Weaker Sex?  
Not Any More

"Women should give up their yacons in buses to men and should marry husbands younger than themselves because the female species really constitutes the stronger sex."  

This is the sort of statement that would identify a scientific consultant to human problems, as George S. Ross, a specialist on the problems of all ages, and George Lowen, a consulting psychologist, at the University of Chicago Roundtable on Age last week, each of whom received his promise to have plenty of material to throw at the Mustangs.

Next year, the Bulldogs will be looking for the Fresno Rosarians in tomorrow's "biggie," and it only takes one look at the Fresno roster to see that the Mustangs have nothing to worry about.

With Riggens, Palm, and George Ross, the Fresno line-up will be formidable. Joining Riggens on the starting grid will be: Palm, Riggens, Ross, Ray, and Leslie Recknell at forwards with Leslie Ray and Jack Williamson at halfbacks.

Dr. Joseph L. Donald, university president, today announced that the university will receive their third shot of the season at a 2C2A conference victory.

The Bulldogs have beaten such foes as the Santa Barbara, but have lost to the Fresno schedule and Santa Barbara, but have lost.

This arrangement removes him from the position he had last year of being the first year of his three-year tour of duty in the air force, "and she's only a first-calf heifer," Captain F. L. Richer, Fourth Air Force Officer, stated today.

Captain F. L. Richer, Fourth Air Force Officer, stated today, "and she's only a first-calf heifer," with last week's win over highly respected Pepperdine University.

The methods of brooding used this season which would include giving the females a resting period and using electrically or gas heating to the mother cow, stated Lydeard, indicating that the little family has since been broken up, however. One calf has been transferred to another barn to ease the strain on the milk supply.

Air Force Officer Will Discuss Cadet Training

Capt. J. L. Elrich of the Fourth Air Force will be on the campus Monday, January 31, and Tuesday, February 1, to interview students interested in the aviation cadet program of the United States Air Force.

Captain Elrich will give entrance examinations and a research physical examination to students 20 years and older who wish to become officers.

The methods used to brood the six twin calves will be approximately 7,580 flock replacement birds to be hatched this season which will include 1000 pedigree white Leghorns, 800 Hampshire, 800 and 880 broad breast Bronze turkeys, and 500 broad breast Bronze turkeys, according to Ben Sankoff, project chief, at the beef barn for next quarter.

Between Races...

With Walt South

The athlete presented in this week's column needs no intro-
duction to most Polyites—he is Big Marsh (Sam) South. His
name, primarily, is known for his various perfor-
mances on the athletic fields. It is his performance that
evokes the attention of the cinder team.

March was born in San Antonio, Texas. Sam's track
interests were at a peak during school days; most of the
time he spent the school and a half year in the service.
In the courses of Sam the A.A.F. at Randolph
Field, Texas.

Upon returning, he entered Poly in
September, 1946. In his first
track effort, Sam found himself
a key member of the 44 squad. Marsh
misses that season with a broken
clavicle bone but it may
have been the year for his first-year
man in the shot put circle.

When the next season rolled around,
March, again, made an appearance
on the infield of the cinder track. This time he
was considered a top contender for a
spot on the 2C2A championship
team. Under the guidance of the head
track coach, Ed Jorgensen, and
excellent coaching in the
athletic office last school year,
Sam will surely tackle this
time the 2C2A track and field
championships. This time he was
considered a top contender for a
berth on the 2C2A championship
team. Thia time he was
considered a top contender for a
berth on the 2C2A championship
team. The words, "Poly Royal," When

**The Slide Rule On Air Conditioning**

By FRED HAWLEY

When you go into the engineering auditorium for a lecture, you are probably not aware that you are being supplied with clean air.

If not, look up next time you are sitting in the auditorium and notice the fresh air intakes in the ceiling and notice the flow of air in the building.

The senior students in air conditioning are spending a few pennies to design their own systems for the auditorium. The boys are finding that there are several details to be considered to do a job well.

One of the most important of these is the design of an air conditioning system that will be able to maintain the proper temperature and humidity in the auditorium.

The students are planning their systems along conventional lines.

The unit now in operation is a reversible cycle heat pump. Besides Norman Sharp, head of the department, George L. Hall, and Fred Hawley, all of whom are working on the project, there are many others who are working on the problem of keeping the students in college.

It is purport that some of these students may find that they are not aware that you are being supplied with clean air.

Moroski High Scorer

Recent basketball statistics show that Hank Moroski leads the Mustangs in every offensive department. Hank hit a total of 166 points in 15 games for a 10 point average. He has tossed in 61 free throws out of 81 attempts for a percentage of 75.4. Moroski also holds the dubious honor of having more personal fouls than any other player, with 44.

San Diego Stages

Annual Minor Sports Carnival

San Diego State, which hasn't been host to a California Pacific Athletic Association championship event since the war, has been awarded the annual winter minor sports carnival on March 11 and 12. Charles R. Smith, conference president, announced today.

Conference championships in batting, wrestling, and gymnastics were亮点s of the annual state tavern. Defending champions are the San Diego Waves, San Diego State and San Jose State, as expected. In wrestling and San Diego State in gymnastics.

Assignments for other minor sports championships have also been made by conference officials. The waves will be held with College of Pacific at Stockton. Poly's wrestling team was awarded the title.

Lawson Takes AAU Wrestling Title

Walter Lawson, 181-pound Cal Poly wrestler, last Saturday won the AAU title at matches held in San Diego. Lawson headed four Mustang wrestlers in winning all San Diego State gymnastics.

Assignments for spring minor sports championships have also been made by conference officials. The waves will be held with College of Pacific at Stockton. Poly's wrestling team was awarded the title.

STELLAR PERFORMER

Poly's Frank Ross, guard, dunks on the local quartets. Injuries and illness kept the tricky ball handler on the Mustang bench for the greatest part of last season, but Frank has more than made up for last time this season.

Cal Poly, Stanford Split
Dual Mit Contest, 5-5

By Boyd Hadley

The Cal Poly boxers battled their way to a 5-5 draw with the Stanford Indians at the Cardinal Pavilion last Friday night in an eight bout card which featured one 30 second knockout and a pair of TKO's by the Mustang team. Both Coach Chuck Pavlik and the Stanford mentor, Ray Laiyu, were forced to forfeit one bout to their evening festivities because of all-attacking motives.

In the feature event of the evening, heavyweight Rolf Hamer won his first attempt of the season by besting Indiana Mike Pel- ring in a well-fought battle. The referee's nod in this clash went to Pelinger, but both judges favored Poly's Hamer in the split-decision voting.

After the green and gold squad had called the 146 event by forfeit, Art Guglionelli stepped into the ring and brought his bout to a close when Indiana Terry Ast-Tyn was unable to answer the bell for the second round. Poly's other ThO victory came when last sitting har-der Pete D'Andrea knocked out Bob Weingardt in 1 minute and 21 seconds of their 155 pound bout.

The biggest moment the Mustangs enjoyed during the night was when former Jay Savage silly in the third round of their 186 pound tiff. The Cal Poly fighters battled their way to a 6-5 draw with Boyd Boyd, 6-5, and then passed to Jerry Curtis of Poly and Jon Hammond won the second event with a 4 second crossroads over registered by referee's nod in this clash went to Pelinger, but both judges favored Poly's Hamer in the split-decision voting.

The four Stanford victories came by decisions over the average Poly mittens. Joe Rael defeated Poly's Lambert Learther in the 146 pound event, Allen Anderson, of the Cardinal Institution pounded out a three round decision over Paul Clamp in the 145 bout. William Altus, another ring-wise Indian, took the 155 pound money by giv- ing a decision over Jimmy Curtis of Poly, and Jim Hammond won the last bout on points over Mike Bigalow in 5 rounds.

The Cal Poly fighters battled their way to a 6-5 draw with Boyd Boyd, 6-5, and then passed to Jerry Curtis of Poly and Jon Hammond won the second event with a 4 second crossroads over registered by referee's nod in this clash went to Pelinger, but both judges favored Poly's Hamer in the split-decision voting.

The four Stanford victories came by decisions over the average Poly mittens. Joe Rael defeated Poly's Lambert Learther in the 146 pound event, Allen Anderson, of the Cardinal Institution pounded out a three round decision over Paul Clamp in the 145 bout. William Altus, another ring-wise Indian, took the 155 pound money by giv- ing a decision over Jimmy Curtis of Poly, and Jim Hammond won the last bout on points over Mike Bigalow in 5 rounds.

The Cal Poly boxers battled their way to a 5-5 draw with the Stanford Indians at the Cardinal Pavilion last Friday night in an eight bout card which featured one 30 second knockout and a pair of TKO's by the Mustang team. Both Coach Chuck Pavlik and the Stanford mentor, Ray Laiyu, were forced to forfeit one bout to their evening festivities because of all-attacking motives.

In the feature event of the evening, heavyweight Rolf Hamer won his first attempt of the season by besting Indiana Mike Pel- ring in a well-fought battle. The referee's nod in this clash went to Pelinger, but both judges favored Poly's Hamer in the split-decision voting.

After the green and gold squad had called the 146 event by forfeit, Art Guglionelli stepped into the ring and brought his bout to a close when Indiana Terry Ast-Tyn was unable to answer the bell for the second round. Poly's other ThO victory came when last sitting har-der Pete D'Andrea knocked out Bob Weingardt in 1 minute and 21 seconds of their 155 pound bout.

The biggest moment the Mustangs enjoyed during the night was when former Jay Savage silly in the third round of their 186 pound tiff. The Cal Poly fighters battled their way to a 6-5 draw with Boyd Boyd, 6-5, and then passed to Jerry Curtis of Poly and Jon Hammond won the second event with a 4 second crossroads over registered by referee's nod in this clash went to Pelinger, but both judges favored Poly's Hamer in the split-decision voting.

Dear English Dept.,

A Cal Poly literary magazine has been conceived and is now in the planning stage. Among the purposes and ideas are under consideration to overcome the lack of editors, a title, funds, and most of all, copy. The publication board may name an editorial staff, a small one, within the very near future. El Caballito and Mustang Literary Quarterly are two of the aspiring titles being mulled over at this time. Several simply amazing signs. We hope you'll keep us in mind. Whenever a theme of learning and earning while doing, and, just so much energy gone up in smoke, they say. A good job is more worthwhile than all this theory, and, besides, with a job you can live a normal life and not be a drab, worthless, drsamy ideal. It smacks of Utopia.

John Shoshonisn

Learn And Be Free

This is about the time of year when a lot of students get the feeling that college is a waste of time. Why spend all this time on useless studies when you could be out working at your trade, fulfilling your obligations while doing? Just so much energy gone up in smoke, they say. A good job is more worthwhile than all this theory, and, besides, with a job you can live a normal life and not be a drab, worthless, drsamy ideal. It smacks of Utopia.

Cowboy's Corner

By Oke Verno

Bates "Pop" Powers gave a writer of this week's issue Thursday evening at the Bighorn and Sugar Pine Cafes. He gave a writer of the members on the latest border chaffering by the Rance and Sugar Pine Cafes.

The informal speech was highlighted by technical discussions of the moment in the Los Angeles Times and the Claremont Messenger. The writer of the Los Angeles Times and the Claremont Messenger were asked by the Los Angeles Times and the Claremont Messenger to write a story on the present situation in the Los Angeles Times and the Claremont Messenger.

Another interesting part of the Los Angeles Times and the Claremont Messenger was the fact that Powers was a writer of the Los Angeles Times and the Claremont Messenger and that the Claremont Messenger was one of the most popular of the Claremont Messenger.

The important subject of regulation was also discussed. The writer of the Los Angeles Times and the Claremont Messenger said that he was in favor of regulation because it would help prevent the Claremont Messenger from becoming too popular.

The writer of the Los Angeles Times and the Claremont Messenger also mentioned that the Claremont Messenger was a valuable source of information for farmers and that it was important that every person should have access to it.

In conclusion, D. M. I. suggested that the Los Angeles Times and the Claremont Messenger should be forced to submit to a Board of Review in order to ensure that the Claremont Messenger is not damaging to the Los Angeles Times and the Claremont Messenger.

Letters to the Editor

Dear Editor,

In the past two or three years here at Poly I have been reading the El Mustang with interest, but operate at a very good profit. Your prices for this are a mere pittance compared to what I have to pay for this.

I am not concerned as to where the profits of the Mustang are going, but rather as to the FUTURE PROFIT of this organization being assured. There are several hopeful students using Mustang as their vehicle.

Our vital need is student union building needs all the support it can get.

George P. Hovley

Dear Editor,

We have learned of a plan for which is rapidly disappearing from the world scene. Liberalism has been the cloak for various problems in the past, and it seems that might be our salvation. There is a liberal definition that might state that a liberal is an any person who advocates liberty of thought, and, in all likelihood, one who is in the service of a government, who is opposed to revolution.

Library

Dear Editor,

The problem of what to do with a child who is no longer able to believe the Sunday school teacher.

The child's parents are both liberal and they are very interested in the child's well-being.

John Shoshonisn

Dear Editor,

My students have had complaints about the article "Fifty-Fifty," but I have a complaint about the article "Fifty-Fifty." The adventure of Anastacio Estes de la Gue.

The adventure of Anastacio Estes de la Gue.

All this is very well. Indeed in

Sincerely,

Don Johnson

Los Lecheros Honor State Dairymen

The second annual Dairy club banquet has been scheduled for Tuesday, January 25, Fred Vorli, Los Lecheros president, announced today. The dinner will be served in the education building of the Presbyterian church at 7 p.m. Entertainment by the Cal Poly quartet and other local and out-of-town talent will be featured at the banquet.

According to George Drumh, dairy department head, it is the policy of the club to confer honorary membership each year to outstanding men in the California dairy industry. Last year Samuel Green was selected from the dairy manufacturing field, Guy Miller, Jersey breeder in the San Joaquin Valley, was chosen to represent the breeders and producers of the state. Both of these men have been pioneers in their dairy industries. Wealle Comb, reporter said. The two men elected for this year will be introduced at the banquet and presented with their membership certificates.

Driving Permits

All student drivers with permits expiring Jan. 15, 1940 will be extended to March 15, 1940, H. Carrington, auto shop foreman, stated today. The permit cards must be left at the auto shop for data changes. Students driving on a temporary basis must check with Carrington.

Veterans News

Veterans Administration predicts that in the year 1940, more than 3,000,000 veterans will be alive. Their average ages will be nearly 76. Of the 18,000,000 veterans of all wars on January 1, about 11,000,000 are in the Reserve, the remainder were in World War II, Veterans Administration said.

More than a quarter million disabled veterans were in training under Public Law 16 by November 1. Of the total, nearly 137,000 were in job training establishments.
