McPhee Goes East to Attend Vocational Education Meets

By John Bleser

Jillian A. McPhee, president of Cal Poly, is in Washington, D.C., today after a cross-country trip from San Luis Obispo. He was called there for meetings of the American Vocational Association and the American Vocational Association, President Bleser will attend the National Council on Education Friday and Saturday, January 27-28, as a delegate, after which he will proceed on a trip to New York for the A.V.A. dinner through Wednesday, January 25.

The agenda of the American Vocational Council meeting includes talks and discussions on such topics as the future of the Marshall Plan and its relation to education and training. It is expected that President Bleser will hear the report of the President's commission on higher education. The primary purpose of the four day conference is to consider all phases of vocational training and the council will take up the training of returning veterans to the United States.

Returning from the east, President McPhee, newly appointed to the post of executive vice president of California Polytechnic State College by virtue of being president of the American Vocational Association by the Governor.

It is expected that President Bleser will hear the report of the President's commission on higher education. The primary purpose of the four day conference is to consider all phases of vocational training and the council will take up the training of returning veterans to the United States.

Returning from the east, President McPhee, newly appointed to the post of executive vice president of California Polytechnic State College by virtue of being president of the American Vocational Association by the Governor.
Electrical Construction Shop Benefits Students

Cal Poly's fame is attributed to the simple fact that here education is being conducted from the practical point of view rather than from the theoretical. With this idea constantly in mind, the Electrical department is broadening the scope of its construction shop.

George Abel, newly appointed head of the shop and responsible for its present activity, came to Poly with 31 years of practical experience. Starting his training in the Westinghouse corp. shops, he has worked his way up from a stock room boy to supervisor on large power installations, and has won the honorary title of a practical engineer.

The shop, still in a growing stage, will attempt to provide the students with the opportunity to perform practical work in electrical construction. Electrical work is constantly going on in the classrooms since Poly's campus electrical installation is still in the process of modernization and expansion. The class finds a multitude of opportunities to be involved in the job.

The shop is organized in accordance with commercial enterprises, each job having a foreman and a crew of men. Foremen are chosen from students who have had past experience.

In order to broaden their knowledge, the shop students have the chance of working weekly 15 hours, assured by Abel from nationally known concerns, dealing in modern industry.

1934 Graham sedan, also Dodge stock room boy to supervisor on the Wastinghouse corp. shops, has been the head of the shop and responsible for the scope of its construction shop.

Los Lecheros Meet

The Los Lecheros club held its regular meeting last week. The club was entertained by two speakers' Kay Rouse and George Love, former Cal Poly students. Kay Rouse gave a short talk on the "Far Western League Champs." Love spoke on the subject of Alaska. He brought out many interesting points, such as milk selling at 40 cents a quart.

Lights, Decorations Feature Poly Phase Club Dance

By Eugene Kemper

With the dance being held by the Cal Poly "Collegians," the Poly Phase club held its dance in the attic.

The decor was decorated with red and white crepe paper which was hung across the ceiling and down the walls. A few spot lights shining from a mirror at the side of the floor gave added beauty to the already attractive scene.

Major lighting was accomplished by using a row of colored lights around the dance floor. The stages, from which the orchestra played, was hung with drapes upon which red and blue flood lights were shown. Colorful balloons were dropped from the rafters later in the dance, cascading down onto the dance floor where they were soon gathered up by dancing couples.

Susan Drake was in the spotlight as the guest vocalist with the "Collegians" during the evening. Susan is a singer with the Symphonettes, student wife's a.c.c.

During intermission a drawing was held to find the lucky winner of the door prizes given away by the club. The Sheaffer pen and pencil was won by Maurice F. Binsley, then the cosmetic set was won by Mary Binsley, who gave the included pipe to her escort. Warren Anderson, EE instructor, received the toaster donated by El Corral and the cigarette set and pipe by the B and H Drug.

AGRICULTURAL INSPECTION

The Agricultural Inspection club was entertained at the regular weekly meeting on January 15 by the music department. Ed Bradsheil and LeRoy Lady played a piano and mandolin duet of several numbers including "Sonic Blues" of the Mississippi, "Janie," "Ranola Van Dozen," and "When You Were A Tulip and I Was A Big Red Rose" Boettcher announced that he would sing the last number and was immediately joined by all members. The meeting was well attended and the entertainment was well received. The reminder of the meeting was taken up with a discussion of the club's project during Poly Royal and a student body dance that will be sponsored by the club during the spring quarter. The club faculty advisor, Frank Boettcher, is an expert when it comes to giving duets, having had many hands of his own. With Boettcher's professional help, the Agricultural Inspection group during next spring promises to be the best yet.

RIFLE CLUB ELECTS

The Cal Poly Rifle club met this week to attend to matters relevant to its re-organization. The lack of a rifle range, the use of the indoor range, and organizational matters were discussed. The club elected officers for the coming school year with the following men elected to office: Alvin Greimel, president; LeRoy Lady, vice-president; Charlie Mehrtort, secretary-treasurer; Bob Hunt and James Morrison, range officers. Kenneth Wilson, electronics instructor, was named as coach and faculty advisor.

President Greimel announced that all of the rifle sharpshooters interested in forming a match team for college competition are invited to the club meetings.

The highest score will be used for the first time following the next business meeting. The date and time will be posted.

ALPHA PHI OMEGA

This week's meeting of the Alpha Phi Omega honorary fraternity was held as El Mustang goes to press. There will be a report of it in next week's club section.

In answer to many questions, Alpha Phi Omega is a national service fraternity composed of college and university men who have won the respect of both the campus and the Boy Scouts of America.

It has established requirements for membership, 144 members should have had some previous training in scouting, a desire to help others, and a satisfactory scholastic standing.

The organization was founded at Lafayette college in Easton, Pa., on December 16, 1925. It has eight chapters in the state of California.

YOUNG FARMERS, POLY PHARE MEET JOINTLY

Joint meeting of the Cal Poly Young Farmers and the Police Phare club has been planned for Thursday evening, January 18, in the Engineering auditorium.

The Young Farmers are to be the hosts for this event and have planned an interesting program. Dr. Glenn A. Noble, professor of biology, Dr. Noble's speech, the Cal Poly Phare club has been invited to be the principal speaker. A skit and musical entertainment will also be included in the program.

PHI DELTA KAPPA MEETS

The Elta field chapter of the Phi Delta Kappa, national National Educational Fraternity, held its regular meeting last Thursday evening in the J. C. room.

Dr. Glenn A. Noble, faculty member who was educated in Korea, was the guest speaker. Following Dr. Noble's speech, the Cal Poly Collegiate quartet sang a few numbers.

HARRY WOLF ELECTED GUEST SPEAKER

Following a short business meeting, the Poultry club was entertained by a talk given by three members of the Boy Scouts of America. Mr. Wolf spoke to the members on several of the important phases of the poultry business and answered questions of the members.

POLY ENGINEERS

Poly Engineers will meet at 7 p.m., Wednesday, January 28, in room 218. Fred Allard was named as chairman for the club at this meeting. A talk will be given by three members of the San Luis Obispo Chapter of the Engineers and Architects Society.
Aztecs Tomahawk Mustangs in Closing Minutes

A scrappy but undermanned Mustang team went down to defeat at the hands of San Diego State, Saturday night, by the score of 49-39 in a game that wasn’t decided until the last three minutes.

The game was all tied up 30-30 at the end of the third period, with just three minutes to go, 36-36, before the little brothers at San Dimas and had no trouble knocking them over, 60-39.

The Broncos just didn’t have it as the Polytails scored at will using 10 men on the bench. The regular started the game, but were soon taken out after fighting to keep the score down and at the same time to give the reserves a live game time.

John Gerry, who had no trouble playing the brace against the smaller Dimas team, was high man in the scoring with 10 points. Lemos scored 8 for the Broncos.

Muscle Benders
Unbend For First Mat Appearance

The first dual wrestling match in the History of Cal Poly will be held here Friday night when the Santa Barbara college grapplers invade Poly gym. The event is scheduled for 8 p.m.

Heading the Mustang matmen against the twin defeated Gauchos in Fred Adams, 152 pounder who took second in the NCAA tournament in San Diego last season. He also took second in his first in the Junior AAU matches.

Coach Carl Voltmer, himself a Big Ten 175 pound champ in 1927, stated that he was satisfied with the elimination bouts last fall and feels that the not-too-experienced Mustangs will make a good showing in their initial match Friday.

The Poly line-up will include the following men at the following weights: 181 pounds, Nazo Yama- moko: 138 pounds, Russell Chris- man: 143 pounds, Al Enfield: 150 pounds, Jim Drewitz, 185 pounds, Bob Hunt: 175 pounds, Fred Adams: Unlimited, Michael Char- lie.

EL MUSTANG

Sports Personality

By Gene Hens

"I predict shorter days for Poly sports fans." That better breed of Aussie, Chuck Pavelko, Poly football coach sometime referred to as "the affine drunk," I think things will get better as we go along," Chuck continued. "With plans underway for gym expansion and a steady rise in alumni interest, things will begin to happen around here." Chuck is a graduate of Santa Clara University and while there he earned the varsity football field goal for the only score of the game. Hse proved it was no fluke by kicking another one for 20 yards the following year to beat Bakerfield 2C-2.

It seems the need of more assistant coaches at the campus is nothing new either. Quoting the year book of 1987 — "Coach O'Daniels is unable to give enough time to all units." So howie got his assistant, and the colleges we company are making them.

Way back in 1932, the Poly grid team figured in a game that was a classic even today when they say anything can happen. It seems that our own grid,ucky Fry was having a bad day. During the game two of Fry's points were blocked and both of them were recovered by the visiting Santa Rosa team in our end for触世. With the score 4-0, the Poly boys went on just two seconds to play, a Mustang tackle by the name of Vic Cabosn leapled high into the air, intercepted a pass, and proceeded to run 84 yards for a touchdown. Final tally, Poly 5; Santa Rosa 4. All this and it never even made the Bill Stern program.

Main event at Polly at Poly, 1954, the Mustangs went undefeated, untied, and unscored upon. We never got a bowl bid but we did beat Santa Barbara State 3-0 when Leslie Rios dropped kicked a 25-yard field goal for the only score of the game. Rios proved it wasn't a fluke when Leslie Rios dropped kicked a 25-yard field goal for the only score of the game. Rios proved it wasn't a fluke when Leslie Rios dropped kicked a 25-yard field goal for the only score of the game.

Mr. Outland concludes, "And to think that the elimination bouts held last fall and feels that the not-too-experienced Mustangs will make a good showing in their initial match Friday.

The Poly line-up will include the following men at the following weights: 181 pounds, Nazo Yama- moko: 138 pounds, Russell Chris- man: 143 pounds, Al Enfield: 150 pounds, Jim Drewitz, 185 pounds, Bob Hunt: 175 pounds, Fred Adams: Unlimited, Michael Char- lie.

CHEAP'NING SusPENDED

DI

FRIDAY, JANUARY 23, 1948.
Three By Eight...
For some weeks our ears have been assaulted in El Corral and our coffee cooled by the rapping of a drinking song called the "Whiffenpoof Song." The words are some­what amusing and the characters who are out on a bat and doomed from the start do not come up to the music department. Nevertheless, as the thing ranked me as if it did not ring true.
Then I located a poem by Rudyard Kipling, "Gentlemen Rankers." Kip­" ing's works being public domain I quote these lines:
"The whole dispensance of permis­sion, from the so-called copy­right owners, Miller Music Company. (Try another tune-rouns good)

To the legion of the lost ones, to the cohort of the damned. To my brethren in their sorrow over sling a gentleman of England cleanly bred, machinecrummed. And a trooper of the Empress, if you please. Veh, a trooper of the forces who has run his own six horses. And the world was more than kin while he had the ready rim. He's in the Sezuan's somewhat less than kind.
We've poor little lambs who've lost our way. We've little black sheep who've gone native.

Gentlemen-rankers on the spurs
Dashed through the Reeds to the Kriss
God be mercy on such as we.

The poem goes on relating the sad plight of a fallen English gentleman who seeks to join the army as a "ranker." Instead of doing the usual thing of joining the regiment, he remains, too.
So I called this unseemly curiosity of chauvin in the attention of the copyright owner and the music company. They yawned slightly and sent me a carbon copy of a stuffy letter written from a stuffy Yale man and past head of the "Whiffenpoof," an organization made up of very, very select members of the Yale Glee club.
This lad, Walter S. Collins II, states that (takes over 500 words to say it, too) the words were written by Mehan Minis­ gerd and George Pomeroy, both Yale men of the class of 1910. (This should be in the copyright office and charted by the "Whiffenpoof." He further states that the words were written as Monty Wesley, Cole Porter and Lanny Ross were mem­ bers of the "Whiffs." But it is not appropriate and commercialized the song.

DOGS ARE DOGS
We have been directed by some higher power to write an editorial on our dogs and we have been so kind as to accompany this with a few lines of verse about three inches in the "Letters to the Editor" column last week with a deft and enterprising demurrer from the dog department. We haven't really missed it. But the editorial writers of your friendly newspaper, El Mustang, don't always have the background hold ours.
At one time there were more dogs than shotguns around here. They are the head of the line. In short they dis­appeared... dogs that is, and the man of power felt even more so.
Major Deuel mustered his forces and banished all dogs. Nogales, Miria de Campi, cheered this move as a step towards greater conservation of food. It was a solid effort. For that very reason they are strong and they have the will to fight. Question are of minor power around here whose name we promised we
situation. We mean the general situation... not the aging , would not drag Into print. He has an anxious little whelp and cats carry germs which jump off on chickens, causing...   n organization to try to lobby for the Rogers bill and others .

The margin between living and existing gets even narrower. The flag in the yard, the flag that waved with pride, the flag that we looked at in pride is now a ragged, tattered flag. Our flag is a symbol of our standing and a double educational capital to build here to eternity. Somehow the whole situation seems to be... Young Farmers To Meet In Modesto

An invitation to hold the ninth annual California Young Farmers convention on the Cal Poly campus will be made by Jim Jessup, and N. B. Verno at the eighth annual California Young Farmers convention to be held in Modesto, February

Meal Prices

Hit New High

Effective February 1, meal prices at both canteens will be increased the following:

Breakfast

8:45

Dinner

8:45

Supper

8:45

Meal ticket

$6.00

The increase has been calculated for some time by the foundation directors. The final announcement was made for several months in hopes that there might be a decline in food prices or that increased volume in meals served in the canteens might offset the rising prices and make unnecessary an increase in prices to the students. It is evident, however, that a rise in food prices rather than a decline is to be expected in the next few months.

During the final year ending August 31, 1947 the cafeteria losses amounted to $18,194.44. It is evident that this condition cannot continue if the present high standard of quality is to be maintained.

Naval Reserve Unit Continues Plans

A regular meeting of the San Luis Obispo County Naval Reserve Battalion will be held in the Engineering auditorium Monday night, January 28, at 6 p.m. The meeting will be devoted to divisional organization according to Larry Ogleby, commanding officer.

"All interested in naval affairs are encouraged to attend any of our meetings which are held every other Monday night," Ogleby continued, "and an opportunity to belong in the Y-2 volunteer Naval Reserve will be offered at every meeting!"

San Luis Obispo, Calif.
Faculty Attends
Economic Lectures
Saturday, January 17, 1948.

We regretted that the Poly
college who attended the Institute
on "The Teaching of International
Economic Relationships" were
Robert W. Bennett, D. W. Crich-
shanks, Ralph W. Ditts, M. E. Hix,
and M. Lacey. The confer-
ence was held on January 17.
The college was sponsored by
Humboldt State, Chico State,
Sacramento College, University of San
Francisco, University of Santa
Clara, and several junior colleges
in the bay area.

Summarizing the remarks of Dr.
J. E. Condriff, director of the
Teaching Institute of Economics,
Dr. Bennett pointed out that ideas
of the workers are always worth
digging for. The workers aren't
interested in economic theories, but
in "The Stuff of Life." Dr. Condriff
believes that we are undergoing
trends today that are as signifi-
cant as those of the economic
trends of the eighteenth century when we
began with practically no indus-
trialization and developed highly
industrialized enterprises.
Dr. Bennett reports that the
second most important method of
learning economics. Other points
were the increasing number of
students and the subject material
becoming more difficult.

Dr. Bennett concluded with this
report: Dr. Condriff's contacts with
business men lead him to
feel that people and the world in
general need students with imagina-
tion who can think straight in
their field in particular, and know
how to deal with their fellow-men.

Ski Club Enjoy Visit To
Winter Playground
On December 20 eleven members
of the Cal Poly Ski club took off
for the snow covered peaks of Bad-
ger Pass, located in Yosemite Na-
tional Park. Although one group
was delayed because of a forgot-
ten hotel reservation, all of the
group arrived at Badger in time for
plenty of skiing on Saturday after-
noon, and all stayed through the
following Tuesday.

Of the many interesting sights in
Yosemite, none was more enter-
prising than John Zetkov's use of
his hands and twirling gracefully
from one of the short T-bars'
of the ski lift.

Four minor casualties were sus-
tained by club members Chuck Hen-
kel, Cliff Reid, Bob Newell, and
Bill Curtiss. Other members of
the club who traveled to the area of
the Eskimo were Oscar Sidendorf,
Dick Bledsoe, Bob Anzato, Aaron
Amato, and Shunro Nomura.

David H. Meeker, Aero dept in-
structor and recently splintered club
sponsor, accompanied the group.

The club is planning to make ad-
ditional trips to Yosemite and Mt.
Abet during the remainder of the
season.

CROPS CLUB PLANS DANCE
With the almond blossom season
coming up, the Crops club members
held their monthly meeting Jan-
uary 14 to begin plans for the
Valentine's dance, for which al-
mund blossoms are the traditional
decorations. The dance will be held
February 14 in the college gym
featuring the Collegians.

John Taylor volunteered to be
the club's Inter-Club Council dele-
gate and John Schaub volunteered
to be Poly Royal representative
of the club in place of Ray Garavel,
who has been selected as the
Agricultural division committee-
man.

It is urged that all members
interested in the club dances attend
the next meeting February 4 in
the Administration building, room
214, to help make the dance a
success.
