Network Radio Show Set for May 1

Daniels Speaks At 'Y' Meet

Dr. Daniels, Phi. D., teacher of education and psychology at the Poly, gave an enlightening and interesting talk Tuesday night to an audience of two hundred students, faculty, and campus personnel. Dr. Daniels talked for 40 minutes on the book, "Human Relations Today." He summarized the various points of effect our relations with people and gave a number of quizzes, anecdotes, for the bad relationship between individuals and groups in the world today. He also touched briefly on communistic, anarchistic and fascist, and gave his views on the possible solution to the many bad relations between countries.

Included in the 45-minute meeting was a lecture of A.S.A. Alumni. Children, president of the Student YMCA, organized sponsoring the meeting thanked the great student body and the Santa Barbara Christian Association for attending. At the conclusion of the meeting Carlson gave a brief report of the activities of the Student YMCA Group. The discussion was held on the campus.

Soph's Rained Out; No Beach Party

When you plan to go somewhere it hardly ever falls to rain. That is what happened to the Sophomore class at the last meeting. They laid plans for a beach-party to be at Avila. Food, beer and cokes were on the agenda along with swimming, a ball game and a good time. Then it rained—no party. Also discussed at the meeting was the Intramural volley ball tournament and a team was organized.

According to Lyle McAlane, class president, another affair will be held soon. McAlane stated that attendance at the meetings has been poor and he asked that the Sophomores show more cooperation. The group that has attended the meetings has planned some excellent activities, but they need the help of the entire class, he said.

RIFLE CLUB MEETS

The regular Thursday meeting of the Rifle club will be held this night in room 214 at 7:30. This is the last night that memberships will be accepted.

15th Annual... POLY ROYAL

May 2 & 3 1947

Industrial Plans For Poly Royal

The representatives of the Industrial departments met recently and discussed plans for Poly Royal. Chairman Vernum Love asked for reports from each department outlining their plans for the show. These reports are being used by the publicity managers in stories for several national magazines.

Frank Zalmana gave a report on the lighting of the Poly "P" by the Electrical department. His report stated that the cost involved and labor required is beyond the means of the Electrical department. A suggestion was made to submit the proposition of lighting the big "P" in the SAC.

A publicity program was planned and the following coordinators were formed: Linda signs, Dan O'Donnell and Ray Harwood; programs, Frank Zalmana and Bob Segars; sound, Robert Brunner.

It was decided by the group to have tours conducted through the Industrial departments from 7 to 9 p.m. on Friday, May 11, from 9 to 11 p.m. on Saturday.

GL Program To Be Aired From Campus

A coast-to-coast Mutual network show to publicize Poly Royal is in the office, according to Robert E. Kennedy, public relations director. Although all arrangements to start the deal with the Mutual Broadcasting system have not been completed as of press time, it was understood from Lee Dicker, manager of KVEC, that all booking details were being "tightened up." Tentatively the time of the network show has been set for 8 p.m. on Thursday, May 7 and will stay as a "kick-off" for Poly Royal when other starting on May 19. The program is to be broad cast from the Poly gym and will be called "Bona D. Urazy." The show will be produced by enlisted men and will be directed by Paul Mede of the Army show is transcribed and re broadcast over 100 western radio stations and will be aired with Poly Royal the net work has tentatively agreed to air the first two of the one-hour show from coast-to-coast.

The show will be presented on the campus under the guides with extra bonanza be that installed for an hour for Poly Royal. Eight stations will be set up in the college library on April 19 and 20. A schedule of ex aminations will be announced at a later date.

As soon as the film is read and reports completed, individuals who receive negative reports will get no reports; those cases that are suspiciously positive both the college and the individuals will be notified and will be scheduled to report to the county hospital to have a larger x-ray taken. In any definite cases, follow-up will be made by the local health authorities.

WHAT'S DOIN'...

Thursday, April 10:
4 p.m.—Poly, Plebe club, Eng.
Auditorium
8 p.m.—El Mustang staff meet ing, Adm. 16
1 p.m.—Booths and Sports, Ch. 6
7 p.m.—Students' Wives' folks meeting, Auditorium

Tuesday, April 15:
12 noon—Ag. Extension Day. J.C. Room, Cafe 1
1:30 p.m.—Booths and Sports meeting, Eng. Room, Cafe 1—5 p.m.—Poly, Engineering, Ch. 14
7 p.m.—Mustang Flying club, Ch. 11, 14.
T.P. Monday, April 17:
10 a.m.—Student body assembly, Auditorium
11 a.m.—Student body assembly, Poly students, Eng. Aud.
1 a.m.—Poly Phase club, Eng. Aud.

11 p.m.—El Mustang staff meeting, Adm. 16
7 p.m.—Students' Wives' meeting, Auditorium

"Country Fair On a College Campus"

FRONT COVER of the 1947 Poly Royal Pictorial which will be distributed in El Corral next week. Queen Katie is shown here riding "Zuncho," Poly's outstanding Thoroughbred stallion. The eight page booklet contains pictures of all the events which made up Poly Royal and includes shots of the Queen and her attendants. She says she got yours.
Aztecs Win 2 From Polytechnic

San Diego State College, fresh from a 1-2 victory over the Univer­sity of California, at Berkeley, barely outdistanced a determined Cal Poly team yesterday. The Aztecs took home 7-2 and 5-2 victories. The most entertaining of the two games was the first of the six game series, which saw the Aztecs build a 13-2 lead over Cal Poly in the second inning. Their only loss was a walk-off home run in the sixth inning, giving them a record of 12 wins and 2 losses. Their two victories on the road trip for the Border City Nine set them up nicely for their upcoming series against the University of Oregon.

The double win for the Aztecs was a result of a strong performance by their offense, led by the hitting of Gene Haas, Wilbur Mayhew, and John Frazer. In the first game, the Aztecs led 7-0 after two innings, and the game was called before the third inning due to the mercy rule. In the second game, the Aztecs led 5-0 after two innings, and the game was called before the third inning due to the mercy rule again. The Aztecs' offense was supported by a strong performance by their pitching staff, led by the pitching of Bob Smith, first baseman, and Jerry Davison, who relieved catcher, Jerry Davison, who had pitched the first two innings of the game. The Aztecs' pitching staff was able to keep the Poly lead in check as the game went to the seventh inning, but the Aztecs were able to score two runs in the seventh inning to take the lead back with 6-6. Garman had a double hit, scoring two runs on two hits, and Hartley had a single hit, driving in a run. The game was called before the third inning due to the mercy rule again.

Net Squad Meets Two League Teams Here This Week

This week the Cal Poly tennis team faced two CCAA opponents on the local high school courts. The Fresno State College squad met the Mustangs Thursday afternoon at one o'clock, and at the race course the following day, the Santa Barbara outfit, which won an early season encounter from Poly by an easy 4-set win, will be on hand for a return engagement.

Poly will be weakened by the absence this week of John Seaton, regular number two singles player. Representing the team are Karl Frie, Miller, Greg Ekat, Bob Redden, Las Grog Kbat, Bob Redden, Lea Smith and Karl Frie.

POOL TO CLOSE

Joe Carl Vellmer, athletic director, announced today that starting this Sunday, April 30, the swimming pool will be closed every Sunday afternoon.

Spring Practice Features Passing

After a five day layoff, spring practice got underway Monday right with Coaches Horace O'Daniel and Chuck Pasichko putting the squad through dummy workouts with emphasis on pass offense. Practice session colors were green with the smooth working Mustangs. However, Coaches O'Daniel and Pasichko are far from satisfied and are working hard to smooth out the weak spots.

Although Cal Poly met two California Collegiate Athletic Association conference teams last year, they were nonconference games. This year will be the Mustangs' first venture into NCAA football competition. Winner of the conference championship will play an out-of-state championship team at the Fresno Ralston Bowl.

GOLF MEETING SUNDAY

The 1947-48 golf season opens today to 10 a.m. at the Corral Club. The first event will be a 10 a.m. round for the high school boys. Among the participants will be: Bebernea, and a few of the other boys come into the picture.

WICKIBENDS

Store for Men 457 Monterey Street
Poly Royal, the original country fair on a college campus, is only a month away. It has been customary of getting Cal Poly's name statewide recognition. There are more than two sides to that particular question. Thia fair of ours is a great thing, and will put on a preview of their dramatic society. Since classes are excused for the assemblies, all students should attend.

The constitution committee made an excellent showing of its work at the last SAC meeting with the presentation of a tentative constitution. The work was excellent, and took care of many of the ambiguity in appearing in our present situation.

A committee consisting of Leon McEwen, an algebra list, and Paul Halvorsen has been appointed that the student body prexy has missed one issue also. Joe Griffin has been excused for the assemblies, all students should attend.

The next assembly will be held Thursday night, the 14th, in the auditorium. The music department will put on a review of their home concert as part of the assembly program. The industrial division will meet at 10 a.m. and the agriculture division at 11 a.m. Also on the program will be a short skit submitted by the 8. L. O. Junior college dramatic society. Since classes are excused for the assemblies, all students should attend.

Welding Class Field Trip Includes Bay Area Plants

By S. E. Thompson

Thirty-seven members of the welding department journeyed to the San Francisco Bay area on March 29 to participate in the Western Metals Congress and to tour design and manufacturing shops in the bay area.

Highlighting the entire trip, according to the students, was the welding demonstration given by the Victor Equipment Company. The Victor Exhibition of six and eight cylinder presses was the most interesting display demonstrated by the Victor Company and the Wooldridge Company. Following these, all members of the welding department visited the Wooldridge Company, which manufactures jacks, hoists, and other types of heavy machinery. The methods of fabrication, welding, and testing demonstrated produced an enthusiastic interest among the students.

The next stop was at the San Francisco Plant of the Eastern Engine and Foundry Company, where they witnessed the fabrication of six and eight-cylinder diesel engines. The next stop was at the Enterprise foundry and plant.

Poultry, Egg Slow Plans Nearly Ready

By Herb Benson

Poultry club plans for the Poly Royal are well underway this week, as evidenced by the extensive preparations being made for the Eggs and Poultry show.

Betty Sullivan, Federal inspector and assistant manager of the Egg Department for the Poly Royal's Cooperative Association of Los Angeles, has accepted an invitation to judge the Egg show, and Howard Hopper, manager of the Hopper Poultry Plant in Pomona, Calif, will preside as judge for the Poultry show.

The Wooldridge Company and the Sunnyvale section of the Poly Royal were the principle participants in the show.

Highlight of the entire trip, according to the students, was the welding demonstration given by the Victor Equipment Company. The Victor Exhibition of six and eight cylinder presses was the most interesting display demonstrated by the Victor Company and the Wooldridge Company. Following these, all members of the welding department visited the Wooldridge Company, which manufactures jacks, hoists, and other types of heavy machinery. Easter Vacation Sees Poly Campus Visitors

By F. T. Huang

Mr. Nofey, well known among students living in any dormitory, returned to Poly early on Monday, April 7, after a three-day vacation. His return meant an end to the visit of Mr. Quist who was so welcomed by students who stayed on the campus over Easter.

Quist was invited to lack after the almost deserted dormitories during the vacation as students took the rare opportunity to go home or visit some other place.

To Lead or Not to Be Led; That is the Question

By Harry Sells, Jr.

A kick in the shin, measure on your shoe, a swirl in the face, and a battle to win or lose in the story of the boys preparing the dairy heifers for Poly Royal. Though these little critters areillery, it does not bother the dairy boys. They are up at the house every night, feeding the heifers and cleaning off the old stuff. These heifers have been on pasture for quite a while, thus having minds of their own when it comes to who is going to lead who. By constantly working with them, the heifers soon begin to like the idea through this may be through being bribed with fancy foods and learn how to lead and stand at attention. George Drum, dairy instructor, claims it helps the boys learn how to better care for animals but I sometimes wonder if it doesn't also help the students understand that working with animals is a battle of wits between man and animal. Who wins is a matter of who has the most intelligence.

This, then, is the inside story of how the students prepare the Poly Royal, offering thanks that the "country fair" doesn't come often than once a year. As for the heifers, one can well imagine that they actually enjoy the battles. Now if they'll only behave during the judging.

Once upon a time there was a pretty maremaid who pushed a shipwrecked piano player off a slippery rock. She had laughed when he sat down to play, but when he began to run the scales...
