Performing Arts Center to host Open Houses

Free entertainment and behind-the-scenes tours of the Performing Arts Center, including backstage tours of Harman Hall, are highlights of two community Open House events on consecutive Saturdays, Sept. 11 and 18.

The Performing Arts Center is hosting the open houses, planned from 1 to 5 p.m. Visitors on Saturday, Sept. 11, will be able to tour the theater and dance wings of Harman Hall, and from 1 to 5 p.m. a tarps and a picnic lunch will be available in the theater's outdoor plaza area.

Concerto Jardin’s lively, rollicking Mexican folk music will kick off the open house at 1 p.m. Sept. 18, along with the outdoor plaza area. At 3 p.m. that day the Potato Heads, a six-member Irish band, will perform in the center’s rehearsal pavilion.

Visitors who take the self-guided tour will get a bird’s eye view of Harman Hall, from top to bottom. Participants will get a glimpse into the center’s standard operations such as ticketing and sound engineering, as well as have the opportunity to climb up to the hall’s chandelier and down to the pit and trap room beneath the stage. Other stations on the tour include the control booth, the stage, the stage and stage manager’s house, and the house managers’ podium in the main lobby.

Participating students are advised to wear flat-heeled shoes. For more information, call the Performing Arts Office at ext. 6-2787.

Marketing class wins top GM honors

Business administration seniors to professor Steve Versaci’s Marketing class won two General Motors scholarships totaling $5,300 for a plan designed to both increase awareness of an automobile dealership and help prevent child abuse.

The students were recognized in the General Motors Marketing Institute’s (GMMI) annual competition. More than 100 student groups participated in the contest, which earned Cal Poly the distinction as Best Four-Year College. The team also won the GMMI award for Best Dealer Integration.

The class was organized like an advertising agency, with Rancho Grande Motors in San Luis Obispo as its client. The students had two main goals: to increase awareness of the dealership and to raise money for the San Luis Obispo Child Abuse Program.

The class’s research determined that a walk-in benefit to the SLOCAP would best meet its goals. The students designed and implemented an integrated marketing plan involving public relations, promotional activities, and community service activities that resulted in a donation of $3,180 to SLOCAP and publicity for Rancho Grande Motors.

Governor's wife to speak at Fall Conference

Cal Poly has again been rated the best public, largely undergraduate university in the West by U.S. News & World Report and has climbed past several private schools in the magazine's annual survey. And U.S. News once again calls Cal Poly the top public engineering school in the country among those that don't have doctoral programs. That rating updates a survey published in 1996.

The U.S. News rankings of the nation's best colleges, published in the Aug. 30 issue, put Cal Poly in a tie for fifth place in the combined public-and-private list of all "regional" universities in the Western states. That's up from No. 10 in last year's ratings.
