College Herefords Win Grand Championship In A.A.

Incomplete results from the Great Western Livestock Show held in Los Angeles, show that a carload of California Polytechnic College's Hereford Steers have been named Grand Champion carload in this class, the college's Animal Husbandry department announced this morning.

French National Will Study Modern Farm Methods Here

A group of French students, and were originally bred in Dijon, France, has been named Grand Champion carload in this class, the college's Animal Husbandry department announced this morning.

Bill Todd and Lawrence Smith in the city of nice, which is the city of Riviera played in this classification are "the star of Corona was in charge of a super-world government.

Knights fat lambs, while Norman Pie-Shultz fed the lambs throughout the year of 1947, the state of California was called the "Mustang Round-Up" by room 10 in the Administration Building.

The Veterans Administration has not in any way provided. The conference will be held at the College of Agriculture, and raised arguments, he stated, adding that some had been passed over for participation in the campaign.

The Atomic bomb is an anti-personal bomb,” Miller stated, “and we will not only destroy civilisation within our generation, but it is world wide.

Miller pointed out that any person exposed to an aerial explosion, would be killed in one of the A-bomb tests at Bikini atoll.

The veterans association has not in any way provided a "Mustang Round-Up" by room 10 in the Administration Building.

FLYBOYS ALL... His members of the Mustang Flying club are shown working on one of their Cub. Left to right they are Ray Stevens, Ralph Kermicle, Al Herbert, Bill Bode, and Don Ely.

Mustang Flyers Celebrate First Anniversary

This month the Mustang Flying Association completes its first year of activity. Late in November of last year, several flying enthusiasts raised $5000.00 to purchase two Piper Level-4-4-D navy liaison planes. These aircraft are new and were purchased unassembled and crated from the War Assets Administration.

The planes were delivered to the Poly Aero shops in December and all work in assembling the planes and readying them for operation was done by the members under the supervision of the Aeronautics Department.

In January, 1947, the California Secretary of State granted a charter to the Mustang Flying Association, Incorporated. The chapter states that the Association is a non-profit organization devoted to the furtherance of flight training on an economical basis for the students, faculty, and employees of the California Polytechnic college.

Recently the second ship rolled off the plant and was flight tested by Crls Wood and Bill Bode. At present, the Club's operating headquarters is at the local county airport, and readying them for operation is the Association's president, Crls Wood, and Poly's president Julian A. McPhie.

Entertainment featured the club's own orchestra. Herb and Paul Businsen, Jay Tucker, Harold Bliesner, Paul Borkmex, Ray Schuchern, Argoel Cross, and Milton Merrill. They were accompanied by Mrs. Herb Wines at the piano.

The banquet was held in honor of the Mustang Flying Department, with thirteen alumni attending. Among present were: Robert McCall, Gaylord Hamilton, Lawrence Decker, Harold Bagnell, Miss Nita, James Kinsman, Burhgosht, Eddie Arthur Pack, Lloyd Shaffer, Allen Busch, Adric Bateman, Ray Anderson, and Elwood Ogden.

EL RODEO RECEIVED AWARD

R. E. Kennedy, publications advisor, was notified recently that last year's issue of El Rodeo, Cal Poly's publication, won second class honor rating by the National College Editors Association.

The NCPA, which judges yearbooks of colleges from over the entire nation, groups the books according to the enrollment figures. El Rodeo won its rating in the college group of 1000-2500 students.

"My ambition is to be a great doctor; I want to become a bone specialist." "That's a' lright. You know, you have a good head for it."
Orders Taken For Collegians and Glee Club Records

Because of the fervently received records made last year by the "Collegians," the Cal Poly Chapter of Young Farmers sponsored a Sadie Hawkins dance in the new Agricultural Engineering building on Friday evening, November 21.

Each record is purchased in lots of 100 in order to keep the cost down. And the greater the number of sales the cheaper these records become. The price of each record will not exceed $1.00 in any case.

Records may be ordered this week and next by contacting Gil Brown, Fred "Bucket" Waterman, or Bob Money. Rainy may be contacted in the post office or at Vercille no. 60.

Stork Club

Born to Mr. and Mrs. J. M. McDonald, a son, Gregory James, on November 23. He weighed 8 pounds.

Born to Mr. and Mrs. Ronald Obispo, a son, Charles Ralph, on November 29. He weighed 7 pounds 6 ounces.

You Ask 'em, Olga Answers 'em

By Guy Thomas

Has my wife had the baby yet, Olga? Where does Mr. Dills live? These questions are some of the hundreds that Olga Martinson answers every day in her position as switchboard operator. As she stood at the desk waiting for an interview, I learned that being a switchboard operator, reservoir and ticket seller is no easy job.

Olga has memorized the 80 phone numbers on the campus. She not only answers a switchboard operator, but when some instructor must be located she knows the faculty location file and can find it. This is the way she keeps the location file so that faculty members can locate persons quickly.

In her spare time she sells tickets to games, dances and other activities. In her spare time she sells tickets to games, dances and other activities.

Olga's the pleasant voice that you hear over the p. a. system. She's the p. a. in just another task for her and she says she enjoys it because it breaks the monotony of the switchboard, and gives her a chance to really exercise her vocal cords. She also handles intercoms and long distance 'phone bills.

A few weeks back she said that she felt like a stork because there were three students and two instructors who were expecting additions to their families. She had the exact location of each of those waiting families in case their stork left for the hospital.

So you can see why Olga is a busy person with those numerous duties. She has been on the job for the past five years and she says that she enjoys it even if sometimes things do get into a mess.

Student Activity

MEETING SCHEDULED

Don't forget the Sadie Hawkins ball this week. Gates open at 7:30 p.m. and ball starts at 8:30 p.m. A few weeks back she said that she felt like a stork because there were three students and two instructors who were expecting additions to their families. She had the exact location of each of those waiting families in case their stork left for the hospital.

So you can see why Olga is a busy person with those numerous duties. She has been on the job for the past five years and she says that she enjoys it even if sometimes things do get into a mess.

Varsity Basketball Quintet Takes Third Victory

The small but alert Poly basket-ballers chalked up their third straight victory Saturday night by downing the Panthers of Chapman college 52-44.

Led, as they have been all season, by Bob Coughlan and Hank Moroski, the Poly men ran hot and cold but managed to hang on to a slim lead all the way. Bob Coughlan scored 18 points through the net-work while Hank Moroski hit the scoring register side-lined by an infected toe, but comer, filled his shoes at the guard position. Jim Ellis and "Whitney" donated 14 points of the green and local hoopaters and between them came out of the intermission rest gold variety.

The game looked like a toss-up at half-time, but the Mustangs came out of the intermission rest with a valley of shots that pretty well tamed the Panthers. From there on, the Poly men had no trouble.

On the preceding night Coach Jorgensen's boys had made it two straight by galloping to a 40-37 victory at the expense of the Santa Barbara Americans, a semi-pro team from the southern city.

Like the following night, it was Moroski and Coughlan who set the pace. Captain Hank kept the basket hot all through the final period only to see Bob Coughlan storm back in the final half with 16 points. Frank Rose and "Whitney" Tidstra bucketed digits but neither of them were able to account for the larger amount of the remaining points.

In the preliminary game the early arrivers saw a red-hot Poly squad giving Dennis Dairy five 54-64, with Tommy Thompson and Larry Coughlan scoring 13 and 18 points respectively for Mottiinen.

Bob Babich, main-spring in controlling the Poly backboard, was side-lined by an infected toe, but Frank Rose, another Poly newcomer, filled his shoes at the guard position. Jim Ellis and "Whitney" Tidstra also played a large part in controlling the backboard for the local hoopaters and between them fed a 14 points of the green and gold variety.

Future Hoop Tabs

After invading the Cal Aggie court this week-end, the Poly quintet will face Chapman college and Pepperdine on December 13 and 15.

Bob Babich, main-spring in controlling the Poly backboard, was side-lined with an injured toe will make the trip to Davis this Friday but may not see action. Once Bob gets back in the saddle, however, the Mustangs will have another valuable man in action.

Although Coach Jorgensen's crew has come through with three straight victories there is a lot of competition waiting around the corner for them. The local five are bound to find the going a bit rougher against teams such as Pepperdine, Whitman, and COP. Bobby Coughlan and Hank Moroski have been setting a terrific scoring pace so for this season. Bob has hit the board for 47 digits, while Hank has kept at his heels with 40 counters.

Frank Rose and Jim Ellis have been the big guns on defense by controlling the Poly backboard when it was needed.

CAGE REPAIR WANTED

All men who are interested in officiating basketball games are urged to attend a meeting Thursday at 4 p.m. at the athletic office.

Voting on the Future

Students of colleges of the western states soon will have an opportunity to express their views concerning world affairs in general and Russo-American relations in particular when their college recommendations are drawn up at the recent Western College Congress.

Results of all ballots will be tabulated and the resolutions accepted sent to the United Nations and the American Council.

We strongly recommend all Cal Poly students to read carefully the news story to be found elsewhere in this issue, of the recent Western College Congress.

Men Favor Daring Dresses
On Other Girls—Not Theirs

Confidential tip to the girls—men like daring dresses only on themselves.

That was the essence of opinion expressed by a group of college women at the recent conference of Columbia weeds' fame, who served on Cosmopolitan magazine's male-tested fashion jury at New York's Sport Club.

"Believe it or not they voted completely bare shoulder decolletage, of the muggle declared. "The other girls not theirs—Included in the arms completely," Mrs. Wizer said. "In fact it's a look that the boys pronounced 'dreamy'."

Rumors—was particularly impressed with the all-bare-handled arms of the winning dresses which emulated all the fashion points that had been emphasized.

It was a real blue gown swoop that lowered the shoulder line and the arms completely," Mrs. Wizer said. "Other members of the jury who decided dresses were for other girls—not theirs—Included Dick Littauer of Cornell, Dean Gross of University of Nebraska and Gene Boker of Dartmouth.

Typical of college men throughout the west are your many descriptions of having returned from overseas service.

There was a representation of men opinion as to how they like the homesick.

"I've seen my share of them," represented Yale, Princeton, Cornell, Columbia, Harvard, and the University of Nebraska.

"Generally the boys approved of daring dresses, but not too exposed, said Mrs. Wizer. "It's a fact that the boys pronounced 'dreamy'."

Tea To Be And See
During Spare Time

Are you tired of sitting in your room? Tired of struggling over your homework? "All work and no play makes Hamlet a dull boy!"

Men! Believe your mind and visit a few of the historic buildings and museums of San Luis Obispo County that can be found in and around San Luis Obispo.

One of the buildings that gas a historic background is Mission San Luis Obispo de Tolosa and its natural museum, located downtown on Monterey Street.

The mission was founded September 1, 1772, by Fr. Junipero Serra. With the languidous old world beauty and Spanish influence it is well worth your time to stroll through this picturesque place.

History—10. In the days of the Spanish reign in California, Port San Luis was the navigation's channel as Port Harford.

Spanish—11. The finest view of the Pacific provinces at the time of their powerful hold on the Pacific. If you fail to take the train to the tiny city.

Spanish—12. The tiny city of Pacific province at Avila where you may try your luck at catching the elusive little monsters.

Do you like to go swimming? You don't have to forfeit this pleasure just because you have no water. The Smyrnean Museum located in Avila is open year-round.

Traveling west on U. S. One you cannot avoid running into Hearst Bay. On the shores of this town is Morro Bay state park, which is one of the finest fishing, picnic, and boating spots in the state. The town of Morro Bay is one of the newest communities in the state. You will find stores, restaurants, recreation centers, club rooms, a theater, and numerous restaurants specializing in sea food dishes.

FROM THE DESK OF THE EXCHANGE EDITOR

Cedar Rapids, La.—(ACP)—Something new has been added to the group of college—led courses in the future will be given "time to think."

"We feel that if we were a freshman again," says a writer who interest himself with the world, "First, I'd never waste time on hours. I'd want that urge to go through the university's career and skill building catalog and add an extra hour or two just for good measure. I'd take it easier even if it meant another semester."

"Thirdly, I'd look around at all the time-saving courses on the campus, putting them in my list for membership. Then I'd join few enough organizations so little service to me and could be of service to me."

"And lastly, I'd call time out every so often and realize that these are the greatest years of my life. I'd want to make that (n this time of my life, to which I'd forever remember, as the good old days."

"I'd make myself realize that all the colorful, exciting activities that exist, as they did, make believe, in the gay '90's or the roaring '20's or in any other historical past, but rather than the present generation, to the seriously and say, 'I wish I could have looked back.'"

Morrow, Idaho—(ACP)—One of the most important college courses isn't listed in any catalogue—It might be called "Living With a Roommate." Just in case your roommate is a bore or adds to your problems, the campus is putting it in your list for membership. Then I'd join few enough organizations so little service to me and could be of service to me."

"And lastly, I'd call time out every so often and realize that these are the greatest years of my life. I'd want to make that (n this time of my life, to which I'd forever remember, as the good old days."

"I'd make myself realize that all the colorful, exciting activities that exist, as they did, make believe, in the gay '90's or the roaring '20's or in any other historical past, but rather than the present generation, to the seriously and say, 'I wish I could have looked back.'"

"I want to be sure that I can cope with the problems of today."

Inter Club-Dept
Meeting Discusses Assembly Change

At a Joint Inter Club-Inter De­partmental meeting held November 17, a suggestion was presented which would place the responsibility of all student body assemblies on the campus clubs.

It was suggested that each club sponsor an assembly in turn, and that the assembly program be presented to the club with the aid of the BAC.

The assembly scheduled for Febru­ary 14 was designated tentatively as the first. The sponsoring club was not as yet named.

Other business before the council included the rescheduling of sever­al student body dances. The January 17 dance will be sponsored by the Philo Phase club, the January 18 dance by the Poultry club, the February 14 dance by the Crope club, and the February 28 dance by Alpha Phi Epsilon.

Bill Pakulski was appointed BAC repre­sentative to succeed Niall Blair after which the meeting adjourned.

"Tama" as seen by Jack Smith from the PHILADELPHIA LED­GER.

Rottelen: If you have two cows, you give one to your neigh­bor.

Communism: If you have two cows, you give them to the govern­ment which gives you some milk.

Fascism: If you have two cows, you keep the cows and give the milk to the government. Then the government sells you the milk.

New Dealism: If you have two cows, you keep the cows and give the milk to the government. Then the government sells you the milk.

Nationalism: If you have two cows, the government give the cows to the sheep, and keeps the cows.

Capitalism: If you have two cows, you sell one and buy a BULL.

Ed: "Take a cigarette out of this park." Jack: "Why?" Ed: "I want to make it a cigarette lighter."

SUPER-WORLD GOVERNMENT
(Continued from page 1)
more domestic production and more investment abroad.
4) No political stringency should be attached to the Mar-
shall Plan. No stipulations should be made by the United States as to how the nations we help should run their economies.
5) America should demonstrate its faith in world peace by halting construction of atomic bombs.
6) All nations should be allowed to join the world super-
government, and none should be permitted to secede. Nations joining the government should "surrender their sovereignty in the international sphere."
7) The United States must initiate measures of reconcilia-
tion toward the U.S.S.R. to prevent further breakdowns of re-
lations between the two nations.
8) The United States should withdraw troops and aid from China. The congress said, "the responsibility for the mainten-
ance of the territorial and political integrity of China should be borne by the United Nations."
9) Occupation forces should remain in Japan, taking a sub-
ordinate role at a practicable time in an economic and political and political council formed by the U.N.
10) Germany should be allow-
ed and encouraged to establish a strong federal and democratic government "of limited powers."
11) The American Military Government should be directed to reevaluate its efforts to educate the German people along demo-
cratic lines. The A.M.G. should ensure emigration of young Germans to the United States and should re-educate American occupation troops concerning their responsibilities as repre-
sentatives of this Nation.

"I had a rotten date last night."
"Yah, what did you do?"
"Oh, I spit it right out."

College Departments Sponsor Invitational Shuffle for San Luis Obispo Townspeople
The Associated Students of Cal Poly are presenting a dance this Saturday night for the townspeople and their guests. This is not a student body dance. It is being presented for the townspeople and will be strictly invita-
tional.

The purpose of this "Open House" dance is to foster a better relationship between the people of the city of San Luis Obispo and the California State Polytechnic College.
