Student Election

Vote Today

Election for the student court and Poly Royal executive committees is being held today from 9 a.m. until 4 p.m. in El Corral. To insure the best representation for your group, whether industrial or agricultural, be sure to vote today. Agricultural and industrial students met last Tuesday to nominate their representatives for student court and Poly Royal executive committees. Agricultural students felt that the student court and Poly Royal executive committees should be run by students nominated by their respective clubs. Industrial students agreed with this decision, and they nominated their representatives for the student court and Poly Royal executive committees.

Excess Canines

Will Leave Poly

Poly is voting to the dogs. The friendly strays that are known to wander about the campus will be loaded by the college Young Men's Christian Association and sent on its way. This will free the campus from the problems associated with the dogs' presence.

Historical Test Is New Requirement

The American Red Cross knows that a knowledge of its work and the alleviation of human suffering is a high goal which is the inspiring element from American Red Cross jumping off points. This knowledge is constantly needed by all students.

The PAY OFF

Robert Schultze, center, and Williamson Buck is shown here receiving thanks for transportation to the national FFA convention in Kansas City from Al J. Craig, Santa Fe rail.

Boots and Spurs

Plan Barbecue

Boots and Spurs will hold their first barbecue of the year next Thursday, November 2. The barbecue will be held on the football field. The entertainment committee has announced the policies and regulations that will be followed concerning the barbecue. All students who wish to participate in the barbecue must contact Leon Garoian, student clerk. The barbecue will be held on the football field.

The Hallowe'en gremlins started early this year. Last night disaster struck El Mustang. The paper was all ready to go to press. The only thing left to do was to put the finished forms on the press and start it rolling. Then fate dealt the staff an unkind, low, dirty blow. Some evil spirit touched the chaise and spread the type all over the floor.

The staff, since that awful moment has aged horribly. Since then the members have worked long hours that you students of Cal Poly might not be without some semblance of a Hallowe'en issue. El Mustang takes some little pride in the publication of this issue, since it was composed and produced during the wee hours of the night. It is not what we had planned to offer you. That was impossible. But it does contain a lot of the important and, we hope, of all the essential news.

We wish to thank our many advertisers for their patronage and we hope that they will all bear with us until next week.

It is very sad that accidents of this kind occur in the history of a paper. Such an accident almost never happens twice to the same printer. The printer usually goes out and quietly hangs himself. So far this accident has had no such final results.

Never-the-less, we have every reason in the world to believe that such a thing will never again happen to us. El Mustang is soon to have the facilities of a new print shop with new equipment. The antiquated, and oft repaired, chaise that was responsible has already been discarded. We hope soon to show you the results that can be obtained with decent equipment. If yesterday's disaster will hasten the day that we get the new equipment then it has done some good, in spite of all the work and effort that the accident has caused us. We thank you.

Pete Bunting Father Of Baby Daughter
The ranks of proud Poly papers was increased by one on October 26. The announcement was made by Mr. and Mrs. Peter Bunting of Atascadero. Baby daughter, the proud parents' first child, has been named Adelines Marie.

First word heard on the campus concerning the newcomer, occurred on Friday when the weary Pete trooped into his office wearing a small, curly-haired girl, weighing in at 9 lbs. 15 oz. The Bunting couple, Dick and his wife, have three other daughters, who are two years old, and four-year-old. Dick, who has had a long record of service in the business, and his wife have a heart full of love for this new addition to the family.

Bunting attended Cal Poly in 1919 and is back in service to the university in his present capacity. Adelines Marie is the first Poly daughter born under the benefit of the C.H. bill of rights while at the same time operating a ranch in the Atascadero area.
