Subject: Response to Academic Senate Resolution AS-566-01/IC

Resolution on Commencement

I hereby acknowledge receipt of the above-referenced Academic Senate Resolution.

The concerns expressed in this Resolution are well understood and appreciated. Although the administration agrees with the spirit and intent of the Resolution, in the face of severely limited resources, the timeline to implement the Resolution is uncertain. Insuring that students meet the Senate's criteria would severely impact the workload of the Academic Records Office at the present time. However, the Senate's advice and consultation will certainly be taken into consideration in the future, and we will reconsider the Resolution when the new degree audit system is in place.

Please extend my thanks and appreciation to the Instruction Committee for its interest in bringing this matter to our attention.
