

**Proposals Pass**

Each graduation proposal was passed in yesterday's business. No. 1, commissioned officers, passed 466 to 2. No. 2, athletic assessment, passed 514 to 179.

**Cowley Named Speaker For June 2 Exercises**

Dr. W. H. Cowley of Stanford university, one of America's outstanding educators, will address the largest graduating class in the history of Cal Poly at this year's 44th commencement exercises, Friday, June 2. It was announced today by President Julian A. McPhee.

"As professor of higher education at Stanford, Dr. Cowley is among the few men in the modern educational world who are giving their time exclusively to the study and teaching of higher education," Dr. McPhee said.

He was president of Hamilton college and later refused the presidency of the University of Minnesota.

The University of California Veterans Education Board in 1945 designated sections of the class of 50 will receive Cowley in 1950 degrees in the fields of agriculture, engineering and science and humanities at the campuses to be held in the football stadium. In addition, approximately 160 other graduates will receive the equivalent of three-year vocational and technical certificates during the exercises.

**Bart Jo Bullseye**

The Mustang drum majorette, Bart Jo Bullseye, presented Bob Bowman with a gavel for his donation of the class of 50.
Attention, Sophomores

The Spring Dance is scheduled for Thursday, May 18th. The junior class of next year will be elected at this dance. No person will be permitted to enter the dance, nor leave it, during the time, Monday, May 15th through Thursday, May 18th.

Nurserymen To Be On Poly's Campus

Cal Poly will again play host to the Nurserymen's Association of Southern California. For the month of May, Poly will be a nursery. The nurserymen will be on hand to answer questions and to show the student what a nursery is all about. To get the best result, the nurserymen have been instructed to keep the trees and plants healthy and to make sure they are as free from diseases as possible.

Fiesta Brings Carnival, Parade, Grand Ball, Rodeo

With the exception of Queen P-o-n-o, thousands gathered in Arroyo Grande Park tonight, the 1956 Fiesta de Los Fiesteros staged a weekend of pageantry and excitement. According to James P. McNally, Fiesta president, the pageantry will be allowed to take place at the Mission with the exception of the grand parade and the rodeo.

Other major events of the Fiesta will be presented on Saturday. At 12:30 p.m. Saturday morning, a parade will work its way through the City. At 8:00 p.m., the grand parade will begin. It will take place in the City, and will work its way down Main Street. At 8:00 p.m., the grand parade will be followed by the rodeo. The rodeo will work its way north by east and will be followed by the grand parade.

Twenty-Five Students Attend Music Session

About 25 student musicians attended the music session sponsored by the College's music department. The session was held on Saturday, May 13th, and was attended by the following artists:

‘Missile Weapon’ Is Topic At IAS Meeting In Paso

"The Guided Missile as a Weapon" will be the topic of Lieutenant Commander George H. Frander, when he speaks before the Cal Poly branch of the Institute of the Aeronautical Sciences first annual dinner, tomorrow night at 8 p.m. in the Paso Robles Inn at Paso Robles.

Frander is assistant director of the range instrumentation department, U. S. Naval Air Missile Test center, Point Magu, Calif. Prior to entering service in September of 1944, LCDR Frander received his B.S. degree from Michigan State College.

Frander has seen action at the Battle of Midway, 1942, the invasion of Lepingau Gulf, Luzon, and the invasion of Cebu in the Philippines, 1945. From 1945-46 he was the commanding officer of the Naval Air Range Test Center, Point Mugu, California.

Gustav Gundla, head of the special services, will speak to the group. He will be followed by the presentation of letters and scholarship awards to outstanding students.

The evening will be brought to a close with the announcement of the new officers and acknowledgments to the outgoing officers of the club.

Motorcycle, Automobile Collide On Camp Hill

Vehicles driven by Jack Dawson and William McNab, Poly students, collided with each other in a motorcycle-automobile accident on the hill approaching the Camp housing units last Sunday afternoon, according to Ernest Steiner, chief security officer.

The accident occurred when McNab was driving his car up the hill and Dawson was riding his motorcycle down the hill. The rear of Dawson's cycle was hit, causing him to fall and receive minor cuts and abrasions.

McNab was not injured in the crash, and no serious damage was done to the car. Damage to Dawson's motorcycle was estimated at $100, Steiner said.

A man, non-student, who has been taking women's lingerie from the campus clothes lines has been apprehended and 54 places of clothing recovered, the Security office reports.

One of the tenants at Poly Mobile trailer park noticed a strange car and furnished information leading to the arrest of the man.

The recoveries consisting is a crime...
Operation, Big Wheels

With 18th annual Poly Royal out of the way, it is time to start planning for next year's celebration. Why so soon? Because this annual event has grown so large and so important in quality that it has become a very difficult problem to improve Poly Royal.

We don't care how our laurels. In order for Poly Royal to accomplish its purpose of showing the public our college and its advancement, we must not fall into a rut.

We must keep abreast of our times. Probably the best way to kil Poly Royal is to give the publike the same old thing year after year.

One of the most frequently heard excuses for not attending some events is, "Oh, it's just the same old thing!"

From our point of view, it is not possible to improve Poly Royal without a fresh and dynamic organization of the Student Personnel Division. We are sure that the Student Personnel Division, with its current growth, will be able to give us the kind of big wheels operation we all expect.

**Architecture**

Earl Amard was elected president of the Architecture club at the last meeting of the club, held in the Architect's office. Robert Smith, vice-president, and Ernest Craft, secretary-treasurer, announced that the club was to meet on Tuesday evening, May 16, at 7:30 p.m. They reminded members that the meeting was to be held by the Poly Royal Rescue Team for the benefit of the bell. All members were asked to bring three dollars to cover expenses of the meeting.

**Young Farmers**

Young Farmers held their last meeting on Saturday, May 13, in the Cal Poly Union. The meeting was held in conjunction with the annual meeting of the San Luis Obispo County Fair. They discussed the possibility of having a meeting at Cal Poly, but decided not to submit a bid for the Cal Poly Union building on Cal Poly campus. Respecting for the bell by the Poly Royal Rescue Team was also discussed. All members were asked to bring $3.00 to cover expenses of the meeting.

**Ornamental Horticulture**

Cal Poly's Ornamental Horticulture club was having a meeting on Tuesday, May 16. They were planning to discuss the possibility of having a meeting at Cal Poly. All members were asked to bring $3.00 to cover expenses of the meeting.

**Social Science**

Social science instructors and their families were guests of the Social Science club at a barbecue on Sunday, May 14. There were 80 people present. Refreshments were served. Valedictory and future plans of students were discussed. The name of the Social Science club was officially announced at the meeting.

The Outlook

By Ed Iker

Now that the baseball season is history once more as far as Poly is concerned, it would seem to be a good idea to pause and glance back upon a year that most people tend to regard as a failure. Personally, we can't go along with the current belief that the season was a failure. Anytime that a team wins more games than it loses, the campaign must be regarded as a success.

Probably the chief reason for the attitude of most fans lies in the fact that the Mustangs dropped a sudden death doubleheader to Fresno and killed off any chances for a conference crown. The pitching staff came in for a lot of undeserved criticism following the disaster.

It's funny how quickly people forget. Prior to the Fresno affair, Coach Bob Mott's berserk had turned in three sterling performances. If you'll recall, Cal was beaten, 5-1. UHF was tossed out by a 2-1 count; and Santa Barbara, southern division champs, were taken into tow in a 5-1 contest. The earned run count in those games was less than one. That's good pitching even in the Epworth league.

From what a few of the Mustang players told me, I gathered the impression that the umpiring had a lot to do with the outcome of the Fresno games. Call it crying if you will, but prejudiced officiating can ruin any game. Any fraternizing with players, such as was done by the umpires between innings with the Fresno boys, should be strictly forbidden. Our arbiting may not be the best in the world, but it's certainlyiahstained, Tom Keaton and the Nites boys wouldn't give an old lady a break on Mother's day if she didn't deserve it. They might call a few skulks every now and then, but they never try and make up for it. It's strange that a guy like Pete Beiden, Fresno coach, would allow such a thing. From what I hear, he's been around baseball since he was a pup.

As long as we're beating about the games, let's also scream about the present two-division set-up. It's lousy. The winner in each division is only a cheese champ. There are only three teams in a loop, and it doesn't seem to produce a real champion. A school could finish last and still crow about finishing third in the conference.

Your editor was castigated by an irate reader and track fan after last week's race. This reader was of the opinion that more complete results of the CCAA meet should have been given. Well, it's right, but there wasn't room for it. Anybody that wants to see it can. If you're that kind of fan, be around baseball since he was a pup.

The outlook, will also help solve the wounded feel­ings of the soccer team. One of its members almost slit the throat of the cafeteria last week for not carrying a copy of the paper. This student said he knows he was wrong and is going to the dean's office tomorrow to confess his guilt.

Bob Johnston, left-handed pitcher for Santa Barbara, performs Iron Man stunt of pitching and catching back upon a year that most people tend to regard as a failure. Personally, we can't go along with the current belief that the season was a failure. Anytime that a team wins more games than it loses, the campaign must be regarded as a success.

Better Pitching

Bulldogs Favored
in CCAA Playoffs

Santa Barbara and Freano state

match in a single contact this after-

noon and play a double-header to­
morrow to decide the winner of the

CCAA baseball crown. All three
games will be played on the

Freano diamond.

Freano took the northern half
of the conference with a record of six wins and two losses. Santa
Barbara boosted an identical rec­

ord in winning the southern di­

vision.

Freano is slightly favored to

out the hundred because of more

depth in the pitching depart­

ment. The Bulldogs have three

pretty Fine pitchers in Don Bar­

ton, Sherman, and Fred Ray.

Santa Barbara boasts a
temporary pitcher in Pete Bar­

ton, who seems to be getting

better every day he starts.

Freano's pitchers are Jack Mc­

gus and Johnson, who seem to

be getting better at the same
time. Freano's pitchers are

Johnson's record of 17 rieUeien

against two Incase.

The split gave the MnoUnga a

King's record of 17 rieUeien

against two Incase.

The game hia the feel of a

neck and neck thorough battle and it was
tH at this point that the roof fell in on

the Mustangs. Mus-Bee scored one, and Gene

walked. Walt Johmon, San Jose catcher, aacrtfu-ed. German

led off, and brought a run in.
