Steinier Advises A Quick Look At New Traffic Rules

"While the change is as recent as this coming week, they will get it across immediately," said the San Francisco Chronicle. "We should learn our new rules in the traffic system.

(a) New Regulations

(i) Parking is now allowed in the streets and no stops for pedestrians. Pedestrians may stop whenever they see a red light.

(ii) Taxi drivers cannot drive on the sidewalk or walkway.

(iii) All cars must stop at all traffic lights, regardless of the color.

(iv) No left turns are allowed at intersections.

(v) New Regualations

(a) A color-coded system for different types of traffic will be introduced.

(b) All cars must have standard headlights and taillights.

(c) No cars may drive over 30 miles per hour in school zones.

(d) No cars may drive over 45 miles per hour in residential areas.

(e) New Regualations

(a) A color-coded system for different types of traffic will be introduced.

(b) All cars must have standard headlights and taillights.

(c) No cars may drive over 30 miles per hour in school zones.

(d) No cars may drive over 45 miles per hour in residential areas.

Cattle Judges Fifth; Invade Portland Next

Placing fifth for the second straight year at Waterloo, Poly's cattle judging team next travels to Portland for the Pacific International Livestock Exposition slated for tomorrow and Monday. The team will then compete in the national judging contest to be held Wednesday night at the fairgrounds. This year's contest will be held under the joint auspices of the American Revolution Association and the American Dairymen's Association.

Wolf Now At Door; Edd Within Grasp

Getting a doctor's degree is no easy task. Harry Wolf, director of the school of agriculture, has found this to be true this quarter from an experimental herd of cows. He has completed the largest and best of their kind, and has now arrived at an operation which he expects to report on a school year.

He has spent two summers and the regular year at U.C. working on his experimental herd. The school of agriculture has turned over to the administration of experimental herd of post high school level.

During the past two weeks, the herd has been divided into equal classes. The classes are: Clear Ponds and Clear Creek. The herd is as described as "excellent" by Wolf.

He is also able to report that all 80 of the herd's milk, which is being used in the herd's work, has been sold.

Freshmen, Sophs Tangle Thursday in Annual Brawl

Freshmen and sophomores will meet today in the annual Fresh-Soph brawl at 8:00 p.m. in the gymnasium.

Verdicts will be given to the best Margarita and the best Margarita. A new set of rules will be used for the spring leg of the Fresh-Soph brawls.

New set of rules will be used for the spring leg of the Fresh-Soph brawls.

The college is planning a new set of rules for the spring leg of the Fresh-Soph brawls.

Fall Brawl will be held on Oct. 8 and 9 at 8:00 p.m.

No Outhan Schedule: No Fourth Period

No "short schedule" will be in effect for this period of the school year. Instead, the course of study will be as follows:

1. Freshmen will give the students an opportunity to complete their course of study.

2. Freshmen will be given a chance to compete in the annual Fresh-Soph brawls.

3. Nine other teams from western states and British Columbia will be competing in the competition.

4. Nine other teams from western states and British Columbia will be competing in the competition.

More People Smoke Camels than any other cigarette!
All Men Are Cremated Equal

As you read this column, one person somewhere in America is burning to death. Yes, every 15 minutes someone dies in flame.

Amarika la burning to death. Yea, every 15 minutes someone is being cremated. This is what the U.S. Public Health Service thinks is happening to our citizens these days.

The problem is this: Many people are dying in their homes. Most of these deaths are due to cigarette smoke. The Public Health Service says that in 1963, 35,000 people died in the U.S. from smoking cigarettes.

This is a sad statistic. But what can one do about it? How can we prevent this from happening to our friends and neighbors?

The answer is: We can start by being careful not to smoke near other people. We can also advise our friends and neighbors to be careful when they smoke.

Dear Editor:

I was seated at my desk in my office when I heard a loud noise outside. I looked out the window and saw a car moving at high speed on the street. I ran outside to investigate and found that the car had hit a pedestrian. The pedestrian was taken to the hospital with serious injuries.

I want to urge everyone to be careful when driving and to always be aware of their surroundings. It only takes a moment of carelessness to cause a tragedy.

Sincerely,

[Signature]

**Cal Poly Club News**

**Air Conditioning**

"Welcome Freshmen" will be the theme of a program on Wednesday, Oct. 6, in Cuesta Park. Admissions are free to all freshmen in the air conditioning department only, and will be held in the front of the auditorium departmental offices.

Committees chairman of the Air Conditioning Engineering club include C. K. Allesworth, social committee chairman; W. Dupre, program coordinator; D. Long, financial chairman; T. R. Alling, student satellite; and G. O. Lissamore, publicity chairman. The club is comprised of the club officers, who are elected in last week's election.

Official elections of the recently reorganized club are: (1) To form a student chapter of the American Society of Heating and Ventilating Engineers (2) To develop the idea of taking an active part in the ASH & VE after graduation (3) To maintain and improve the club headquarters and (4) To subsidize club headquarters and Poly Royal (5) To contact the club and bring alumni to the club and (6) To develop a publicity program. The executive committee will meet immediately. Members who are present are reminded today to take an active part and to be a part of the club.

**Mach Engineering**

All mechanical engineering students are invited to attend a special meeting on Monday evening. The meeting will be held at 7:30 p.m. in the departmental office of the Mechanical Engineering club. The meeting will be for the benefit of the students who are interested in the future steps of the department.

**SAE**

Society of Automotive Engineers will hold its regular meeting on Tuesday evening, Oct. 12, in the student center. The meeting will begin at 7:45 p.m. The purpose of the meeting is to bring about an organization of the SAE club at Cal Poly, according to Ben Cullough, secretary. The meeting will be held in the student center.

**International**

"Almost anybody who has a sufficient amount of interest and a sufficient amount of ability, can be started in business," he said.

**SAE**

The SAE club is sponsored by the Aeronautical Society and the Mechanical Engineering Society. The club will meet on a regular basis to discuss the future steps of the department.

**Maintenance**

The members of the Maintenance Engineering club will meet on Tuesday evening, Oct. 12, at 7:30 p.m. in the student center. The purpose of the meeting is to discuss the future steps of the department.

**Student Wives**

"Life in France was described by a member of the Student Wife's Club at the annual banquet held in the student center on Friday evening, Oct. 15, at 7:30 p.m.

**Boots and Spurs**

Boots and Spurs club members returned recently from a trip to the Los Angeles country fair at Pomona. They say that entries from Cal Poly dominated the beef steer show by taking the first three places, three brand championship and Reserve Grand Champion of the show.

**Mech Engineering**

LOCALS STAGE COMEBACK TO EDGE BULLDOG SQUAD

By Vicke Hardy

Well, the Mustangs proved it. They're a team that can come up from behind. Faced with a 14-point deficit early in the first half, Larry Hughes and Gold crew pulled magic soop in its machine Saturday night at Poly stadium and won from Redlands, 14-14 in a donnybrook.

Redlands, who had been written off by many, was undeniably the favorite. All Redland fans were given that headman Roy Hughes' boys would not give up. From their effort I would say that 90 percent improvement will be shown in the future.

WHY THE COMEBACK?

During half time Hughes pointed out some weak spots in our offense and told the players they had errors. He was clearly disturbed with that.

Two sentences highlighted the countback. Roy asked the squad of Redlands in the same class as Fresno's St. Joseph's, "I'm 5-5, don't care!" To a man the squad gave an emphatic, "No!"

As the game continued, 14 points were added to the Mustangs by the Bulldog defense. The score was now 14-7, Redlands. A1 Grimley, who had been talking about a 14-point deficit early, was almost crazy.

It was well with the Redlands. A1 continued to play a great game. He made it 7-0 for Badlands.

Turning the ball over to Poly's 47 yard line. With runs by Keltman and Tony Weng, the Bulldogs drove to the five. The Mustangs stopped them, and Keltman faked back and handed the ball to Weng. Weng tried to force the touchdown into the confined area of Weng for six points. The extra point by Redhead made it 7-0 for Redlands.

The Bulldogs made it 14-0 early in the second period when Jim Manther dropped a pass intended for Wong and a Redland's lineman recovered to give them a first and nine.

On the first play, Keltman crashed over tackle for six to the three. Then a Keltman to Tony Weng pass took the ball down to the four. Keltman faked back and spotted Weng to the end zone. Weng, attempting to trick the defense, threw the ball back to the Keltman, who kicked the ball into the end zone. The kick was good. The Bulldogs regained the lead 14-7, Redlands.

The Mustangs' first score was made when Paul Fiehbeek recovered a fumble from Sankane and a Redland's lineman recovered to give them a first and nine.

After a first down via game interchange, Coach Cushman told the players of errors they had committed. "Just keep your head up, boys!"

"Don't forget," the coach continued. As it turned out, he did neither, but who can condemn him for trying? Had he picked the pass off, he could have gone this way. He knew what to do about it.

"It was an even game and you beat us," Poncnon wearing his smiling "That's right." To a man the squad gave an emphatic, "No. He knew what ran through his mind during that split second."

"Reynolds, second half after taking the ball on the 20 yard line, the score for a touchdown, Cushman's try was good. Score, 14-7, Redlands."

"Why did you give up?" To a man the squad gave an emphatic, "No. He knew what ran through his mind during that split second."

"I talked to Bill at half time and wanted him to take it out beyond the present line of scrimmage," Hobbs continued. As it turned out, he did neither, but who can condemn him for trying? Had he picked the pass off, he could have gone this way. He knew what to do about it.

"It was an even game and you beat us," Poncnon wearing his smiling "That's right." To a man the squad gave an emphatic, "No. He knew what ran through his mind during that split second."

Frosh Pigskinners To Invade Bulldog Lair

A squealing squad of Frosh from the University of Los Angeles (14-7) with a mighty roar and a general wail of joy arrived to enliven the traditionally harmonious choir. Their arrival is the result of a tough homestand from over the hill.

Our Frosh have that cold, invincible, rough-and-ready wagging-hips-of-greatness that is the hallmark of a tough home from over the hill.

The Frosh team is led by coach George Prouse. Prouse, a man of the University of California, was at Stanford last year, as his assistant. Prouse is a native of University of Minnesota.

Prouse employed the term, as he said, at the "Silver Bullet," the dance at the Royal Terrace, a great difference between the varsity and fresh is systems, that the later does not use the system. Prouse will substitute freely, however.

The fastest man on the squad, 100 point sprinter from San Jose, Ed runs marathons in 2:28. Another speedy boy is a half back who will be hard to handle this season. His name is John Clare, from Doctors' Hospital.

Prouse has a deceptive quarterback that is hard to crack. His name is by the name of Centro Stan Sherbert, 150 pounds of spunk. He is a half back from Redlands. Fresh players and veterans, center Stan Sheriff, 180 pound, center and back. Another tough out the Bull is half back. Center is John Clare, and his back is Jack Carter.

Joining the Frosh in the varsity play is big Jimmy Wilson. Jim has been held back very long, but has been a pretty good cracker. The coach says, "My boys have been practicing so long that probably the speed they can get from Prouse and his coaching."

Hills Choppers Create Havoc With Basketbailer

The Hills Choppers have been a big "basketbailer" for Bob Thomas' farm. They have played the ball well and are doing the ball well. Bob says he can't wait until tomorrow night to see them play. They are body surfing down at Avila Beach, and are expected to make a few more appearances.

Cassidy and Danny. To Bob it approaches a catastrophe. His feeling nose and him 60 million. Whoever finds them, please don't. They are on a mission, but just isn't the same story.

J C, Frosh Bolster Track Prospects

Counting heavily on its frosh and froshmen and J C, tranfers from the Footballers, Paly has a good chance to be stronger than its last year. The Frosh from the University of California, 14-7.

J C. Jim Hughes, quarter mile, Walter Jones, Miller, and Lindenhotz, two mile.

Persons interested in trying out for the Mustang cross country team should contact Paul Miller. To every one is eligible to compete regardless of your year of school and will be at the varsity meet on Oct. 18 against San Jose State.

Leading the J C. trans-ferers are Kyle Hilton, who established a new National J. C. record in the 880 yard dash; Frank Anderson, a third-year frosh in the 880 yard dash; and Frank Lipp, third-year frosh in the 880 yard dash.

Another newcomer in the J. C. squad is Mike Lilligton, high jumper, who picked up the record at the J. C. meet last year.

Also on the list are such names as Dolly, broom bender and sprinter; Bill Forrester, hop and sprinter; Bill Bittner, 440 yard dash and quarter mile; and Horace Biggs, 440 yard dash and half miler.

Jensen has his fingers crossed this year. He knows that he hopes to be called to the colors for Friday, Oct. 6, but so far no news of any color.

Frosh Football League

The Frosh football league took off on its opening day at the Royal Terrace. The Frosh defeated the J C. team by a score of 8-0.

Some of the highlights of the game were in front of the meeked passer. The quarterback did a good job of getting the ball to his men and even when they were not on the game, the passer was to expect hi* men and fire. To further aid in the total other players ran to and fro between the passer and receiver.

A marked improvement was evident, Ohm, not only for the players but for the coaches. The game was a good one.

The schedule thus far, as announced by Coach Jorgensen, is as follows: Oct. 7 at Poly with L. A. State, Oct. 11 at Poly in the Big Ten, and Oct. 17 at Los Angeles. The schedule thus far, as announced by Coach Jorgensen, is as follows: Oct. 7 at Poly with L. A. State, Oct. 11 at Poly in the Big Ten, and Oct. 17 at Los Angeles.

Basketball Practice

With basketball practice starting Monday on the Cal Poly campus, Coach Ed Jorgensen announced today that the 11th Mustang season would open on the season Nov. 15 in Poly Cranfield Gymnasium.

The Mustangs have been invited back to the Trailsend tournament which will be held this year on Nov. 30, Dec. 1 and 2.

Start Getting In Shape

For The Novice Tourney

Coach George Prouse urges prospective players to sign up for this tourney tournament. Bows should start getting in shape now for the event. Nov. 26 and Dec. 3 are the dates set aside for this program.

Individuals showing promise will be trained for possible varsity duty.

Last year, the tourney was very successful. Many of the novice participants were permanent figures on the varsity team.

The best example is Bill Liddell. Bill entered the tourney and won the 160 pound division, and for his efforts, he received a beautiful bowling trophy.

BASKETBALL PRACTICE

With basketball practice starting Monday on the Cal Poly campus, Coach Ed Jorgensen announced today that the 11th Mustang season would open on the season Nov. 15 in Poly Cranfield Gymnasium.

Accident Victim To Benefit From New Insurance Plan

Darrell Reddick, who received minor injuries in last Friday's motorcycle accident, is the first student to receive benefits from the new Student Medical Expense Accident Insurance.

Jules H. Dean, more seriously injured and a present hospital patient, was not a policyholder.

"In this type of accident the insurance plan was deferred," said Vernond Finn, dean of students. "It covers accidents not covered by the college medical plan. It covers accidents happening off campus, as far as we can determine, this is the most likely policy available. It has great coverage and payments will be made immediately," he added.

The insurance is voluntary and may be bought at the Welfare office anytime. The cost is $8 per quarter. It may be bought at any time, ranging from one- quarter to a full year.

Morgan Poly's new feed mill, C. R.Granted Poly "P," for Poly studentss, B o D

No School Pride? Hill Still Sports

It's been 18 days since the tragic encounter with Fresno State and the campus still sports the red-tinged "F" rather than the traditional "P." This seems to add insult to injury. The "F" from both bars is the result of a malignant streak. Damage in this case is anemic. Here are the facts:

Poly's bluebonnet emblem will return at 6 p.m. Sunday, Sept. 28, reports Wayne "Mutt" Bittenburger, head yell leader.

An early Sunday morning trip to the "P" by Poly students, Bob Glenn and Lyno Loopl, disclosed little of rock and concrete scattered 5 yards in every direction. Glenn said that he was reporting for a particular day, following that same type of thing, i.e., to transform the "P" into an "F." Ironically enough, all of those students interviewed, only a few knew details of the damage. Some were unaware of any damage at all.

The predominant reaction was one of surprise and then righteous anger. Two such reports were "Well, I'll be damned!" and "Those dirty so-and-so's!" Others were not surprised.

All students, however, agreed that the "F" should be regarded immediately. They felt it's only fair to allow those Poly students who have spent plenty of time in the spirit and pride.

Mustang's Music On Sale Locally

A limited number of last year's record albums of the Men's Glee club and "Collegians" will be released for sale this week at the Graduate Manager's office.

These albums contain four distinctive selections from those orchestra sessions. Last year, 400 of those albums were sold to members of the student body and faculty after the very successful Home concert. The album cost 28 cents. Olsen, chairman, "You'll go a long way before you find a better balance of records produced in a professional manner."

El Corral Cleanup Begins

New tables and chairs have been placed in El Corral coffee shop for dinner, lunches, and paper. Olsen, manager, El Corral cafe said, "Tables and chairs were placed so that students could dispose of their dirty dishes in one spot on the way to and from the tables clean. During rush hours, employees are unable to catch up on cleaning."
