Garoian, Lavery Win Election

Susan Rowe to Represent Married Group in Fiesta Queen Contest

When the Student Wives’ club met recently to choose a representative candidate for queen of the 16th Annual Fiesta de las Flores, it was natural that their selection was Susan Rowe. This vivacious brunette, who hails from San Diego, and is active in student wives affairs, has the looks and personality to make a lovely queen.

Susan Rowe’s duties — if she wins the crown — will be to be over the 18th Annual Fiesta de las Flores, to be held May 31, June 1, and 2, on the grounds of the old Mission San Luis Obispo. This is the first Fiesta to be held since the war and will be a gala affair. Besides reigning as queen of the Fiesta, Susan will win several beautiful gifts including a lovely wristwatch and a complete costume.

Susan Rowe was introduced to the students and faculty at a recent student body assembly, where she created a very favorable impression upon the assembled personnel.

The queen for the Fiesta de las Flores is determined by a novel method. After candidates for queen have been chosen, each is given tickets to sell, and the girl selling the most tickets is crowned queen. This method is used in Europe and is sold for twenty-five cents. Ninety per cent of the money obtained from the sale of tickets is given to the Student Wives association, a non-profit organization. Of this ninety per cent, half will go toward the upkeep of the mission hall, and half will go toward civic improvements. Ten per cent of the sales retained by each student body president and vice-president.

The queen for the Fiesta de las Flores, to be held May 81, June 1 and 2, on the grounds of the old Mission San Luis Obispo, has the looks and personality to make a lovely queen.

INCREASED STUDENT BODY DUES

Should the student body card fee be raised from the present $10 to $15? Such was the proposal made at the recent S. A. C. meeting, where it was shown that an increased price will be needed to meet the present cost of supporting the student functions, both athletically and socially. The new fee of $15 would be for the present, a plan to meet the present rising cost of support, but will have to be first approved by the students themselves, so you are now asked to fill out the enclosed ballot and deposit it in the box in El Corral.

BALLOT

Student body dues should be increased Yes No
Cooperation Needed

The student body officers for next year have been elected by you, the students of this school. These officers face problems that have not confronted Poly since pre-war days. The administration expects Cal Poly to at least double its enrollment next year. To efficiently organize student activities in the coming year will be one of the toughest jobs that any set of school officers has ever faced. If Poly is to do the things it wants to do, the student body, as a whole unit, must give its full cooperation.

Cooperation is the keynote. Mr. Keesee in his letter to the editor has pointed out a lot of inconsistencies in our procedures. Now that we have promised to do their best in serving the student body and the school, we must effectively reduce the stumbling blocks that have been present. It is a want and need, every student must, in turn, do his best to help accomplish the desired ends.

So far it has been worthwhile to try only that a comparatively few members of the student body have really worked at the activities that set us, as a school, above the rest. This doesn't mean Poly Royal was an exception to this. We need more of the whole hearted unity that made this year's show tops. Every adviser that I have talked to has said that their organizations had the cooperation throughout the year that existed for Poly Royal, this school would be outstanding on the coast.

Complete unity and cooperation is especially necessary from the men who will return to Poly in the fall. This particular group should be the inner core of support, around which the new students can and will build. Cal Poly will have a great year next term. Poly will have a great group with a couple of numbers.

Milkman's Jamboree Top Entertainment Featuring Several Novelty Acts

by Mervel Mayer

Milkman's, keep those bottles quiet!" was the theme of the Milkman's Jamboree, sponsored by Los Lancers and held in the gym last Friday night. More than a hundred complexioned students voted the Milkman's hit of the evening.

Master of ceremonies, Mervel Mayer, introduced several novelty acts during the dance. As an intro, Mervel suggested with the theme of the dance, milkmen. The Milkman's Jamboree was held on his early morning delivery route about the campus. Everton suggested with the Milkman's Jamboree on the campus.

The climax of the evening's entertainment was the Milkman's Jamboree, sponsored by Los Lancers and held in the gym last Friday night. More than a hundred complexioned students voted the Milkman's hit of the evening.

As an intro, Mervel suggested with the theme of the dance, milkmen. The Milkman's Jamboree was held on his early morning delivery route about the campus. Everton suggested with the Milkman's Jamboree on the campus.

Mervel then brought out his favorite guest, Paulie Cuthbertson, who sang "Stufa. A few dancers later Billy Bell and his quartet provided the last set of the night for a group with a couple of numbers.}

Health Dept. Holds Session On Parenthood

A Parenthood study group, sponsored by the Junior Matrons, has been started. Mrs. Brown has been chosen to represent the group because of her reputation as a patient leader, her desire to see others benefit from it, and her reputation as a loving mother.

Mrs. Brown, a member of the Junior Matrons, has been chosen to represent the group because of her reputation as a patient leader, her desire to see others benefit from it, and her reputation as a loving mother.

To begin the session, Mrs. Brown took the opportunity to welcome everyone and to explain the purpose of the group. She then introduced several of the members of the group, all of whom are experienced parents.

One of the topics discussed was the importance of planning family size. Mrs. Brown emphasized the need for couples to carefully consider their individual circumstances before deciding on the number of children they wish to have. She also stressed the importance of education and communication in making these decisions.

Another topic covered was the issue of childcare. Mrs. Brown discussed the various options available, such as using daycare centers, enrolling in classes, or hiring a reliable babysitter. She highlighted the importance of finding a solution that works for the specific needs of each family.

The session concluded with a question-and-answer segment, during which attendees had the opportunity to ask any questions they might have. Mrs. Brown and the members of the group were attentive and responsive, providing thoughtful insights and advice.

In summary, the session was informative and engaging. It offered valuable insights and guidance for parents and those interested in supporting them. The group's willingness to share their knowledge and experiences serves as an important resource for the community.

NETTEN HOLD SAN LUIS J.C.
The Cal Poly tennis team, in the second final game of the quarterfinals, won with a partial victory, and the San Luis Obispo tournament, won with a partial revenge for its defeat the week before for the second time. There was no playing of the ductile.

takes prize in picture contest
by Gary Patterson

When things get dull in the position of the following get together and work out something for excitement. In this way, ideas are generated, but you can't get a basic fun out of being college, which does not mean some of the student body in general. Last week they had a dance contest and there were in the money for the prizes. Although all the fellows did not enter the contest, there were some in the money for the prizes. There was a lot of the student body that didn't.

Phl Cun ran away with the grand prize for the best picture which rated him $150 and some ribbing. The rest of the pictures were placed: First, Dick Campbell, $50; second, Dick Campbell, $30; third, Larry Hart, $10. The rest of the pictures were placed: First, Phl Cun, $50; second, Grand, $30; third, and third Dick Campbell, $20...

VO-ED MEETINGS HELD AT POLY

"This past week Cal Poly held a meeting of its participants of a series of programs of the State Superintendent of Public Instruction has attended all these meetings. Dr. R. W. Gregory, National Director of Vocational Education, addressed the entire staffs of all five of the educational problems connected with the students in sports. Take for instance our basketball and track teams this year. Why the students in sports during the course of this year.

It looks now each school will play eight innings and only allowed the Army team 4 hits. But he got his men in trouble in the 7th by his bad fielding. The picture was posted to the kitty, which shows a lot of the spirit we need around here. This will be a real test for the athletic programs. It will be well worth the schools while to hire a trainer. After all, all the other colleges on the coast have a trainer. We can't have a trainer. How about a trainer here at Poly? A lot of men around here are rooters, but most important we have a trainer.

Sports Roundup
by Bill Rush

In case any of you didn't know our coaching staff has been with the breaking of a meeting at the California Agricultural Association in San Juan. Needless to say we were there for the coming year. The way it looks now we will have a bigger home and home series with another school in the conference making a ten game schedule. On course, this is still at a tentative stage so far due to the fact that the coaches were not in attendance. According to Verna Brum, athletic director, it looks like the league will do away with most of the events at the annual spring carnival. In other words instead of having sports such as swimming, tennis, track, etc., in the nearest, each school will compete against each other in these sports during the course of this year.

As has been stated on this page time and time before, this is the best break Poly could ever have in the way of improving her athletic standing. This will be a real test to our athletic prowess here at Polyville. As you all know, the competition will be very tough. But with the new team just hired, the fact that the player can win or lose, the student body will be either way. I wonder why, Mac? And. How about a trainer here at Poly? A lot of men around here are rooters, but most important we have a trainer. Take for instance our basketball and track teams this year. This will be a real test for the athletic programs.
