Dave Strathearn Heads 1950 Poly Royal

Dave Strathearn, AS student and present sophomore class president, attempted to be elected to the post of Poly Royal supervisor for the 1949 "Country fair on a College Campus" annual costume ball. He was defeated, however, and at the final meeting of the "49 Poly Royal board, Strathearn was named a member of the Poly Royal board. Strathearn said that the school officers were,url "surprised at the result of the election since we thought we had the votes, but we are going to try another time next year," he added.

President Improves

President Julian McPherson is an extremely rigid person. He is trying to improve his work habits, but according to McPherson's roommate, the improvement is not going well. He is trying to be more organized in his work, but so far he has only managed to make things worse. His roommate, a senior, says, "I've been trying to help him, but he just can't seem to get it right.

Prexy Returns From PSPA

Meet At Idaho

Craig Durbin, senior, returned from the Poly Royal West Coast trip and reported that the meeting was "a great success." He said that the trip was "an excellent way to see the country and to get to know other Poly Royal members." He also said that the meeting was "very rewarding," and that he hopes to see more of the Poly Royal members next year.

Freshmen Present Annual Senior Ball

The Senior Ball, slated for June 11, will be held at the Poly student center. The ball will feature a variety of entertainment, including a dance, a fashion show, and a talent competition. The ball will be open to all Poly students, and will be held from 8 p.m. to midnight. The senior class officers are looking forward to the ball, and hope that all students will attend.

Seagoing Printing Student

Reports Orient Cruise

Bob Bollard, Cal Poly printing major and now a second ship's printer, has been working on reports from Honolulu that his ship, the SS Benicia, is arriving in the Pacific Ocean. Bollard described scenes on the ship's deck while they were sailing through the streets of Bangkok and that the ship was heading for Japan.

Bollard said that the ship is experiencing a lot of turbulence. He explained that they are working in the same way that they did on the SS Benicia, and that they have been "working through the mountains and the sea, trying to keep our spirits up." He said that they have been "working hard to keep the ship on course, and we've been doing a good job so far.

Description of Address

On June 11, the Poly Royal will hold its annual commencement exercises. The exercises will be held at 2:30 p.m. at the football stadium. Among those graduates will be 166 men receiving bachelor's and associate degrees. This is the largest group of graduates in the history of the college.

The commencement address will be given by the Rev. John L. Lomberg, president of the Poly Royal board. Junior John B. O'Brien will be the toast. Julian McPherson will give the address. The Poly Royal board will present a beautiful trophy.

Bill Neilson Chosen 1950 Senior Prexy

Bill Neilson, air conditioning major and present senior class president, was named Poly Royal senior prexy for the 1950-1951 academic year.

Neilson said that he was "very pleased" with the results of the election, and that he "looks forward to working with the other officers to make Poly Royal a success this year.

At the meeting, Neilson was elected to the Poly Royal board. He is a senior majoring in air conditioning, and is a member of the Poly Royal board.

Upper Units Take SCHOLASTIC TITIE

The upper units took the "SCHOLASTIC TITIE" at the Poly Royal banquet on June 11. The "SCHOLASTIC TITIE" is given to the upper units for outstanding scholastic achievement.

The upper units were "TITIE" for the year. The "TITIE" is given to the upper units for outstanding scholastic achievement. The upper units were "TITIE" for the year.
POLY PHASE

The Poly Phase club winds up the year of activities on Thursday, May 12, with its dinner meeting in the Monday club. Next year's officers will be formally introduced at the meeting and the club's activities will begin for the year, it was reported.

BALLY COMMITTEE

The Bally Committee held elections last Monday night, and the resultant new officers are Wendall Morrison, chairman; Robert George, vice-chairman; and Bob Williams, secretary. Seven new members were selected from a list of those present, and they are Paul Vins, Bill Biff, Ted Harman and Jack Elliot. They are school president, and will be introduced to the club during the social affair.

COLLEGIATE F. P. A.

Richard York was elected president of the Collegiate Future Farmers of America for 1949-50 at the final meeting of the year last Wednesday evening, May 11. Other officers elected were: vice-president, Virendra Chandrashekar; secretaries, Elmer Mitchell, treasurer; and Louis Tarke, secretary-treasurer. The chapter is now ready for the upcoming school year.

CROPS CLUB

Dale Mitchell, senior field crops major, was elected Crops club president at the last meeting of the year. Other officers elected for 1949-50 are Bob Cruze, vice-president; Gaylord Cummand, secretary; Ginger Shinn, treasurer; and Louis Tarke, secretary. The officers met Thursday evening to discuss the activities planned for the club for the upcoming school year.

FISH & GAME CLUB

Dr. C. S. M. T. and K. Adams reported, "The 49ers," pro football team, will be guest speakers at a meeting at 7:30 p.m. in the Engineering building, Thursday, May 26. The meeting will feature discussions on the "state of the world" and the "state of the nation."

Dairy club open meeting next Monday evening, May 18, will be held for the Young Farmers. The meeting will be held in the Crops club. They are John Chin, president; John Colton, secretary; George Galves, Rodolfo Vinals, Bob Croce, vice-president; and Louis Tarke, secretary. The meeting will feature discussions on the "state of the world" and the "state of the nation."

POLY SCIENCE CLUB

The Poly Science club will hold its annual banquet next Thursday evening, May 19. The banquet will be held in the Engineering building. The meeting will feature discussions on the "state of the world" and the "state of the nation."

ARCHITECTURE CLUB

Every architect on the campus is getting his legs ready for the upcoming school year. The club will hold its annual banquet next Thursday evening, May 19. The banquet will be held in the Engineering building. The meeting will feature discussions on the "state of the world" and the "state of the nation."

Behind the Chutes

By Eddie Allen

This will probably be the last gathering of idle cowpunchers behind the chutes. The closing of the spring quarter also closes the local rodeo results that have been such a source of pleasure and excitement to the Poly crowd. We would like to extend our appreciation to all the individuals who have worked so hard to make the rodeo a success.

Many of you have been working on various aspects of the rodeo, and we want to thank you for your efforts. The rodeo is a great way to promote the spirit of activity and engagement among students.

The Poly Mustang is also involved in the rodeo, and we appreciate the hard work of the Editorial Staff and the Student Body in ensuring that the paper is delivered on time. This week, we would like to focus on the quality of the rodeo and the contributions of those involved.

Thank you for all your efforts to make the rodeo a success. We look forward to seeing you all at the next event.

Eddie Allen

Letters to the Editor

Dear Editor,

If distance traveled to attend the 17th Annual Pacific Coast Rodeo, and I am sure we all feel pride in that. At any rate Poly Roydl was one of the high point of the event.

From this distance, may I make some observation regarding the event? In the first place I wish to most heartily congratulate President Adams, by Joe Kunes, Tom Adam, Bob Downer, Bob Real, Von Man, and even the most ardent student.

The exhibit, however, are the part that made the deepest impression on me. In a long time of watching people try to jump a fence and jump a fence and jump a fence, the Poly Roydl was the most intact event I have ever seen. I feel the Poly Roydl is the true event of the year.

Educats End Spring Session on Poly Campus

This year's members of the representative council of the Cal- pella Association of Secondary School Administrators, who are in can- pella State College last week and returned to the school district in all parts of the state.

The school administration dropped off the faculty members' spring- ing meeting. They made a long-range plan for the school year, and the council members will study and dis- cuss the report and recommendations of the council.

Attending the meeting were the school principals of Calpella High School, the principal of the junior college, and the administrator of the Calpella State College. The meeting was held at the Calpella High School.

Biologists Issue Fair Warning To Bird Bandits

The Cal Poly Natural History Museum has declared war on a cer- tain group of bandits who have been stealing chickens and other fowl from the museum's own farm.

The bandits are known to be active during the spring and summer months, and they have been causing considerable damage to the museum's crops and other property.

The museum has installed a system of traps and other devices to prevent the bandits from gaining access to the farm.

Campus Health Services

CAMPUS HEALTH SERVICES LAUNDED IN STATE SURVEY

Cal Poly offers its students the most advanced and comprehensive medical service of any college in the state. The campus health service has been in operation for the past five years, and it has provided excellent service to the students.

The health service is staffed by a team of professionals including a physician, a nurse, and a counselor. They provide medical care, counseling, and community health services.

White Collar Chatter...

In spite of the dainty weather we have had last fall, summer seems to be approaching as evidenced by this being the last of El Mustang and many people having already left on vacations.

Not only can people say that the Polio is not a real threat but that the dainty weather is also on the increase.

By Betty Hunter (Continued)

Rifle club Elects Officers

At the final meeting of the school year, the rifle club held an election of officers. President for the coming year is Henry Sprad; vice-president, Dave Green; secretary-treasurer, Herbert Anderson; and range officer, Joe Rothchild. The club was honored by the attendance of the president of the university, Dr. John H. Barlow, and the assistant range officer of the senior corps, Capt. John A. McFarland. The club was also honored by the attendance of the president of the university, Dr. John H. Barlow, and the assistant range officer of the senior corps, Capt. John A. McFarland.

Frisco Tourism

Eddie Meck
Coach Jim Jensen's fresh track 
mens will journey to Modesto, Calif. 
this weekend to compete in the 
Modesto Relays.

The full track squad will not 
compete, but Jensen is hoping for 
points from Earl Johnson, high 
 hurter; Bill Callen, 100-yard dasher 
and relayer; and Ken Rose and 
Alan Bingham in the 882.

Poly's fresh will also have a 
team in the 882 relay and the 
relay team in Joe Weirich, Earl Johnson, 
Bill Callen, and Carter Richards.

Notice To Seniors

Seniors will be allowed to buy any materials from El Corral after May 25. All thesis bills must 
be turned in to El Corral at this date.

A SPECIAL OFFER

TO THE GRADUATING CLASS... JUNE '49

You May Be Accepted for an Early
U. S. Air Force Aviation Cadet Training Class

If you are a college graduate, married, or single, between the ages of 20 and 28, and physically and mentally fit, you may be accepted for assignment in the U. S. Air Force Aviation Cadet classes starting in late summer or early fall.

You get a well-planned course, valued at $13,000.00; this includes about 270 hours of flight training and the finest aviation adventure and executive training in the world.

Win your wings and then start a career with a future...

College men are today's leaders of the U. S. Air Force. With new and complex aircraft and equipment being developed, scientific research becomes more and more important, increasing the need for college-trained men.

As a college graduate you will have an unlimited future in aviation fields of personnel management, operations, material, supply, research and development.

It's a year of learning, flying and time for recreation with a hand-picked top-string team of Americans.

Upon assignment to an Aviation Cadet class you will be sent to one of the U. S. Air Force bases in Texas for the world's finest aviation training.

You will receive about 175 hours of flying instruction in the Texan T-6 trainer plus an extensive course in aviation education and executive training. Navigation, fuels, weather, radio and radar are some of the subjects you will take.

During this training period you'll find plenty of hard, fast action to keep you fit and trim... the best athletic facilities are available. Upon completion of training, you will have your wings and receive a Reserve commission as second lieutenant in the U. S. Air Force. Outstanding graduates receive Regular commissions upon graduation.
The Mustangs, who won't be considered serious contenders in history. Their first well-rounded track team looks like the Mustangs will have a conference contender in the fall. In the fall, the Mustangs may have one of the many probable showings. In the win column should be the men's team, with George SicicK, former great first baseman for the Roosevelt State, and March Field. He's the sort of compliment that can handle it. Also on the ball team, Ralph Walker, former Dodger, and Ray Blades, famous Dodger ace, will be a vote for the fullyfare. It's gotta be brighter.

In baseball, the Mustangs will have a strong front wall, but a lack of speed in the back of the order. Others prognosticators have really been thumping the tube for the coming season. With the spring training season which is scheduled to take the field, the Mustangs are the best of the fall teams. By the end of the season, some of the basketball players who have been doing so well in the school academic program will have been called up from the service. The last step in the check out procedure is to receive your cash deposit from the cashier and leave a self-addressed envelope. If any checks, chocks, are to be sent on, the student must indicate otherwise at the time and place shown. "Green Thumb" Now Half Hour Program

The "Green Thumb" radio program, conducted by Horticulture Club President, McCrorv, has been shortened to a half hour show. KPFK station manager, G. Parker, announced. Formerly heard only 15 minutes weekly, the program is now 30 minutes, every Tuesday over 1010. Current agricultural and garden topics and special guest speakers are features of the student-run program, McCrorv said.

Producer Craig Wilson Speaks To Poultrymen

Craig Wilson, Antelope valley poultryman, was a visitor at the campus poultry plant on Tuesday, May 17. Speaking before the poultry club that evening, Wilson discussed the poultry enterprises which produce the special discount of 25 per cent on tama and bat- card, lubrication jobs and car washing will be extended to include the month of May and June, and are happy to announce that the special discount of 25 per cent on tires, lubrication jobs and car washing will be extended to include the month of May and June.
