Background Statement: The 1992-1993 CSU budget does not contain funds for merit salary adjustments, (MSA's), often referred to as step increases, for faculty unit employees. Future CSU budgets may not contain funds for MSA's for faculty unit employees. Current eligibility criteria for "normal promotion" include four merit salary adjustments. Since some faculty are unable to secure a fourth step increase during 1992-1993, they would not meet the criteria to be considered for "normal promotion." The Resolution on Promotion Eligibility passed by the Academic Senate on October 13, 1992, sought to remedy that situation. Likewise, other faculty may be unable to secure a fourth step increase for 1993-1994 and subsequent years and would, therefore, not meet the criteria to be considered for "normal promotion." This resolution addresses that situation. Eligibility for normal promotion should be based on whether the faculty member was approved by the dean/appropriate administrator after departmental consultation, for four merit step increases, regardless of funding.

7. Normal Promotion

a. An application for promotion to associate professor or associate librarian is considered normal if the applicant is eligible and both of the following conditions hold:

   (2) the applicant has received been approved by the dean/appropriate administrator for four Merit Salary Adjustments (MSA's), regardless of funding, (while an assistant professor or senior assistant librarian) or the applicant has reached the maximum salary for assistant professor or senior assistant librarian.

b. Tenure is required for promotion to professor or librarian. An application for promotion to professor or librarian is considered normal if the applicant is eligible and the applicant has received been approved by the dean/appropriate administrator for four MSA's, regardless of funding, (while an associate professor or associate librarian) or the applicant has reached the maximum salary for associate professor or associate librarian.

8. Early Promotion

a. An application for promotion to associate professor or associate librarian is considered "early" if the applicant is eligible and one (or both) of the following is (are) true:
   (1) the applicant is a probationary faculty member who is not also applying for tenure.
   (2) the applicant has not received approval by the dean/appropriate administrator for four MSA's, regardless of funding, (while an assistant professor or senior assistant librarian) and the applicant has not reached the maximum salary for assistant professor or senior assistant librarian.

b. Tenure is required for promotion to professor or librarian. c. Early promotion will be granted only in exceptional cases. The circumstances and record of performance which make the case exceptional shall be fully documented by the candidate and validated by evaluators. The fact that an applicant meets the performance criteria for promotion does not in itself constitute an exceptional case for early promotion.
