Interest Lags As Only Six Hats

Appear in ASB Election Ring

Poly's city-styled ASB election assembly will swing into view April. But hopes the three hats, originally planned for all candidates, will be limited to those who have the votes.

"The assembly," says Dan Lew, student activities officer, "has always been full of diversity entertainment. This year's assembly should be much the same."

"Besides a donation of entertainers," says Bill McVey, voice of the ASB, "we have candidates to provide a large variety of music and entertainment."

Short List

Candidates for Poly's annual ASB election have met, and have made their objections heard, but only a few names have been written on the list. Candidates have started the campaign early, and the entire term will be used to support the candidate.

New Dorms Present Parking Problem

New dormitories along Navy Way have presented a problem. "It's a small problem, but one that shows how important security is," says Ed Rams. Rams is head of the security office and has been instrumental in keeping the dorms secure.

New dormitories have been built to accommodate the increased student population. "The need for parking has increased," says Rams. "We have to find a way to address this problem." Parking becomes a concern as the number of students increases.
