Minutes of the ACADEMIC SENATE
continuation of Meeting Begun on May 28, 1996

May 30, 1996
UU 220       3:00-4:00 pm

VI. The meeting of May 28 was resumed. The chair reminded Senators that this meeting is a continuation of the May 28 meeting and was called to complete deliberations on the General Education and Breadth resolutions.

VII. Business Items (resumed)

C. Resolution to Approve Proposed Administrative Structure for General Education and Breadth.

The chair recognized Tim Kersten whose amendment was on the floor when time ran out on May 28. Kersten distributed a draft of his amendment. This amendment was as follows:

Pg. 55 line 8, delete "Vice-President for Academic Affairs" and insert: "Academic Senate through its Executive Committee. The Academic Senate will review the recommendations and approve or disapprove them without amendment and communicate its position to the Academic Vice President. The Board has authority to advise"...

Pg. 54 After the first sentence in the final paragraph, change the remainder of the paragraph to read:
"After appropriate consultation with affected units, the Governing Board will submit all programmatic and curricular recommendations to the Academic Senate for review and approval. Academic Senate recommendations will be forwarded to the Academic Vice President."

MSP (Hampsey) that this resolution be tabled and that the Senate ask the ad hoc GEB committee to continue its work of continuing university conversation about GEB.

Following the approval to table, the Senate engaged in a brief, informal discussion of the GEB proposal. One senator noted that he found this type of conversation much more productive than the formal process the Senate had been following in addressing this issue. It was suggested to the chair that more than two meetings need to be allotted for discussion of this extremely complex issue.

VIII. Adjournment: MSP to adjourn
