Position vacancies

Below are all the new, previously full range of office support to the departmental budget and specialized production work processing of a variety of documents.

0065) Analy/Programmer - Foundation Level* Library Services Library Systems Department. Closing: Dec. 29: Salary: $2,816-$3,424/mo. with temporary to Dec. 31, 100% renewal dependent on funding. Under direct supervision, designs and modifies programs and assists in the development of technology-based solutions to support the information systems of the library. The incumbent will work a flexible schedule to avoid disruption to system users.

0070) Receptionist (Administrative Support Assistant) 1, Student Affairs- Counseling Services. Closing: Dec. 29. Salary: $1,794-$2,315/mo., full-time temporary through June 30, 2000; hourly intermittent July-August, 2000, with possible renewal contingent on funding. Provides reception and general clerical assistance in support of the day-to-day operation of Counseling Services. Must be able to maintain confidentiality, work with individuals who seek assistance provided by counseling services.

0071) Equipment Technician III - Mechanical,* College of Agriculture-Food Science & Nutrition. Closing: Jan. 5. Salary: $3,381-$4,073/mo. for the position to be available for overall maintenance, fabrication, and repair of all equipment, machinery, instruments, or operating systems (steam, air, water, electrical, and natural gas) and many of the physical facilities, as well as installation of new equipment used by the Food Science and Nutrition Department. Will also respond to emergency call-outs and other duties.

0080) Police Officer(s) - Administration and Finance, Public Safety Services. Extension of closing date: Jan. 5, 2000. Salary: $3,162-3,795/mo. Police officers, under the direction of a sergeant, prevent crime and enforce public order. Primary responsibilities include protecting students, faculty, staff, campus visitors, property and facilities from accidents, bodily harm, fire, theft, vandalism, and illegal entry; enforcing laws and traffic regulations; assisting violators; providing general information and assistance to the public; and assisting in investigations.

... Marine sciences center

Continued from page 1

Paly, but also the local community college and K-12 schools.

"Unocal is very excited about working with Cal Poly to develop this educational opportunity," said Unocal's Central Coast Group General Manager Mark Smith. "We are hopeful this facility will supply the country with a resource for students at all levels.

During the meeting, Unocal and Cal Poly officials met with several local government and educational officials to initiate discussion of potential educational and research ventures and the current vision for the wharf as a marine studies facility. County Supervisor Peg Pedrazzini, county schools Superintendent John Crocker, and Harbor Commissioners John Koepf and Carolyn Moffatt participated in the meeting. Am Foxworthy, president of Hancock College, and Marie Rosenwasser, president of Cuesta, also took part in the discussion.

"There is much work to be done and there are many people and groups with whom to work," said College of Science and Mathematics Dean Phil Bailey. "But the wharf project is very exciting and would be exceedingly valuable to the education of area students.

"I really appreciate the work of the people at Unocal in bringing the wharf to Cal Poly," Bailey said. "It is important to note the contributions [biological sciences professor] Tom Rosenwasser and me made to this effort. He, his colleagues at Cal Poly, and various people in the community have worked tirelessly to initiate the development of an incredible facility.

A marine sciences center, which would be situated at the end of the wharf, would allow students and researchers to gain previously unsustainable hands-on experience.

"One of the things that has limited Cal Poly's marine sciences program has been its inability to get students out there," said Mark Moline of the Biological Sciences Department faculty.

A terrestrial biologist need only step outside the lab to do his or her work. Someone studying marine biology needs to get off the land and be part of that environment. Just being out on the end of the wharf is wonderful. I know it would inspire many students to study.

A news conference regarding the status of the proposed marine sciences center will be held at a future date.

Unocal wharf might be site of marine sciences center

The Unocal wharf has long been a fix­
ture of the San Luis Obispo Bay, serving as a transfer point for petroleum goods along the Central Coast. At a recent meeting on the site, the university and Unocal representatives discussed how the wharf could become the site of a marine sciences center under the direction of Cal Poly.

Though plans for the wharf and facility are only in the early stages, the university would collaborate with Unocal to create a multipurpose educational and research facility that could serve students from Cal Poly, Cuesta and Allan Hancock community colleges, and K-12 schools.

"We are very happy that Unocal is considering making this tremendous re­source available to Cal Poly and the com­munity," said President Baker. The wharf would serve as a living laboratory where students could explore a diverse array of subjects related to marine biology and oceanography in such fields as biology, chemistry, and engineering.

"It is particularly exciting to know the facility and the university will have a place where students can learn-by-doing.

"We are pleased that this project would benefit not just Cal Poly, but also the local community college and K-12 schools."

Herk Kamm to speak at commencements Saturday

Herk Kamm, special assistant in the Uni­versity Advancement division and long-time journalist, will give the commencement address on Saturday, January 23 at the Recreation Center.

A total of almost 1,100 candidates are to be recognized, from those from the colleges of Agriculture, Architecture and Environmental Design, and Liberal Arts at Cal Poly.
Holiday mixer set for Thursday

The Cal Poly Staff Scholarship Committee will present a holiday mixer 11:30 a.m.-1 p.m. Thursday (Dec. 9) in the Biological Sciences Museum (Fisher Science 285).

A silent auction will be held for such items as tickets to a Performing Arts Center event, a jeep tour of High Mountain Road with breakfast at the Pozo Saloon, a canoe tour of Morro Bay, a day at Monarch Beach golf park and much more. Auction proceeds will support the scholarship fund for university staff members and their dependents.

The campus community is invited to attend and enjoy light refreshments and holiday cheer. For more information or to contribute items for the auction, contact Pat Harri at ext. 6-2582.

College of Ag to honor four at reception today

Four College of Agriculture employees will be honored at a gift reception from 2:30 to 3:30 p.m. today in Ag Sciences 210 for Diana Frey in Agricultural and Aucoin "Oley" Petterson in Food Science and Nutrition, Jo Ann Wheatley in Crop Science, and Rich Villa at the Feedmill.

Donations raised to fund free bus rides

In keeping with the holiday spirit, next week (Dec. 13-17) has been designated by the San Luis Obispo Regional Transit Authority as a time of sharing.

The CCAT (Central Coast Area Transit) system that operates regional buses is offering full rides to anyone who donates a non-perishable food item when boarding the bus.

Students and employees can take a CCAT bus to campus from the North and South counties, Los Osos and Morro Bay.

San Luis Obispo city buses are also giving free rides to anyone who donates a canned good.

Cal Poly students and employees who already ride the city bus for free are encouraged to make a food donation.

All food received during the week will be donated to the Food Bank Coalition for distribution to San Luis Obispo County residents in need during the holiday season.

Academic Records sponsoring food, toy drive

Academic Records is sponsoring a toy and food drive for those in need this holiday season.

Faculty and staff members who would like to participate should bring an unwrapped toy or nonperishable food item whenturningitin to a staff or to a student pursuing a degree in a natural resources discipline or related field.

The new process was a cooperative effort by Academic Records and Information Technology Services.

CPR deadline changing

This is the last Cal Poly Report of the 1990s.

The first winter quarter issue will be out in February. Because campus will be closed for the New Year's holiday two days this week before the deadline to submit articles for the issue will be 4 p.m. Monday, Dec. 27.

Beginning with the Jan. 12 edition, we will begin a new 7-day deadline. We'll need your article by 10 a.m. the Wednesday before you'd like it to appear. Items can be e-mailed to polygons@polymail, faxed to ext. 6-6533, or mailed to Public Affairs in Heron Hall.

For more information about the gift or the UCTE, call Carol Callari at ext. 6-5934.

For information about planned gifts, contact Mike McCall, director of planned giving, ext. 6-7106.

Foundation Board to meet Friday

The Foundation Board of Directors will hold a meeting at 8:30 a.m. Friday (Dec. 10) in the Foundation Administration Building's Conference Room (Room 124). This is a public meeting. For more information or to obtain a copy of the meeting agenda, contact Executive Director Al Amaral at ext. 6-1131. A copy of the agenda packet is available for review at the Kennedy Library Reserve Desk and the Academic Senate Office, Math and Science 143.

$15 CCAT bus pass buys $36 worth of rides

Beginning Jan. 1, students and employees will pay $15 for a $36 worth of rides on CCAT (Central Coast Area Transit) buses. The discount passes, formerly marketed as $24, are available to Cal Poly students and employees because of a subsidy paid by the university and the San Luis Obispo Regional Transit Authority.

The San Luis Obispo Transit Authority, CCAT, the Recreation Center and other campus offices are working together to make the discount available.

The new process was a cooperative effort by Academic Records and Information Technology Services.

Library hours to change during break, holiday

The Kennedy Library will be open — with a few exceptions — 8 a.m.-5 p.m. Monday through Friday during quarter break (Dec. 11-29).

• The library will be closed 11 a.m.-2 p.m. Dec. 15 and all day Dec. 23-24 and 30.

• The library will be open only 9 a.m.-1 p.m. Dec. 27-29.

If in doubt, call ext. 6-2029 for hours of operation.

Forrest student receives $3,000 national award

Nadine Guzman, a forestry and natural resources senior, is this year's recipient of the Hispanic Association of Caed University (HACU) annual scholastic assistance award of $3,000.

Guzman is the second recipient of the national award, given annually to a student pursuing a degree in a natural resources discipline or related field.

The award was established in 1998 by the U.S. Department of the Interior's Bureau of Land Management, which provided the funds to enable HACU to set up awards for students attending HACU-member institutions.

Guzman was chosen for her academic standing and her involvement in the university's Equity Leadership Program, the Bureau of Land Management, and Cal Poly's natural resources management program.

Class schedule revamped

Winter quarter Class Schedules being mailed to all enrolled students this week will offer the campus a new look. Validation stickers have been eliminated.

This year's winter quarter, students are being asked to retain the Class Schedule as enrollment verification. In the past, students placed a validation sticker on their ID cards.

The San Luis Obispo Transit Authority, CCAT, the Recreation Center and other campus offices are working together to make the discount available.

The new process was a cooperative effort by Academic Records and Information Technology Services.

Wednesday, March 30

Women's Tennis: Cal Poly, 3 p.m.
Food donations will earn free bus rides

In keeping with the holiday spirit, next week (Dec. 13-17) has been designated by the San Luis Obispo Regional Transit Authority as a time of sharing. The CCAT (Central Coast Area Transit) system that operates regional buses is offering free rides to anyone who donates a non-perishable food item when boarding the bus. Students and employees can take a CCAT bus to campuses from the North and South counties, Los Osos and Morro Bay. San Luis Obispo city buses are also giving free rides to anyone who donates a canned good. Cal Poly students and employees who already ride the city bus for free are encouraged to make a food donation.

All food received during the week will be donated so the Food Bank Coalition for San Luis Obispo County residents in need during the holiday season.

Foundation Board to meet Friday

The Foundation Board of Directors will hold a meeting at 8:30 a.m. Friday (Dec. 10) in the Foundation Administration Building's Conference Room (Room 124). This is a public meeting. For more information or to obtain a copy of the meeting agenda, contact Executive Director Al Amalar at ext. 6-1131. A copy of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review. The Kennedy Library will be open except for emergency services.

Retirement reception set

This library will host a reception from 10 a.m. to noon Dec. 16 in honor of Billie Turner, who is retiring after 20 years of service.

Turner began working in Human Resources and Employment Equity (then called Personnel) in 1979 and transferred to the library in 1980. The reception will be in Room 105 in the library.

CCAT gift card passes

Beginning Jan. 1, students and employees will pay $15 for $36 worth of rides on CCAT (Central Coast Area Transit) buses. The discount passes, formerly sold for $12, are available to Cal Poly students and employees because of a subsidy paid by the university and the San Luis Obispo Regional Transit Authority.

Cal Poly's portion of the subsidy comes from the university's parking ticket revenues. The price increase is needed to cover increased demand for bus passes due in part to the Cuesta Grade project. Without the increase, officials said the subsidy budgeted for the 1999-2000 fiscal year would run short, and the supply of discount passes would run out before the end of the year.

All food received during the week will be donated so the Food Bank Coalition for San Luis Obispo County residents in need during the holiday season.

Class schedule revamped

Winter quarter Class Schedules being mailed to all enrolled students this week will include or omit a new look. Validation stickers have been eliminated.

The new winter quarter, students are being asked to retain the Class Schedule as enrollment verification. In the past, students placed a validation sticker on their ID cards.

The San Luis Obispo Transit Authority, CCAT, the Recreation Center and other campus offices are working to meet Friday's deadline changing the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review and review of the agenda packet is available for review. The Kennedy Library will be open except for emergency services.

Libraries hours to change during break, holiday

The Kennedy Library will be open during the break. We'll be closed from 8 a.m. to 6 p.m. Dec. 15 and all day Dec. 23-24 and 30-31.

The library will be open only 9 a.m.-1 p.m. Dec. 27-29.

If in doubt, call ext. 6-2029 for hours of operation.
Position vacancies

Below are the new, previously unadvertised employment openings at the university, with the full information about these and other previously advertised positions at www.afd.calpoly.edu/hree/cobcob categories.htm.

STATE (Adm. 110, ext. 6-2236 or job line at ext. 6-1535). Official application forms must be received by 4 p.m. on the closing date or on the day before an advertised closing date. (No faxed/e-mailed applications or resumes accepted.) For positions marked with an asterisk, applications must be submitted on-campus applicants currently in Bargaining Units 2, 7, and 9 and will be given first consideration.
