2006 Baker Forum to focus on world without oil; David Goodstein to give keynote address May 7
Caltech physicist David Goodstein will discuss rising gas prices and the looming end of the world's oil supply as part of his keynote address at the 2006 Baker Forum at 4:30 p.m. Sunday, May 7, in the Spanos Theatre. Goodstein, author of "Out of Gas: The End of the Age of Oil," will talk about trends in petroleum supply and demand, the environmental impact of continued reliance on petroleum energy, and possible technological solutions. He is vice provost and professor of physics and applied physics at Caltech, where he has been on the faculty for more than 35 years. President Warren J. Baker will present Goodstein with the Wiley Lifetime Achievement Award, which recognizes distinguished achievements in higher education and public life. At the Baker Forum, leaders from industry, government and academe will discuss challenges associated with the global transition to a "post-oil" world.

Talk in ‘Abraham-Father of Many’ series set for May 1
The second lecture in the three-part series “Abraham-Father of Many” will be held at 7:30 p.m. Monday, May 1, in Philips Hall in the Performing Arts Center. Panelists will focus on the biblical figures of Sarah and Hagar and their meaning for Judaism, Christianity and Islam. Panelists include Heather Mendel, a spiritual director and facilitator of Jewish mystical and feminist studies; Jana Schofield, pastor of campus and parish ministry at Mt. Carmel Lutheran Church in San Luis Obispo; and Nisha Abdul Cader, a pediatrician and representative of the local Muslim community. The discussion is the second in a three-part lecture series that focuses on understanding the place and meaning of the person of Abraham in Judaism, Christianity and Islam. The final presentation will be held May 22. For more information, call religious studies Assistant Professor Stephen Lloyd-Moffett at ext. 6-2475.

Thai, American artists to exhibit work May 11-June 2
The third and final leg of an international exhibition of new art created by artists from Thailand and the United States will be on display May 11 through June 2 in the University Art Gallery. “PAC III: Thai-American Art Exchange 2006” will showcase work created on the spot by several visiting artists. On Thursday, May 11, the public is invited to an artist’s lecture at 4 p.m. in Room 228 in the Dexter Building and an opening reception in the gallery (Room 171, also in Dexter) from 5 to 7 p.m. A full-color 125-page catalog accompanies the exhibition. The artists will arrive in San Luis Obispo at the end of April and will participate in a workshop specially designed to produce new artwork in response to the unique environment of the Central Coast. The University Art Gallery is open 11 a.m. to 4 p.m. Tuesday through Saturday, and Wednesday evenings 7 to 9. For more information, call the gallery at ext. 6-6038.

Human Powered Vehicle Challenge to be on campus
Cal Poly will host the Human Powered Vehicle Challenge, West Coast Competition, Friday-Sunday, April 28-30. The American Society of Mechanical Engineers sponsors the competition in hopes of finding a design that can be used for everyday activities. Cal Poly is one of only three schools that have raced in every ASME competition. Cal Poly placed in the top four spots for both the sprints and the endurance race in four of the last five years. Registration, presentations, a safety test and inspections will be held 3 to 9:30 p.m. Friday at the Fisher Science Building. Saturday will feature sprint racing and utility vehicles. The endurance race is 8:30 to 11 a.m. Sunday. For more information go to http://studentssections.asme.org/calpoly/HPV/#Schedule or http://www.asme.org/Events/Contests/HPV/Human_Powered_Vehicle.cfm.
