Vacancy information and applications for the following positions are available from the appropriate Human Resources office. Information can also be accessed from the Cal Poly home page at www.calpoly.edu; click on "General Information".

FACULTY (Adm. 312, ext. 6-2844). Candidates are asked to forward the following materials: (1) letter of application listing qualifications and experience, and (2) three references, along with teaching and research statements. Review of applications will begin January 1, 1999. Positions available on an ongoing basis, until filled. Application deadlines are usually set by the department. Candidates are encouraged to visit the department's home page at http://calpoly.edu/faculty.html for more information. Applications from women, minorities, disabled, and other underrepresented members of these groups are encouraged. An equal opportunity employer.

Faculties being recruited as part of the comprehensive Master Plan Update process, include:

- Biology and Environmental Sciences
- Chemistry, Biochemistry, and Materials Science
- Electrical Engineering and Computer Science
- Engineering Management and Systems
- Human Resources and Public Affairs

Additional information is available at www.calpoly.edu/FacultySearch.

POSITIONS AVAILABLE

FACULTY

Positions available from the departments and offices listed below.

- Department of Communication Studies
- Department of Computer Science
- Department of Computer Information Systems
- Department of Education
- Department of Health Administration
- Department of Mathematics
- Department of Music
- Department of Philosophy
- Department of Physics
- Department of Psychology
- Department of Public Administration
- Department of Social Science
- Department of Sociology
- Department of Statistics

---

Summer fee waiver forms available

Human Resources and Employment Equity reminds employees of the following summer-quarter fee waiver deadlines:

- May 7: CAPTURE registration begins for employees of the following categories: students, part-time student employees, and graduate students (category in class schedule).
- May 20: Last day to pay fees to avoid fee penalty.
- July 6: Last day to submit fee waiver forms to Human Resources and Employment Equity.

Employees enrolled spring quarter will be mailed the fee waiver form; those not enrolled must request it by calling the Office of the Registrar at ext. 6-2206.

---

Biotech Days (Continued from page 1)

The first is also entitled to introduce biotechnology firms, many of which have not visited the campus previously, to Cal Poly’s biotechnology programs through individualized lab, classroom, and facility visits. Students and teachers are invited to attend an open forum and panel discussion from 11 am to noon on Thursday in Fickle Science 286 and an informal reception from 12:30 to 3 pm, Thursday, at the UU Galerie.

On Friday, May 7, company representatives will have the opportunity to observe the College of Science and Mathematics student research presentation (see page 3). For more information, contact Ellen Polinsky in Career Services, ext. 57961, or visit Career Services’ home page at www.careerservices.calpoly.edu.

---

Biotech Days at Cal Poly planned for May 6-7

Cal Poly Pomona plans a two-day event on Thursday and Friday, May 6-7, to bring biotech members of the industry to campus to alert and facilitate faculty members about possible career opportunities. Representatives are expected from such firms as Amgen, Dry Creek Labs, Baxter Hyland Immuno, Baxter Healthcare, Genentech, Tulzak, and Oreal Pharmaceuticals.

---

D A T E L I N E

Exhibits

- University Art Gallery (Exeter Building): "Urban Landscape" Exhibition, through May 7, Daily 11 am to 4 pm, Wednesday, 7-9 pm.
- Kennedy Library: "A Virtual Tour: " 1883 San Luis Obispo County;" UU Galerie: "Whoops," student art exhibition, through June 11. Monday-Friday 10 am-4 pm. Sunday, noon to 4 pm.
- May 8:
  - Music: Tim Jacobs & Darrell Yos (jazz, guitar), BackStage Pizza, noon.
  - Anxiety Disorders Screening Day: UU Plaza, 3 pm.
- May 9:
- Biotech Days: BackStage Pizza, noon-11 am, Fisher 286, Reception 12:30-3 pm, UU Galerie.
- Wellness Day: UU Plaza, 11 am-3 pm.
- Math Colloquium: Torsten Ehrhardt (Technical University of Chemnitz), "Limitations of Residues and Sums of Idempotents in Banach Algebras," Science A-ll, 4:10 pm.
- May 10:
  - Music: Damon Vito Trio (jazz), BackStage Pizza, noon.
  - Music: Jason Vincent, Davidson Music Center 218, 7:30 pm.
  - Thursday, May 6:
    - Talk by Torsten Ehrhardt of the mathematics faculty at the Technical University of Chemnitz, currently a visiting faculty member at the Mathematical Sciences Research Institute, Berkeley, will be in Room A-11 of the Science Building.
    - Refresher workshops will be served from 3:30 to 4 pm in the Math Department Conference Room (20BB) in Faculty Offices East. For more information, contact abstract of the colloquium topic, contact Dr. Eric Anderson at ext. 6-6535 or the department at ext. 6-2206.

Task forces discussing Cal Poly’s future

More than 100 people from the campus and community have volunteered to help Cal Poly decide what the university will look like in the future.

As part of Cal Poly’s comprehensive Master Plan Update process, 11 task forces will be formed to work on specific areas of the campus, including student life, athletics, The charge of the task forces is to study the policies and procedures that will be used in developing a new Master Plan. The draft plan is expected to be ready for task force review and discussion during fall 1999.

In their discussions, task force members have been asked to keep in mind four possible enrollment scenarios and the implications of decreasing time to graduation, off-site or virtual enrollment, increased enrollments, and no significant drop in enrollment.

Updated information on the Master Plan Update process can be accessed via Cal Poly’s home page at www.calpoly.edu under "What’s New?".

Astronaut Sturckow to speak to Engineering

Astronaut Rick Sturckow, a 1984 Cal Poly mechanical engineering graduate, will be the featured speaker at the College of Engineering's annual Engineering Awards Banquet on Friday, May 7, at the Doubletree Grand Hotel in San Luis Obispo.

Sturckow recently received an award naming him a College of Engineering Outstanding Alumnus for Professional Achievement and will receive his award with a banner he carried into space aboard the shuttle Endeavour in December.

The event follows the College of Engineering's annual Spring Concert at 3 p.m. Sunday in the University Auditorium. The concert is sponsored by the College of Liberal Arts, Music Department and Instructionally Related Activities Program. For more information, call ext. 6-6089.

Ticket information

Tickets to the performances listed in today's Cal Poly Report are on sale at the Performing Arts Ticket Office, 10 a.m.-4 p.m. weekdays and from 10 a.m. to 4 p.m. Saturdays. Call 6-2853, ext. 6-2787, or order by fax, dial ext. 6-6089.

Satisfaction of sick leave, vacation leave

Employees are being asked to donate sick leave or vacation credits for Patricia Chaitner, clerical assistant in the Admissions office.

Donations of sick leave and vacation can be split, but the minimum donation is 50 hours in full-pay status during an extended absence.

Anyone interested in donating leave should contact Stu Morris, human resources director, at ext. 6-6000 or by e-mail at stuart.morris@calpoly.edu.

Eligible state employees may donate up to 16 hours total of sick leave and/or vacation credits per fiscal year in increments of one hour or more.

Cal Poly Choirs to perform with women

The Cal Poly Choirs, under the direction of music professor Thomas Davies, will perform with women composers during their Spring Concert at 3 p.m. Sunday, May 16, in Harman Hall in the Performing Arts Center's Concert Hall.

PolyPhonics, a select, 32-voice, mixed-chamber ensemble, and the University Women's Chorale, will sing works by Hildegard von Bingen, Fanny Hensel, Lili Boulanger, Ruth Werth, Libby Titcomb, Gwyneth Walker, Rosephanye Powell and Emma Lou Diemer.

Music Department faculty members Susan Azaret Davies will accompany the choirs on piano. Student conductor Dwight Hanston will conduct portions of the concert.

Tickets are $7 to $15. The concert is sponsored by the College of Liberal Arts, Music Department and Instructionally Related Activities Program. For more information, call ext. 6-6089.

Bio, chem, biochem students to discuss research

More than 50 biology, chemistry and biochemistry students will present their research they did for senior projects, independent study and master's thesis work at the Biology and Chemistry departments' annual Research Conference on Friday, May 7, from 1 to 5 p.m.

The conference, to take place in the Francis L. and Betty H. Colburn Building, will include two poster sessions and two sessions of 15-minute talks. All interested students are welcome to attend.

The departments of Biological Sciences and Chemistry & Biochemistry are sponsoring the event. For more information, contact Elena Levine (elevine@calpoly.edu) at ext. 6-2160.

NBA students win business policy contest

A student team from Cal Poly's Master of Business Administration program won first place by women composers during the 35th Annual Intercollegiate Business Policy Competition held recently in San Jose.

Cheryl Brown, president of CAL Poly Microsoft, said, "for it enriches our educational goals of the American Asso­ciation of University Admissions and the American Council on Education's "On the Importance of Diversity in Higher Education."

The Senate further recommended that the administration actively reaffirm the academic value of diversity among its faculty, staff, students and within the curriculum as one of the values that the Academic Senate work with the adminis­tration to devise plans and strategies to announce and implement campus diver­sity and educational objectives.

The Senate also asked that the provost provide an annual report on the status and implementation of diversity-related activities. The first of those reports, Provost Paul Zingg said, will be provided in fall quarter 1999.

(Editors' Note: Readers are re­minded that nominations for the President's Diversity Award are due Friday, May 14. A nomination form will be included in this week's issue of the Cal Poly Report.)
Diversity has full backing of Academic Senate

Mutual respect, civility, "engaged learning" — those are among the important goals described by the Academic Senate when it passed two resolutions reaffirming the value of diversity in spring 1998.

President Baker strongly endorsed the resolutions and their call for faculty and staff to put diversity "front and center" in the implementation of the resolutions' goals into university programs.

"Diversity is vitally important to the overall health of our university," Baker said, "for it enriches our educational mission and prepares students for an increasingly more pluralistic society."

The resolutions endorsed Cal Poly's Statement on Diversity as well as statements from three other professional organizations.

Collectively, the statements serve to reinforce Cal Poly's commitment to providing students with a curriculum that fosters intellectual, personal and social growth while affirming the high esteem in which academic goals are held.

The Academic Senate "resolved to accept and endorse the American Association of University Professors’ "The Educational Value of Diversity;" the American Association of Universities’ "On the Importance of Diversity in University Admissions;" and the American Council on Education’s "On the Importance of Diversity in Higher Education."

The Senate further recommended that the administration actively reaffirm the academic value of diversity among its faculty, staff, students and within the university as a whole. The Senate also asked that the Academic Senate work with the administration to devise plans and strategies to announce and implement campus diversity and educational objectives.

The Senate also asked that the provost provide an annual notification of diversity-related activities. The first of those reports, Provost Paul Zingg said, will be provided in fall quarter 1999.

(Author's Note: Readers are reminded that nominations for the President's Diversity Award are due Friday, May 14. A nomination form will be found on page 21 issue of the Cal Poly Report.)

###

Need directions? Take a walk on the Web site

Want to find a particular building or site on campus?

- Do you know where to park?
- Need information on local transportation services?

Give someone off campus directions to a specific campus location?

- How about a virtual campus tour?
- Is there anyone connected to the Internet who has the answers to those questions and more, right at their fingertips?

- The new Chaparral Location Resources Web site, recently completed by Information Technology Services' Web Services Group, contains these goodies:

- A campus interactive map and a list of campus locations.
- Directions to a campus from a variety of off-campus locations.
- Information on parking and local transportation.
- Links to campus virtual tours and Webcams, which produce continuous live images of a particular location on campus.
- A section that lists upward of 1000 pieces of information on any geographical barriers that would impede access to campus.

The idea for the Campus Location Resources site came from a university Web class co-taught last year by Sky Bergman of the College of Business Administration and Doug Smith of the English Department. The site's address is http://www.cal-poly.edu/campus/index.html. The easiest way to get into the site is through the Cal Poly home page; click on General Information, and then go to Chaparral Locations, Directions, Parking and Virtual Tours.

Campus Web pages with links pointing to the previous campus maps should be changed to connect to the new site.

For information, call Steven Rutland in the College Services Group at ext. 6-5542.

Nicolaides, 76

Retired aeronautical engineering professor John Nicolaides died April 25 at his home in San Luis Obispo after a long battle with cancer. Nicolaides, who retired in 1983, joined the faculty in 1957. Before coming to Cal Poly, where he served as department head, he was chairman of the Aerospace Engineering Department at the University of Southern California, and had been involved in the development of the atomic bomb and medieval missiles. He also served as a director in NASA.

He was the inventor of the parabolic and a motorized version he called the "Nicolaides Flyer" which was fashioned as "50 Minutes in the 1970s."

Microsoft

(Continued from page 1)

have so register through the Web, and

and they should do so before they go to the bookstore to buy it. The registration form is at http://helppdesk.calpoly.edu/ (click on "Microsoft Distribution Database").

Software titles not covered by the agreement also can be bought at El Corral. Campus units can also order from Waveforce, the CSU Microsoft software distributor, at http://www.wavereforce.com/ (click on "Client Pages").

Astronaut Sturckow to speak to Engineering

Astronaut Richard Sturckow, a 1984 Cal Poly mechanical engineering graduate, will be the featured speaker at the College of Engineering's annual Engineering Awards Banquet on Friday, May 7, in the Great Hall of the Science Center. A native of Markleeville, Calif., Sturckow is being awarded a national award naming him a College of Engineering Outstanding Alumnus for Professional Achievement and will receive the award with a banner he carried into space aboard the shuttle Endeavour in December.

Endeavour, the first shuttle the day will visit the mechanical engineering labs with one of his former ME professors, Ron Mullisien. Mullisien's daughter Emily made the Cal Poly banner Sturckow took with him into space.

Sturckow will arrive in the county today and is expected to speak to military retirees in Paso Robles this evening and to elementary and intermediate school classes Thursday and Friday.

For more information about Sturckow's visit or the banquet, call engineering's College Relations Office at ext. 6-2853 or Amy Hewes at ext. 6-6402.

###

###

Solicitation of vacation leave

Employees are being asked to donate sick leave or vacation credits for Patricia Charlton, a clerical assistant in the Admissions Office.

Deposits of sick leave and vacation credit can be made at any time during the academic year. Items submitted by 10 a.m. are available for printing or downloading and on-line processing in Word or Excel.

For more information, call Karen Brown at ext. 6-5855.

###

Ticket information

Tickets to the performances listed in today's Cal Poly Report are on sale at the Performing Arts Ticket Information Desk. Sale at the Performing Arts Ticket Office from 10 a.m. to 6 p.m. weekdays and from 10 a.m. to 4 p.m. Saturdays. Call 6-ARTS (ext. 6-2787), or to order by fax, dial ext. 6-6088.

###

Bola, bio, chem, bio students to discuss research

More than 50 biology, chemistry and biochemistry majors are presenting their research they did for senior projects, independent study and master's thesis projects to the student research conference on Friday, May 7, from 1 to 5 p.m.

The conference, to take place in the Fishbowl and the Biology and the Biology and Chemistry buildings, will include two poster sessions and two sessions of 15-minute talks to allow attendees to ask questions.

The departments of Biological Sciences and Chemistry & Biochemistry are sponsoring the event. For more information, contact Elizabeth Levine (ext. 6-2175), Peggy Rice (marric@calpoly.edu) or Kingsbury (kingsbu, ext. 6-1652).

###

Forms updated on Web

With the implementation of a new financial system, PeopleSoft, the Foundation has updated many of its business forms on the Web at http://www.cfpfoundation.org/forms.htm. The most recently updated forms are the check request, claim receipt request, and employee expense report for printing or downloading and on-line processing in Word or Excel.

For more information, contact Karen Brown at ext. 6-5855.
Position vacancies
Vacancy information and applications for the following positions are available from the appropriate Human Resources office. Information can also be accessed from the Cal Poly home page as indicated; click on "General Information".

FACTORY
(Adm. 312, ext. 6-2844) Candidates are asked to submit a resume. Address numbers listed below for more information and an application. Please submit application materials to the department building. Blank and salary are commensurate with qualifications and experience, and time base where applicable, unless otherwise stated.

#93117: Full-time Lecturer, Journalism Department (756-2580). Position available during the 1999-2000 academic year to teach reporting, editing and other courses. Applicant's area of expertise. Ability to teach broadcast news highly desirable. Possibility of award-winning student editor or student radio station. Recent mass media experience required. Bachelor's degree with substantial recent experience with a major daily or broadcast entity required. Graduate degree a plus. Refer to Rec. Code #93117 and send letter of application, these current letters of reference, and official transcripts to Nishan Hayravandian, head, Journalism Department. Closing date: June 5.

#93102: Full-time Lecturer, Construction Management Department (756-1323). Possible position available for 1999-2000 academic year. Master's in construction management or related field required. Previous teaching experience preferred. Minimum 5 years significant practical experience in construction methods and techniques. Demonstrated computer literacy in the application is required. Apply to James Rodgers, head, Construction Management Department (reference Rec. Code #93102). Closing date: June 5.

#9319: Tenure-Track Position, Construction Management Department (756-1323). Possible position available for 1999-2000 academic year. Master's in construction management or related field required; Ph.D. preferred. Previous teaching experience preferred. Minimum 5 years significant practical experience in construction methods and techniques. Demonstrated computer literacy in the application is required. Apply to James Rodgers, head, Construction Management Department (reference Rec. Code #9319). Closing date: June 5.

#9320: Part-time Lecturer Pool, Construction Management Department (756-1323). Possible position available as determined by need during the 1999-2000 academic year. Master's in construction management or related field required. Combined 5 years significant practical experience in construction methods and techniques. Demonstrated computer literacy in the application is required. Address Rodgers, head, Construction Management Department (ref. Rec Code #9320). Closing date: June 5.

In the dark on where to park?
This regular column is intended to help drivers advised of anticipated lot closures and changes in parking availability. For more information, call Parking and Customer Services at ext. 6-6675.

• Friday, May 7, 8 am to 5 pm: 30 parking spaces in the E-2 parking lot. Blank and salary are reserved for members of the Foundation Board of Directors.

Group study room open for graduate students
The Kennedy Library has made available a Graduate Student Group Study Area in Room 301.

The space will allow graduate students to work collaboratively and is intended to encourage interdisciplinary research. Individual graduate students are welcome to use the room for private study, but the room is specifically designated for team work rather than quiet space. Meetings of the Graduate Student Council will also be held in the room. Graduate students must show their Cal Poly ID at the Circulation Desk on the first floor to check out a key for the room.

Summer fee waiver forms available
Human Resources and Employment Equity reminds employers of the following summer quarter fee waiver deadlines:

• May 7: CAPTURE registration begins for employee-sponsored student(s) category in class schedule.
• May 20: Last day to pay fees to avoid late fee.
• July 6: Last day to submit fee waiver forms to Human Resources and Employment Equity.

Employees enrolled spring quarter will be mailed the fee waiver form; those not enrolled will be held until employees confirm enrollment.

Wellness Day set for UU Plaza Thursday
Wellness Day, an event dedicated to student and staff awareness and education about campus resources that promote healthy lifestyles, will be held from 11 am to 3 pm Thursday, May 6, in the University Union Plaza.

The event will feature swing dance and kickboxing demonstrations and interactive booths for such activities as candle making and healthy food (with samples). Visitors can spin a "Wellness Wheel" to try prizes from the Fitness Grill, Mondie, Downtown Cinemas, and others.

Sponsored by Cal Poly Peer Health Education and Cal Poly Rec Sports, Wellness Day is free. All are welcome.

BioTech Days (Continued from page 1)
The event is also intended to introduce biotechnology firms, many of which have not visited the campus previously, to Cal Poly's biotechnology programs through individualized lab, classroom, and faculty visits.

Students and teachers are invited to attend an open forum and panel discussion from 11 am to noon on Thursday in Fitness Building 208 and an informal reception from 12:30 to 3 pm, also Thursday, in the UU Gallery.

On Friday, May 7, company representatives will have the opportunity to observe the College of Science and Mathematics' research presentations. For more information, contact Ellen Polinsky in Career Services, ext. 5-5971, or visit Career Services' home page at http://www.careerservices.calpoly.edu.

Marathon topic is logarithmic residues
A German scholar will give a mathematics colloquium from 4:10 to 5 pm on Thursday in Math Building 407, hosted by the Department of Mathematics.

The talk by Torsten Ehrhardt of the mathematics faculty at the Technical University of Chemnitz, currently a visiting faculty member at the Mathematical Sciences Research Institute, Berkeley, will be in Room A-11 of the Science Building.

Refresher courses will be offered from 3:30 to 5 pm in the Math Department Conference Room (208B) in Faculty Offices East. For more information, contact an abstract of the colloquium topic, contact Francais Fairbrother at ext. 6-6535 or the department at ext. 6-2206.

Inquire about Cal Poly's future
Come to use the room for private study, and work rather than quiet space. The College of Science and Mathematics colloquium from 4:10 to 5 pm on Thursday in Math Building 407, hosted by the Department of Mathematics.

The talk by Torsten Ehrhardt of the mathematics faculty at the Technical University of Chemnitz, currently a visiting faculty member at the Mathematical Sciences Research Institute, Berkeley, will be in Room A-11 of the Science Building.

Refresher courses will be offered from 3:30 to 5 pm in the Math Department Conference Room (208B) in Faculty Offices East. For more information, contact Francais Fairbrother at ext. 6-6535 or the department at ext. 6-2206.

Task forces discussing Cal Poly's future
More than 100 people from the campus and community have volunteered to help Cal Poly decide what the university will look like in the future.

As part of Cal Poly's comprehensive Master Plan Update process, 11 task forces were set up to examine various areas of the university. For more information, see the UU Plaza booth.

The<...>

Software is now available at special prices to most staff members, faculty members, and students through the four-year licensing agreement with Microsoft that the Chancellor's Office entered into as part of the CSU's Technology Infrastructure Initiative.

These are the titles:

• Office 97 Professional for Windows 95/98/NT.
• Office 98 for Macintosh.
• Windows 98 Upgrade.
• Windows NT Workstation 4.0 Upgrade.
• FrontPage 98 for Windows.
• FrontPage 1.0 for Macintosh.
• Visual Studio 6.0 Professional.
• BackOffice Client Access License.

Information on eligibility — product descriptions, system requirements, college and division contacts, answers to frequently asked questions, and more — can be found available on line at http://helpdesk.calpoly.edu. Click on "CSU/Microsoft Site License Rollout.

For installations on university-owned equipment or home computers, eligible faculty and staff members should coordinate their installation with their college or division contacts (listed on the above Web site).

Updated information on the Master Plan Update process can be accessed via Cal Poly's home page at www.calpoly.edu under "What's New."
