COWBOYS LASSO NO. 1 SPOT
At Arizona Rodeo Event

ROOKIE MEMBER TAKES HONORS FOR ALL-AROUND PERFORMANCE

Six rodeo cowboys from Cal Poly, Captain Tom André, Len Boylston, Walt Mone, Bill Clark, Maxndra Sanders and neighbor Donald Davidson, made up a collegiate rodeo held at Thunderbowl, Phoenix, Ariz., last Friday and Saturday, holding their nearest competition, Arizona State University, by 8,000 points. By Saturday night, the Poly riders had wrapped up the All-Around championship, the first time. Sanders scored more points than any other man in the contest.

Captain André appeared to win the title with a third place finish in the Bareback, wearing 7.60 on a horse rare.

It took perseverance and patience plus six or seven months of training to win the title. For the letter writer, he applied the instruction that he received from his Late brother. Best of all, he has just received his degree in dairy husbandry in the second successive year.

Leitters to the Editor

Dear Editor,

Naturally I must agree with Tut Hurst that the showing of the 1091 Mustang student in the recent short story drive is deceptive. His reference to the World Mustang Service Fund drive, however good the purpose, was not conducted in the manner proper and fitting for a group of leading college students. The "grasping" of vigilante and coffee change directly from the cash register girl, without so much as a "Please donate 50 cents..." was a definite act of dishonesty. The editor failed its purpose this year. I suggest to Tut that perhaps next year the results might be better, after the bad taste points out the mistakes of those who remember the donations that were not materialised because El Mustang is printed in the school's calendar.

With the burden off his chest, the editor took back his place in the office, loa grabbed him by the shoulder, causing him to topple forward, knocking a tooth out his typewriter and grabing a copy off of the four foot stack of papers.

Tha editor, in an attempt to amuse his guest, did an imitation of Mount Vesuvius in full eruption. Perceiving that he had accomplished his usual after-snap exercise, he dropped down from the light fixture and pre-sented his complaint. In no uncertain terms he told the editor that this Wasn't the edition he liked that if something wasn't done about it, he would have to take over as editor and clear it up himself.

The editor, in an attempt to amuse his guest, did an imitation of Mount Vesuvius in full eruption. Perceiving that his attempt to be entertaining was not having the effect he desired, Joe grabbed him by the shoulder, causing him to topple forward, knocking a tooth out his typewriter and grabbing a copy off of the four foot stack of papers.

Tha editor, in an attempt to amuse his guest, did an imitation of Mount Vesuvius in full eruption. Perceiving that he had accomplished his usual after-snap exercise, he dropped down from the light fixture and present-ed his complaint. In no uncertain terms he told the editor that this was not the edition he liked that if something wasn't done about it, he would have to take over as editor and clear it up himself.

Cagers Divide Pair Of Weekend Tiffs

Los Angeles State’s cagers caught the Mustangs in a spirited 86-86 win last Saturday night and the locals fell by a score of 86-80. The game was close all the way with the Polyites scoring their customary half-time lead. Frank McKenzie registered 16 points to garner high-scoring honors for the evening. Harry Garnett of the Mustangs dropped 12 digits to pass the winners.

Paul Simpson came through when the pressure was at its height, capping a 76-71 win over the Santa Barbara Saints. In an unusual contest, it marked the first OCCA victory Poly has ever achieved away from home.

With the score standing at 80-75, Simpson was seeded just as the final gun sounded.

By K. B. Kroech

If there is one thing about Coronado, it's the horses. No, really, there are horses all over the place. If you turn on the radio and hear something about the University of California, chances are it's about the horse problem. The university is trying to get rid of horses, but the residents of Coronado are not happy about it. They pointed to this denigration of Coronado as an example of how the university does not care about its students.

J. Civil Service Exam Announced For Seniors

U. S. civil service examinations are being held in the Coronado High School on Saturday, March 7. The exams are for positions in the federal government, and applicants must have completed high school. The exams will be held in the morning and afternoon of that day.

New Beef Unit Planned

The University of California has announced plans for a new beef feeding unit, which will be located just north of the feed mill, according to Lyman Bennion, head of the department of animal industries. The unit will be patterned after the one now in operation at North City Limits.

Don't Wait To Report Losses

Immediate report of any losses of personal property on the campus or at the housing units is urged by the Security office. Security officer A. E. Hurter states that a delayed report ruins the chances of recovery. Many reports have been submitted after two weeks time, making the job of investigation and recovery a futile attempt.

In the future the print shop will accept work only for students representing recognized organizations recognized by the Student Union, according to Mr. F. P. Palermo, head of the printing department.
