What's Doin' Saturday, November 18:
5:30 p.m.—Football game, Poly vs. Occidental at 5:30 p.m. in Memorial Stadium.
8:30 p.m.—Dance at the Poly-Club Ban-
quet. Cost $5.00.
Monday, November 19:
8:30 p.m.—Inter-Club and Inter-Depart-
mental Council meeting.
8:30 p.m.—Navel Reserve meet.
Tuesday, November 20:
7:30 p.m.—Inter-Class cheer meet at
Inter-Club Banquet.
Wednesday, November 21:
8:30 p.m.—Inter-Club and Inter-Depart-
mental Council meeting.
Thursday, November 22:
5:30 p.m.—Navel Reserve meet.
Friday, November 23:
5:30 p.m.—Ball game.
Saturday, November 24:
5:30 p.m.—Football game, Poly vs.
Occidental.

Bonfire Features Homecoming Rally
The flames lifting up the "P" on a solemn, hallowed bugle: the sounds from the bonfire leaped high in the air and reverberated the sky at the 40th annual homecom-
ing rally held last Friday night at Poly.

The rally was closed with the singing of the Alma Mater.

PROCLAMATION
Sadie Hawkins Day

On Friday evening, November 21, at 9 p.m., an af-
fair of unusual interest will be held on the Cal Poly campus.

The Cal Poly Chapter of the Young Farmers is sponsoring a student body Sadie Hawkins dance in the new Agricultural Mechanics building.

This dance will be conducted with all the pizzazz and glory of Dogpatch. Prizes are to be awarded for the best impersonation of Daisy Mae, Little Alvin, Mammy Yoko, Papa Yoko, Mammy Sam, and Moonbeam McWidie. Judges of this event will be Squire Bert Fellows, Squire James F. Max-

Oval, Squire Danny Lawson and Squire Harold P. Davidson.

Valuable door prizes are to be awarded during the evening, consisting of cured hawg's leg, turkey, sow belly with
digins, bottoms, kickapooy joy, and parsnip turkeys. Tickets for these prizes may be obtained from the chapter mem-

Everyman at Cal Poly is planning to attend this stupen-
dious event. Little Alves on the Poly Campus are writing
to their Daisy Maes to have them come to this event.

Turkey Banquet

For the fifteenth consecutive year—the TURKEY for the annual Poultry club banquet, Saturday, November 14, all of the past, present and future chicken hawks gathered for the big feed.

As the legend goes; 19 years ago one feathered gent known as Turk—Gibbler was strutting his stuff before all of the favored hen turkeys when "unfortunately" he missed a strut and got a leg caught in the big wire of the fence. The injury was so serious, and Thanksgiving was so near, that poor "Turk" was slaughtered. The membership of the Poultry club was not as large then as it is now, and the roasted carcass of the one bird was ample, to the delight and good fortune of the club.

This year it will be several turkeys that will forfeit their lives for the good of the cause, Guests have been invited from far and near to share in the festivities. Honored guests include Julian A. McPhee, Carl Beck, and all former poultry students.

The largest turnout in club history is expected Saturday night and the turkeys which were butchered the day before will be served at 8 p.m. and will be 92 per plate.

Entertainment will be under the direction of Captains B. B. Verdict and Ed Amos. Roast Turkey?

Students Among Winners
In Fat Swine, Dairy Show

Reports from the Grand National Livestock Exposition at South San Francisco, which closed last Sunday include Cal Poly exhibitors in the list of winners in the fat swine and dairy shows, in addition to winners in swine, sheep and beef divisions.

In the lightweight Berkshire, Wayne Livingston won fifth and sixth place in the individual listing and second place in the pen of three. Heavyweight Berkshire, shown by Bill Foy, and Rex Livingston, took first place and a sixth place pen. His heavyweight Champion, won fourth and ninth place pens. His heavyweight Champion, taken at South San Francisco National Livestock Exposition, was owned by Rex Livingston and took first place in the Individual placing and third place in the individual placing and third place pen.

Kelly Bloom's lightweight Champion, was won eighth and ninth place in the individual placing and third place pen. His heavyweight Champion, won fourth and ninth place in the individual pen and a sixth place pen. Gordon Kelly Bloom, exhibiting lightweight Berkshire, won first place in the individual pen, and a sixth place pen. His lightweight Poland China, won seventh and eighth place in the individual and third place in the individual listing.

Cal Poly exhibitors included Cal Poly students, students, and a few college students. Approximately 100 students will take the examination for county agricultural inspectors to qualify in the following fields: Plant Quarantine and Nutrition Stock Inspection, Fruit and Vegetable Standardization, Feed and Orchard Inspection, Rodent and Weed Control, Feed Inspection and Apiary (beeskeeping).

A majority of the students attending the examination and standardization exams while only a few will take any of the remaining exams. The examination probably will be given in San Luis Obispo as enough men are expected to take the exam to warrant holding it here.

Turkey Sales

Orders for turkeys will be taken from students on Monday the 17th, according to Frank Emerson, club advisor. Approximately 350 students will take the examination for county agricultural inspectors to qualify in the following fields: Plant Quarantine and Nutrition Stock Inspection, Fruit and Vegetable Standardization, Feed and Orchard Inspection, Rodent and Weed Control, Feed Inspection and Apiary (beeskeeping).

A majority of the students attending the examination and standardization exams while only a few will take any of the remaining exams. The examination probably will be given in San Luis Obispo as enough men are expected to take the exam to warrant holding it here.

State Exams Coming For Ag. Inspectors

Agricultural Inspection students are cramming for the forthcoming state exams to be given on December 7, as announced today. Tickets will be given out at the next meeting, which will be held December 4.

Young Farmers Plan Many Activities

The Young Farmers will hold a Bar-b-que at the County Park on December 7, it was announced today. Tickets will be given out at the next meeting, which will be held December 4.

Club members also plan to sponsor a state-wide Future Farmers' jigging contest during the Mar­ tineaux Annual Royal. A handicaps trophy will be given to the chapter which sends the best team to the contest.

As a project, the Young Farmers will construct another bar-b-que pit in the Poly Grove. Work on the pit will begin sometime in April.

CARCASSES OF FIVE BERKSHIRE BULLS WEIGHED AT 850,000 LBS.

The carcasses of five Berkshire bulls were sold at a total of $850,000. These bulls were raised in the United States and were sold to a foreign buyer.

The sale of these bulls is a significant event as it shows the increasing demand for high-quality meat. The buyers from the foreign market are interested in the quality and taste of the meat produced in the United States. This sale also highlights the importance of the agricultural sector in the country's economy.

The bulls were of the Berkshire breed, which is known for its high meat yield and excellent eating quality. The carcasses were harvested using modern techniques to ensure the best possible meat quality.

The sale of these bulls is a testament to the hard work and dedication of the farmers who raised them. The farmers' efforts have paid off, and they are now able to sell their produce for a fair price. This sale is an example of the success of the agricultural sector in the United States.

The carcasses were transported to the buyers using specialized equipment to preserve the quality of the meat. The transportation process was carried out with utmost care to ensure that the meat reaches the buyer in the best possible condition.

The sale of these bulls is expected to bring in significant revenue for the farmers. The revenue generated from this sale will be used to invest in further agricultural activities, which will help to ensure a sustainable and prosperous agricultural sector in the future.

In conclusion, the sale of the five Berkshire bulls for $850,000 is a significant event for both the farmers and the agricultural sector. It highlights the importance of the agricultural sector in the country's economy and shows the increasing demand for high-quality meat.

Basketball Season Opener
Marines Invade Poly Court
By Russ Pyle
Cal Poly's basketeers will roll out from under their wings to open the games of the season tonight when they play host to the invading El Toro Marines on the Poly gym decks. Reporting his small but fast team in top shape, Coach Ed Jorgensen will not risk a prediction at this point, but is keeping all ten fingers crossed in hopes of a win.

Leading the team back up to the hardwood this year will be the famed twosome of Hank Moroiki and Roland "Whitey" Moroski, from Santa Barbara. This pair of "Bobs" was formerly of Marin JC playing, was also down with the same Coach Jorgensen. Also appearing in the Poly line-up for the first time tonight will be Byron Clarence, from Don Diego, and now Ed Mull, from San Diego; Bob Coughlan, from Poly, and Ed Mull, from San Diego; Bob Coughlan, from Poly, and Moroski. This pair of "Bobs" add needed depth once they get into uniform.

For the first game Coach Jorgensen will attempt to play every minute of the contest. Sparkling defensive play by Normura, Griffin, and Croce was also apparent. Espanol proved outstanding as a defensive half-back. With less than a half-minute to go, the Mustangs made a devastating drive which took them into Pepperdine territory for the second score. Delicious drove down field to Phillips for good for 10 yards. Cal Poly lost the ball on downs on the Mustangs, after Terry Bell and Bob Babich and Bob Coughlan, who will be in danger of threats to the "gold dust twins" title held by T Attribute and Kibler. This pair of "Bobs" was formerly of Marin JC playing, was also down with the same Coach Jorgensen. Also appearing in the Poly line-up for the first time tonight will be Byron Clarence, from Don Diego, and now Ed Mull, from San Diego; Bob Coughlan, from Poly, and Moroski. This pair of "Bobs" add needed depth once they get into uniform.

HANK MOROIKI...All conference guard last year and an A-1 team player, will again be one of the mainstays of the Mustang line-up.

Colts Trim Santa Barbara Frosh 19-0
By Russ Pyle
The thundering Colts did what they did last year when they nailed the Gauchos in the band box. Running out of the box and "Y" formation like veterans, the Yoanks kept the Gauchos pretty well bottled up most of the night. At times, the lines played a sensation at at ake, especially when the chips were down. Led by right half, Hagan, they were all but impossible to get around or through once the ball went to以内 of sight of the green and gold cross-bar.

Polyj shooting was due largely to intercepted passes. The most brilliant play of the evening came when Bob Dupleisc intercepted a pass and gallantly 60 yards to a touchdown. Jim Murphy also pulled down one of Santa Barbara's erratic kicks and ran it over for six digits.

Poly's other tally was accredited to Don Martinus, who latched on to one of the Mustangs' passes in the end-zone.

ATHLETIC DEPT. NOTICES
Director of Athletics Carl Valier has issued an invitation for all men who are interested in being on the Poly wrestling team to come to a meeting in the gym today at 4:30 p.m. Coach Bob Mott has announced that he will make the Poly line-up for the intercollegiate basketball league this year. The actual meeting will be held December 5 at 7:30 p.m. All representatives are invited to attend.

Presenting the Facts

The purpose of a newspaper is, primarily, to provide information. The type of information is determined by the location, size, and efficiency of the individual newspapers and staffs. What is news in Butte, Pennsylvania, is not necessarily news in Los Angeles, California. Every editor is faced with the problem of providing the news which an average reader of his newspaper demands and needs. Solving such a problem calls for a wide range of intelligence, or knowledge, and experience, as well as natural and trained powers of observation and reasoning.

An editor must realize that his newspaper is dependent upon responsibility. The right of with their welfare. Above all, an editor must understand that the freedom of the press carries with it definite responsibilities and duties. The restriction of a weekly college newspaper demands and needs. Solving such a problem calls for a wide range of intelligence, or knowledge, and experience, as well as natural and trained powers of observation and reasoning.

El Mustang's staff members will readily agree that they are dependent upon responsibility. The right of with their welfare. New Equipment Enlarges Scope of Engineering Labs.

By James Carley

Every day has been "Christmas" for the past two weeks in the Electronic and Radio Engineering department, according to Clarence Radius, department head. Much of the special equipment which was ordered during the past summer is beginning to arrive.

In the very near future there will be considerable laboratory work going on in the field of F.M. frequency modulation. Both general and special purpose frequency measuring equipment, special F.M. receivers, and high fidelity loud speakers have arrived. Considerable work will be done with the new Q-meter in construction, test and measurement.

Plans are being laid to build a "television-monitor". The electronic equipment between these two units will be supplied by the advanced engineering students.

One of the major activities of the department will be in the field of electronic, electronically controlled spot welders, induction and electric welding units, thyatron controls, and photo-electrical equipment will be installed in a new laboratory. This activity will be carried on in collaboration with the Electrical Engineering department.

Student project activity is getting underway. The new electronically controlled spot welder in the Welding Shop has been placed in operation by Ken Myers. The men under Myers are very busy keeping the hundreds of campus radios from receiving only RF. (By the way, if you don't know about this service, these men will do an excellent job on any radio set for a "song." If you can't afford to pay the bill.)

Under the sponsorship of Harry Wolf (W6NK) and Kenneth Wilson, department instructors, several of the licensed amateur radio men have formed an Amateur Radio club. This group hopes to put "on the air" shortly with a transmitter. They have returned with a lot of equipment, but were also very "humble." They still had a long way to go before launching out. Recently, Clarence Radius, head of the department, attended a special meeting devoted to Industrial Electronics and sponsored by the San Francisco section of the Institute of Radio Engineers.

Radio station installations were also inspected.

Watson, department instructors, Mervin J. Friesen, Central California representative for the Inter-Varsity Christian Fellowship club, spent Tuesday, Wednesday, and Thursday of last week on the Poly campus. At the regular Inter-Varsity club meeting on Tuesday evening, President Arnold, president; Mary Strunk, vice president; Arlene Woods, secretary; Doris Kennedy, treasurer; nominations from the floor and the election will take place at the meeting next Thursday.

Visits Poly Campus

One of the major activities of the department will be in the field of F.M. frequency modulation. Both general and special purpose frequency measuring equipment, special F.M. receivers, and high fidelity loud speakers have arrived. Considerable work will be done with the new Q-meter in construction, test and measurement.

The boys returned with a lot of equipment, but were also very "humble." They still had a long way to go before launching out. Recently, Clarence Radius, head of the department, attended a special meeting devoted to Industrial Electronics and sponsored by the San Francisco section of the Institute of Radio Engineers.

Radio station installations were also inspected.

Music Department Active During Homecoming

Activity around the music room increased in intensity last weekend with the music department being kept busy entertaining the homecoming Alumni.

The band started the ball rolling by playing for the assembly on Friday morning, Friday evening found the horn tooters giving out at the bonfire rally. Saturday afternoon found them in the Mustang stands playing for the Cal Poly-Pepperdine game.

During the half the band marched in from the south end of the field forming diamonds the length of the field. Returning from the north end of the field the band marched to the south end in the form of a large P. Coming back to the 50 yard line the words HELLO ALUMS were spelled out. The band then spelled out the letters C P and returned to the stands.

The "Collegians" did their share for homecoming by playing for the student body dance on Friday night and the Alumni dance on Saturday night.

Entertaining at the Alumni banquet Saturday evening were the "Three Dukes," a piano, guitar and string bass trio. Many fine compliments were received by the group. Stan Raymond, Skip Coe and Ken Hawkins form the trio.

The band finished up the weekend by playing for the Cal Poly Frosh-Santa Maria Junior College game on Armistice Day. During the half a serpentine was formed in the center of the field with the band playing "On the Mall." The band then formed the letters S M J C in front of the Santa Maria rooting section. Returning to the Poly stands, the word COLTS was spelled out while the band played "Ride High You Mustangs."

Harold P. Davidson, musical director stated, "I would like to take this opportunity to thank the entire music department for their complete cooperation in helping to make the Alumni Homecoming a complete success."

OFFICIAL NOTICE

Students who expect to receive either a degree or a certificate at the end of the fall quarter should go to the recorder's office, room 102, for their final evaluation, and make out their application for graduation, it was announced today by C. Paul Winner, recorder.

Local Naval Reserves To Hold Meeting Monday

Dan Lawson, sparkplug of the naval reserve program in this community, announced today that there will be a general meeting of those interested in the naval reserve Monday night, November 17, at 8 p.m.

Those attending will learn the latest developments in securing the Morro Bay Section Base facilities for a naval reserve armory. Also on the business agenda will be the development of an application to the Commandant, 12th Naval District for official cession of a vacant lot near San Luis Obispo.

After the evening's business has been dispensed with, the audience will see two official navy films, "Atomic Energy" and "Atomic Power."

"You strike it rich when you choose Chesterfield ... they're tops!"
