Subject: Response to Academic Senate Resolution AS-534-00/CC
         Resolution on Mandating Community Service (In response to Governor Davis' proposal to make community service a graduation requirement for all students)

I am pleased to approve this Resolution which is in response to Governor Davis' proposal to make community service a graduation requirement for all students.

As this Resolution acknowledges, Provost Zingg has appointed an ad hoc committee to examine Cal Poly's pursuit of community service and service learning initiatives and activities. In addition, he has also convened a small group of campus leaders to explore the concept of creating an "Engaged University" model for Cal Poly. This effort also has community service and service learning dimensions to it.

Please extend my gratitude to the members of the Academic Senate and the Curriculum Committee for their acknowledgement of the extensive service commitments in which our students are already engaged and the Academic Senate's encouragement that these activities continue to increase.
