Final Approval Of Thesis Necessary

If students now enrolled in the class are not prepared to finish their theses and hand in the course at the end of the semester, they must be allowed for correcting purposes, activities officer. Stein

PL 346 Students Must Register On March 25

Veteran Students enrolled under the GI Bill must register on March 25 according to a recent VA ruling.

Selective Service Test Applications

Deadline March 10

Major General Lewis E. Hurlburt, Director of selective service, is reminding college students that the selective service registration card, which upon returning to the college library, shall be typed, approved by all members, and a copy on file in the college library.

Service Entrance

Applicant Eligibility

To be eligible to take the selective service examination, the applicant must be a United States citizen of the age of 18 or older, and not actively engaged in military service.

Applicants may be examined for discharge from the armed forces, and the results of the examination will be made available to the applicant.

Consideration

The criteria for the consideration for discharge is that the applicant must have a record of good conduct and have completed at least one semester of college

Poly Royal Board Honors 'Major'

After voting 10 Pol Royal board members, Maj. Gen. George J. Good, Amateur Athletic Union, and Maj. Gen. William D. Bigelow, of the national association, to confer on the subject of Poly Royal Board Honors 'Major' at its regular meeting March 19, it was decided to confer the Poly Royal Board Honors "Major" degree on Poly Royal board member, who was the only Poly Royal board member at that meeting.

Poly Royal board member was appointed by the Poly Royal board of directors to confer on the subject of Poly Royal Board Honors "Major" degree on Poly Royal board member, who was the only Poly Royal board member at that meeting.

Heinemann, Top Aero Designer

Poly's engineering majors have rated at the top in the national competition for the Poly Royal Board Honors "Major" degree, which is conferred by the Poly Royal board of directors.

Poly's engineering majors have rated at the top in the national competition for the Poly Royal Board Honors "Major" degree, which is conferred by the Poly Royal board of directors.

To Discuss Aircraft Progress

To discuss aircraft progress, the Poly Royal Board meeting was held March 19, at the Poly Royal board of directors.

The meeting was held March 19, at the Poly Royal board of directors.

Poly's engineering majors have rated at the top in the national competition for the Poly Royal Board Honors "Major" degree, which is conferred by the Poly Royal board of directors.

Vets Supplies Deadline

Veterans supplies deadline on March 18 will terminate for the current quarter. This will include purchases of books, supplies and equipment for student use during the quarter. Supplies delivered to the local board within 10 days (Continued on page 8)

National Blue Key Fraternity Needs Final Approval

Twenty to 30 juniors and seniors will be invited to join the Blue Key chapter at the University of California, Santa Barbara. The Blue Key chapter will be organized under the direction of the University of California, Santa Barbara.

The Blue Key chapter will be organized under the direction of the University of California, Santa Barbara.

Elaine Rose Amam...

Harold Hayes has been appointed Cal Poly's dean of engineering, succeeding President Julian A. McPhee. He replaces C. E. Knoke, who will continue as acting head of the division until April 1, at which time he will begin his duties as director of the National Bureau of Standards.

Less Conflict, Red Tape Predicted

For Spring Signup

It's neat. An improved procedure of pre-registration was first used for the Winter quarter, and has been redesigned to cut out more red tape and confusion this quarter.

Purpose of pre-registration, says O. B. Newman, director of registration, "is to eliminate confusion, cut the quarter's time, to shorten the scheduling problems, and to speed up the process of registering."...
March of Dimes Show Draws Largest Crowd

Dimes and silver were flying during last week's assembly of the 3,000 students who contributed $85,000 to the March of Dimes campaign.

Blackie Martin, Camp BLO soldier, donated the entertainment with his harmonica playing as he did on the Honor program last year.

Bill Maxwell, v.p. president, was well pleased with the turnout, the largest of the year.

Brown's Music Store

Thursday evening at 7:30 p.m. the Glee club will present its annual spring concert.

Jim McGrath To Talk At OH Club Meeting

Thursday evening at 7:00 p.m. in room 200 the OH Club will be the scene for a program of special interest to music students.

Brown's Music Store

March 15 At Hillcrest

All Fresh Dance – The First fresh dance of the year will be held at Hillcrest lounge beginning at 8 p.m. Good music, girls and fine entertainment are on the way for you according to Ed Wyneken, class rep.

Don't miss your chance to really get your paycheck in the easy atmosphere. Bring a freshmate with one of those good old freshmen's canned drinks!

Dress in agers and tickets are limited to students. Tickets may be obtained from George Martin or any class officer for the current price of 70 cents. The dance will be open during the entire week.

A college student ordered to re- 

March of Dimes Show

March of Dimes Show

Don Perry, general superintendent of the engineering department, says, "It is my desire to make up the deficit incurred last year as a result of the rainy rains," says Perry. "We can't miss, weather permitting, the enthusiasm and interest displayed in our diners' meetings this far," he continues.

Getting things done is old stuff for this husky Navy veteran of four year's service. He was a boatswain's mate on duty in the Pacific.

Following his discharge, Perry enrolled in the pre-architecture curriculum at Ben Fick state college. He was 18 years old three years. While attending classes in the engineering courses, he was a member of the Theta Chi fraternity. When asked what courses means must sit down Ben Fick. Perry quickly replied, "Athletic life and co-eds."

The blond-haired pride of Pismo came to Poly in 1946 on recommendation of authorisation certificate completed two years before starting medical school when he was 18 years old.

In architecture.

In architecture.

The program is scheduled to begin at 8:00 p.m.

Jim McGrath will be speaker.

The thrill acquired by trans-
Scene About The Mustang Campus

Feed Mill Unit... This aerial photo gives a clear picture of Poly's new feed mill unit located in Poly canyon. At the upper left is the slaughter house, where students will have an opportunity to do the slaughtering and meat processing under supervision. The commercial livestock unit is shown at the lower left. At the upper right is the feed mill and to its far right is the hay barn. (Photo by Roger Marshala)

Different View... The same general area as seen in the aerial photo at the left is shown here. In the background is the feeder unit which will care for 150 to 200 feeder cattle. The slaughter house, foreground, contains the latest equipment for killing and cooling meat animals. (Photo by Roger Marshala)

El Mustang's roving cameramen took in a lot of territory this week. In fact one of them even took to the air. Photographer Roger Marshala reports no ill effects from his aerial photography effort shown at the upper left, but adds there's still no place like the old terra firma.

Cotton Rosser, pride of Poly's rodeo team, consented to show us that he's the boss of the family (see below). Despite Rosser's boast we happen to believe that his wife, Linda Lee, has much to say about this matter. The picture at the left should serve as stern evidence that it's better to do one's homework before he goes to the show. Oh, well, maybe this student learned by doing.

Sweating It Out... Since Mustang lounge has been open to students over the weekend, many a Polyite has come to call it his home. Shown listening to the Mustangs squeak past Santa Barbara are (left to right): Jerry Gonson, DH major; Phil Bartlett, AH major; Warren Vander Hule, DH; and AH major Mac Johnson. (Photo by Dale Cuen)

Mid-term Disaster... An unidentified Polyite who flunked his mid-terms is shown setting forth upon his career. We shudder to think what might happen to some of us following Linda. (Photo by Dale Cuen)

Renaissance ... Cotton Rosser's lovely bride, Linda Lee, informs Poly's top cowpoke he can stay but his boots will have to go. We thought all cow-boys died with the boots on. Live and learn.

The Acid Test... Linda Lee's culinary talents apparently have to be put to the test by Cotton. If this sort of thing keeps up Rosser will soon be regarded as a dude by his rodeo pals.

Chowtime... Whipping up a salad is really nothing to Cotton. Linda's unable to find herself out of a job. From the looks of things we would guess that Rosser's bachelor days are well behind him.
This and then some

By Mette

I have lived dangerously. I’ve spent a whole afternoon up there. What you have attributed to me this week will go in the general direction of a party. I’m happy to report I didn’t make a complete slip out of all that. I’m writing this on the back porch after the successful return of a rhoda from a rhoda Phoebe.

Our glorified Krieger cracker box (a Chevy) took the road most rocky. It is a rough ride in the rear and with a hot potato. We pulled over some 600 feet or so. Stopped by our hiker’s haven not easily accessible to incoming sides and set about to find a better part of the road building spot.

Being lost in the immediate hundreds of street car tracks, I decided to check the road map. Then the night of the same evening of Wednesday, I believe the idea of what seemed to be the busy part of the road building was in getting there. It was a thing.

Sure Facts

After a general people who limed upon a madcap holiday, sainted saints had had their eyes. I feel my mother Invites me, C. C. Thomas of the U.S. Department of Agriculture, we should think twice, use caution and foresight in selecting our A.S.B. officers.

No matter what our new system shall be, who officer candidates are, or what campaigns issues they will choose to follow, we can’t overlook three huge things that will affect elections are based on—PLANNING, PUBLICITY and PROGRESS.

Finding “best” candidate is a major task itself. What are we interested in? Who are the men best able to serve us, as students, from a standpoint of leadership, ability to put in place and promote new ideas, and see that college is conducted? These are the questions, and we should face them. We should, therefore, think twice, use caution and foresight in selecting our A.S.B. officers.

No matter what our new system shall be, who officer candidates are, or what campaigns issues they will choose to follow, we can’t overlook three huge things that will affect.
Letters To The Editor

No Elaboration Needed

In many of the bull sessions around here this Mustang has been one of the main topics of discussion as the El Mustang staff is not the best example of a satisfactory paper for the students.

We do not feel that it should be necessary at this time to elaborate on my comments on the usual state of the paper as this is your job...

Paul Atkinson

FRIDAY, MARCH 7, 1952

Dear Editor,

As long as my column that caused all the fuss, I would like to have my say. I think that Drum best is far superior in every way to the line of tripe my so learned colleague Mette dishes out every week. This and Thm lines.

Each week he digs and delves around down in the temporary rooms and groups up with what is usually called stationary sweeper. But, I guess a rose by any other name smells the same.

In all seriousness, I think that room can be found in the editorial pages for all of us...

Don Perry

The Feeling's Mutual

Poly Royal Traffic

Traffic control during Paly Royal will be handled by Defense Military service club, says Major Max P. Amiel, Commander, Defense Military service department during the three-day celebration so an adequate number of men will be on duty at all times.

Campus Interviews on Cigarette Tests

No. 36...THE OTTER

A usually mild-mannered and easy-going lad, he really made the fur fly when he realized the thickness of most of the so-called cigarette mildness tests! He knew there was one honest test of cigarette mildness. Millions of smokers everywhere know, too — there's one true test!

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments! Once you've tried Camels in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions

Poultry Going Modern, Add Infra-Red Rays

New radiation-type of breeding equipment is being used as the poultry plant for the first time, says Leo Baskett, poultry department project supervisor.

The breeder includes a reflector with two rows of infra-red ray lamps. These lamps may be either red or white and are controlled by a set of relays which adjust the temperature.

This is the newest type of breeding equipment adopted by the poultry industry, and will further acquaint poultry students with the industry, says Baskett.

Crops Head At Meeting

Crops Department Head Paul Dougherty is attending a meeting of the Seed council and Seed association at the Puff and Surf club at Del Mar, says Tom West, Crops club reporter.

Pioneer Radioman

Talks Thursday

For IRE Meeting

Pioneer radio- and electronics man John L. Resnars will speak on "increased Audio in Modulation with Sputtered Equipment" at the IRE meeting next Thursday, says James W. Sales, IRE publicity chairman.

The meeting is scheduled for 7:30 p.m. in Room 316, Administration. Resnars is a member of the Explorers Club of New York, the American Fujari society, 1925, and the American Radio Relay league.

He kept the 1935 Byron award position for the first time in the history of radio engineering. His interest in radio began in 1908. By 1909 he had designed the famous Resnars tuner and has now more than 50 patents.

Faculty Club Lecture

Aimed At High Prices

The second in a series of lectures sponsored by the Poly Faculty Club will be held Thursday, March 13, room C14, Administration.

This Is the newest type of brooder equipment is being used at the poultry plant for the first time, says Leo Baskett, poultry department project supervisor.

Tennis Team Opens Season Tomorrow

Fischbeck, Jack Bettencourt Entered in Inter-Mountain Boxing Tourney

By Frank Toues, Jr.

Paul Fischbeck and Jack Bettencourt, Boise's outstanding boxers, open their campaign for a higher rating in California collegiate boxing tonight when they start first-round activity in the Idaho Inter-Mountain tournament held annually in Pocatello, Idaho. Fischbeck, 147-pounder, and his 160-pounder Bettencourt have good chances of filling both rating spots.

With outstanding boxers to participate in the Idaho tourney, which will serve as an outstanding preview of things to come in the 1963 Pacific Coast Intercollegiate finals, "Flash" Fischbeck and "Jackie" Bettencourt expect to come out on top.

Each is rated for a place in the finals of the 1A tournament.

Fischbeck has shown considerable strength and quickness in his wins over three Idaho boxers this season and is expected to come out with a good showing.

Bettencourt, number one man this year, was the only consistent boxer this year handling the Mustangs his only loss in six bouts.

Both boxers are expected to come out with a good showing in the Inter-Mountain Boxing Tourney—Pacific Coast Intercollegiate finals.

The Seattle Times, Seattle, Wash.

Mustang Netters Play Pasadenas On Local Courts

Tulsa girls will bounce ball and the returning seniors and sophomores of Pack's girl team meets the season's first battle againstPasadena college at the net.

"This year's outlook is good," explained Coach Pat Hydra, who has been tennis coach here for 10 years. "The girls have been practicing at least 12 hours a week and are in good shape."

Highlighting this year's matches will be the tilt tomorrow of the University of California. While the 1962 schedule is incomplete, definite home and home matches with San Jose State, Pepperdine, Long Beach State and Santa Barbara are slated.

To wind up the season, the Mustangs will play in the dual tournament of the Pacific Coast Intercollegiate finals May 16-17. Last season Cal held on and won the tournament.

In the league for tomorrow's matches with Pasadenas are three Bruin stars. They include Ken White, senior, Morton Deck Flen-ry, junior, Santa Barbara; Jim Curbell, junior, Oakland. Fourth team member is John Crow, sophomore transfer from Bakersfield Junior college. Others who will see action in single's matches include Pack'sảo fourth-year man, Joe and Ked Dulka, junior pro vote.

Joe and Ked Dulka, senior pro vote. ...We favor formation of the semi-pro Kimball Tire basketball team by Mart Fulmer, the best of luck this season. Hope they get a break."

Mustangs Lose To Loyola In Tournney; Sutton Sets New Local Scoring Record

By Nest Webber

Mustangs were second last week as they dropped a 41-3 division to the Loyola College. The Mustangs were second 16 points in the finals of the State basketball tournament at Los Angeles. They came on the Friday night free for the opening home match against Bakersfield.
