Grad Orientation Program seeking info, involvement

Planning is under way for the 2nd annual Grad Orientation Program, scheduled for Sept. 4, and faculty involvement and information are needed to help make the one-day program a success.

Schedules needed

To help with scheduling and to be sure activities don't overlap, Grad Orientation Program organizers are asking departments to send schedules of their fall 2000 orientation programs to Heather Holty, Student Life and Orientation Programs, or by e-mail to holty@calpoly.edu. Departments who have already responded to an earlier e-mail request need not resend their schedules.

The Grad Orientation Program will also include a few social activities planned during the following Fall Conference week.

The graduate program is intended to complement — not replace — departmental orientation programs already in place. While most department programs help prepare new students to function within a particular department, the Grad Orientation Program is designed to give students information about the university, such as where to eat and what Cal Poly resources are available to students, as well as what San Luis Obispo has to offer them as community members.

Faculty, student involvement sought

The Graduate Orientation Program is hoping to attract more faculty participation and help from current graduate students.

Supervisors who will need to attend a meeting in May and another in September, as well as be in attendance on orientation day.

Comments and suggestions are welcome. For more information on how to become involved, contact Holly by e-mail or leave a message at ext. 6-5838.

The talk is one in a series of First-Line Supervisors' Network programs intended to provide a forum to discuss and form strategies to address a variety of supervisory problems.

McGraw's programs are designed to entertain, educate and motivate employees to initiate change in a positive way. She will specifically discuss techniques to better handle change in a public employment setting.

Additional First-Line Supervisors' Network programs are scheduled for April 6 and May 4. Attendees may bring a lunch or buy one. Reservations are not needed.

For more information, contact Joan I and at ext. 6-6563 or Joan DeCosta at ext. 6-5198.
