II. Communication(s) and Announcement(s):

III. Reports:
   A. Academic Senate Chair: Morrobel-Sosa reminded the group that there were several handouts on the back table to be picked up for today's meeting. February 27 is the deadline for response to the GEB proposal. Current information can be viewed on the web at http://www.calpoly.edu/~acadprog/gened/criteria.html, and responses can be sent to gened@polymail.calpoly.edu. Morrobel-Sosa also gave status and composition of the Dean's Admissions Advisory Committee. Timeline was reviewed and changes were highlighted. Maraviglia clarified points on self-reporting. Amspacher voiced concern at approval of proposal by Executive Committee without adequate consultation of the full Senate.
   B. President's Office: no report
   C. Provost's Office: Hanley provided a brief update on CETI. Questions and answers by Chancellor's office will be reviewed by the IACC at the next meeting.
   D. Statewide Senators: Kersten reported that the Chancellor is beginning to respond to the issue of faculty salaries. Kersten indicated that it is unusual for senior administration in the CSU to challenge the Governor's budget.
   E. CFA Campus President: Zetzsche corrected numbers which were reported by the Chancellor's office regarding faculty compensation. The CFA will be asking that the Chancellor's office recognize the same numbers in the CSU as in the UC.
   F. Staff Council representative: no report
   G. ASI representative: Amy Luker substituting for Mary Ann Bingham. Luker reported that the ASI passed a resolution on a new Finals Schedule. However, ASI will support the Academic Senate's resolution on the Finals Schedule, per agreement with the Curriculum Committee. It is understood that the Curriculum Committee will work with ASI to consider other issues raised by ASI in future cycles.
   H. Other: Martinez reported on progress of the Cal Poly Plan Steering Committee. The RFP went out yesterday. One major change is that the committee is moving to two-year cycles, instead of one-year. The RFP Review Committee will consist of two faculty members from each caucus. A Cal Poly Report article on the issue will be out soon.
