Our News...Staff Award correction notice

Please note these corrections to the Jan. 19 Cal Poly Report article announcing the deadline to nominate Outstanding Staff Employees.

• Darrell Blankenship and Delores Estrada were inadvertently left off the list of employees who are past award recipients, making them ineligible to receive the award again.

• Barbara Ciosek, Joan Cirone, Don Shemenske and Dale Lacklore have retired, and their names should not have appeared.

We apologize for the confusion. And remember, nomination forms are due Feb. 11 to French Morgan, chair, Outstanding Staff Award Selection Committee.

Retired faculty, staff honored at campus event

More than 90 retired faculty and staff members were honored on campus recently "for their efforts in making Cal Poly what it is today."

All retired employees are invited to become members of the Retired Faculty and Staff Club. For information, call Don Morris at 773-1762.

'Stomp' returns to PAC Feb. 29, March 1

The percussion sensation "Stomp" is coming back to the Performing Arts Center for two performances, Feb. 29 and March 1, in an added feature of the Cal Poly Arts season.

One of two concerts national touring companies will produce music and laughter from sounds you have to hear to believe at 8 p.m. both nights in Harman Hall.

The eight-member troupe uses everything but conventional percussion instruments — matchboxes, wooden poles, brooms, garbage cans, Zippos, tambourines — to fill a hall with rhythm.

"Stomp" has been an international sell-out since its premiere in Edinburgh, Scotland, in 1991. It's been packing New York's Orpheum Theatre for six years while touring companies have been doing the same across the country and the cast has been strutting its stuff in commercials, TV appearances, and film.

The show's pile of awards includes an Olivier Award for Best Choreography (London's equivalent of a Tony), an Obie in New York, an Emmy, and a Drama Desk Award for Unique Theatre Experience.

Tickets for "Stomp" go on sale today (Feb. 2) for $32 and $35-50. The Performing Arts Ticket Office is open 10 a.m. - 6 p.m. weekdays and 10 a.m.-4 p.m. Saturdays. To order by phone, call SLO-ARTS (ext. 6-2787); to order by fax, dial ext. 6-6088.

Women and weights

Women are unique. Weight training is
directed to meet their special needs.

Women have different hormones than
men and their metabolism is slower. Thus,
exercise and nutrition need individual
attention.

Your personal fitness program
needs to be created with the help of
an expert. Ask your doctor or a fitness
center professional to get the
information you need.

**CalPERS members have new loan options**

CalPERS now offers members two new programs designed to help lower- and moderate-income home buyers purchase a home with little or no out-of-pocket expenses.

Under the Fannie 97 Community Loan Program offers conventional fixed and adjustable-rate mortgages, which could be in the form of a personal loan secured by the member’s retirement account. Used in conjunction with the Fanny 97 program, the CalLIFE Second Option provides a simple-interest, deferred loan for up to 3 percent of the purchase price, to be used for part of the down payment or closing costs.

Certain income restrictions apply to both programs.

CalPERS members may be able to obtain a CalPERS mortgage for 97 percent of the "cost of the home," requiring only a 3 percent down payment, which could be in the form of a personal loan secured by the member’s retirement account.
