Yuletide Dance To Transform Crandall Gym

Yuletide music and the gavotte, "A Christmas Carol," and "Sing Candy Shop" will transform Crandall Gym into a Christmas wonderland tonight. The transformation will begin immediately after the Vernon High School concert. The first dance will begin at 8 p.m.

This will be the first dance of the year sponsored by the Alumni, Theta Chi, Delta Gamma, and Lambda Chi. It will be the first dance to be sponsored by a woman's organization. The dance will be coordinated by the Women's Committee.

"White Christmas" and "Jingle Bells" will be the theme songs for the dance. The band will play Christmas music.

The dance will continue until 1 a.m. and will be open to all Cal Poly undergraduates.

New Song on Tap For '51 Poly Rally

"Rallyman for the new dance will have a chance to get the "Rallyman Song, "Lloyd Benson. Poly Royal Board meeting is set for tonight, and Benson will enter the contest.

The song will be written by Poly students and will be chosen by the student body.

"Rallyman" is the name of the official song for the 1951 Poly Rally.

Lees Brown Dance

One of the most popular dance of the year is the Lees Brown Dance. This dance is sponsored by the Poly Men's Keen-Edance Committee.

The dance will be held at 9 p.m. in the Student Union.

The music will be provided by the Poly Men's Dance Band.

Graduate Manager Post Filled

McPherson graduate manager post, recently vacated by the resignation of L. D. "Put" Meacham, will be filled by a new graduate manager. The new manager will be attending the University of California at Berkeley. The new manager will be responsible for the promotion and advertising of Poly's graduate programs.

McPherson, the new manager, is a graduate of Poly and has worked in the admissions department for the past two years.

McPherson was born in Los Angeles and attended Poly for four years. He received his degree in mechanical engineering and has worked in the admissions department since graduation.

McPherson has been with Poly for the past two years and has been very active in the Poly alumni association. He is a member of the Poly Men's Keen-Edance Committee and has served as the chairman of the Poly Men's Dance Committee. He is also a member of the Poly Men's Basketball Team.

McPherson is a native of Los Angeles and has lived in the area all his life. He is a graduate of Poly and has worked in the admissions department since graduation.

**SF Welding Plants**

Touring By Polyties

Advanced welding design class be

hastened into the new year by

repairs to several plants to study welding in the field.

At Western Consolidated Steel corporation headquarters, the students

visited the pressure vessel pre-fab-

ration department, where several vessels are a part of Poly's course.

They were shown through Lindal-

Burnham, chemical, egg_nes and

materials handling machinery manufacturers.

The Naval Information Center's

video program (ROC) is open to

undergraduate students and Poly's

graduates. It is designed for Poly's

students who just the re-

serves as an excellent introduction study that will

prepare them for commissions in the Naval Reserve after

completing college graduation.

Requirements include solicited

status in a local reserve unit and

weeks summer courses prior to

college graduation with a bache-

lor's degree.

College students who meet these requirements, explain, will

be exempt from selective service

draft under present regulations.

"There is no justification for

this plan," said Radius.

Foxhole Hearwig

Cautious When Asked About Colts

By Ken Wilson

Foxhole basketball coach Bob Hearwig was quick to get to the point out when speaking of this year's crop of fresh-faced one to one in if in left holding back.

"Plenty of room for improvement," says Hearwig, "but that will come with experience. Experience plays an important part in making all ball clubs."

The Crop's record thus far is four wins against six losses. They opened the season with a 49-28 win over San Luis in the first match, Nelson Schwartz defeated Bill Olds.

One of the best acees of the evening was Howard Tiller and Don Rogers. Both boys throw everything in the way of leather and the crowd loved it. The fight was very close, but Tiller was awarded the decision.

In the 158 pound class, Bill McDowell, a game fighter with a very good game, lost to Jeff in the first round. Tiller knew how to win in the second round.

Jim Babb and Preston Harkins 158 pounds, put on a real show. Both battles a big ton in tossing throwing rights and Ickis until one or the other was forced to give up. The win was terrific as the crowd appreciates. The referee was so close that the judges were forced to decide in favor of Babb on the basis of aggressiveness.

Another good match was in the 175 pound class between Pat Vall. and Jeff in the News. Valdes was led by the decision.

158 pound bout was taken by Howard Tiller as he gained an easy win over Jim Estrada. In the heavyweight division, Jay Phillips was 310-6, bytking down Frank Estrada with a cross over in the first round. Shaw was leading in points as the match went on, he was awarded the decision.

In 1958, Barkerfield high school Dining Hall furnished the Cal Poly Grill to help the Runnings come going. Jack Spooling right up.

El Mustang

MUSTANG COURTROOM CARRY REDLANDS TURNOVER TITLE

By Bill La Croix

Cal Poly's high-scoring Mustang averaged 17.7 points with Cal Poly in the tournament last Saturday night when they dumped the Whittier Whittles, 60-52, in the championship.

As far as can be determined, the scoring in present school officias, this is the first tournament crown ever won by a Mustang since 1958.

A pair of fast hustling forwards, Jake Bissain and Jim Estrada, although lacking in height, give the Mustang a chance to win. The game will be next game for the Colts on Thursday, 31-pointers, in the first match, and Redlands, 40-43, in the second.

In the initial game, Mustang center Doug Stratmann set a new tournament scoring record by bucketing 36 points.

The Varsity received further recognition when forward Ed Miskick was chosen the tourney's most valuable player, and was presented with the All-Tournament team.

Track Reps Of Jim Jensen Depend Upon 'Sam's Desires

Jim Jensen has a bearded uncle who is giving him nothing but bad times. Jensen thinks that if Uncle Sam will leave his hars ions he could give Poly its strongest track team in history. So far the Mustangs have lost a large to of boys who could make 50 points in a conference meet. Broad jumper and CCAA champ Eddie Mark is packing a rifle. Also in the last two, are Howard Quacken- bush, miler; Edgar West, quarter miler; Fred Froom, sprinter, home miler; and quarter miler, Bill Whitaker and Walter Jensen.

Out of State Stock Is Received Here

By Robert McCullar

With judging and livestock men's attention still ranging in their eyes, Cal Poly's annual husbandry department is already making plans for the future, bigger exhibits next year.

Recent arrivals at Poly are 36 head of Hereford steers from the famed Barta Grand ranch, Creighton, Colo. The calves were purchased from Nebraska Land and Farming company, which recently bought the Barta herd. Priced from a lot of 1000 by Lawrence B. Bonine and Harry Parker, animal husbandry department, the 36 pound steers are to be fed and shown at the 1951 Grand National Livestock exposition at San Francisco.

Now at the Kelling unit and expected here soon is another group of Hereford feeder calves from the Robertson ranch, Saratoga, Wyo.

This lightweight group of steers was selected from 116 head shipped from the Robertson ranch by the Department of Agriculture and the county Future Farmers of America. They also will constitute a carrying exhibit to be shown at Grand National next fall.

Bali Hai: Library Patio Goes Native

Poly's library patio is due to become a South Sea island.

Howard Brown, ornamental horticulturist, reports that "The entire library patio plant collection will be on a tropical theme."

Royal poinciana, palms 15 feet high, will be placed in the four square holes in the patio floor, and Brazilian pepper trees will adorn the inside wall, Brown says.

Also says, "We hope to plant 400 feet of Paradise Flower, 11 feet high, known as the California Nikau."

The palm trees, costing $25 each, have been ordered, Brown remarked, "but work on the project will not start until frost danger is over. In the meantime, temporary planting of small flowers is being done."

Plans were drawn by the horticultural landscape plant class, and the work will be handled as an Off campus project.

Heron Hall Decorated

A group of Heron Hall boys, working under the direction of "Cisco" De la Garza, this week decorated Heron, complete to lights, the full and painted smoke drops on the windows.

PETERSON RANCH ELECTRIFIED

An electrification program has been completed on the 360 acre range-hand Peterson ranch, which recently added to Poly's campus.

The funds were loaned by agricultural engineering classes, all Poly, and the money was paid by Poly to the range, and the power unit which will service the ranch's electricity.
