Recreation Program for Clinic Coaches Proves Successful

By Erwin Welchel

The specially planned recreation program for the visiting coaches and their families has proved to be a real success, according to Bob Hunt, athletic director. He reports hearty approval from all concerned, and the hope that this program will be repeated in the future.

To those who don't know what is meant by the "Recreational program," explanation is in order. Realizing that the visiting coaches might like a little diversion in their busy schedules here, the Recreation Committee prepared a little booklet, listing the various recreational facilities in the vicinity.

In this pamphlet, there are suggestions on where to go for wining, golf, tennis, fishing, playing cards, bridge parties for the wives, and bowling. Detailed reports on facilities available, location and costs are also given.

In addition to the pamphlets, dances were planned, teas and bridge parties for the wives, and the college swimming pool was opened to the whole family every afternoon from 2 to 4 with a lifeguard on duty.

When we arrived at the place selected for the center of operations, we could see fires raging at a close distance in two directions. We soon began setting up Improvised light installations, we could see fires raging at a close distance in two directions. We soon began setting up Improvised light installations, and turned to the task at hand, to form a effective confederacy of firemen.

A truck of the Department of Agriculture was supposed to pick us up at 5 p.m. and after several delays, it finally arrived on the campus at 8 p.m. We headed north and soon arriving at Santa Maria River, turned east in a small town called Los Angeles. Then, through mountains, plains and hills, with the vegetation alternately thick and sparse, we were taken to the part of the forest where the fires were to be set up. All along the road, forestry officers had marked their cars, transmitting orders for food, fuel, and equipment.

When we arrived at the place selected for the center of operations, we could see fires raging at a close distance in two directions.

When the morning dawned, the entire area was bathed in a burning haze. The fire had now spread to the other side of the mountain, and we had to adopt a more active role in the battle against the flames.

There were three dances that night at Millersburg Junior High, featuring folk dancing. Two of these dances were held in the gymnasium and one in the auditorium. The number of students attending was overwhelming.

In Los Padres National Park, the Men's Cotter took part in the annual stock show at the California State Polytechnic College. The show was held on October 12, 1949.

Poly Students Fight Fire in Los Padres

By Erwin Welchel

Poly students responded to a call from the National Forest Service for firefighters and rangers, last Saturday, to the Los Padres National Park to help extinguish a large forest fire.

A truck of the Department of Agriculture was supposed to pick us up at 5 p.m. and after several delays, it finally arrived on the campus at 8 p.m. We headed north and soon arriving at Santa Maria River, turned east in a small town called Los Angeles. Then, through mountains, plains and hills, with the vegetation alternately thick and sparse, we were taken to the part of the forest where the fires were to be set up. All along the road, forestry officers had marked their cars, transmitting orders for food, fuel, and equipment.

When we arrived at the place selected for the center of operations, we could see fires raging at a close distance in two directions. We soon began setting up Improvised light installations, and turned to the task at hand, to form an effective confederacy of firemen.

When the morning dawned, the entire area was bathed in a burning haze. The fire had now spread to the other side of the mountain, and we had to adopt a more active role in the battle against the flames.

There were three dances that night at Millersburg Junior High, featuring folk dancing. Two of these dances were held in the gymnasium and one in the auditorium. The number of students attending was overwhelming.

George Dies

The student body has lost an old friend, but the idea of the campus isn’t to mourn the passing of George, the mascot. What we are interested in is the future, and here it doesn’t look too bright.

The dog was run over by a car driven at excessive speed in an area where many married students and their families reside. George was an old hand at dodging cars, and yet he wasn’t fast enough to miss this one.

It might just as easily have been the child of some family, an infant, but that was luck, and nothing more.

Lockers, Showers Installed Under Stadium Bleachers

The new shower and locker rooms at the Poly gymnasium will be completed and ready for use by the first home football game, it was announced recently by the Poly administration.

There will be two sections, each consisting of a shower and locker room. For the Poly athletic teams, the showers and lockers will be more than sufficient for the players. In addition to the shower and locker rooms, there will be two of each, women's and men's lavatories, placed conveniently by each exit in the stands.

The center of the structure is made up of office space, and a combined room will be for the Poly's airplane. This will be for the Poly's airplane, which will also be used for the Poly's airplane.

Veteran’s Agency Prepares forms For Tax Refund

Now is the time for all good veterans to file their tax returns with the Department of Veterans Affairs, as the deadline for receipt of tax returns is tomorrow, August 23.

Veterans’ applications for tax refunds should be filed with the nearest veterans’ affairs office in the country. Applications are accepted at any time throughout the year, but all applicants are encouraged to file their applications before the cut-off date.

The veterans’ affairs office will review the applications and determine the amount of the tax refund. If the application is approved, the veteran will receive a check for the amount of the refund.

Office Hours Changed at Veteran’s Administration

The office hours for the Heritage Hall Veterans Administration office have been changed due to a personnel shortage. The new office hours are 8:00 AM to 5:00 PM, Monday through Friday.

Teletype Receiver Placed In Office

A teletype machine has been placed in the Heritage Hall Veterans Administration office. The teletype machine will be used to transmit and receive messages

Charges Out At Milk Store

The Heritage Hall Veterans Administration office has placed a new teletype machine in the office to improve communication with other government agencies.

Tennis Tournament In Second Round

The tennis tournament, which started on Tuesday, August 2, finished the first round. The second round will begin on Wednesday, August 3. The tournament will be held on the outdoor courts at the Heritage Hall Veterans Administration office.

Navy Framework

The Navy framework is being used to build a new telephone system at the Heritage Hall Veterans Administration office. The framework will allow the office to increase its communication capacity with other government agencies.
