Governor Requests Money For Cal Poly Improvement

Governor Earl Warren has requested the state legislature to include a total of $149,800 in the 1947-48 state budget for construction and improvements at Cal Poly. It was learned here today. Included in the request are items for the Dimms, Los Angeles county.

ASK LEGISLATURE FOR 64 MORE POLY EMPLOYEES

If the legislature approves Governor Earl Warren's request for an additional 64 employees for Cal Poly, the college will have 990 full time employees and 11 part time employees. More than 80 persons now employed at the college will be available after July 1st. Several of the persons now employed at the college will be available in Room 9230; and one head farmer at 9240. The additional 64 employees for Cal Poly will be available in the following categories:

- 920 - additional 9.5 farm workers.
- 915 - additional 1.000 farm sheds.
- 910 - additional 9.000 to install sprinkling equipment along college athletic field; 93000 to install sprinkling equipment at the quantitative analysis and light laboratory; 91000 for concrete floor in welding shop; 98000 for alterations and tend fences at the farm unit; 96000 for miscellaneous farm improvements; 98000 for alterations and tend fences at the farm unit.
- 920 - additional 9.5 farm workers.
- 915 - additional 1.000 farm sheds.

Mustang Pugilists Set to Upset Santa Barbara Team

The Mustang boxing team will attempt to win glory for Poly by defeating the Gauchos from Santa Barbara tonight in the Poly gym.

Earlier in the year the Gauchos defeated the Mustangs minted 4-0. However, the Poly experience, and a win in many of the matches, make tonight a realistic victory.

Last Friday night the Gauchos snubbed the Bruins from UCLA into submission by winning 6-5.

Outstanding man for the Blue and Gold team is Bobby Garcia, defending CCAA champion in the 150 pound class. Garcia, showed that he still packs dynamite in his left when he knocked a TKO over Dick Stewart of UCLA. Garcia, in 1945, scored three consecutive KOs when he won the conference title.

Tonight Garcia will be opposed by Lee Railing. Lee will be making his initial bout here for the Poly. His previous experience has been as a Cal Poly wrestler and service. Railing may surprise the experienced by out-pointing Garcia.

Gene Pinkston of Poly, will have a hard fight when he takes on Billy Steele in the light-heavyweight division. Gene is not to out-win prestiges for Poly, and may upset the Gauchos above class.

Our most impressive boxer, Dave Ralston, will appear in the 155 pound class. Dave will be opposed by Jim Watt. Ralston should have no trouble in winning and will be the main Poly suppoter when he opposes Watt.

All other Poly boxers will be Ross Bary of Poly and Bob Catwell of the Gauchos. Bob, one of the most improved man in Cal Poly, will meet for daily work in an aggressive and fine fighter in Catwell. The decision will be close, but Poly superstars are picking Poly.

Lou Martin of the Mustangs will also appear in the same weight bracket.

In the 148 pound class, another Santa Barbara class, Tommy Adams of Poly will go all out in springing a surprise on the Gauchos in this round bout.

In 148 pound division, another Santa Barbara class, Tommy Adams of Poly will go all out in springing a surprise on the Gauchos in this round bout.

The Mustangs will have no trouble in winning and will be the main Poly supporter when they oppose Watt.

Mottmen Drop Two Games
On the Road
By Morrisony and Bethel

A capacity crowd of nearly 6,000 turned out for the Pacific College game in Pacific Annex on Saturday night, and the Mustangs, who are in third place in conference standings, took care of the short-handed Polymen to the tune of 83-63.

The Polymen are hoping for an upset win over the Mustangs at Stockton last Friday night. Their morale was in the dugout and the Mustangs, managed to pull away with a 69-47 score.

The gallant Polymen, trying the "champs" just couldn't be stopped, played a good game all the way, but came out on the short end of a 69-47 score. The "big-boys" will be host to the Bulldogs of Fresno State on Friday evening.

The future prestige of our college depends partially on how we shape up in the field of athletics and, gentlemen, this requires much more action than using a slide rule and a lot of wishful thinking. Dick Thompson was the class of the meet, with Moroski following him out shortly afterwards. The "big-boys" played a good game all the way, but came out on the short end of a 69-47 score. The "big-boys" will be host to the Bulldogs of Fresno State on Friday evening.

Press Club Meets Monday to Hear Edward Kennedy
By R. W. Standers

An internationally famed journalist, Edward Kennedy, will be the principal speaker at a dinner meeting of the Cal Poly Press Club to be held at the Gamboa Tea Room, Monday night, March 3.

Kennedy, who is now managing editor of the Santa Barbara News Press, was the European bureau chief for the Associated Press during the war and received considerable notoriety when he was alleged by army intelligence to have released the VE Day news prior to official authorization. Subsequent information has corroborated his stand that he was violating no censorship rules under the ethical standards of journalists when he released his story to the American press.

Guests who will attend the banquet will include President J. E. McPherson, John Patterson, temporary president of the Press club, announces that a short business session will precede Kennedy's address. According to Patterson, the main item of business will be to adopt a constitution for the club.

The Poly Press club was reorganized in January to act as a service group on the Poly campus. The membership of the organization comprises students who are present working on student publications, including both the editorial staffs of El Mustang and El Rodeo, and students working in the printing shop. E. E. Kennedy, journalist instructor, and "Bert" Fellows, Director of Printing, are acting as club advisers.

HOWARD VAUGHN ADDRESSES BOOTS AND SPURS MEETING
By T. T. Brannum

Howard Vaughn was the speaker at the February meeting of the Cal Poly Press Club. Vaughn is president of the California Wool Growers' Association. Speaking as a sheepman of 25 years' experience, he urged prospective sheepman and livestock men in general to get a thorough education with emphasis on chemistry and biology first, and second to take advantage of acquaintance with successful livestock men.

Speaking as a sheepman of 25 years' experience, he urged prospective sheepman and livestock men in general to get a thorough education with emphasis on chemistry and biology first, and second to take advantage of acquaintance with successful livestock men. Vaughn also recommended that no one enter the sheep business unless he has a genuine interest in sheep, and only sheep, twenty four hours a day.

Accorded to the speaker, the raising of sheep on irrigated pastures in California offers one of the brightest opportunities for future livestock men today. Speaking from his own experiences, he emphasized the importance of trading in any livestock enterprise. Vaughn was employed by a trader for fifteen years before securing his own establishment as a sheepman. He is now president of the California Wool Growers' Association.

Appointment of New Farm Supt. Announced

The appointment of Eric E. Campbell as general farm superintendent of the college was announced this week by the administration. Campbell, who has had more than 25 years practical experience as foreman and superintendnet of a number of very large California farms and ranches, is expected to take over his new duties between March 13 and 15.

Campbell's duties as farm superintendent will be excused from all classes that are in session during the same period. An internationally famed journalist, Edward Kennedy, will be the principal speaker at a dinner meeting of the Cal Poly Press Club to be held at the Gamboa Tea Room, Monday night, March 3.

The Poly Press club was reorganized in January to act as a service group on the Poly campus. E. E. Kennedy, journalist instructor, and "Bert" Fellows, Director of Printing, are acting as club advisers.

MORE ON EL RODEO

(Continued from page one)

today this schedule will be extended to cover the hours during which the organization's activities are being photographed. This schedule affects all faculty members who are advisers of groups as well as the students.

The Mustang Flying Club picture will be taken at the County Airport on Saturday, March 2.

MORE ON FASHIONS

(Continued from page one)

The present period of high prices makes it impractical to enter any form of livestock business as a proprietor now, but Mr. Vaughn pointed out that working for an established stockman will give one much valuable knowledge if he does not maintain a critical attitude in his thinking of his employer.

Platonic love is like an invitation down to the cellar for a drink of ginger ale.

Pleasure love is much more than a mere social ecstasy or any form of recognition of the dance leader's personality.
