**Poly Royal Packs In Record Crowds**

*By Al Barto*

The Cal Poly diamondminded journey to San Jose this weekend to engage the Spartans in a home game series has caused the Mustangs must face at least part of the danger that is going to be staying in the rain. This is not until recently considering that the Spartans are perched on top of the Sierra Mesa and that it is no loss. San Jose swept a three game series against the Mustangs and two out of three from Santa Barbara.

Now, for the present time, Cal Poly is to receive a gold medal for scoring a record of three wins and three losses. San Jose is in the dark. Bob Matt expects to win and there is no better chance than the Mustangs. The Mustangs have been a little deeper than pitching and hitting, but the Mustangs have been doing a good job of that.

**Baseballers**

**Focus Sights On Spartans**

The Poly Royal at the Coronation Hall last Saturday night. The field house at Camp San Luis Obispo opened the 17-year history of the Poly Royal. The crowd consisted of 4,000 to 5,000 persons at the traditional western barbecue Saturday night. More than $1,000 was raised for the event, proceeds of the barbecue which was prepared for the event. The Poly Royal Ultra was the winner in the event.

**Horse Enthusiast Finds Low Fences Exhauusting**

“Life gets tedious,” said Ed Johnson, Mustang athletic director, who has watched Poly Mustangs handle the mound duties. Needing to take over.

**Red Cross Drive Begins Monday**

The campus Red Cross drive will be conducted on the roof of the Alpha Phi Omega fraternity, a building on the corner of Nogales and Victoria streets. The drive will be conducted by the student body for the purpose of raising money for the local Red Cross chapter.
Scotty, Shaggy West Highlander, Sings Swan Song At Serrano

By Andrew A. Norton

Amidst all the Poly Royal gaiety, there was one note of sadness, which served to remind us that some of the Poly faithful had received a sad fate. The West Highland breed is rare in these parts. Jo is a spread of the Shaggy steer was permitted to resemble a recaption room. The judging committee gave a total of 100 points within the exhibit. It's likely that whatever they really learn and do. Does the experience improve the students' abilities later? Does the evidence of student participation?

FILE THIRTEENTH

By Dave Goodman

Pump and Circumstances... This week's activity was naturally

centered around the big rodeo last weekend. Many students

were involved in one way or another, and all have different

feelings about it. The main problem is that the rodeo has

been planned on a shoestring budget, and the number of the

audience and people are forced to climb on a roof of a

shack in order to see the event to the extent that the

roof caves in, something should be done.

We were lucky, just plain lucky, this year. That Brahma
might have hurt somebody and the roof falling in might
also have been more of a tragedy than it was. The only way
to offset these hazards is to have an arena that will accommodate
the crowd and an arena that the bulls can't demolish.

Building an expensive rodeo corral to be used for
only a few hours during the year Is a hard project to sell,
and if accidents can be prevented in the future, we think
it might have the potential of being a good start. Now we just
have to plan Poly Royal and major events and not
just sand-lot affairs.

Next year's show will have to be arranged so that more
people will be able to view the events. In this regard the
rodeo arena will have to be constructed to accommodate
and protect the visitors. When bulls run through the
audience and people are forced to climb on a roof of a
shack in order to see the event to the extent that the
roof caves in, something should be done.

Life Before Facts

Doctor Semans sent El Mustang a copy of "What The
Colleges Are Doing." The lead story in this publication
is headlined, "Colleges Too Much Concerned With Facts.

Dogger Semans undercut two passages from the
article. One is about Arnold Toynbee's statement that advance
has sometimes been more of a tragedy than it was. The only way
to offset these hazards is to have an arena that will accommodate
the crowd and an arena that the bulls can't demolish.

The other passage refers to the reasons why colleges
have so many people tried to withdraw; it is the
early return that has given them trouble.

The other passage refers to the reasons why colleges
can't withdraw from the life of the people. If they have
honestly they will be ruthlessly critical. If they have loyalty
they will work our a constructive point of view. And if they
have love they will not let an idea go until its implications
for society are revealed.

FRIDAY, MAY 6, 1949

To the students, faculty, and employees! I
would like to extend my congratulations and
thank you for your part in making the
18th Annual Poly Royal the best yet.

As near as can be figured, there were 15,000
visitors to our campus during the two days.

This total is approximately 7,000
attendees worth more than the $1,000
attendants have been given by the Poly Royal
that they have not seen a better show, the students
did a great job and the whole campus was a
beehive of activity. I hope you enjoyed it as
there was excellence.

I would like to express my congratulations to George
O'Brien during the rodeo. I asked what his
impressions were. Regarding the rodeo and Poly Royal.
He stated that everything was very good and
that he would consider riding with shows that are put on in Madison
Square Garden. In the setting up and running of a show such as
this much work is done. I'm sure he had only one thing in mind.

**Poly Royal Carnival**

I wish to express thanks to all of the men that made the carnival a success, a net profit of $900.00. Granted we ran short of tickets and prizes, but I sincerely feel that it was a great success.

As you all know, every bit of money that was taken in will go into the Student Union Fund.

We have a long way to go before we start construction on the union building, but we have started. We have realized one more method now of helping to raise funds in the future. The net profit of $900.00. Granted we ran short of tickets and prizes, but I sincerely feel that it was a great success.

For the information of the student body, I would like to give credit where credit is due. Firstly to the entire student body, Poly Royal guests who turned out and attended the carnival. We could never have made a success without your participation.

To the Brabham, president of the Sophomore class, who was manager and the workhorse organizer of the carnival. To the Sophomore class for all of the labor they did in clean-up and decoration. To Dave Martinez for signs. Electrical engineering for the electricity. I express my thanks. To the following clubs for building and managing the splendid concessions I wish to extend my congratulations: Cal Poly Sigma Phi, Poultry club, Books and Sports, Poly Christian Fellowship, Los Lecheos, Aero, Ag. Engineers, Clothing Club, Horticulture, Cal Poly Phase, Printing Club, Y.M.C.A., Poly Penguins, Alpha Phi Sigma, and Kappa Phi Delta, International Relations Club. Also to the Young Farmers for the dances. Also, I wish to thank each member of the Collegians who donated their talents and time.

As has been announced, we will have stage show under the direction of Ed Zoppel and to the memory of the Block P who put on the boxing exhibitions. I say thanks.

There are many great men we could thank, Mr. Beck, Larry Wallis, and especially Mr. Starky for working as hard as he could to make the event a success.

For the girls, congratulations on the way you got out and work together. I think we can do anything we desire and there is nothing we all need right now more than a student union building of which we can be proud.

**Martey Engler**

---

**By Keith Watts**

An aroused need for 9,000 engineering graduates was satisfied with a job fair at the Poly Royal. The job fair was held in 1944 for the period of 18 days. The demand for engineering graduates was due mainly to the war-related classes. The job fair may soon be nearly filled, and will where will the engineering graduates go?

The small manufacturing plants, as one solution to this problem, is the success of a new York Industrial School. These small industrial plants are important plants in American industry and of course they are filled with a number of industrial workers.

The progress of this proposal is the fact that the engineering graduate is very seldom qualified to step into an engineering capacity in a small company where the engineering staff is, de necessity, a small but well-experienced, and sometimes overworked group. Most small company engineers are men who have gained much practical experience, either as workmen or even ownership.

The young engineer who starts out likely to lack the versatility needed by the job fair, although he may be very well qualified at one specialty, from the larger companies can find enough work for mechanics and to relieve the engineers,

In this respect, the job fair has established new standards for the modern engineer. It is there that the graduate will find the follow-the-leader path to the large company where he will acquire the technical knowledge he needs in order to control the technical details of a company's development, something he may have neglected in the modern, well-organized, and well-equipped small plant where he has the chance to become an integral part of management or even ownership.

But this is THE MAFAINE: A placard actually travels farther during the week of a carnival than all the publications in the city. Try this in your business class. Lay out the old one. All original, ninety degrees to the ash. I'll bet you can get a job faster by using a placard than you can get by using newspapers.

---

**Behind the Chutes by Eddie Allen**

One again the Poly Royal has closed and the Poly Royal staffs performance once again showed visitors that Boots and Spade Square still have the "how now". Butchers and the blacksmiths. Climbed a hay truck, sat on fence, rested on the sheep slabs, rode a fence, and were still five deep along the fence's edge. Yes, the boys played hard to make Poly Royal visitors.

The Little Theater produced a very fine recreation of "Roll Out the Barrels," played with a Bransome bull. But Brown added to the fun. Brown decided to show the lower 20 when home and rides parted company. Brown is a boy who tries hard at everything he enters. Although he looks delicate in the role of the grandson, he's bound to rob a year in two.

The first bull to come out of the chutes showed everyone a sight, a foot farm could easily be handled. The bull was soon taken out of the way and put back into the barn. The man who was busy to him into a nearby field. After the show, a group of the larger companies can find enough work for mechanics and to relieve the engineers, and to relieve the engineers, and to relieve the engineers, and to relieve the engineers.

In this respect, the job fair has established new standards for the modern engineer. It is there that the graduate will find the follow-the-leader path to the large company where he will acquire the technical knowledge he needs in order to control the technical details of a company's development, something he may have neglected in the modern, well-organized, and well-equipped small plant where he has the chance to become an integral part of management or even ownership.

California State Polytechnic
Trackmen Trek Towards Fresno's 2C2A Runoff

Fresno State's Ratcliffe Stadium will be the scene tomorrow night of the annual running of the 2C2A Track and Field Championships. The Mustangs will be represented by 16 of the best cindermen seen at Poly in recent years. For many, this will be the climax of their 1949 season and for all, a supreme test of their best efforts.

Coach Jim Jensen's Mustang cindermen will go into the conference championships with wins over St. Mary's College, Pomona College, and Loyola University behind them. All this has been made possible by the efforts of the locals, who have been outside but twice. Once in the last meet with Santa Barbara and again in the San Joaquin-Odyssey meet. Surprisingly enough, the Mustangs four wins have come in their last four starts which mean they will be at their best Saturday evening.

The following is a last minute run down of the Poly entrants and what they can be expected to do in the championship meet. The sprinters find Don Edging as the only Mustang entrant. In the last meet Don ran the 220 in the time of 11.2, which is equal to the present conference record. If Edging goes off to a good start, he could prove to be a wide open affair.

Quarter mile competition is exceptionally keen this year and Mustang Don Vollers will have a good chance of taking the gold. Don has been a consistent point getter this season and his best effort comes in the 220 run down.

Half mile-Don Willson and Ed Brown are running with fast company at the classic distance. Usually Don starts off slow and this year is no exception. He will be at his best for the conference meet.

Miler-Walter Boehm and Ed Edging have been working with Richard Wilkinson and Bill Coffin, in this event. As is the case with most of the others, competition will be keen, but the locals are in top shape.

In the field events, Mustang hopes are in top shape. Bill Hume, a consistent point getter, has proven man on the cinder squad for dual meets, a consistent point getter, has proven man on the Mustang roster. He has run down to second place in this event.

Jumping—Mims has gathered many points for the.locals in this event. He has proven man on the Mustang roster. He has run down to second place in this event.

With the recent return of John Lesley and Walt Boehm, the Mustangs have added many points to their totals and the locals can expect to be nigh-point man for the locals in this event.

Previous efforts have indicated that his competitive form has improved. Mustangs are in top form in this event. Speed throwers, Bill Hume and Altman in this event has been the best in the conference in the lightest division. Both are at their best for this event.

Wayne Gubos has proven himself to be a consistent point getter in the boys relay team event. He has proven himself to be a consistent point getter in the boys relay team event. He has proven himself to be a consistent point getter in the boys relay team event. He has proven himself to be a consistent point getter in the boys relay team event.

In the half mile, Mustang hopes are in top shape. Bill Hume, a consistent point getter, has proven man on the Mustang roster. He has run down to second place in this event.

San Jose Scout Appraises Campus Pigskin Parade

RECONNAISSANCE . . . An anonymous San Jose scout dropped in on last week's green and white clash preparations to run a practiced red eye over the Cal Poly grid material. While the scout was quite non-committal, refusing to say a word, he was nonetheless almost positively identified as one of the football masterminds from the rival Santa Clara campus. Smiling pigskinners are Al Cadena, Don Chambers and Dave Martinez, linesmen all.

Poly Netmen Enter Conference Tourney

The Mustangs, a team made up of San Jose's high school footballers, are participating in the high school football conference tourney. The team is comprised of San Jose High School's football team, which has been selected to represent the city in the state tournament.

The team is under the leadership of Coach John Nakamura, who has coached the team for the past three years. He is assisted by Coach Bob Anderson, who has been coaching the team for the past two years.

The team is scheduled to play its first game on Friday, September 6, against the visiting team from San Francisco. The game will be held at the city's football stadium, and admission will be free to all spectators.

As for the second game, the team is scheduled to play against the visiting team from Los Angeles on Saturday, September 7. The game will be held at the city's football stadium, and admission will be free to all spectators.

In addition to the home games, the team is scheduled to play one away game against the visiting team from Oakland on Monday, September 9. The game will be held at the city's football stadium, and admission will be free to all spectators.

The team is scheduled to play its final home game on Friday, September 13, against the visiting team from San Francisco. The game will be held at the city's football stadium, and admission will be free to all spectators.

The team is scheduled to play its final away game against the visiting team from Los Angeles on Saturday, September 14. The game will be held at the city's football stadium, and admission will be free to all spectators.

The team is scheduled to play its final home game on Friday, September 19, against the visiting team from San Francisco. The game will be held at the city's football stadium, and admission will be free to all spectators.

The team is scheduled to play its final away game against the visiting team from Los Angeles on Saturday, September 20. The game will be held at the city's football stadium, and admission will be free to all spectators.

**GUEST CONTENTS, POULTRYMEN, BEARDS SCORE AT POLY ROYAL**

The winners of the Poly Royal-Brown's Food Store’s annual contest, held in the Poly union building on Friday, May 6, were awarded prizes totaling $150.

For the first prize, in the chicken raising contest, the $50.00 prize went to Mr. Warren De Young, of the crops department.

For the second prize, $30.00 was awarded to Mr. William M. Hulswill of San Luis Obispo, and for the third prize, $20.00 was given to Mr. Howard Hulswill, also of the crops department.

For the fruit identification contest, the first prize went to Mr. Warren De Young, and the second and third prizes went to Mr. Howard Hulswill and Mr. William M. Hulswill, respectively.

FOR THE BEARDS CONTEST the following were the winners:

1. Best Full Beard — $30.00 prize: Garth Baxter, local barber shop.
2. Best Chin Strap — $20.00 prize: John Vickers, local barber shop.
3. Best Mustache — $10.00 prize: George Finn, local barber shop.
4. Best Facial Hair — $10.00 prize: John Janson, local barber shop.
5. Best Hairline — $10.00 prize: Al Carter, local barber shop.

The winners of the Poly Royal were:

1. Best Overall - $40.00 prize: Mr. D. C. Johnson, local barber shop.
2. Best Vandyke — $30.00 prize: Mr. D. C. Johnson, local barber shop.
3. Best Long Beard — $20.00 prize: Mr. D. C. Johnson, local barber shop.
4. Best Shaving — $10.00 prize: Mr. D. C. Johnson, local barber shop.
5. Best Facial Hair — $10.00 prize: Mr. D. C. Johnson, local barber shop.

There were also prizes given for the best in each category, as follows:

1. Best Full Beard — $30.00 prize: Garth Baxter, local barber shop.
2. Best Chin Strap — $20.00 prize: John Vickers, local barber shop.
3. Best Mustache — $10.00 prize: George Finn, local barber shop.
4. Best Facial Hair — $10.00 prize: John Janson, local barber shop.

The judges were: Mr. J. M. Johnson, Mr. D. C. Johnson, Mr. W. M. Hulswill, and Mr. A. Hulswill.

El Mustang Flying Club Resumes Operations

The Mustang flying club has again become active with the purchase of a Piper Cub and a Cessna. It was announced today.

At the club's last meeting the following regulations were put into effect:

A fee of $3.00 per hour will be charged for use of the Piper Cub, and $5.00 per hour for flying the Cessna. The student pilot must have at least 15 solo hours in the Piper Cub and will be required to have a check flight by an instructor before he is allowed to fly the Cessna. The licensed pilot is required only to have a check flight by a certified instructor.

The Mustang Flying Club has been active since the late 1930s, and has been known as a social function of Alumcalipoli, now Cal Poly alumni. The club will continue to be active with the purchase of a Piper Cub and a Cessna.

Alumcalipoli Holds Barbecue For Seniors At Grove

All graduating seniors have been invited to attend a barbecue at 3 p.m. today in Poly Grove sponsored by the Cal Poly alumni association. The barbecue will be the first social function of Alumcalipoli, now Cal Poly alumni. All seniors will be guests of the association, and the club alumni will be in charge of the barbecue. Harry Vestrum, head of the faculty affairs, will be master of ceremonies. Herb Brownlee, vice president of the alumni association, will be present and Julian A. McPhie, college president, will speak. There will also be an auction by Barry Sell.
