MERIT PAY TASK FORCE TO VISIT 
CAL POLY ON OCTOBER 9

Members of the Merit Pay Task Force will be on campus, October 9 from 11am to 1pm in 10 (Agriculture building)-220, to discuss alternative incentive systems for CSU faculty. The task force is seeking any and all suggestions and ideas about what the ideal merit pay and/or incentive pay plan for the CSU should be.

During the spring plenary session of the CSU Academic Senate, Chancellor Munitz stated he was not wed to the current PSSI system and indeed recognized its many flaws. He went on to state that he would welcome an alternative plan. The Merit Pay Task Force was formed to respond to this opportunity to propose an alternative merit pay/incentive plan. It will be visiting each of the 22 campuses to collect ideas about other viable models of merit/incentive pay.

To view the discussion presently taking place on this matter, you may join the following listserve by sending a message to majordomo@lists.sdsu.edu, type subscribe meritpaytf@lists.sdsu.edu in the body of the message. No subject line and no signature works best.

If you'd like further information about the Merit Pay Task Force, please contact the Academic Senate office at extension 61258 or mcamuso@calpoly.edu.

CAL POLY
PERFORMANCE SALARY STEP INCREASE POLICY

1.0 Performance Salary Step Increases - General Provisions

1.1 Performance Salary Step Increases (PSSIs) recognize outstanding or meritorious performance by Unit 3 employees in each of the following areas: teaching and other professional performance, professional growth and achievement, and service to the University, students, and community. (CBA Unit 3 - Article 31.18)

Faculty unit employees whose performance does not include assignments in all of the above areas shall nonetheless be eligible for a PSSI on the basis of their performance in the individual areas of their assignment. (MOU - see Article 31.14)

1.1.1 The following working definitions shall apply:

Outstanding: exceptional performance; distinguished; acknowledged as a model of performance.

Meritorious: commendable performance; worthy of praise, cooperative and productive work with colleagues.

1.2 The recognition of outstanding or meritorious performance by a Unit 3 employee shall be in the form of a permanent increase in the base salary of the individual. PSSI awards shall consist of from one to five steps on the salary schedule in any single review period. (CBA - Article 31.18) (MOU - see Article 31.15), or shall be in the form of a bonus (not a permanent increase in the base salary) in those cases where the faculty unit employee has reached the top step of her/his rank and shall not exceed 2.4% of the incumbent's annual salary base.

1.3 For the purposes of PSSI review and funding targets allocation, athletic coaches, counselors, librarians, and UCTE Unit 3 employees shall be combined into a single "unit". The Provost and Vice President of Academic Affairs shall appoint a review committee consisting of one administrative supervisor from each of the represented areas. Any portion of the funds not expended in any fiscal year shall automatically carry forward to the PSSI pool in the next fiscal year. In the event that the PSSI program is eliminated, any funds that have been carried forward shall be used for the professional development opportunities identified in Provision 25.1 of the Collective Bargaining Agreement (CBA, Unit 3, 1995-1999); MOU.

1.6 Each year that the PSSI program is funded, the President shall allot 85% of the campus funding to the colleges/units based on the number of Full-time Equivalent Unit 3 employees in each College. Deans shall inform all Unit 3 employees within their College as to the total funding available to the College and the specific dollar allocations to each department based on departmental FTEF positions. College Deans shall not retain funding for discretionary use. Funds retained by the President shall be utilized, at the discretion of
the President, to ensure that Unit 3 employees have the opportunity to receive PSSI awards based on their outstanding performance, rather than the number of Unit 3 employees within their department/unit. The Chair of the Academic Senate shall be notified of the allocation model by the Provost and Vice President for Academic Affairs in a timely fashion; college/unit (MOU - see Article 31.28); shall reserve 5% of the campus funding to provide a pool for applicants who are subsequently awarded a PSSI pursuant to an appeal (MOU - see Article 31.39); shall retain 15% of the campus funding to be utilized, at the discretion of the President, to ensure that Unit 3 employees have equal opportunity to receive PSSI awards based on their outstanding performance. The Chair of the Academic Senate shall be notified of the allocation model by the Provost and Vice President for Academic Affairs in a timely fashion.

WHEREAS Cal Poly maintains its national and statewide reputation by virtue of the teaching and academic achievements of its faculty and the success of its graduates; and

RESOLVED That support for academic programs should be given the highest priority in future Cal Poly budgets.
This summarizes the key points we wish to share with the Chancellor relative to the CETI partnership proposal and the current development/negotiation process to produce an agreement in support of the Telecommunications Infrastructure Initiative (TII). This preliminary draft is based primarily on the consultative sessions held on 9/30 at Cal Poly and will, in its final format, be included in a letter to the Commission on Telecommunications Infrastructure (CTI) as well as the Chancellor.

The two guiding questions we have been asked to address are “What constitutes the ‘ideal’ deal with our TII partners?” and “What are the issues of concern on our campus that need to be considered in the negotiations?” Here at Cal Poly, we augmented these questions during the campus reviews by adding the informational aspect, i.e. “What facts and information, issues and concerns do we need to know more about in order to assess the impact on our campus?”

The “ideal deal” theme will be addressed in the actual transmittal letter. The issues and concerns will be summarized here. This is in part due to the fact that most of those who were able to provide suggestions feel there are currently a significant number of open and unanswered questions, many of which prevent a full understanding of the actual “deal”. We truly need to get clarity on these issues and, in one sense, these issues, questions and concerns become the requirements as we see them of a successful partnership.

The broad rationale for an infrastructure initiative is not controversial, nor is the need to fund and develop an effective means to deliver at both the campus and CSU system level the necessary access and requisite bandwidth, training and support.

What is in question is will this “deal” have the correct priorities, and safeguards to protect the core mission of the CSU and Cal Poly? And, in this context, will the financing, revenue sources and governance structure that are created to build out and sustain the infrastructure be worth the risks, or price, to us as an educational institution? If, for example, future events present choices that endanger the economic viability of the CETI partnership how will the educational mission be preserved and not compromised to meet the financial and “business” priorities of the CETI team?

What has emerged, thus far, is a fairly clear grasp by the faculty, staff and others of the reasons why such a partnership could be beneficial as an enabler or means to several important teaching and learning ends. The potential impact on the core mission and the culture of the institution, however, is of real concern. Therefore, what has accompanied Cal Poly’s interest in fully evaluating the benefits of this proposal is a rather specific call for clarifications and assurances that outcomes and potentially unforeseen adverse consequences and expectations are provided for and “nailed down” as the partnership is developed and before it is concluded.

Based on our campus consultations, six categories of issues have emerged and are listed below. Each section includes our preliminary “expectations” of what we might term “critical success factors,” and in some cases we have identified issues which might actually approach the level of “deal killers”.

- **Precision of Both Scope and Baseline** The Information Technology Strategy (ITS) described, and we understand, the “baseline” characteristics of this project. What is actually in the CETI baseline build-out as it is now constituted and how will the level of delivered functionality be measured, maintained and grown over time? How will the “baseline” change as speed, usage and connectivity is improved? How will a degree of incentive and equity be achieved for those campuses that are currently in an advanced stage of their present infrastructure build-out? Clarity as to scope itself is also needed. Scope ties both to what the build-out is for in terms of services and functionality, and also appears to potentially encompass a range of revenue producing ideas, many of which are not confined in any prior sense to the infrastructure focus. Here we feel that considerable additional precision is needed to alleviate concerns about the range and extent that this project might become
too invasive in the teaching and learning mission of the University. Our own ITS staff can envision access to important resources that can increase their capabilities to deliver vital services. Here, too, precision as to how the "sub-contracting" relationship will exist and what personal and career opportunities this partnership will bring to our IT personnel must be quickly described and clarified. This issue also impacts on how well stakeholders, particularly students and faculty, feel they can identify with the reasons and benefits for doing this as opposed to the threats and uncertainties associated with the broader and cultural issues that tie to teaching and learning, fees, etc.

- **The Processes of Governance** Decisions about equity (of existing investments) and priorities for each campus's current investments and planned programs for both the three-year build-out and refresh plans need to be more specific. The emphasis needs to be on the processes for how and how much of our present campus IT budgets and their components will be shifted and potentially redirected to CETI and with what level of influence and determination by each campus. How will the absolute and relative competencies and service levels of IT on each campus be sustained and improved for our students, staff and faculty, and how will existing collective bargaining and intellectual property agreements be incorporated into the partnership agreements?

- **The Enabling Political, Regulatory and Financial Framework and Legal Instruments** There is wide acceptance that the partnership needs a fairly explicit and detailed description of the means and framework by which this legal entity will be formed and by which it might also be dissolved. Consideration needs to be given to enlisting specialized "outside" legal counsel where the complex, corporate aspects of the partnership are at stake. Reasons include the need to effectively attract financing from capital markets, minimize political risk, and stipulate what governmental and political role the State of California will play in funding and sustaining current spending levels for IT operations for the CSU from State revenues. Such instruments should also stipulate CETI's intent in preserving the rights and agreements the CSU has with its current employees through contracts and collective bargaining, and in supporting or promoting the results of CETI's investments in core infrastructure and revenue development activities. Issues such as potential tax incentives, legislation to enable this partnership to operate as a public-private "authority" (or in some other innovative model?), and Sacramento's overall intentions to assist in the creation of this partnership should also be described. It has also been pointed out that there is a range of existing public law; e.g. Title V, HEERA, FERPA, etc. which may possibly impact on the ability of the CETI team to form a "going concern". It is in the interests of all parties that an assessment of such impacts is fully provided for in the structuring of the business and operational plans.

- **Specify and Clarify the Business Model** The "soundness and saneness" of the business model is not clear. This raises concern about what appears to be excessive emphasis on the "Flagship Fifty" for new means to fund the payment stream of the venture itself ($2billion+). This in turn raises questions about how the teaching and learning priorities can be preserved and not put at risk if projected revenue streams are not forthcoming. The projected refresh rate for the infrastructure and desktop, at a minimum of $10 million per year, does not appear to be adequate and can potentially create additional pressure on the business case. In CETI there are three "sources" of funds: efficiencies drawn from present expenditures on IT per campus; new revenues derived from the delivery of core operations and new IT services, and new revenues drawn from collaborations formed within the CETI partnership and with new markets/customers. How will each campus be asked to participate in generating their relative contribution to the overall build-out and costs? What incentives will be available to the campuses that are currently achieving significant productivity or service levels or who are presently generating revenues that supplement operating budgets or off-set special build-out costs (e.g., paid modem pools, "delta funds", etc.)? How will those campuses that are not able to achieve adequate "internal" sources of funds afford to keep current, and how will those presently achieving adequate infrastructure programs, or who have achieved success in "new" revenue developments, be able to sustain or advance their current momentum? What role will campus auxiliaries play in participating in the CETI partnership?
• **Academic and Student Benefits and Independence** Our campus sees real value in spelling out the benefits that will be derived from this partnership for academic programs, faculty and staff and for students. In doing this, the emphasis needs to be on how faculty and students will have access to IT resources that encourage the advancement of their discipline specific programs and learning and which are not strictly driven by “standards”. At the "desktop" and in the classroom, there is a concern that such "standardization" could conflict with their continuing needs for innovation and collaboration. This is a particular concern in the use of new and different discipline-specific IT platforms and software. We should also address how the prescribed CETI platform will impact on established relationships with other existing suppliers, and with research collaborators and impacted major corporate donors who are not currently in the CETI commercial team. The specific role Microsoft will play in determining the level of choice and "standardization" available to faculty and students within the partnership is a major concern. In fact, depending on how Microsoft’s role is described and limited, it could have a profound effect on the faculty’s interests in supporting the overall proposal. We also believe that a shared governance model must be developed to facilitate the effective application of the intellectual property developed by the faculty, students and staff, and that the development of this intellectual property must be consistent with existing IP policies. Subjects like “work for hire” principles, the production of targeted “courseware”, and the means and extent that faculty will be compensated and benefit from CETI’s interests in marketing educational content must be described and illustrated during the consultative phase and before a final agreement is concluded.

• **The Risk of Commercialization** There is both economic and institutional value in the CSU and the individual campus’s reputation in higher education at the national level and on a global basis. In a sense this represents our “brand” and has won the respect and recognition of the public. It is both a value and an asset. Care must be taken to preserve the value of this reputation and not endanger it as we build the portfolio of services and “products” that the CETI partnership intends to offer. A stakeholder review process that seeks to achieve balance and perspective on the use of CSU’s brand and the protection of our academic reputation is recommended. In addition, the opportunities offered to increase and expand faculty and student services must not be excessively or inappropriately commercialized. A number of the “Flagship Fifty” services / revenue opportunities seem to depend on levels of “exclusivity” of access to CSU students, faculty, and staff that should not be based strictly on revenue dependencies. The value and range of services delivered must be available on a truly competitive basis, and must stand market tests to insure fairness and choice, a test that we would expect for all our stakeholders. Finally, when evaluating potential revenue sources, outside of the core base of IT services, the anticipated new services offered must be scrutinized to insure that the services themselves do not displace those currently delivered by our existing staff (e.g. Student Affairs, Alumni Services, etc.) and faculty. Where new delivery options are determined to be possible, the choice and discretion for delivery should remain within the CSU’s own prerogatives.
CAL POLY
PERFORMANCE SALARY STEP INCREASE POLICY

1.0 Performance Salary Step Increases - General Provisions

1.1 Performance Salary Step Increases (PSSI) recognize outstanding or meritorious performance in each of the following areas: teaching and other professional performance, professional growth and achievement, and service to the University community, students, and community. Faculty unit employees whose performance does not include assignments in all of the above areas shall nonetheless be eligible for a PSSI on the basis of their performance in the individual areas of their assignment (MOU – see Article 31.14).

1.1.1 The following working definitions shall apply:

Outstanding: exceptional performance; distinguished; acknowledged as a model of performance.

Meritorious: commendable performance; worthy of praise, cooperative and productive work with colleagues.

1.2 The recognition of outstanding or meritorious performance by a Unit 3 employee shall be in the form of a permanent increase in the base salary of the individual. PSSI awards shall consist of from one to five steps on the salary schedule in any single year (MOU -- see Article 31.15), or shall be in the form of a bonus (not a permanent increase in the base salary) in those cases where the faculty unit employee has reached the top step of his/her rank and shall not exceed 2.4% of the incumbent's annual salary base.

1.3 For the purposes of PSSI review and funding targets, counselors, librarians, and UCTE Unit 3 employees shall be considered separate units. Athletic coaches shall be merged with PSSI applicants/nominees of the Physical Education and Kinesiology Department (MOU -- see Article 31.23).

1.4 The effective date of all PSSI awards shall be July 1st of each year that there are negotiated Performance Salary Step Increases (MOU -- see Article 31.25).

1.5 There is no requirement to expend all funds dedicated to the PSSI program in any given fiscal year. Any portion of the funds not expended in any fiscal year shall automatically carry forward to the PSSI pool in the next fiscal year. In the event that the PSSI program is eliminated, any funds that have been carried forward shall be used for the professional development opportunities identified in Provision 25.1 of the MOU.

1.6 Each year that the PSSI program is funded, the President shall allot 80% of the campus funding to the colleges/units based on the number of Full-time Equivalent Unit 3 employees in each college/unit (MOU -- see Article 31.29); shall reserve 5% of the campus funding to provide a pool for applicants who are subsequently awarded a PSSI pursuant to an appeal (MOU -- see Article 31.39); shall retain 15% of the campus funding to be utilized, at the discretion of the President, to ensure that Unit 3 employees have equal opportunity to receive PSSI awards based on their outstanding performance. The Chair of the Academic Senate shall be notified of the allocation model by the Provost and Vice President of Academic Affairs in a timely fashion.

College Deans shall inform all Unit 3 employees within their College as to the total funding for the College and the amount targeted to each department. College Deans shall not retain funding for discretionary use.

1.7 At each level of evaluation, applicants shall be informed of their standing and be provided with a summary of the basis of their recommendation.
2.0 Eligibility, Applications, and Nominations

2.1 All Unit 3 employees are eligible to submit an application for a PSSI award or to be nominated by other faculty or academic administrators each year that the PSSI program is funded (MOU -- see Article 31.16).

2.1.1 Applications/nominations of Department Chairs/Heads, and other equivalent supervisors of Unit 3 employees, who are contractually eligible to apply or be nominated, will be evaluated and recommended by their Dean.

2.1.2 Unit 3 employees who are being evaluated for a PSSI, either through application or nomination, cannot serve on any PSSI related evaluation committee which may evaluate said employee.

2.2 All applications/nominations must be submitted to the Department Chair/Head or equivalent supervisor prior to the application closure date, with a copy to the President or his/her designee, and must follow the approved PSSI Application format (MOU -- see Article 31.16; see page 6). The application is limited to 3 pages, however, applicants/nominators may, without disrupting the order of the information presented, alter the amount of space dedicated to a specific section. To facilitate the application process, Unit 3 employees may download the PSSI application form from the OpenMail Bulletin Area-Forms.

2.3 Evidence submitted in support of an applicant/nominee should emphasize the period since the employee's last PSSI award; the 5 year period prior to the current PSSI evaluation; or the interval since their initial appointment at Cal Poly if less than 5 years.

2.4 All applications/nominations and supporting documentation must only be submitted in writing. All forms of electronic, photographic, and other media will be returned to the applicant and will not be considered.

3.0 Department Procedures and Criteria

3.1 Criteria and procedures used in evaluating applicants for PSSI awards are to be established by each department/unit and approved by the Dean (or appropriate administrator). Criteria to be used in evaluating applicants/nominees are to be consistent with approved guidelines applied in RPT evaluations (MOU -- see Article 31.18).

3.2 Departments/units may elect to utilize a College level review board. In such cases, the department/unit would request that the Dean convene an elected Review Board. The composition of the Review Board should be similar to the College Peer Review Committee used in promotion considerations, but could include representation from departments/units outside of the College when requested by the department/unit being evaluated.

The counselor, librarian, and UCTE units may elect to request that the Provost and Vice President of Academic Affairs appoint a Review Board consisting of tenured faculty.

3.3 Applicants/nominees are to be evaluated in the following areas: teaching performance and/or other professional performance; professional growth and achievement; and service to the university, students, and community (MOU -- see Article 31.14).

3.4 Academic departments/units shall constitute the highest level faculty review committee with regard to PSSI applications/nominations unless replaced by a Review Board. Following completion of the evaluation procedure used by the faculty review committee, all applications/nominations shall be forwarded to the Dean of the College (or appropriate administrator). Departmental PSSI recommendations, including the number of salary steps recommended, shall be forwarded to both the Dean of the College (or appropriate administrator) and the President of the University (MOU -- See Article 31.21).
3.4.1 Applicants/nominees shall be informed by their department/unit PSSI committee/Review Board of its recommendation and number of steps for which they were recommended.

3.4.2 Applicants/nominees may forward a one page rebuttal, to the departmental or Review Board recommendation, to the Dean or appropriate administrator within 7 calendar days of their notification. Statements submitted by applicants/nominees shall be included with their original PSSI application.

3.5 The total cost of all departmental recommendations shall not exceed the targeted allocation for the department/unit.

3.5.1 Applicants/nominees who receive positive recommendations, but for whom there is insufficient funding within the targeted departmental/unit allocation shall have their recommendation forwarded on a separate list for consideration by the Dean.

4.0 Administrative Review

4.1 The Dean or appropriate administrator of each College/unit shall receive all PSSI applications and recommendations from each department/unit within the College. After review of the applications/nominations, departmental recommendations, and consultation with the Department Chairs/Heads, the Dean or appropriate administrator will submit his/her PSSI recommendations to the President. The total cost of all steps recommended by the Dean shall not exceed the target allocation for the College/unit.

4.2 Administrative review of counselors shall be the responsibility of the Vice President of Student Affairs or his/her designee; for librarians the Dean of Library Services or his/her designee; and for UCTE the Director of UCTE or his/her designee.

4.3 Applicants/nominees shall be informed by their Dean or appropriate administrator as to his/her recommendation and number of steps for which they were recommended.

4.3.1 Applicants/nominees who receive positive recommendations, but for whom there is insufficient funding within the targeted allocation for the College (or equivalent unit) shall have their recommendation forwarded on a separate list for consideration by the President.

4.3.2 Applicants/nominees may forward a one page response, regarding the recommendation of the Dean (or appropriate administrator), to the President within 7 calendar days of their notification. Statements submitted by applicants/nominees shall be included with their original PSSI application.

5.0 President's Review

5.1 The President or designee shall review the applications/nominations, recommendations from the academic departments/units and College Deans, or appropriate administrator, which have been submitted for consideration. The President shall notify all applicants, within 30 academic working days, of the decision to grant or deny a PSSI award for outstanding or meritorious performance. Applicants awarded a PSSI shall also be informed of the number of steps to be granted and the effective date of the award.

5.2 Applicants who are denied a PSSI award shall have the right to request a review of their application by the Peer Review Panel (see Section 7.1 below).

6.0 PSSI calendar and timeline

6.1 The specific timeline covering notification, application, evaluation, and PSSI award announcements shall be established by the President in consultation with the Academic Senate.
7.0 Peer Review of PSSI denials

7.1 Applicants/nominees who fail to receive a PSSI award shall be eligible to have their application reviewed by the University Peer Review Panel. The appeal letter may be up to six pages in length, double spaced, and must be received by the Provost and Vice President of Academic Affairs within ten academic working days of receipt of the notification of denial (MOU --See Article 31.40).

7.2 University Peer Review Panels, consisting of 3 members and 1 alternate, will be appointed by the Provost and Vice President of Academic Affairs in consultation with California Faculty Association. Members shall be selected by lot from among all full-time, tenured faculty who did not serve on a PSSI committee, and who were not applicants/nominees for a PSSI award (MOU --See Articles 31.41; 31.42).

7.3 The University Peer Review Panel shall begin to review the specific Performance Salary Step denial within 14 days of its selection. The Panel's review shall be limited to a reconsideration of the increase denial of the applicant/nominee, and the appropriate administrator's written response to any allegations made by the affected employee. Except for presentations of the complainant and the administrator, if the administrator chooses, the peer review will be made from the documents set forth in Section 31.43 of the MOU.

7.4 The University Peer Review Panel proceeding will not be open to the public and shall not constitute a hearing (MOU --See Article 31.44).

7.5 No later than thirty (30) days after its selection, the University Peer Review Panel shall submit to the President and complainant a written report of its findings and recommendations. All written materials considered by the University Peer Review panel shall be forwarded to the President. When the panel has complied with this section, it shall be discharged of its duties for any individual case (MOU --See Article 31.45).

7.6 The President shall consider the University Peer Review Panel's recommendations and all forwarded materials. No later than fourteen (14) days after receipt of the University Peer Review Panel's report, the President shall notify the applicant/nominee and the University Peer Review Panel of his/her final decision, including the reasons therefor. Notification of the President's decision concludes the peer review procedure and his/her decision shall not be subject to review in any forum.
