PERS Board election deadline approaching

The California Public Employees' Retirement System (CalPERS) will conduct an election in October and November for a state member representative on the CalPERS Board of Administration. Nominations must be received by 5 pm on the last day of the term. Closing dates for applications can be found on the CalPERS website or by calling 800/232-6580. For more information, contact Deby Ryan at ext. 6-8606.

Library appoints assistant dean

Navjit Brar, known for her leadership in building collaborations and partnerships in resource sharing and document delivery, has been appointed assistant dean for access and bibliographic services at the Kennedy Library.

Brar served as assistant director of access, periodicals and business services at the College of New Jersey and was head of Document Delivery Services at Michigan State University Libraries.

Comments sought on 'event parking'

Public Safety wants your comments on 'event parking.'

The deadline is June 15 to express your opinion on the system begun last September for reserved parking for major events at the Performing Arts Center, Mott Gym, and elsewhere on campus.

New parking management procedures were put into effect to ensure that patrons of the arts, athletics and other events don't have to hunt for a parking space.

University employees as well as patrons pay $2 to use the special parking areas.

The fee was designed to defray the cost of setting up and monitoring the lots. Comments can be mailed to Public Safety Services, Attn: Programs Administrator.

City construction info now available on Web

Facilities Planning and Facility Services have developed a Web page where faculty and staff can learn the status of current and future construction projects.

For on-line access, visit the following pages:

www.facuity.calpoly.edu/fpdb/fpdb.htm, or from the Cal Poly home page click on Administration, then on Construction Planning, then on Construction Projects.

This Web site will be improved and updated regularly.

Don't have a computer handy? No problem. Dial ext. 6-6608 to reach the Project Information Hot Line recording. Information will be updated as needed on specific projects.

Send e-mail requests to facplan@polymail.calpoly.edu. All messages will be answered.

Staff Council committee wins Diversity Award

The Staff Council Diversity Committee has received the 1998 President's Diversity Award for the second consecutive year, following the unanimous recommendation of the diversity selection committee.

William Bailey, chair of the selection committee, said that "the commitment and leadership that Staff Council continues to demonstrate in support of multiculturalism and a diverse campus climate is outstanding and worthy of recognition."

The Staff Council committee, co-chaired by Bonnie Krupp and Gail Simmons, has sponsored a wide variety of events, including a workshop designed to increase participants' awareness of cultural values. The group also sponsored a workshop—an "experiment in discrimination"—that was designed to aggressively challenge notions of prejudice and discrimination.

The committee has also written a "Staff Council Diversity Statement," which is being promoted campuswide. In announcing the award, President Baker applauded the Staff Council Cultural Awareness Committee for its unflagging dedication to cultural diversity.

"At a time when it is easy to become discouraged," Baker said, "the Staff Council Cultural Awareness Committee continues to work hard to enlarge our understanding and appreciation of the importance of cultural diversity.

"It is through the vision and selfless efforts of individuals and groups like the Cultural Awareness Committee that we will continue to make progress toward a campus and a society in which the value of cultural diversity is recognized and celebrated," Baker said.

Krupp, of Institutional Planning and Analysis, said, "I'm really proud to be associated with this committee. The events that we've sponsored this year and the Staff Council Diversity Statement didn't happen by magic. People are committed."

Simmons, in Agricultural Education and Communication, said, "This committee has worked very hard to promote diversity at Cal Poly. I'm very proud of this effort."

Construction on pipeline to begin late May

Construction is scheduled to begin at the end of May on a water transmission pipeline that runs through campus along California Boulevard, up Mt. Bishop Road and along Stenner Creek Road.

The City of San Luis Obispo operates the pipeline, which delivers water from the City's Stenner Canyon Reservoir to customers at the university and in the downtown area. The pipeline has provided service for more than 40 years, and it is now essential the city replace it.

Open forum to explore Foundation operations

The Academic Senate Budget and Long Range Planning Committee will hold an open forum on Thursday, May 21, with Foundation executives Al Amoral and Robert Griffin to learn more about that unit's operations and policies. Faculty and staff are invited to the forum, scheduled from 3 to 5 pm in Room 231 in the Erhart Agricultural Building.

For more information, call e-mail Myron Hood, ext. 6-2532 or mhood@calpoly.edu. I
**Two students win firsts in CSU research contest**

A Cal Poly engineering graduate student and a physics senior won cash prizes and took top honors at the CSU Student Research Competition.

Approximately 200 students from 22 campuses submitted their papers and made oral presentations to experts from major California corporations, foundations, public agencies, and universities.

Rick Burner took first in the graduate-level engineering and computer science category with his project in mechanical engineering titled, "Investigation of Ten Degree Axissymmetric Thrust Vectored Nozzles: Exhaust Plasma Angles for the F-15."

Dustin Froula won first place in the undergraduate category for his research on mathematical sciences category for his physics research project, "Ultra Fast Diagnostics of Sonoluminescence."

Other Cal Poly students in the year's competition at Chico State were Frank Barton, an ag student; Andie Bienvenu, ag student; Matthew Jones, civil engineering senior; Michael Pausch, mechanical engineering; John Lambros, math senior; Devon Marks, physical education graduate student; and Elizabeth Brunner, English graduate student.

**Open enrollment period for disability insurance**

From May 18 through May 22, Cal Poly employees can enroll in disability insurance. Coverage begins at 6 pm Saturday, May 30, in Chumash Auditorium.

A lavish dinner and buffet dinner, wine and truffles, plus live and silent auctions are all planned as part of the evening's entertainment.

To add to the fun, guests are encouraged to dress up as their favorite star or character as decorations for its annual Art$alute fund-raiser. The theme is Hollywood and the xovies. If you have such items, please call Cal Poly Arts at ext. 6-6555.

**Rec Sports offers new ‘Power Pacing’ class**

Rec Sports is offering classes in "power pacing," a group exercise using stations. The classes are led by two instructors who guide the class through short drills and muscle "retraining." Each class is 1 hour.

Because individuals control the intensity of their workout, power pacing is suitable for all fitness levels.

Classes are offered Monday through Friday at 11 am and Monday through Thursday at 6 pm. Members try to submit the revised fliers for printing before Aug. 1.

Please read on.
Two students win first in CSU research contest

A Cal Poly engineering graduate student and a physics senior won cash prizes and took part in the 18th Annual Research Competition of the CSU Student Research Competition.

Approximately 200 students from 22 CSU campuses submitted their research and made oral presentations to experts from major California corporations, foundation representatives, public agencies and universities. Rick Burner took first in the graduate-level engineering and computer science category for a project in mechanical engineering titled, "Investigation of Ten Degree Axissymmetric Thrust Vectored Nozzles." 

Dustin Frosio won first place in the undergraduate engineering and mathematical sciences category for his physics research project, "Ultra Fast Diagnostics of Sonoluminescence." Other Cal Poly students in the year's competition at Chico State were Frank Barran, an ag student; Anthe Bienvenue, ag student; Matthew Jones, civil engineering senior; Michael Pankowsky, environmental engineering junior; John Lambros, math student; Derek Marks, physical education grad student; and Elizabeth Brunner, English grad student.

ArtSalute fund-raiser "Goes Hollywood"

Lights ... Camera ... Auction!" will be held from Thursday, May 21, to Saturday, May 23. The events are sponsored by Cal Poly's Student Activities Commission and the English department.

Writer to read, speak

Author Sheila Ballantyne will be on campus to read from her work and talk about her novel "Imaginary Crimes," which became a Hollywood film.

Bike to Work week

Faculty and staff can win prizes by riding a bike to work during California "Bike to Work" week Monday through Friday, May 18-22.

Save the date

Thursday, May 21 (Continued from page 1)

Rideshare Registry

Lycée's "Imaginary Crimes: From Little Novel to Hollywood Film," now available. 

Lycée's "Imaginary Crimes" is the theme for this year's Cal Poly Arts gala fund-raising dinner and auction, which begins at 6 p.m. Thursday, May 21, in Chumash Auditorium.

A lavish dinner and dessert buffet, wine and truffles, plus live and silent auctions are all planned as part of the evening's entertainment. 

Women engineers to hold workshop for students

In an effort to expand opportunities and career options for San Luis Obispo area high school and junior college students, the College of Engineering and Women's Engineering Program will conduct a "Building an Engineer" workshop on Friday, May 15.

Urban designer, planner to speak May 14

An urban designer and planner with experience developing physical plans and policy frameworks for neighborhoods and towns across the country will talk on Thursday, May 14.

Update career fliers? Please read on

The time is approaching when academic departments start thinking about updating career fliers. 

Rec Sports offers new "Power Pacing" class

Rec Sports is offering classes in "power pacing," a group exercise using stationary bikes. Students are led by two instructors who guide the class through short drills and muscle "recruitment."

Open enrollment period for disability insurance

This year's open enrollment period for disability insurance will be held from Thursday, May 21, to Saturday, May 23. The policies are available through payroll deduction to all CSU employees who work at least half time. This insurance will be offered to eligible employees during May only, and this becomes the only chance for enrollment. Applications must be received by Sanders & Associates by May 31 to obtain faculty and staff professional accomplishments. 

Women engineers to hold workshop for students

In an effort to expand opportunities and career options for San Luis Obispo area high school and junior college students, the College of Engineering and Women's Engineering Program will conduct a "Building an Engineer" workshop on Friday, May 15.

Position vacancies

Vacancy information and applications for the following positions are available from the appropriate Human Resources office. Vacancy information can also be accessed from the Cal Poly home page on the World Wide Web (address: www.calpoly.edu, click on “General Information”).

STATE (Adm. 118, ext. 6-2326 or job aid at 6-1533). Official application forms must be received by 4 pm on the closing date or be postmarked by the closing date. (No faxes.)

#97104: Clinician Assistant II, Support Services – State Purchasing Unit 7, ($1,861 – $2,195/mon.) Closing Date: May 27.

#821407: WASC Administrative Assistant (Clinical Asst. IV), Academic Programs (Unit 7)*, ($1,152.50 – $3,711.50/mon., temporary, half-time to December 31, 1999) Closing Date: May 27.

FACULTY (Adm. 312, ext. 6-2644). Interested candidates should contact the appropriate department office at the phone number listed for more information and application materials. Rank and salary are commensurate with qualifications and experience, and timebase where applicable, unless otherwise stated.

#83118: Lecturer Pool (part-time), Civil and Environmental Engineering Department (805/756-2947). Department is establishing a pool of applicants for possible part-time appointments during the 1998/99 academic year. B.S. and/or M.S. (preferred) in civil or environmental engineering or related area of engineering required. Teaching and consulting experience desirable. Area of special need includes strength of materials, introductory structure analysis and design, transportation, geotechnical engineering and introductory environmental engineering. Send resume/completed application to Dr. David Ward Sullivan, Chair, Civil and Environmental Engineering. Closing Date: May 30.

#83120: Lecturers (part-time), Aeronautical Engineering Department (805/776-2652). Establishing a pool for possible temporary teaching assignments during the 1998-99 academic year. M.S. required. Teaching and industrial experience in the discipline preferred. Rank and Salary is commensurate with qualifications and applications to the Aeronautical Engineering Department. Closing Date: June 1.

Vol. No. 52, May 13, 1998

PACE REPORT, MAY 13, 1998

PERS Board election deadline approaching

The California Public Employees’ Retirement System (CalPERS) will conduct an election in October and November for a state member representative on the CalPERS Board of Administration. Nominations must be received by 5 pm on the closing date for CalPERS headquarters in Sacramento on May 25. The term of the incumbent, William D. Crist, will expire Jan. 15, 1999. The new term of office will be Jan. 16, 1999 to Jan. 15, 2003. The Board is responsible for the management and control of the administration and investment of the retirement fund and the annual dividends and interest earned on those contracts for state employees. CalPERS state members who are active on Aug. 1 are eligible to vote in the election.

Printed procedures for becoming a candidate and the election schedule are included in the Notice of Election, posted in Human Resources and Employment Equity, Admin. 110. The material was also sent to each campus department.

Nominating committees, available from CalPERS, must consist at least 250 original signatures of active state members.

Dial 756-NEWS for campus closing info

Campus Planning and Facility Services asks faculty and staff to remind students that they can find out if the campus is open or closed by calling 756-NEWS, a hot line that is updated continually.

The need to promote the hot line came to light when local news media advised listeners to check with their schools to see if the early-morning tornado on May 5 had created school delays. Send your help in disseminating the phone number is appreciated.

Staff Council committee wins Diversity Award

The Staff Council Cultural Awareness Committee has received the 1998 President’s Diversity Award for the second consecutive year, following the unanimous recommendation of the diversity selection committee.

William Bailey, chair of the selection committee, said that “the commitment and leadership that Staff Council continues to demonstrate in support of multiculturalism and a diverse campus climate is outstanding and worthy of recognition.”

The Staff Council committee, co-chaired by Bonnie Krupp and Gail Simmons, has sponsored a wide variety of events, including a workshop designed to increase participants’ awareness of cultural values. The group also sponsored a workshop—an “experiment in discrimination”—that was designed to aggressively challenge notions of prejudice and discrimination.

The committee has also written a “Staff Council Diversity Statement,” which is being promoted campuswide.

In announcing the award, President Baker applauded the Staff Council Cultural Awareness Committee for its unflagging dedication to multicultural diversity. Baker said, “The Staff Council Cultural Awareness Committee has worked hard and successfully in enlarging our understanding and appreciation of the importance of cultural diversity.

“Is it through the vision and selfless efforts of individuals and groups like the Cultural Awareness Committee that we will continue to make progress toward a campus and a society in which the value of cultural diversity is recognized and celebrated,” Baker said.

Krupp, of Institutional Planning and Analysis, said, “I’m really proud to be associated with this committee. The events that we’ve sponsored this year and the Staff Council Diversity Statement didn’t happen by magic. People are committed.

Simmons, in Agricultural Education and Communication, said, “This committee has worked very hard to promote diversity at all levels. I’m very proud of this effort.”

Construction on pipeline to begin late May

Construction is scheduled to begin at the end of winter, tapping a pipeline that runs through campus along California Boulevard, up Mt. Bishop Road and along Stoner Creek Road. The City of San Luis Obispo operates a system that runs through campus along California Boulevard, up Mt. Bishop Road and along Stoner Creek Road. The City of San Luis Obispo operates a pipeline which delivers water from the San Luis Obispo Canyon Reservoir to customers at the university and in the downtown area. The pipeline has provided service for more than 40 years, and it is now essential the city replace it.

For more information, contact Deby Ryan at ext. 6-8606.
