FACULTY MERIT INCREASE POLICY

1.0 Faculty Merit Increases (FMI) . General Provisions

- 1.1** A Faculty Merit Increase is the recognition of demonstrated performance by a Unit 3 employee which will result in a permanent increase in the base salary of the individual and/or a bonus (not a permanent increase in the base salary).
- 1.1.1** An FMI will be awarded within the salary range of an employee's classification up to seven and one-half percent (7.5%) in any year.
- 1.1.2** An FMI which exceeds the individual's maximum salary for his /her rank must be in the form of a bonus (not a permanent increase in base salary), except for full professors (see Section 1.1.4).
- 1.1.3** In the case of faculty unit members whose demonstrated performance was part of an activity or project conducted by a team, department or group of employees, the FMI may be in the form of a bonus.
- 1.1.4** Instructional faculty in the full professor rank may be paid at a salary rate above the performance maximum for their classification; however, faculty unit employees at comparable professorial ranks, e.g., librarian, counselors, and coaches are not eligible for permanent salary increases above the maximum rate in their respective classifications.
- 1.1.5** FMI increases may result in the placement of faculty unit employees between the rates for a step on the salary schedule for his/her rank/classification.
- 1.1.6** Beginning with the award of Faculty Merit Increases effective on July 1, 1998, the award of a Faculty Merit Increase shall not diminish a faculty member's eligibility for remaining Service Salary Increases.
- 1.2** For the purposes of FMI review and funding targets, counselors, librarians, athletic coaches, and UCTE Unit 3 employees shall be considered separate units.
- 1.3** The effective date of all FMI awards shall be July 1st of each year that there are negotiated Faculty Merit Increases.
- 1.4** There is no requirement to expend all funds dedicated to the FMI program in any given fiscal year. Any portion of the funds not expended in any fiscal year will carry forward to the FMI pool in the next fiscal year.
- 1.5** Each year that the FMI program is funded, the President shall allot 85% of the campus funding based on the pro rata share of total filled full-time equivalent faculty positions for Unit 3 in each department and shall reserve 10% of the campus funding for discretionary use and 5% for any additional increases granted under the appeal process. The Chair of the Academic Senate shall be notified of the allocation model by the Provost and Vice President for Academic Affairs in a timely fashion.
- 1.6** At each level of evaluation, candidates shall be informed in writing whether an FMI is recommended, and if so, the amount of the salary increase recommended.
- 1.7** Those involved in reviewing Faculty Activity Reports may access Personnel Action Files to verify or substantiate information.
- 1.8** A copy of the Faculty Activity Report and related recommendations and communications leading up to the final FMI decision will not be filed in the candidate's Personnel Action File, but will be retained in the department office for a period of three years. A copy of the correspondence awarding an FMI will be filed in the incumbent's Personnel Action File.

2.0 Faculty Activity Report (FAR)

- 2.1** All Unit 3 employees shall submit a completed Faculty Activity Report to the department chair/head by the established deadline. These FARs shall be considered for PMIs each year that the PMI program is funded unless a faculty member indicates on the activity report that he/she declines to participate in the PMI program.
- 2.2** To facilitate the application process, Unit 3 employees may download the Faculty Activity Report form from the OpenMail Bulletin Area-Forms-Academic Personnel, or from the Academic Personnel website (<http://academic-personnel.calpoly.edu/forms.html>). FAR forms may be obtained from Academic Personnel (756-2844). The Faculty Activity Report is limited to no more than four (4) typewritten pages using 12-point type and one-inch margins. Candidates may, without disrupting the order of the information presented, alter the amount of space dedicated to a specific section.

2.3 FMI Period of Performance

2.3.1 1998/99

For fiscal year 1998/99 Faculty Merit Increases to be effective July 1, 1998, evidence submitted in support of a candidate should emphasize the period since the application deadline of the employee's last PSSI award through June 30, 1998. (The deadline for 1997-98 PSSIs was January 30, 1998; 1996-97 PSSI deadline was November 7, 1996; and 1995-96 deadline was January 25, 1996). For those who have not received a PSSI, the candidate should emphasize the 5 year period prior to the current PMI evaluation; or the interval since their initial appointment at Cal Poly if less than 5 years. Faculty Activity Reports for 1998/99 PMI awards are due October 1, 1999.

For the PMI program in fiscal year 1998/99, faculty unit employees may either rely upon the Faculty Activity Report submitted in the Spring 1999, or submit a new or revised FAR by the adjusted deadline of October 1, 1999.

2.3.2 1999/00

For fiscal year 1999/00 PMI's to become effective July 1, 1999, evidence submitted in support of a candidate should address only the period July 1, 1998 through June 30, 1999. Faculty Activity Reports for 1999/00 PMI awards are due October 1, 1999.

2.3.3 2000/01

For fiscal year 2000/01 PMI's to become effective July 1, 2000, evidence submitted in support of a candidate should address only the period July 1, 1999 through June 30, 2000. Faculty Activity Reports for 2000/01 PMI awards are due October 1, 2000.

- 2.4** All Faculty Activity Reports and supporting documentation must be submitted in writing only. No forms of electronic, photographic, or other media will be considered, unless authorized by the dean or appropriate administrator.

3.0 Criteria

- 3.1** The criteria for the award of Faculty Merit Increases shall be as follows: a Unit 3 member shall be recommended for a Faculty Merit Increase for demonstrated performance, commensurate with rank, work assignment, and years of service, based on the quality of the unit member's:

Teaching;
Teaching and scholarship;
Teaching and service to the University and community; or
Teaching, scholarship, and service to the University and community.

- 3.2** Faculty unit employees whose performance does not include assignments in all of the above areas shall nonetheless be eligible for a Faculty Merit Increase on the basis of their performance in the individual areas of their assignment.

4.0 FMI calendar and timeline

- 4.1 The President or designee shall establish the specific timeline covering notification, evaluation, and PMI award announcements in consultation with the Academic Senate.
- 4.2 Failure to meet any established deadline for recommendations shall automatically result in the forwarding of all annual reports to the next level of review.

5.0 Procedures

Every Faculty Activity Report will be reviewed at the department level, by the appropriate college/unit administrator, and the President (or designee), except those FARs of persons who indicated that they decline to participate in the PMI program and do not wish to be considered for a Faculty Merit Increase.

5.1 Recommendations

- 5.1.1 Recommended salary increases may result in the placement of faculty unit employees between steps on the salary schedule.
- 5.1.2 Recommendations shall include not only whether each candidate is recommended to receive a PMI, but also the amount of the increase recommended for each candidate receiving a positive recommendation.
- 5.1.3 A faculty unit employee may review, and submit a written rebuttal to, his/her recommendation made at each step of the Faculty Merit Increase process.

5.2 Departmental Review

- 5.2.1 Each department shall decide whether departmental recommendations shall be made by either a committee of faculty unit employees, the department chair, designee, or combination of the above. All faculty unit employees on campus during Fall Quarter 1999 are eligible to vote on this decision. Votes are weighted in proportion to the incumbent's Fall Quarter 1999 time-base (e.g., the vote of a lecturer with a half-time assignment would count as 50%; a FERP with a one-third assignment would count as 33%).
- 5.2.2 Where there are not enough people to serve on a departmental committee, the department may select persons from a related academic discipline or appropriate administrative unit for that purpose.
- 5.2.3 No faculty unit employee shall become ineligible for service on a faculty campus committee because he/she is a candidate for an increase; however, a Unit 3 employee shall not review his/her own annual report for a Faculty Merit Increase.
- 5.2.4 Following completion of the evaluation procedure used by the department committee or designee, all Faculty Activity Reports shall be forwarded to the dean or other appropriate administrator along with any salary increase recommendation. The department shall inform the candidate of the recommendation in writing.
- 5.2.5 The total cost of all departmental recommendations shall not exceed the targeted allocation for the department/unit.
- 5.2.6 Candidates who receive positive recommendations, but for whom there is insufficient funding within the targeted departmental/unit allocation shall have their recommendation so noted for consideration by the dean (appropriate administrator).

6.0 Dean's Review

- 6.1 The dean or appropriate administrator of each college/unit shall receive all FMI annual reports from each department/unit within the college. After review of the Faculty Activity Reports and the recommendations from the department, the dean or appropriate administrator shall recommend individual PMIs to the President. The dean (appropriate administrator) shall inform the candidate in writing of his/her recommendation.

- 6.2 Administrative review of counselors shall be the responsibility of the Vice President for Student Affairs or his/her designee; for librarians the Dean of Library Services or his/her designee; for athletic coaches the Athletic Director or his/her designee; and for UCTE the Director of UCTE or his/her designee.
- 6.3 The total cost of all salary increases recommended by the dean (appropriate administrator) shall not exceed the target allocation for the college/unit. The dean (appropriate administrator) may concur or disagree with the departmental recommendations, may change the amount of any recommended increase, and/or may recommend an increase for any member of the department that was not recommended by the committee or departmental designee.

7.0 Presidential Review

The President or designee shall review the Faculty Activity Reports, recommendations from the academic departments/units and the recommendations of deans or appropriate administrators, and grant Faculty Merit Increases.

8.0 FMI Appeal Process

- 8.1 A faculty member who has received a positive recommendation from the department or the dean may appeal the President's decision to deny or reduce that FMI within 14 days after receipt of the President's decision.
- 8.2 FMI appeals shall be heard by a committee of five (5) faculty unit employees chosen by lot from an appeals panel elected by the faculty unit employees. Faculty unit employees who are appealing Faculty Merit Increase decisions shall not serve on the committee during that year. The committee will hear all FMI appeals in a single hearing. The CSU and the faculty unit employee (and/or representative) may present evidence to the panel at the hearing. A positive majority decision by the committee shall be required in order to grant any FMI appeal. The decision of the appeal committee shall be final and binding.
- 8.3 The appeal committee may not grant any increases that total more than the amount reserved from the campus pool, which consists of 5% of the campus funds available for all FMI increases.
