**Nurserymen Meet On Campus For 2nd Annual Meeting**

On Friday, May 4, Poly was host to the Tri-County Chapter of the Nursery League of America, gathered here for the 2nd Annual Meeting of Campus. Among the 63 members present representing Universities and Colleges, San Luis Obispo counties were a faculty group from Poly including Jonathan Eiken, Robert W. Doubler, Robert V.新能源, and Poly chosen as the annual meeting place.

The main purpose of the Nurserymen's Meeting is to discuss promotion of sales, problems of nurseries, and promotion for the welfare of the nursery trade. This year disposition and inspection are centered on Poly and what is being accomplished by a variety of nursery in inspection.

Beginning with a tour of the Ornamental Horticultural department, the group moved over the campus to view the Poly Men's Gym, the new student center, and the student quarters. Following on the campus grounds, the senior class legislative will be revealed and the School of Sciences in Public Service.

**Presidential Poll Results In "Smashing" Success**

The Presidential Poll run in last year's 6th Mustang was a running "success." Exactly 24 students took part in the poll, and the results of the poll are approximately 1500 students of voting age, several hundred of whom are registered locally.

"Favorite Son" candidate from California, Earl Warren pulled six votes with Arthur H. Vandenbark a close second with five ballots.

Eugene Eberhart won four, Stassen three, and Dewey two. Emerson had one ball and the other was a write-in.

The group from the Democratic party; Stassen, Eisenhower, and Dewey, all of whom were marked Progressive of the Democratic party, were in the votes of many other legislative acts essential to the survival of the party and the welfare of the college of the school.

"Opposition" Senator Joseph Smith, not only has written a resolution in Congress, but has written a resolution in the state that it should not pass the state house of the legislature and for the presidency of the school.

"Towering" B.A.G.T.D. Hung for having merely saved the People, an honor which is due his Senate taxes, chairman of the Senate committee on Education and Labor, was responsible for the action in Congress. The resolutions, degree granting, institution of the political party, and the welfare of the college, were his bills of offices that set up the state house for handling the welfare of veterans and for veterans who are on our statute books. He was one of the bills that set up the state house for handling the welfare of veterans and for veterans who are on our statute books.

"State Senator" Joseph Smith, not only has written a resolution in Congress, but has written a resolution in the state that it should not pass the state house of the legislature and for the presidency of the school.

"California" B.A.G.T.D. Hung for having merely saved the People, an honor which is due his Senate taxes, chairman of the Senate committee on Education and Labor, was responsible for the action in Congress. The resolutions, degree granting, institution of the political party, and the welfare of the college, were his bills of offices that set up the state house for handling the welfare of veterans and for veterans who are on our statute books.

"Sears Foundation Men Visit Campus"

Robert L. Easterfield, state senator from Wisconsin, and now vice-president of the Sears Foundation, and Edward Condon of Chicago, president of the foundation, visited the Poly campus Wednesday.

With them were W. R. Pettigrew, public relations director of the Sears Foundation, and the manager of the local Sears store.

**Athletic Awards Made At Assembly**

Thirty athletes were presented certificates of appreciation at the Poly assembly held Wednesday, for their participation in baseball, basketball, tennis, and swimming. Baseball, with 18 participants, made up the bulk of the list of awards. Those receiving an award for baseball were: Ray Brooker, Joe Ross, James Luker, Robert McCrumb, Robert Capistran, Varn Ramirez, Benjamin Bennett, Eugene Freeman, Carl Johnson, John Williams, Don Garman, Don Crawford, Paul Plata, Russ O’Neil, Richard Bals, Robert Riehl, Wayne Giff, and John McVerry, manager.

**'Cavalcade' To Be Presented**

The Fiestas de Las Flores Festival of 1948 in San Luis Obispo is presenting a pageant, "Cavalcade of California" in the Poly stadium today, tomorrow, and Thursday. This is the largest production of non-electric interpretation of the three nights. New and colorful scenes portray the Pacific Coast of California, and all are to be worn the 15,500 students attending.

"Dance Bubble" Staged For Tomorrow Night's Music Hop

The Mechanical Engineering class at Poly is presenting tomorrow night the last student body dance of the school year. They will be giving their "Dance Bubble" Ballroom, with popular music, will be being used to carry out the "bubble" theme. El Morro, dance committee chairman, has prepared a unique decoration for the dance in the form of a "bubble". The mehcanic and portrayals of Poly are state of California, and all are to be worn the 15,500 students attending.

The dance starts at 9 p.m. Admission is by student body card for students and free in ladies.

Top Jersey Cow
Sells For $3,000

A week ago El Mustang carried an article on G. M. Drum's dis-URBAN...cription of a cow called the "Fire-.... cracker" cow. Drumm classified this cow, whose real name is Fire-.... cracker Design, the highest he had ever classified a cow.

A week ago this cow was sold at the California State Jersey sale at Sacramento, California, for the sum of $3,000. This is believed to be the highest price ever paid for a Jersey cow at public auction in California.

### Additional Information

- **Local Naval Reserve Takes Cruise:**
  - A Navy submarine cruiser will cruise into Morro Bay, Friday, May 28th and make one-day trips up and down the coast, Saturday and Sunday, with local Naval Reserve personnel in charge of the ship. Advance interest in these one-day cruises has been high and a total of 85 San Luis Obispo county men will participate in this training activity.
  - Captains D. N. Cone, USN, district director of Naval Reserve, has offered the local Naval Reserve unit complete command of the ship and if sufficient interest is shown, a ship will be sent down to this area whenever requested by local authorities.
  - Any man over 15 years old is offered an opportunity to take one of these one-day cruises. He does not have to enlist in either the Navy or Naval Reserve. Anyone interested is invited to be on the dock at the former naval section base in Morro Bay either Saturday or Sunday at 8 a.m.

- **The next regular naval reserve meeting will be held in the Poly Engineering auditorium Monday night, May 31 at 8 p.m. Several recent developments regarding location of the unit and assignments in rate will be discussed. A vary film will be included in the program.**

2C2A To Hold Conference Today

Members of the 3C2A are gathering in San Luis Obispo for the second meeting of the season. The only event in the Mustang's schedule was the unveiling of the annual conference circle. The Mustangs will play Cal Poly in the lead 6-5. Against San Luis Obispo last week's pinch-hitter with the bases loaded once more gave the Mustangs a lead, and in the following game against the Aztecs his triple with two men on, put Cal Poly in the lead 6-5. Circle or not. Among other things, Pepperdine won't be admitted into the conference. The schedules for '49 will be filled soon to determine whether Pepperdine will be allowed to enter our happy little subject of the confab seems to center around gymnastics. Can't complain about the Mustangs, but why the worry about contracts. But why worry about them any smarter. Pee Wee Pee Wee, they don't make them any smarter. "Pants" and no man tried hard enough to laugh at us finishing last this year. San Jose, but there must be something that it's been rumored that every third month we are not playing the game? Right now they made. Jose can laugh at us finishing last this year. San Jose, but there must be something

FRIDAY, MAY 28, 1948
EL MUSTANG

PAGE FIVE

Hoof Prints

By Bob Babich

With the 1948 swimming season just ending, Coach Anderson is looking forward to the many mustangs that are guaranteed vigorous training at all sports in the coming month. Various coaches have bag and head east to attend the National Pre-Flight at Pensacola. The team will return with the exception of Auguste Motmans and Jessie George.

The team's year won three and lost six, but they didn't hide their faces when explaining their losses. They were beaten by Stanford early in the year, but who didn't lose to the Indians in the County? Next loss was to Fullerton J.C. Fullerton won the National C.C. titles and beat such schools as U.S.C. and U.C.L.A. In the U.C.A., the Mustangs finished second only to College of Pacific and San Jose State. All in all, it's a vast improvement over last year's team which was unable to make good showing because of the shortage of instructors.

In the win column, our most impressive victory was obtained at the hands of the San Francisco Gators. The Gators came down to the Mustang's pool with an unblemished record and a tone of supremacy. It happened that afternoon that shouldn't affect our roster for next year. Not more than one other team is attacking our score. Few teams are of the San Jose Poly, San Francisco 16. Auguste, who was chosen captain for the year, was one of the most improved swimmers.

In each practice someone showed improvement and aggressiveness. Some rugged practices and game situations; blocking, tackling, running backs made over the summer, but here's what you can do for the next three months. Something about the Mustangs pool with an unblemished record and a tone of supremacy. It happened that afternoon that shouldn't affect our roster for next year. Not more than one other team is attacking our score. Few teams are of the San Jose Poly, San Francisco 16. Auguste, who was chosen captain for the year, was one of the most improved swimmers.

is hope that by fighting each other, both sides will be forced and thereby backing Russian imperialism.

The Independent Progressive party, falls all over our stomach the most.

One side, calling themselves either Democrats or Republicans, supports American imperialism throughout the world.

As a school paper, El Mustang has always tried to steer a middle of the road policy on politics, In order to keep our hands unbloodied for this policy, we read many of the country's newspapers, those that back the right as well as the left. Its a toss-up as to which turns our stomach the most.

Almost all of the writers on the pages of El Mustang have represented neither the Communist element nor the large economic imperialist, but will follow the lines that the majority of the population desires.

THE UNSUPPORTED MIDDLE

Brickbats and Bouquets

This has been a big year for El Mustang. A long year that was, I might add, a good deal of fun getting out the sheet. We look back on a lot of laughs and many good talks with the members of the student body who took the trouble to visit us. It has only been through your constructive criticism that the paper has improved to your liking.

We have tried to put out a newspaper that we were able to get your support and get back to our Unsupported Middle policy of trying to bolster democracy throughout the world without backing the Communists. We do hope, however, that a candidate will be found somewhere in our political world who will go all out for the ideals he claims to strive for. Proper background for this policy, we read many of the excellent types. Several weeks ago, after the writer had had the opportunity of looking over the sheet, he was crying and seemed quite upset. Just thought it might be of interest to some of you.
Summertime 52-20

To Vet Students

O.L. unemployment benefits are not intended as summer vacation pay. Martha E. Smith, unemployment insurance manager in the Los Angeles office of the California Department of Employment, today advised veterans attending California Polytechnic College, that he is not entitled to unemployment benefits.

"If he is otherwise qualified, a veteran is not eligible for unemployment benefits if he is receiving subsistence allowances for education or training under the act, or is not available for suitable work," Miss Smith said.

"This means," she explained, "that in between school terms and during vacation periods, veterans should make sure that their federal or government school subsistence allowances have been discontinued before claiming veteran unemployment benefits."

"Further, the veteran who is receiving tuition and other allowances for education or training under the act, or is not available for suitable work, is not eligible for unemployment benefits."

The NGAEA chose to hold their next annual meeting at the California Department of Employment, San Luis Obispo office of the California Polytechnic College, showing processes and equipment. Films were shown for the Printing Industries of America, Los Angeles, who traveled to San Jose State College.

Among other things, he must be in good standing with the campus.

Attention Automobile Owners
On account of the financial responsibility law that goes into effect July 1st, all California motorists are required to carry liability insurance on their cars.

A. M. "Bert" Felton, director of printing, and Guy S. Coburn, printing instructor, pointed out that the Printing Industry offers the youth of today.

Henneberg stated that the printing industry is looking for great interest towards the graphic arts courses being offered by schools.

The main conclusion derived at the conference, after a lively discussion, was that printing courses offered in high schools are not sufficient to train students as skilled printers, hence they are taken merely to cultivate the interest in printing that some students have, and who later seriously take up printing as an occupation.

An interesting feature of the conference was the showing of offset color involved in printing processes and equipment. Films shown were "Type Speak," the story of the design and manufacturing of the Times in California, and "To the Years Ahead," a film produced for the Platt Press company, showing interesting techniques in printing and design.

"An inspection of the plant of the Platt Press company," The Mustang News concluded, "is a must for all Cal Poly future printers."
Aero Department
Tour of Aviation Industries
Party students from the Aero department accompanied by A. W. Gant,植物, Bay Meta and Richard Hall, instructors, toured several Southern California, aeronautical plants May 16 and 17.

On the first day of the tour, the group visited the Aviation Maintenance Corporation plant at Metropolitan airport, Van Nuys. The second day's events featured a tour of the Lockheed Service department, Pacific Airline Corporation at Lockheed air terminal, and a visit to the experimental division of Bendix Aviation Corporation.

Several graduating students making the trip were interviewed by the personnel departments of plants visited and some were given jobs.

Monday evening, Leo Rodgers, Darrel Runyon, Bill Carter and John Walker, under the supervision of Roy Metz, made a special trip to inspect the runways at the Glendale Police.

Radio Class Lab
Tours KPIK Tower
The second year technical class in radio transmitters did its laboratory work last Thursday morning at station KPIK, according to G. B. Peterson, electronic and radio instructor.

The commercial Raytheon transmitter used at the station was first studied in class. Out at the transmitter chief engineer Chuck Requa, took over and gave a detailed stage by stage analysis of the circuits both at the transmitter and later at the studios on Garden street.

The data acquired on the field trip was made part of the lecture discussion at the next meeting of the class. This trip afforded an opportunity to study the special features of a specific commercial transmitter, Peterson stated.

Electronics Department
Gets New Instructor
C. E. Knott, dean of engineering, announced this week that Ellis Roney of Palo Alto has been appointed as a new instructor in the electronic and radio engineering department.

According to Clarence Radius, department head, the staff and the students are looking forward to Roney's arrival on September 1. At present, Roney is completing his graduate work in communications at Stanford university and comes to Poly with eight years of industri-
