C. Provost: Last Tuesday's meeting with the Chancellor regarding the Cal Poly Plan was very positive. The emphasis will be to focus on the Plan as a model for the system. The Chancellor will propose to the Board of Trustees in May that Chancellor he be given the authority to approve campus based fees. In July the Chancellor will go back to the Board with the Cal Poly Plan and will say that this is the one that he intends to approve.

D. Statewide Senators: Hale. A draft of Executive Order related to the ELM and EPT will ask that students take these tests before they are accepted, that they not be able to register until they've done so, and that if they are directed to remedial work, they must begin that immediately. Kersten: Statewide Senate has been involved with Trustee policy on fees. It seems relatively benign as it stands now. However there is some concern about doing away with the option of miscellaneous fees related to specific courses.

E. CFA President: CFA and Chancellor's bargaining team are currently negotiating salary augmentations for next year. CSU is pushing to use 40% of available money for PSSIs.
