited to the regular meetings, from the many types of agricultural enterprises represented in San Luis Obispo County. Speakers from the far out-of-the-way areas will visit the students, but have brought to them first hand information from their various agricultural fields.

With the expected increase in enrollment, the Young Farmers hopes to plan an even bigger part in student affairs.

Home Of Bureau

The Future Farmers of America was founded here, and has been published here continuously since 1928. The Future Farmers hold their annual state convention and judging contest here at Cal Poly. All their membership and charter records are maintained here. The same is true of the California Young Farmers Association. The California Agriculture Teachers Association also holds an annual conference at Cal Poly.

The bureau staff here is headed by M. F. McMahon, Weir Fetters is assistant supervisor of vocational student affairs. J. J. Thompson is the state livestock inspector. B. M. Cooper handles the details of the Future Farmers state program.

Inspector Grades Cal Poly Dairy

Earl Hansen, Dairy Inspector for San Luis Obispo County Health Department, made an inspection of the Cal Poly Dairy last Tuesday, February 19. Before making his inspection, he was invited by George Drum, head of the Dairy Department, to enumerate and describe to the Dairy Lab class the purpose of inspecting Grade A Dairies.

It was pointed out that the main reason for these inspections is to safeguard the public against milk which may be carrying disease-producing bacteria. He went on to explain that Law No. 22 is the most important one and must, always be kept in mind. If a person is striving for a dairy of higher standards this law pertains to the location of the milk batters, corral and dairy barn. It takes as specification methods and processes that must be closely followed when handling milk.

After a thorough discussion had taken place, Hansen and the lab students proceeded to the milking barn, where an actual inspection was carried out.

The cards used for scoring Grade A Dairies are of the "satisfactory," or "unsatisfactory," type, and a "very satisfactory" report was given to the Cal Poly dairy.

NEW VETERINARIAN ADDED TO STAFF

The purpose of the trip is to get acquainted with the various agriculture commissions. All also to get familiarized with the points of interest in the central part of the state, with some time spent at Sacramento. It has been announced by Weir Fetters, assistant supervisor of vocational student affairs.

The trip had originally been scheduled to start February 15, but was postponed because of the fact that many students could not participate at that time. It is now planned to start March 18, when a greater number of members can go.

The purpose of the trip to get acquainted with the various agriculture commissions. All also to get familiarized with the points of interest throughout the state.

VETERAN EDUCATION REQUIREMENT EASED

The purpose of the trip is to get acquainted with the various agriculture commissions. All also to get familiarized with the points of interest throughout the state.
