Richard Cattlemen Again Elect

Jersey Cattlemen Again Elect

Drum to Board of Directors

By Dan Tison

Elected once more to the board of

the California Jersey Cattlemen is George M. Drum,

deputy for 15 years, according to the secretary

of the state, he has served as president for the last

four years. Drumm, official judge of three

years, was present at the annual meeting of the

Jersey breed. His club, the Georgia M. Drumm,

remains one of the most active and respected

in the state. The club is working hard to promote

the Jersey breed and to support the dairy industry. From

recent reports, the club has assisted his students in community

service projects and has been involved in the Dairy Talent Program.

Talent Program

All Students Will Be Featured at the Young Farmers' Talent Show

All students will be featured at the Young Farmers' Talent Show, which is held at the end of each month. The show is open to all students and is a great opportunity for them to showcase their talents. The event is organized by the National Student Council and is a popular event among students. For more information, contact the activities office.

All In Day's Work

Say Aero Students

Poly's "Aero Days" Phillips

The most ambitious alumni
tour of California being conducted, will leave from north to south through the state. The tour will be held during regular student assembly period.

Polio Drive Ready

For Final Push; Donations Pour In

March of Dimes contributions have been pouring into Panama 205, according to the secretary of the county. However, response to the call for polio drives has been mixed. The public has been slow to respond, but efforts are continuing to raise funds.

Nineteen Nations

To Tour Campus

Fifteen foreign students, representing 19 nations, are to tour the campus next month. The students will be attending a conference on world affairs.

BLANKS SENT OUT

For County Art Show

Invitations are being sent out for the fifth annual art show to be held February 8-21 in the art gallery. Early entries are due by February 2. The show will be held from 10 a.m. to 5 p.m. The prizes will be awarded to the best entries.

Are You Registered?

Students who have not submitted their registration forms for the spring semester should do so immediately. The forms are due by January 31. Failing to do so may result in the denial of admission to the college.

PL 846 students should keep abreast of the deadlines for the spring semester.

 rob McKeltar

.help students plan their course work during the fall and winter terms.

PL 846 student did not report to the Autumn college, according to the secretary of the state department. The students are reminded to file their forms for the spring semester as soon as possible.

Future Farmers Slated To Hold Events Here

Student members of the state are expected to participate in a variety of events in the coming year. The state association will be holding meetings throughout the state to discuss the activities of the organization. The meetings will be held in conjunction with the state convention.

State Expert Named New Dean Of Students

Everett M. Chandler, present administrative analyst with the State Department of Finance, becomes Dean of Students.

HIGH-SPEED PRESS
To Aid Printers
A new $560,000 printing press being installed in the plant by the publishers, D. C. Greggs, printing firm, is the only type of press which has a vertical bed. The press is to be put in operation within the next few weeks.

Use of the present press is essential to the printing of the weekly papers, including the local and state newspapers. The press will be used for the printing of the weekly paper, and for the printing of the local weekly paper, the local weekly paper, and the local weekly paper.

Greggs claims that this type press is the most profitable machine he uses in commercial business. The press can be put in operation quickly, and is faster, than the horizon type press. It will print 7,500 copies of a 4-page section in 2 hours and 20 minutes.

This results in less time of production, he states.

CARS, PRIDE AND HURT
In Campus Crash

An automobile accident involving two students, Maurice Burns and Beverly Hamlin, occurred Monday evening on Monterey drive. It was reported by Security Chief Ernest Mcinerney.

Bob was driving south on Monterey drive when he stopped suddenly to let out passenger Richard Mcinerney, who had been added to the car. Bob drove east along the proper way and Mcinerney drove south. There were students' children in the car. There are students' children in all times. It is a miles-a-half-hour and several students must be taken by drivers on that road, Blaier said.

El Mustang Book Worm Drills Into Library History Leaves

By Larry Jenkins

If you have ever been a Brown university student, chances are that the name John F. Horgan was brought to your memory, for he was the head of the library. But did you know that the head librarian had to do more than just keep the shelves full of books? He was also responsible for making sure that the books were cataloged properly and that the library was well-stocked with the latest information.

Last month, as the library was preparing for its annual inventory, John F. Horgan had a brainstorm. He decided to use a computer program to help with the task. This was a big change for the library, as the previous method of manually checking books was slow and inaccurate. But with the help of the computer, the task was completed in just a few days, much to the delight of the library staff.

The computer program was a game-changer for the library. It allowed the staff to quickly and easily update the library's catalog, making it easier for students to find the books they needed. It also allowed the library to keep track of the books that were checked out and when they were due back, reducing the chances of overdue books.

As the library continued to use the computer program, John F. Horgan began to realize the benefits of modern technology. He started to think about how the library could use technology to improve other aspects of its operation, such as the checkout process and the way the library was organized.

Now the library is well on its way to becoming a modern, efficient institution. With the help of technology, the library is able to provide its patrons with the best possible service, and it is able to do so with greater efficiency and accuracy.
The Downbeat

By And Gandy

The music department tour is only eight weeks away. Last night in Mr. Ander's band class, the students were buzzing about it. It seems that our Poly band is off to New York for a concert tour. The trip will take place in April, and they will play in some of the most prestigious venues in the city. The students were excited to hear about this opportunity to showcase their musical talents on the national stage.

In addition to the band, several other music classes are planning to join the trip. Mr. Johnson's music history class is planning to visit the Metropolitan Museum of Art, where they will learn about the history of music and its impact on art. Mr. Smith's jazz class is planning to attend a jazz festival, where they will get to hear some of the best jazz musicians in the country.

The students are planning to raise money to support the trip. They are selling raffle tickets and organizing concerts and fundraisers. They are hoping to raise enough money to cover all the costs of the trip, including travel, accommodations, and admission fees.

The students are also working on preparing their performances. They are practicing new songs and refining their arrangements. They are looking forward to performing in New York and are excited to share their musical talents with a new audience.

Fresno Wins Game
But Riot Was
Ruled No Decision

By Bob LaCroix

Becich broke loose near the end of the Cal Poly-Fresno State bas-
ketball game last Friday night at Fresno's Recreation gym. Hundreds
of fans, left the arena and rushed the floor, plowing into the Pol-
y bench. The Mustangs lost the game, 78-72.

The game ended in violence when a group of fans invaded the
arena, causing a commotion and leading to a riot.

The crowd became unruly after the game, resulting in fights and
rioting. Security was increased at the arena to prevent further
incidents.

Sports Corner

The following statement was taken directly from the Fresno "Collegian," organ of Fresno State College.

"One little tale always goes with talk of Cal Poly and
that is of its consistently one-sided refereeing or umpiring of
whatever the case may be. For San Luis Obispo, Cal Poly
has never been a team to play Cal Poly on its home floor, court,
diamond, field, or canvas table, that has proven to be an
test of the athletes, as when the Mustangs felled the Poly-
ian in a "score-free" which resulted from a near-riot. This
riot, which occurred early in the game, caused a

Other events from the game:

- Fresno State College defeated Cal Poly, 78-72, in a close game.
- The Mustangs were led by Hank Moroakl, who averaged 16.8 points per game.
- Cal Poly averaged 61.2 points per game.
- Fresno State College's team was centered around ball handling, with Hank Moroakl averaging 11.1 points per game.
- Cal Poly's team was led by forward Frank Karkar, who scored 18 points.
- The Mustangs had a strong team defense, allowing only 78 points.
- The game was refereed by Tober Lawless and Stony Johnson, who were noted for their impartiality.
- The Mustangs' season was marked by their resilience in facing challenges, such as the near-riot scene.

Looking Ahead:

- The Mustangs will continue to face tough opponents in their upcoming games.
- The team will focus on improving their defense and ball handling skills.
- The Mustangs will look to build on their recent victory and maintain their momentum.

BURLY BRUIN MIITMEN face Mustang forces

Mustang mitt-men have been polishing up on their timing for the matches with the Bruins of UCLA in Crandall Field gym tomorrow night. Matchmakers have scheduled 11 matches to fill the evening card. The activities will include the regular scheduled eight matches.

Coach Phiers says that the Mustangs are coming off last week's elimination bout with a 1-0 record. He suffered a broken nose in the bout with Bowlus and is in his fifth week with Leon Jordan, the new assistant coach, bringing with him one of the finest squads in UCLA's history. Last year's team split a home and collegiate match with the Bruins, and the two matches announced for tomorrow should be a part of an exciting evening.

Sacramento Cagers meet Cal Poly in local Gym Tonight

Tabled as one of the exciting basketball teams in northern California, the Sacramento Cagers will be featured in the local hardcourt tonight to face the Mustangs in the opening basketball games of the year. Analysis of pace's game against San Francisco State last week is more than proof that the team is one of the strongest teams in the Pacific.

Sacramento defeated the Gators of San Francisco by a score of 120-99. San Francisco State is currently undefeated in the Pacific Coast league. The Gators have a week's extra practice before their next game. The Mustangs are the only team to have defeated San Francisco State this season.

In a 151-pound elimination match, Grunert, a former Golden State basketball player, demonstrated a sharp-shooting forward and scored a 20-15 victory in the second period.

Burt McFayden, a former Golden State basketball player, scored a 20-13 victory in the second period.

High point honor for the evening was shared by the Mustangs and the Gators. Both teams scored 90 points. The Gators were represented by Grunert, and the Mustangs were represented by Burt McFayden.

Attention, Seniors!

Tickets for the upcoming basketball game against the Los Angeles State College will be taken Feb. 1 from 8 a.m. until noon at the Mole Gym. Students, ticket will be $1.00 for students and $1.25 for parents. The game is scheduled for Friday, Feb. 12, at 8 p.m.

Winter Quarter Schedule

Following class meetings and basketball games, there are winter quarter meetings on:

Tuesday, Jan. 8, 8-9 p.m.—Crandall gym—San Francisco State basketball game

Thursday, Jan. 14, 8-9 p.m.—Crandall gym—San Francisco State basketball game

Friday, Jan. 15, 8-9 p.m.—Crandall gym—San Francisco State basketball game

The Mustangs will be on a winning streak.

The Mustangs are favored to win.

If you are interested in supporting the Mustangs, please contact the team's booster club, the Mustangs Booster Club, at 764 Main St.
Dean Answers Draft Questions
On Enlisting, Academic Status

Editor's Note: This is the third in a series of questions and answers which are devoted to the general subject of Selective service as it applies to students. The information is provided by the Dean of Student Affairs.

Question: What is the new ruling in regard to student enlistments and physical examination?

Answer: While the local Selective Service board has not received an official directive in this regard, an authentic quotation from the Defense department gives the student who gets a draft notice the right to volunteer for the armed forces if he has orders for physical examination that have been received in the branch of service in which he may wish to enlist.

Question: On what school period is "academic status" currently determined?

Answer: The determination of "academic status" is currently made on the basis of the student body in grade standing as determined at the end of the Fall, Winter and Spring quarters of the school year 1949-50. The Fall quarter just past is not included as being based in the Fall academic year. The student body in grade standing in the Fall quarter of 1949-50 is to be used and thereafter as the basis of student body grade standing in the Fall, Winter and Spring quarters of the current school year 1950-51.

Therefore, the student desiring to enlist in the current school year may do so without fear of being "forced" in the choice of the branch of service in which he may wish to enlist.

Question: At what time must the student enrolled in the college year 1949-50 be present for a physical examination in his branch of service?

Answer: The determination of grade standing of the student body in the Fall, Winter and Spring quarters of the school year 1949-50 is based on the classification on the basis of grades obtained during that time.

A student enrolled since the summer of 1949 must obtain a statement from the college at the end of the school year 1949-50, in presenting a request for consideration to the local board. The student who enlisted at Poly as a freshman in September 1949 should be prepared to submit to his local branch a certification of his grade standing as determined at the end of the current school year in order that consideration of his request for deferment may be made.

It is felt desirable to again advise all students and others who may wish to enlist during the current school year 1950-51 that their request for deferment must be made prior to the end of the school year.

Therefore, the student desiring to enlist in the current school year 1950-51 must obtain a statement from the college at the end of the school year 1950-51, in presenting a request for consideration to the local board. The student who enlisted at Poly as a freshman in September 1949 should be prepared to submit to his local branch a certification of his grade standing as determined at the end of the current school year 1950-51 in order that consideration of his request for deferment may be made.

The determination of grade standing is made on the basis of the classification on the basis of grades obtained during that time.
