Position vacancies

Vacancy information and applications for the following positions are available from the appropriate Human Resources office. Vacancy information can also be accessed from the Cal Poly home page on the World Wide Web (address: www.calpoly.edu; click on “General Information”).

STATE (Adm. 110, ext. 6-2236 or job line at ext. 6-1533). Official application forms must be received by 4 p.m. on the closing date or be postmarked by the closing date (No fax).

Closing date: April 15

#87100: Clerical Assistant II, Career Services (Unit 77), $1,861-$2,195/mo., temporary to 6/30/99 with likely annual renewal.

FACULTY (Adm. 312, ext. 6-2844)

Candidates interested in faculty positions are asked to contact the appropriate department or office at the phone number listed for more information and an application. Please submit all application materials to the department head/chair unless otherwise specified. Rank and salary are commensurate with qualifications and experience, and the time base where applicable, unless otherwise stated.

Closing date: April 15

#83093: Lecturer (part-time), English Dept. (805/756-2596). Possible part-time vacancies during fall winter and/or spring quarters 1998/99 to teach composition, introductory technical writing, creative thinking (Master’s in English and successful college teaching required); lower division literature courses (Ph.D. normally required) or advanced technical writing (Ph.D. or A.B.D. with extensive experience in technical writing as well as technical and science writing required); computer desktop publishing familiarity and strong computer background also required). Apply to David Kimball, chair, English Department.

Closing date: April 17

#83062: Lecturer, Mathematics Dept. (805/756-2690). Possible part-time positions during the 1998-99 academic year teaching lower division mathematics courses. Requirements: Master’s degree in mathematics or related field, and successful college teaching preferred. Apply to Thomas E. Hale, chair, Mathematics Department.

#83094: Lecturer (part-time), University Center for Teacher Education (805/756-1251). Possible part-time positions during the 1998-99 academic year teaching courses in K-12. Requirements: Master’s degree in mathematics or related field, and successful college teaching preferred. Apply to Thomas E. Hale, chair, Mathematics Department.

Closing date: April 20

#83065: Lecturer Pool (part-time), Statistics Dept. (805/756-2709). Possible part-time positions during fall, winter, and/or spring quarters 1998/99 to teach lower division statistics courses. M.S. or Ph.D. in statistics or related field required. Preference given to candidates who have demonstrated excellence in teaching and/or industrial experience involving applied statistics. Apply to Robert Smidt, chair.

#83092: Lecturer Pool (part-time), Animal Science Dept. (805/756-2419). Possible part-time vacancies during fall, winter, and/or spring quarters 1998/99 to teach advanced news editing and reporting, TV and radio broadcasting, photojournalism, public relations, and advertising. B.A. in journalism or related field required. Master’s preferred. Extensive professional media experience essential. Previous college teaching required.

Closing date: April 30

#83091: Lecturers (full-time), City and Regional Planning Dept. One or more full-time positions for 1998-99 academic year with possibility of renewal. Assignments will be in community planning and/or planning analysis. Master’s degree and five years professional experience is required. Ph.D. or A.B.D. preferred. Apply to Search Committee, City and Regional Planning (e-mail: crp@calpoly.edu).

#83097: Lecturer (full-time), Landscape Architecture Dept. (805/756-2319). Fall 1998 full-time leave replacement for winter and spring quarters 1999/2000 to teach advanced landscape architecture courses (Ph.D. normally required); significant teaching and/or professional experience required. Master’s degree and five years professional experience is required; Ph.D. or A.B.D. preferred. Apply to Search Committee, Landscape Architecture.

Closing date: April 5

#83095: Tenure-Track Position, Global Strategy and Law Area, College of Business (805/756-5068). Law and public policy tenure-track position beginning fall 1998 or winter 1999 to teach international business law; business, government, and society; and business law. J.D. and strong academic record from AALS accredited law school; state bar membership; and research/publication record are required. Advanced degree or substantial graduate coursework in business, political science, international relations/area studies or international law also required. Teaching and legal experience desirable. Apply to Dan Benetto, College of Business (reference Recruitment Code #83095).

Closing date: May 5

#83096: Lecturer (full-time), Global Strategy and Law Area, College of Business (805/756-5068). Law and public policy lecturership position beginning fall 1998 or winter 1999 to teach international business law; business, government, and society; and business law. J.D. and strong academic record from AALS accredited law school and a state bar membership required. Advanced degree in business, political science, international relations/area studies or international law also required. Teaching and legal experience desirable. Apply to Dan Benetto, College of Business (reference Recruitment Code #83095).

Closing date: May 31

#83078: Assistant/Associate Professor, Environmental Bioengineering Program, Civil and Environmental Engineering Dept. (805/756-2947). Tenure-track position starting Sept. 1998 or Jan. 1999 in new interdisciplinary program in environmental bioengineering. Ph.D. required in environmental, biochemical, or chemical engineering. Ability to teach core environmental classes in the CEE curriculum, capability of establishing a strong research program, and ability to assist in developing the interdisciplinary bioengineering curriculum required. Preference given to individuals in the following areas: microbially mediated pollution prevention, biofilm engineering, ecological systems engineering, biochemical engineering and protein purification. Apply to chair of Bioengineering Search Committee, CEE Dept.

FOUNDAION (Foundation Adm., Building, job 19-04, Foundation Office, $3,327-$4,325/mo.)

#83091: Assistant Professor, Transportation Specialist, Applied Research and Development Facilities and Activities, $2,306-$2,986/mo.
The Cal Poly Plan was adopted by the university in 1996 to supplement state funding, which no longer covers the additional costs inherent in Cal Poly's heavily technical curriculum. Students began paying the new campus academic fee in the fall of 1996. They voted last spring not to increase the special fee, while at the same time endorsing the plan's goals.

The complete mid-year state report is available on the World Wide Web through the Cal Poly Plan link on the university's home page at calpoly.edu. For a copy of the report or other information, call Bonnie Knopp in the Institutional Planning and Analysis office at ext. 6-5406.

### Business student is outstanding employee

A business administration senior cited for his teamwork, organizational skills and follow-through has been named Cal Poly's 1997-98 Outstanding Student Employee of the Year.

Guillermo Leiva was unanimously selected from a field of 20 nominees. For 2 1/2 years, Leiva has worked in the Administration Department for the city of Pismo Beach, where he learned the basics of the Finance and Public Services departments' operations. He installed computer hardware and software served as an instructor, and worked on special projects for the city manager.

In nominating him, city secretary Terry Young said he was impressed with his ability to comprehend, take charge, and get the job done.

This past year, Leiva gathered information and produced charts and graphics for the city's budget document, which has become a permanent public document.

Young was also struck by his commitment, integrity, timeliness, humor, and "genuine desire to make the world a better place for himself as well as others."

Leiva has been recommended to the regional competition, sponsored by the Western Association of Student Employment Administrators. He and other Cal Poly student employees will be recognized Thursday, April 9, at a reception in their honor. (See related article below)

### Prize-winning poet to read April 9

Shirley Geok-lin Lim, prize-winning poet, fiction writer, critic and scholar, will read and talk on "Women Making Homelands" from 3:30 to 4:30 p.m. Thursday, April 9, in the Erhart Agricultural Building, Room 211.

Lim was available for a book signing from 1:30 to 3 p.m. at the university's El Corral Bookstore.

Lim, professor of English and women's studies at UCSC, will read from her new manuscript of poems, "What the Fortune Teller Didn't Say," and from her memoir, "Among the White Moon Faces," which was recently released by Feminist Press.

Her reading and discussion will cover:
- the significance of the subject of "homelands" for U.S. women of color, and particularly for Asian American women;
- the notion of family, ancestors and extended community; and
- perspectives on the lives and history of Chinese women and the relationships in Asian and Asian American communities.

A business administration senior cited for his teamwork, organizational skills and follow-through has been named Cal Poly's 1997-98 Outstanding Student Employee of the Year.

Young was also struck by his commitment, integrity, timeliness, humor, and "genuine desire to make the world a better place for himself as well as others."

Leiva has been recommended to the regional competition, sponsored by the Western Association of Student Employment Administrators. He and other Cal Poly student employees will be recognized Thursday, April 9, at a reception in their honor. (See related article below)

### Committee formed to regulate animal treatment

Proposals involving the use of animals should be submitted to the Institutional Animal Care and Use Committee, which reviews such projects to ensure the animals are treated humanely and that procedures comply with the increasingly demanding regulations, policies and standards imposed by funding and regulatory agencies.

All ongoing or proposed projects using animals are used in teaching or research must be reviewed by the committee. Send proposals to the Research and Graduate Programs Office.

Guidelines and protocol forms can be obtained from Research and Graduate Programs office.

### Cal Poly to recognize student employees

A reception to recognize Cal Poly's outstanding student employees is planned from 11 a.m. to noon Thursday, April 9, in the UU Galerie.

The event is being held in conjunction with National Student Employee Week, April 5-11.

President Baker will present awards to the top three employees.

Faculty and staff are invited to attend and meet the winners and other student employees who were recommended for the award.

### Cat program to hold raffle

Raffle tickets in support of the Cat Program will be sold during April.

For $1, employees and students can buy a chance at winning a basket filled with popcorn, candy, cookies and more. Tickets, brunch for two at the Crystal Rose Inn, and tickets to the BBC Television's "Young Musician of the Year" competition, sponsored by the Western Association of Student Employment Administrators. He and other Cal Poly student employees will be recognized Thursday, April 9, at a reception in their honor. (See related article below)

Academic Senate members elected for 1998-99

Elections to the Academic Senate have been completed. The following individuals make up the Academic Senate membership for 1998-1999:

[Names shown in bold indicate newly elected members]

COLLEGE OF AGRICULTURE (7 representatives)

- Brown, Wyatt
- Harrings, David
- Harris, John
- Lord, Sarah
- O’Keefe, Tim
- Stokes, Clint
- 1 Vacancy

COLLEGE OF ARCHITECTURE AND ENVIRONMENTAL DESIGN (6 representatives)

- Borland, Jim
- Botwin, Mike
- Clay, Gary
- Dubbink, David
- 2 Vacancies

COLLEGE OF BUSINESS (5 representatives)

- Armstrong, Mary Beth
- Bertozzi, Dan
- Lahbard, Lezlie
- Li, Eldon
- Swartz, Terri

COLLEGE OF ENGINEERING (7 representatives)

- Agbo, Sam (1998-99 AY)
- Brown, Ron
- Cummings, Russ
- Harris, James
- Jacobson, Ralph
- LoCascio, James
- Morrobel-Sosa, Andy (1999-2000 AY)
- Yang, Tao

COLLEGE OF LIBERAL ARTS (9 representatives)

- Bergman, Sky
- Coleman, Jim
- Ewude, Simon
- Fechter, Phil
- McLamore, Alyson
- Rubba, John
- Schild, Tal
- Valencia-Laver, Debra
- Yang, Phil

COLLEGE OF SCIENCE AND MATHEMATICS (8 representatives)

- Brown, Ron
- Hoar, Myron
- Jao, Ralph
- Mariner, John
- Rogers, John
- Walters, Dirk
- 2 Vacancies

$700,000 from Trimble Navigation Ltd. and start-up, maintenance and training for that equipment from Panamtic Facility Automation.

Learn at Lunch series to continue in spring

The new tax relief act and improving communication between couples are just two of the subjects to be explored during the Spring Quarter Learn-at-Lunch series, sponsored by the Employee Assistance Program.

OpenTime reference manual on sale at El Corral

The 100-plus-page OpenTime Reference Manual is printed and on sale at El Corral Bookstore. The manual is bound in 3-hole-punched 8 1/2" by 11" paper and sells for $6.50. It is the reference manual developed by the OpenTime vendor, CSU, for OpenTime version 3.4.0.

Library offers Lexis/Nexis, Web workshops

The Kennedy Library is again offering a range of classes designed to address the information needs of faculty, staff and students. For a full schedule of times and dates visit the library’s Web site at www.lib.calpoly.edu (click on Internet Workshops) or contact the Reference Department at ext. 6-2649.

- Lexis/Nexis - Introduction to Search
- Advanced Web Searching: Experience with a Web browser is required. Learn how to mail a document, basic bookmark management, basic search techniques, and how to evaluate and cite Web resources. Investigate interesting Web sites.

Educating engineers: topics of night talk

Frank L. Huband, executive director of the American Society for Engineering Education (ASEE) in Washington, D.C., will give the keynote address at the Cal Poly College of Engineering’s annual Awards Banquet on Friday, April 17. Huband will speak on educating engineers for the 21st century.

“The Tradition of Excellence” is this year’s theme. All Cal Poly students are invited to attend.

The event will honor outstanding faculty and staff. Outstanding seniors will be recognized.

Awards will be recognized for their support of the college.

Tickets to the banquet are $10. To order, call Leslie McKenney at ext. 6-4600.

How’s here to reach us

The Cal Poly Report is published by the Communications Office every Wednesday during the academic year.

Items submitted by 10 am Thursday will appear in the following Wednesday’s edition.

For information, call ext. 6-1511, or e-mail articles, suggestions, and questions to polynews@poly.edu. Items can also be faxed to ext. 6-6533.
Joyce Bishop, psychology professor from Golden West College in Huntington Beach, will hold a videoconference on "Multiple Intelligences" from 9 a.m. to noon, Friday, April 3, in the Educational Building, Room 26.

Bishop will describe the theory of multiple intelligences and provide research that can be used in the classroom. She will show the connection "between teaching styles and the instructor's multiple intelligences" and will conclude the telecast by giving specific strategies on how to accommodate different learners in the classroom.

Bishop has taught for more than 20 years. For the past five years she has been voted "favored teacher" by the student body and Honor Society at Golden West Colleges, where she has taught since 1986.

She has developed workshops and trained faculty in "cooperative learning," active learning, multiple intelligences, workplace relevance, learning styles, and team building. She is the co-author of "Keys to Effective Learning."

Those who plan to attend are asked to reserve a seat. To do so, call Janice Engle, Faculty Instructional Development office, ext. 6-5935.

Swing dance tops Rec Sports offerings

New classes in swing dancing — one for beginners, one for advanced. Recreational Sports' fitness and instructional classes for spring quarter. Other offerings are yoga, aquatic yoga, senior yoga, massage, self-defense/escrima, tennis 900 do, shorty-ryu karate, water workout, and adult swimming.

For more information, call Rec Sports at ext. 6-1366.

Your recipes needed for Cal Poly cookbook

Your favorite recipes are needed for the "Cal Poly Employees' Favorite Recipes Cookbook," Vol. II. The book will include more than 200 recipes submitted by faculty, staff and students. Proceeds from sales of the cookbook will help support the Annual Holiday and Service Awards luncheon.

For more information, contact Jeannine Jacobson, Payroll Service, at ext. 6-5862, or e-mail her.

Get facts about CETI

The campus is urged to get informed about the California Educational Technology Initiative (CETI), a planned partnership between the CSU and four technology firms to create, improve, and continually update communication technology throughout the system. Faculty, staff, and student opinions are solicited and should be forwarded to Jerry Hanley, vice provost, Information Technology Services (ext. 6-5666 or e-mail [hanley]). Canfitte information is on the CETI home page: http:// ceti.calstate.edu.

Cooperative learning topic of seminar

Spencer Kagan, internationally known researcher, trainer and author, will present a workshop on "New Cooperative Learning for Every Classroom" on Monday, April 20, in the Education Building, Room 126 and 127. The two-hour workshop will be held from 9 to 11 a.m. and again from 1 to 3 p.m.

That same day, Kagan will analyze two different theories of what makes people smart and how they learn in a 7 p.m. lecture in the Performing Arts Center's Philips Auditorium. In both daytime workshops Kagan will use his book and four basic splits of "cooperative learning," which has resulted in increased academic achievement, increased liking for class and subject matter, better peer evaluations, and improved social skills and relations among students.

Cooperative learning — which differs from group work — refers to a broad range of teaching methods in which students work together on a common task or problem. More than 1,000 studies had indicated the method has a positive effect on learning.

Kagan, whose methods are used by teachers worldwide, will talk about cooperative learning strategies and how to apply them to any lesson or lecture.

Some direct-dial access to 900, 976 to be limited

Beginning April 6, direct-dial access to 900 and 976 numbers will only be allowed to (900) 505-xxxx, (900) 844-xxxx, and Cal Poly "registered" 900 and 976 numbers. This change is required because 900 and 976 services do not provide accurate billing information. This policy will not affect callers who use caller-identifiers or caller-id numbers to verify the calling phone number(s) before forwarding the following information: name, department number, extension that will normally be used to place the 900/976 call, the 900/976 number(s), and the 900/976 provider service.

To send the information via e-mail to bussutil@calpoly.edu, or fax it to ext. 6-7679.

Clarification

The projection that this summer's enrollment will be 9,000 or more was erroneously attributed in the March 18 Cal Poly Report to the Admissions office. The projection comes from the Institutional Planning and Analysis office.

Address: Yes.

Section 504 and the Americans with Disabilities Act (ADA) call for modification of evaluation methods so that the assessment does not discriminate against a student with a sensory, manual or speaking impairment based on that student's disability. There may be an exception when the purpose of the test is to measure such skills (Jarrow, 1991). Q

SIS+ training session offered spring quarter

A Student Information System Plus (SIS+) training class for new users will be offered from 1:30 to 3 p.m. Thursday, April 9, in Chase Hall, Room 104.

Employees need to complete a training session before they can receive an SIS+ account and access the student database.

Participants should bring an Account Request — available on OpenMail under Bulletin Area — to the session.

To reserve a space, call Betty Sawyer at ext. 6-1344 or e-mail her.

"ADA Quiz" results on Web

Here are more questions and correct answers to the "ADA (Americans with Disability Act) Quiz" that was distributed to faculty and staff fall quarter by the Disability Resource Center. The information is also posted at www.sac.calpoly.edu/doc.

Other questions and answers will appear in upcoming issues of the Cal Poly Report. Comments and questions are welcome at ext. 6-1395.

Question 9: An instructor who decides that a student with a documented learning disability does not need extended time on a test may choose not to give this accommodation.

Question 10: The form of an exam must be altered if the testing procedure puts a student with a disability at a disadvantage.

Question 11: A student with a speech disorder must be given an alternate assignment to present an oral report.

Question 12: A student with a learning disability may choose not to give this accommodation.

Some Direct Dial Access to 900, 976 to be Limited

Beginning April 6, direct-dial access to 900 and 976 numbers will only be allowed to (900) 505-xxxx, (900) 844-xxxx, and Cal Poly "registered" 900 and 976 numbers. This change is required because 900 and 976 services do not provide accurate billing information. This policy will not affect callers who use caller-identifiers or caller-id numbers to verify the calling phone number(s) before forwarding the following information: name, department number, extension that will normally be used to place the 900/976 call, the 900/976 number(s), and the 900/976 provider service.

Swing dance tops Rec Sports offerings

New classes in swing dancing — one for beginners and one for advanced dancers. "Recreational Sports" fitness and instructional classes for swing quarter. Other offerings are yoga, Pilates, ultimate yoga, massage, self-defense skills, tennis 900 do, short-run 5K, water workout, and adult swimming.

For more information, call Rec Sports at ext. 6-1366.

Your recipes needed for Cal Poly cookbook

Your favorite recipes are needed for the "Cal Poly Employees' Favorite Recipes C=cookbook, Vol II." The book will include more than 200 recipes submitted by faculty, staff and students. Proceeds from sales of the cookbook will help support the Annual Holiday and Service Awards luncheons.

For more information, contact Jeanine Jacobson, Payroll Service, at ext. 56820 or e-mail her.

'Cooperative learning' topic of seminar

Spencer Kagan, internationally known researcher, trainer and author, will present a workshop on "New Cooperative Learning for Every Classroom" on Monday, April 20, in the Education Building, Room 126 and 127. The two-hour workshop will be held from 9 to 11 am and again from 1 to 3 pm.

That same day, Kagan will analyze two different theories of what makes people smart and how they learn in a 7 pm lecture in the Performing Arts Center's Philip Hall.

In both daytime workshops Kagan will use about four basic building blocks of "cooperative learning," which has resulted in increased achievement, increased liking for class and subject matter, better peer evaluations, and improved social skills and relations among students.

Cooperative learning — which differs from group work — refers to broad range of teaching methods in which students work together on a common task or problem. More than 1,000 studies have indicated the method has a positive effect on learning. Kagan, whose methods are used by teachers worldwide, will talk about cooperative learning strategies and how to apply them to any lesson or lecture.

Space for the workshop is limited and reservations are needed. Call Janice Engle, ext. 6-9593, to reserve a space at either session. Refreshments will be served.

'Cooperative learning' is the title of Kagan's evening talk, in which he will discuss the multiple intelligences theory and multiplicity theory — two theories that Kagan says are benefiting educational theory and practice. But, he adds, "multiple intelligences theory, which postulates eight ways to be smart, doesn't mesh with brain research."

He says multiplicity theory, which does jibe with what science is learning about the brain, is having an even more positive effect on education.

Kagan earned a Ph.D. in clinical psychology and taught for 17 years. In 1990 he established Kagan Cooperative Learning, the world's largest distributor of cooperative learning workshops, transitives, books and teaching resources.

The presentation is part of the Psychology and Human Development Department Speaker Series. For more information, call Engle in the Faculty Instructional Development Office at ext. 6-9593.

SIS+ training session offered spring quarter

A Student Information System Plus (SIS+) training session for new students will be offered from 1:30 to 3 pm Thursday, April 9, in Chase Hall, Room 104.

Employees need to complete a training session before they can receive a SIS+ account and access the student database.

Participants should bring an Account Request — available on OpenMail under Bulletin Area — to the session.

To reserve a space, call Betty Sawyer at ext. 6-1344 or e-mail her.

'ADA Quiz' results on Web

Here are more questions and correct answers to the "ADA (Americans with Disability Act) Quiz" that was distributed to faculty and staff fall quarter by the Disability Resource Center. The information is also posted at www.sas.calpoly.edu/loc.

Questions and answers will appear in upcoming issues of the Cal Poly Report. Comments and questions are welcome at ext. 6-1395.

Question 9:
An instructor who decides that a student with a documented learning disability does not need extended time on a test may choose not to give this accommodation.

Question 10:
The form of an exam must be altered if the testing procedure puts a student with a disability at a disadvantage based on the student's documented disability.

Question 11:
A student with a speech disorder must be given an alternate assignment to present an oral report.

Question 12:
Under Section 504 of the Rehabilitation Act (1973), the institution must accommodate programs in such a way that students with disabilities are not excluded on the basis of their disability. The institution must make modifications to academic requirements to ensure that they do not have the effect of discriminating against a student solely on the basis of disability.
Learn at Lunch series to continue in spring

The net tax relief act and improving communication between couples are just two of the subjects to be explored during the Spring Quarter Learn-at-Lunch series, sponsored by the Employee Assistance Program.

OpenTime reference manual on sale at El Corral

The 100-plus-page OpenTime Reference Manual is printed and on sale at El Corral Bookstore. The manual is bound in 3-hole-punched 8 1/2" by 11" paper and sells for $6.50. It is the reference manual developed by the OpenTime vendor, CS&T, for OpenTime version 3.4.

The Cal Poly Plan was adopted by the university in 1996 to supplement state funding, which no longer covers the additional costs inherent in Cal Poly's heavily technical curriculum. Students began paying the new campus academic fee in the fall of 1996. They voted last spring not to increase the special fee, while at the same time endorsing the plan's goals.

The complete mid-year status report is available on the World Wide Web through the Cal Poly Plan link on the university's home page at calpoly.edu. For a copy of the report or other information, call Bonnie Krupp in the Institutional Planning and Analysis office at ext. 6-5406.

Prize-winning poet to read April 9

Shirley Geok-lin Lim, prize-winning poet, fiction writer, critic and scholar, will read and talk on "Women Making Homeslnd" from 3:30 to 4:30 p.m. Thursday, April 9, in the Erhart Agricultural Building, Room 211.

Lim will be available for a book signing from 1:30 to 3 p.m. at the university's El Corral Bookstore.

Lim, professor of English and women's studies at UCSC, will read from her new manuscript of poems, "What the Fortune Teller Didn't Say," and from her memoir, "Among the White Moon Faces," which was recently released by Feminist Press.

Her reading and talk will cover:
• the significance of the subject of "homeslnd" for U.S. women of color, and particularly for Asian American women
• the notion of family, ancestors and extended communities
• perspectives on the lives and histories of Chinese women and the relationships in Asian and Asian American communities, especially between mothers and daughters and women and men
• an Asian American immigrant experience

Lim received the American Book Award (1990) for co-editing "The Forbidden Stitch: An Asian American Women's Anthology." Lim has taught at several universities and directed the Asian Studies Program at the University of California, Davis. She has recently moved to Seattle, Washington.

ASI director finalists to give presentations

The campus community is invited to attend presentations by the finalists for the position of ASI executive director scheduled during April and May.

Sonia R. Lilly, interim ASI executive director, Tuesday, April 7.

Richard Ryther, interim assistant vice president for student services and executive director, MCC Association Inc., Monroe Community College, New York, Thursday, April 9.

Paul Simon, former executive director of Queens College Student Services Corp., New York, Thursday, April 30.

Denise Hopkins, administrative director ASI, CSU Stanislaus, Monday, May 4. All presentations will be from 1:30 to 2:30 p.m. in the Stuffy Dining Room.

...Cal Poly Plan

(Continued from page 1)

year's money. Institutional Planning and Analysis has compiled a status report itemizing what effect the plan has on this year.

In listing the 16 new faculty positions — filled, incidentally, by 11 women and five men — Dooley and Page report details what the new professors are giving students for their money. They're not only making presentations, and programs, and other innovations, but also bringing fresh perspectives and innovations in teaching.

New natural resources management professor Samantha Gill, for example, brings the latest information on biometrics and has made it possible for the department to add sections of such courses at one on "GIS" — geographic information systems.

Accounting professor Kathryn Lancaster brings experience as a manage­ment accountant to classroom and team-building, "cross-functional thinking" and decision-making.

Assistant professor Susan Elrod to the biological sciences faculty has made it possible for the department to offer a class in industrial microbiology, a course essential for training in several areas of biotechnology.

The arrival of talented jazz musician and teacher Paul Ritzer is re-establishing a Cal Poly jazz tradition.

But the report also details progress in another major Cal Poly Plan area: special projects. About $732,000 of 23 percent of the total campus fee spending spent this year on 15 projects involving information technology, curriculum changes, special projects and personnel. Eleven of the 15 are continuing programs begun last year in the Cal Poly Plan's first year.

One of the new projects is a $75,000 upgrade for the computer lab that's proved so popular that administrators are looking for students who used to struggle with it. The lab's 65 workstations have been converted from a Macintosh to a Windows system to take advantage of developments unavailable through the old format. This quarter the lab's proven techniques will be used to teach English well.

The third piece of the plan funding pie — fairly evenly split — goes toward financial aid for students who need it to balance the higher fee. That portion is $81,000 this year.

Business student is outstanding employee

A business administration senior cited for his teamwork, organizational skills and follow-through has been named Cal Poly's 1997-98 Outstanding Student Employee of the Year.

Guillermo Leiva was unanimously selected from a field of 20 nominees. For 2 1/2 years, Leiva has worked in the Administration Department for the city of Paso Robles, where he learned the basics of the Finance and Public Services departments' operations. He installed computer hardware and software, served as an instructor, and worked on special projects for the city manager.

In nominating him, city secretary Lori Young said she was impressed with his ability to comprehend, take charge, and get the job done.

This past year, Leiva gathered information and produced charts and graphics for the city's budget document, which has become a permanent public document.

Young was also struck by his commitment, integrity, good humor, and "genuine desire to make the world a better place for himself as well as others.

Leiva was recently named to the regional competition, sponsored by the Western Association of Student Employment Administrators. He and other Cal Poly student employees will be recognized Thursday, April 9, at a reception in their honor.

(See related article below.)

Cal Poly to recognize student employees

A reception to recognize Cal Poly's outstanding student employees is planned from 11 a.m. to noon Thursday, April 16, in the UU Galerie.

The event is being held in conjunction with National Student Employee Week, April 5-11.

President Baker will present awards to the top three employees.

Faculty and staff are invited to attend and meet the winners and other student employees who were recommended for the award.

Committee formed to regulate animal treatment

Proposals involving the use of animals should be submitted to the Institutional Animal Care and Use Committee, which reviews such proposals to ensure the animals are treated humanely and that procedures comply with the increasingly demanding regulations, policies and standards imposed by funding and regulatory agencies.

All ongoing or proposed projects or activities in which animals are used in teaching or research must be reviewed by the committee. Send proposals to the Institutional Animal Care and Use Committee, Room 210, UU Galerie.

Committee members are appointed by President Baker.

Raffle tickets in support of the Cat Program will be sold during April.

For $1, employees and students can buy a chance to win a basket filled with popcorn, candy and cookies, men's and women's t-shirts, brunch for two at the Red Rose Inn, and sculptures donated by artists such as Jerry Belcher. Tickets are available on the Cal Poly campus.

The drawing will be at noon Friday, May 1.

Jonathan Leathwood to give guitar master class

Nominated guitarist Jonathan Leathwood will hold a free guitar master class from 1:10 p.m. to 3 p.m. Thursday, April 16, in Room 217, UU Galerie.

Leathwood, born in 1970 in England, made his London debut in 1988 at the Queen Elizabeth Hall. That same year he was a prize winner in the BBC Television's "Young Musician of the Year" competition, becoming only the second guitarist ever to receive such an honor.

He graduated from King's College in London in 1991 and has taught composition there since 1995.

Leathwood's performances have ranged from the classics to works by Andalusian composer Maurice Haughe.

Leathwood's master class is intended for Cal Poly music students but others are welcome to observe. The class is sponsored by the Music Department and College of Liberal Arts. For more information, call the Music Department at ext. 6-2406.
Position vacancies

Vacancy information and applications for the following positions are available from the appropriate Human Resources office. Vacancy information can also be accessed from the Cal Poly home page on the World Wide Web (address: www. calpoly.edu; click on "General Information").

STATE (Adm. 110, ext. 6-2236 or job line at ext. 6-1533). Official application forms must be received by 4 pm on the closing date or postmarked by the closing date (No faxes)

Closing date: April 15
#87100: Clerical Assistant II, Career Services (Unit 7F), $1,861-$2,195/mo., temporary to 6/30/99 with likely annual renewal.

FACULTY (Adm. 312, ext. 6-2844). Candidates interested in faculty positions are asked to contact the appropriate department office at the phone number listed for more information and an application. Please submit all application materials to the department head/chair unless otherwise specified. Rank and salary are commensurate with qualifications and experience, and the time base is applicable, unless otherwise stated.

Closing date: April 15
#83083: Lecturer (part-time), English Dept. (805/575-2596). Possible part-time vacancies during fall, winter and/or spring quarters 1998/99 to teach composition, introductory technical writing, creative writing (Master's in English and successful college teaching required); lower division literature courses (Ph.D. normally required); or advanced technical writing (Ph.D. or ABD with extensive experience in technical writing as well as required teaching experience; Ph.D. or ABD preferred; require classroom experience essential. Previous college teaching required. Closing date: April 30
#83097: Lecturer (full-time), Landscape Architecture Dept. (805/575-1219). Full-time leave replacement for winter and spring quarters 1999/2000 beginning 1/4/99 (salary range $31,884-$51,528/year). Must have a master's degree with at least one degree in landscape architecture, and significant teaching/practice experience. Identify and submit evidence is at least two of the following subject areas in which you have had significant teaching experience: a) jewelry making; b) computer graphics; c) materials selection; d) garden design; e) landscape architecture practice project design; f) computer applications (arciview); g) site construction; h) site analysis. Apply to Search Committee, Landscape Architecture Dept.
#83098: Lecturer (part-time), Landscape Architecture Dept. (805/575-1319). Possible part-time positions during the fall, winter and/or spring quarters 1998/99 to teach a variety of courses or supervise M.S. in Education or related field preferred. Call the UCTE recruitment line (805/ 575-1251) to request an appointment.

Closing date: April 20
#83065: Lecturer Pool (part-time), Statistics Dept. (805/575-2709). Possible part-time positions during fall, winter and/or spring quarters 1998/99 to teach lower division statistics courses. M.S. or Ph.D. in statistics or related field required. Preference given to candidates who have demonstrated excellence in teaching and/or industrial experience involving applied statistics. Apply to Ria Holland, chair.
#83092: Lecturer Pool (part-time), Animal Science Dept. (805/575-2419). Possible part-time vacancies during fall, winter and/or spring quarters 1998/99 to teach the specialties of beef, swine, equine management, feeds and animal nutrition, poultry, and veterinary science. M.S. in animal science or related discipline preferred, or B.S. with considerable experience required.

Closing date: April 28, 1998
#83097: Lecturer Pool (part-time), Journalism Dept. (805/575-2208). Possible part-time vacancies during fall, winter and/or spring quarters 1998/99 to teach advanced news writing including editing, reporting, news media, public relations, and advertising. B.A. in journalism or related field required. Master's preferred. Extensive professional media experience essential. Previous college teaching required.

Closing date: April 30
#83090: Full-time Faculty, School of Law, Department of Public Policy, Global Strategy and Law Area, College of Business (805/575-1968). A full-time position is available beginning in spring quarter 1998/99 to teach international business law, business government, and society; and business law. J.D. and advanced degree in AALS-accredited law school; state bar membership; and research/publication record are required. Advanced degree or substantial graduate coursework in business, political science, international relations/area studies or international law also required. Teaching and legal experience desirable. Apply to Dan Bertolino, College of Business (reference Recruitment Code #83095).

#83096: Lecturer (full-time), Global Strategy and Law Area, College of Business (805/575-2668). Law and public policy leadership position beginning fall 1998 or winter 1999 to teach international business law; business, government, and society; and business law. J.D. and advanced degree from AALS-accredited law school; state bar membership required. Advanced degree in business, political science, international relations/area studies or international law also required. Teaching and legal experience desirable. Apply to Dan Bertolino, College of Business (reference Recruitment Code #83095).

DATELINE

Because the Cal Poly Plan has given the university 16 new professors, it's easier for students to get some of those hard-to-get classes, and the university is offering classes that weren't possible before.

The student-funded teachers are helping clear bottlenecks in the curriculum, and, from technical electives in artificial intelligence to multimedia software and a jazz revival, they're adding new dimensions to the school's course offerings.

When the university first put the much-discussed Cal Poly Plan into practice, it made a commitment to increasing students' access to the classes they need. Adding teachers was the most effective way to do that, and this year more than 40 percent of plan revenue is going to that.

Next year $1,065 — more than 45 percent of the $2.35 million brought in by the $135 "campus academic fee" that each student pays annually under the plan — will go toward faculty positions.

As Cal Poly completes its second quarter with the new teaching positions and prepares to decide how best to use the plan revenue for future years, the university plans to put the project, funded at $8.6 million, out for bids soon so construction can begin on the 936-space parking structure planned next to the Performing Arts Center and Mott Gym.

In signing off on the study March 18, the board allowed Cal Poly to proceed with construction. The university plans to put the project, estimated at $6.8 million, out for bids soon so construction can begin in early July.

The structure could be ready for use by July 1999, providing parking for visitors attending campus events as well as for the faculty, staff and students.

The four-level structure is to be built on the site of the six tennis courts closest to the Performing Arts Center. Vehicles will enter and exit via Grand Avenue.
