1948 El Rodeo Goes To Press; Editors Plan For 1949

With the 1949 El Rodeo still in the sketches of the printers, the Public Relations Board meet April 15 to sound the call for-1949 this week by asking the students, general meeting for interested article, writers, and photographers. The meeting was held at 4 p.m., Thursday, May 19, in room 17 of the administration building.

Determined to meet deadlines early or at least on time next year, staff members Art Gandy, Frank Flew*, Marv Chamberlin, and Bob Craigie last week with advisor, Bob Kennedy for preliminary discussions and dealing with the attempt to contend with interested students, as well as those who are preparing for next year.

Work on El Rodeo carries with it an attempt to acquire art in the form of key, schoolboard credit in Journalism, and valuable experience in public relations. Present and future students who call their yearly bar, while valuable, is in too many cases too much work for them to know how to read and look at pictures can he to find something to make out.

Matters to be decided on include the financial end and report to handle different sections of the paper. The order of art work to be used, and the division to be made between news, feature, and commercial photography.

Combined Bands Present Evening Festival Concert

Playing before a large but rather unresponsive audience last Wednesday evening in the Poly auditorium, the combined 400-piece band of every high school in San Luis Obispo county, presented a concert which rated A-1 for effort alone. High schools from Tempe, the combined 400-piece band of every high school in San Luis Obispo county, participated in the long concert. Garsed in strikingly different colors, the various bands followed theTorchmen across the field and exercised tricky and complex maneuvers as they placed their pictures in the concert stand.

This group was under the direction of guest conductor, Mr. Paul Williams, representative of the University of California band. Mr. Williams, who has conducted this group from a short intermission in the concert, after he was proved of the effort on the part of the young musicians and their own band leaders, and that he felt that Poly had been a adequate although too fussy for their performance in time of natural disaster.

Bonnie Crockett, Mr. Williams’ assistant, was responsible for the elaboration of the program, which included all bands, from the ranch high school to the teacher’s high school.

The band, of a size never before assembled in the county, played a variety of numbers, from classical, popular, and marches, and concluded their presentation with the silver star Hymn.

G. L. Snyder, who is now a member of the Poly staff and one of the county’s most promising young musicians, led the band in the opening numbers, and was responsible for the second set of the concert. He was assisted by Paul Williams, who conducted the band in a variety of numbers, and concluded the concert with a selection of the “Star Spangled Banner.”

Blind Xylophonist Presents Concert

Music was the highlight of the student body assembly Thursday, May 15, when Pierre Koeue, accomplished blind xylophonist played a selection of numbers for a good sized student audience.

Koeue is now working under the sponsorship of the National Transcripts for the Blind, on behalf of the organization by Dr. William F. Backer, the organization’s representative in the county. According to Poly’s top notch dance band, the organism already has over 50,000 members, who are working towards the goal of organizing the entire student body of the United States.

Koeue and his accompanist, Jack Boettcher, who conducted the United States for 15 weeks, conducted this group of music in Oakland, at which time they will have completed their mission.

Vernon McMichael, dean of student affairs, reported that 803,250 volumes were collected from the audience for the furtherment of the work of the National Transcripts Society for the Blind.

SAC Becomes Member Chamber of Commerce

This is a definite step forward of the Student Association of California, in a move towards the establishment of a student chamber of commerce, which will be in connection with the Student Association of the University of California. The letter went on to say “I believe that a student chamber of commerce is a necessity in the future of the University of California, and that the students should have a voice in the furtherance of the same.”

The stage is set for what is expected to be a capacity crowd in Cranstall Gymnasium when the Agriculture Inspection Club will kick off their annual spring dance, gettin going to a fast start at 9 p.m.

The theme will be “Dancing Melody Lane” with the Confederacy, Poly’s top notch dance band, furnishing the music. The line will be properly decorated depicting “Melody Lane” with pink and blue as the decorating colors.

Last Wednesday night, the Agriculture Inspection Club planned on holding the dance. A number of these bands contained “free door prizes” which they will be given out during the intermission. The bands are expected to be large and well attended.

Prior to Take Off... Ed Botcher bands Don Bly several thousand and bands which Don Bly played from the B-15 aircraft last week, were on display at the Poly last week of the “agricultural inspectors” Melody Lane dance. High winds played havoc with the stunt, but by the end of the night the bands did get a wide distribution.

A PRACTICAL DEMONSTRATION . . . is the art of baby care is given by student Bob Kenton using his 8 months old daughter Mary Kay as a model. Bob gave the demonstration in Speech instructor Louis Sheperd's 201 speech class, henceforth known BABY CHANGING 201.

"The assignment in this case was to give a demonstration speech and demonstrate Bob did, with the aid of his Poly Royal Queen, Miss Poly Royal 1966 was an ideal model and was not the least surprised by her male audience. She seemed more preoccupied with Bob's key and chain between her mouth and fist than she was with the 22 men in the class.

"To the fathers in the class the demonstration was valuable from the standpoint of broadening their own techniques. To the bachelors it was indeed, if nothing else, an indoctrinational warning.

Dairy Leader

Classifies Jerseys

G. M. Druum, head of the Dairy Husbandry department and Official Classifier for the National Jersey Association, reports that while classifying Brumfield's Jersey Farm of Puente, California, he classified the highest Jersey cow that he has yet classified.

GAi> AMMA PI DELTA ELECTS

Adhering to the constitutional principles of a free and democratic organization, the Gamma Pi Delta, honorary agricultural fraternity, elected its new club officers this week. Popular choices were: Fred Morgan, president; Bob Kampel, vice-president; Frank Gibson, secretary; Paul Girlsbe, treasurer; and James Drumm, sergeant-at-arms.

Feeling in a festive mood the members also chose to have their annual barbecue on Friday, May 21.

A good way to prevent nosebleed is to keep the old schnozzle out of people's business.

Semans Speaks

At YMCA Meeting

Dr. Robert Semans, dean of the division of Science and Humanities, gave a highly interesting talk on the accreditation of Cal Poly to the members of the YMCA at their regular meeting.

Dr. Semans pointed out the progress that has been made to date and the steps that will have to be taken. According to Dr. Semans, the state board of education has granted a general secondary teaching credential to the school and because of this the school is now in contact with the U. S. Office of Education in an attempt to change the classification of the school from a professional rating to the college and university class.

He also pointed out that this would give more employment opportunities to the engineering graduates.

"We are in a period of transition," said Dr. Semans, "and the school's reputation is in the hands of its graduates."

Her eyes were like the moonbeams, her hair was like the rain. She stole my heart; also my soul; also my face. It was indeed, if nothing else, an indoctrinational warning.

Madera Takes
F.F.A. State Finals

More than 600 Future Farmers of America representing 64 high school clubs participated in the State final judging competition which was held in Richland, Fair oentral, and northern California schools dominated the events held in Ontario and in Santa Rosa. Rash, second, and Lodi, third, Santa Rosa second and Madera, third, Santa Rosa second and Madera, third, Santa Rosa second and Madera, third.

The competition was the largest in the state's history, with some 1400 participants. The F.F.A. boys were quartered in the Poly and in some temporary classroom units during their weekend stay.

The milk judging was also won by Chaffey and Lodi. Southern California dominated the competition, with Ontario and the eastern schools, and wood and the horse judging.

Chaffey took the dairy cattle contest from Misison and Lodi, Madera won the beef judging and Chaffey and Lodi, Lodi, won the poultry judging followed by Mission and Chaffey. Three states will end with Lodi and the National final at Waterloo.

San Jose Edges COP To Take 2C2A Swimming Title

San Jose won the 2C2A swimming title, but they should give thanks to an excellent University of Pacific swimmer who jumped the gun in the 200-yard relay, thus disqualifying the "Tigers" and costing them the crown.

Leaping by four points when the race began, the Tigers from College of Pacific only needed a third to hold third place. They jumped into the lead and crowned a new champ for the College of Pacific. The College of Pacific won the title last year and had doubled the San Jose Spartans earlier in the year.

Joff Davis and Jesse George led the Spartans to a third in the meet. Both swimmers were in third in their respective events. Jim and Jesse have proceeded rapidly since the beginning of the year, and if they return to form in the second place in the nation.

The College of Pacific won ten events. Records were broken in every event with the San Jose men取得ing the first or second in the 50 and 100 yard free style for the College of Pacific. Bakersfield was incidentally the 50 yard event in :54, which is good for the weather but to take a place anywhere in the nation.

Field hockey, which has been one of the most feared outfields in the league. Joff is an inspiration to the club and this year's "bally player's" boy.

The double of the first Coach Bob Motz has given the go-ahead for the first day of practice. "Lefty" Gorman to open the Fri day afternoon practice. The first practice of Elmore Reynolds, Mr., and Mrs. Birdie George, 880-yard; Frank Lawhom, high jump.

Ganders Give First Annual Banquet

Choosing Jackson's Country Club as host for the evening, the University of Pacific club (Gamblers) gave their first annual banquet Monday evening. Every steck dinner was attended by 20 members of the club, site guest. The club advisor, Dr. A. Stelth, was in charge of arrangements.

NO MEMORIAL DAY HOLIDAY

Regular classes will be held as scheduled on Monday, May 31, according to the Record office. This is in accordance with the meeting held last Thursday for the 1947-48 school year.

Spartans Take First Place Crown At 2C2A Track and Field Finals

By Walt Boehm

Swapping ten first places and tying for another lost of 15 events, the San Jose Spartans rolled up 78% points to annex the 2C2A track and field championship held at Santa Barbara's La Playa stadium last Saturday. San Jose finished lashed second with 38½ points, Santa Barbara third with 25 points, College of the Pacific with 9, and Cal Poly last with 9.

In the course of this meet, three conference records were set. San Jose's Woody Lindon and Don Smalley cracked the 100-yard dash records respectively. Lindon's time was 10.4, Smalley's was 10.6. The first conference record held jointly by Nevada state student, Smith of San Jose State, and Smalley of San Jose. Smalley also tied the meet record in the 220 dash by running it in 21.4.

Cold and extremely windy weather hampered better performance in the middle and distance events.

Powerful Marsh Samuels of Cal Poly accounted for all of the Mustang's points with 32 points. In the shot put Marsh's time of 9.7 seconds could have put the shot much farther.

Although John Lesely didn't place in the two major events, his placing in the long and the high jump would likely have given him the title.

Cal Poly's second weightman, was edged in a thrilling shot put finale when times of 60.8 and 60.9 were knocked down. Marsh didn't have enough time to bring in the bomb near the finish line. The two teams season transfer from the 468-yard dash.

Carlson ran into trouble when he sent 16 Astecs to the bench via a severe ankle injury suffered in the Saturday battle. Coach Mott was greatly pleased with the return to form of Piffarini, pitcher. A double win by defeating the Astecs two games earlier in the year.

Returning veterans from last season are George Wahner, first base; Ralph Redd, second base; Frank Viss, third base; Jack Marcipan, outfielder, and team captain; Bill Allen, catcher; Bob Mallen, right field; Dick Buhlert, left field; Bob Mallen, center field; Libranes, third base; Bob Coghlan, short stop, and Bill Allred, his slugging third sacker, "Pinky" Carlsson.

On the dark side of the picture we find that "Jake" Jacobson, of Bob Redden and Art Chaffee of Santa Barbara's polytechnic, brings his trip and some motorcycle smoke.

Intramural Sandlot League

The All-Star and the Boots & Spurs clubs continued to beat out the competition in the intramural baseball season. The All-Star team won their second game in a row against the Boots & Spurs club, 11-8. The game was played on Monday night at 8:30 in the Ag. Admin. building. The All-Star team is now 4-3 in the season.

Lil' Mustang League

In the Mustang league last week the Faculty nine outslugged the Dynamite Twisters, 15-10. The Faculty team is now 3-1 in the season. The Dynamite Twisters have played three games so far this season. The Faculty team is playing well this season and is expected to do well in the rest of the season.

Sports

The Mustangs won a close decision from the Pismo club, 5-4. The Mustangs are leading the Mustang League this year. The Pismo club is in second place with a record of 3-2.

Christian Fellowship

Elects Officers

The senior class has elected officers for the coming school year. The officers are: President, James Baggeo; Vice-president, Bob Caswell; Secretary, Andrew Jensen; Treasurer, Roy Formby; and George Sampson, Christian publications head. Included in this group are quantities of vacuum tubes, panel meters, a 3000-watt receiver, small towers, and loudspeakers.

The Mustangs won a close decision from the Boots & Spurs club, 5-4. The Mustangs are leading the Mustang League this year. The Boots & Spurs club is in second place with a record of 3-2.

New Equipment Due to Have Stag Party

The Senior class, in a meeting on Monday night at 8:30 in the Ag. Admin. building, voted to present to the Mustangs a new system of electronic equipment. The system will be worked out at the Mustang League meeting next week. The Mustangs are expected to do well in the rest of the season.

PLACEMENT OPEN

John E. Jones, placement secretary, announced today that there are still many jobs open for seniors graduating in June. Jones stated that those men who have not filed a placement form with his office should do so as soon as possible.

Jones stated that it was not compulsory for the men who have filed an application to accept the job offered them.

"There are quite a number of state and county civil service jobs, also jobs with many large firms," said Jones.

Men who desire summer employment should contact Jones, Rm. 125, and fill out an application.
