S.A.C. Hears Reports From Committee As Year's Work Begins

The Student Affairs Council met last Tuesday night for their first meeting of the year. The main purpose of the meeting was to hear reports from the General Manager of the 1947 Poly, Royal, and of the awards and constitution revision committees.

Milton Brown, Chairman of the 1947 Poly Royal, reported on the work done to date in preparation for the annual show. Mr. Brown stated that most of the work has been in the category of other public relations offices and he concluded that the committee would soon announce the procedures and distinction of this year's queen. He stated that the work done is in the line for the preparation of the program and they are still struggling with this problem, but we expect to have it worked out in the near future," he continued.

The report of the awards committee was read and after a good deal of discussion the majority was referred back to the committee for further study and action.

Mr. Brown introduced the constitution revision committee, Billie Teaves, secretary-treasurer, who had previously had his name approved. He stated that at the present time the committee would deal with that setting of the constitution.

It was announced at the S.A.C. meeting that all meetings covering students or faculty members, whether on or off campus, should be scheduled through D. McCourt's office. This move is necessary because of the many meetings between s.a. and between g.m.n.t.

'New Instructor Introduced at Crops Club Meet'

At a recent meeting of the Crops Club, head of the crops department, introduced Dr. Carter, a new soil scientist, who was invited to give a discussion on the subject of the faculty. Dr. Carter has been connected with the Soil Conservation Service and the Soil Conservation Service for eight years. Although Dr. Carter has been invited to give the problem to him for a possible solution, Paul Durringer expressed his opinion that some day a soils major might be added to the curriculum.

In compliance with a request by J. K. Stark, the Stockman faculty advisor, that every club should have a club reporter, John Columbus was nominated to fulfill the request.

Prompt Aid for Income Tax Time

With Guy Ferrell officiating, the Student Senate council members held a meeting last Wednesday to discuss the possibility of sponsoring a fund raising from the Fresh class.

Having only two officers and one executive member present, (Guy Ferrell, President and Stewart, Secretary), the question of the Fresh class coming to this council for aid was brought up and they are willing to help the Fresh class make their efforts.

Other matters discussed or retail mentioned are: attendance of the world Student service campaign, and a report on future assemblies.

'San Luis Obispo, Califorinia announced that a good deal of work that the next meeting of the committee will be tonight at 7 p.m. in Poly does not become a co-ed college anymore. They are concerned about the changes occurring in the plans for the barbecue."
