Position vacancies

Below are all the new, previously unadvertised employment openings at the university. You may access all information about these and other, previously advertised positions at www.calpoly.edu (scroll down and select "employment opportunities").

STATE:
For a complete listing of employment opportunities for staff and management positions, you can:
• Check the Human Resources and Employment Equity Web site at www.calpoly. edu under Employment Opportunities;
• Come to the HERC office, Admin 110, and view the posted positions;
• Call the HERC Hot Line at ext. 4-1553.

For a listing of new openings, check the Tribune's Sunday edition.

If you have questions, please call HERC at ext. 4-2237.

FACULTY candidates are asked to contact the appropriate department office at the phone number listed for more information or to request an application. Additional information and qualifications for each position may also be obtained on-line at http://www.academic-personnel.calpoly.edu. Please submit all application materials to the department head/chair unless otherwise specified in the ad. Requisitions and searches are commensurate with qualifications and experience (see time base where applicable), unless otherwise stated.

Friday receptions set for retiring staff members

Sue Dietrick
A retirement reception for Sue Dietrick, administrative analyst/specialist in Enrollments Support Services, will be held from 11 a.m. to 1 p.m. Friday (April 28) in Adm. 306-F. Dietrick will retire Tuesday (May 2) after a 19-year career at Cal Poly. Those wishing to say goodbye are also invited to stop by her office in Adm. 206-F.

Jacquie (Rossi) Paulsen
Jacquie (Rossi) Paulsen, coordinator of the commuter and accessibility services in University Policer's Commuter Services office, invites the campus community to a dessert reception (without a Franci, per her request) from 11 a.m. to 1 p.m. Friday (April 28) at University Police.

Paulsen's 24-year service of included positions in the State Receiving Warehouse, State Purchasing and Health Center. She founded the Commuter Services office seven years ago. In 1986 she received an Outstanding Staff Award.

Yelland named director for management project

George Yellow has been named Cal Poly's campus director for the CSU's Common Management Systems (CMS) project. The effort to improve management processes by implementing a common base of PeopleSoft software modules throughout the CSU.

He will manage the implementation of integrated PeopleSoft software for human resources, financials, and student administration.

Last July, Yelland was appointed interim CMS project director. Since then he has organized the CMS project office, developed initial CMS project organization for the campus, served as co-chair of the CSU Ad Hoc Technical Architecture Committee and co-author of the CSU CMS Technical Architecture document. He also represented the campus on the CSU CMS Project Director Team, and served as Project Director Team liaison with the CSU CMS Technical Infrastructure Group.

Franye to address first-line supervisors

He also represented the campus on the CSU CMS Project Director Team, and served as Project Director Team liaison with the CSU CMS Technical Infrastructure Group.

Franye to address first-line supervisors

Dietrick will discuss the need to establish programs that support and fosters effective team-building.

The First-Line Supervisor's Network includes employees of the Employee Assistance Program and Human Resources and Employment Equity, is intended as a forum to discuss and form strategies to address a variety of supervisory problems. Attendees may bring in their own or buy one. For more information, call Joan Lund at ext. 6-6563, or Jean DeCosta at ext. 6-5198.

Stress expert to speak on 'professional' faculty

A Stanford psychologist will speak to the and academic deans on May 11 on "The Challenges of Addressing Problematic Faculty Behavior in Academic Settings."

David Rasch, director of the Stanford Help Center, a counseling service for that university's faculty and staff, will speak at a 3:30 p.m. meeting of the Deans', Instructional Department Chairs' Heads' Network, co-hosted by the Smith Alumni and Conference Center.

Rasch's specialties are also assisting teachers with stress, navigating the tenure track, and respectful communication in the workplace. His talk will deal with chemical and physical environment, burnout, political maneuvering, sexual harassment, threats of violence and other stresses.

The program is sponsored by the Employee Assistance Program and Human Resources and Employment Equity. For information call Joan Lund at ext. 6-5653 or Jean DeCosta at ext. 6-5198.

Second class rosters to be mailed May 3

A second class roster of students enrolled in classes through Open University (formerly Concurrent Enrollment) will be mailed to instructors May 3.

For more information, call Vivian Steele, Expanded Education, at ext. 6-2033.

Korean 'story-song' to be sung Friday

A special "Korean story-song" about the birth, death and reincarnation of a daughter will be performed at the PAC's Phelps Hall at 5 p.m. Friday (April 28).

Ohio State University Professor and UC Berkeley Visiting Professor Chae E. Park, a specialist in Korean language and literature, will perform "P'ansori, the Song of Yeong Ung. Mistress of the Spiritual Domain."

"P'ansori is a story-singing tradition still performed today. Park will sing the story of Shim Ch'ong in Korean and narrate in English between songs."

Aunt of numerous articles on storytelling and related topics, Park has been widely recognized in the United States and abroad for her lecturing and performances of Korean musical and narrative traditions.

The free performance is sponsored by the Woman's Studies Program.

For more information, contact Vivian Steele, ext. 6-5653.

Anxiety info, screening available May 3 in plaza

The explosive growth of the communications market and the demand it creates for "computing solutions" will be the speech topic of Dr. Paul Page of the Central Coast Section of the Institute of Electrical and Electronics Engineers.

The speakers will be Pete Holmes, a telecommunications market development manager for the Zichar Corp.

The public meeting will be 7:30 p.m. in Room 206 of Engineering East. Refreshments will be available at 6:30 p.m.

For information, call Carol Erickson in Engineering east at ext. 6-2878.

Summer fee waiver forms available

Human Resources and Employment Equity reminds employees of the following summer quarter fee-waiver deadlines:

• May 5: Registration begins for employees. (See "Priority and Graduate Student" category in class schedule.)
• May 13: Last day to pay fees to avoid $25 late fee.
• July 3: Last day to submit fee waiver forms to Human Resources and Employment Equity.

Employees enrolled spring quarter are to be mailed the fee-waiver forms; those not currently employed should e-mail or call Joan Lund at ext. 6-5653.

Friday day to day in life insurance plan

Friday (April 28) is the last day of the special open enrollment period for voluntary employee-paid group life insurance.

Standard Insurance Co. is offering term life insurance of up to $1.3 million, and during this open enrollment, applicants can get coverage of up to $150,000 without answering medical questions.

Coverage for dependents also may be purchased, and the insurance may be continued after employment with the CSU ends, including into retirement.

Informational packets with applications and information will be mailed to all eligible employees via campus mail in early March. Applications must be mailed directly to Standard and postmarked by Friday.

This is the only open enrollment period scheduled for current eligible employees for the foreseeable future.

For more information, please contact Human Resources and Employment Equity at ext. 6-2226.

Anxiety info, screening available May 3 in plaza

Ticket information

Tickets to upcoming performances at the Performing Arts Center can be purchased at the PAC Ticket Office 10 a.m. - 6 p.m. weekdays and 10 a.m. - 4 p.m. Saturdays. Call ext. 6-2878, or fax your order to ext. 6-6088.

Kennedy to speak May 6

President Emeritus Robert Kennedy will speak about Cal Poly history at the Cal Poly Women's Club May luncheon on May 3.

The luncheon will begin at noon at the Shore Cliff Lodge in Pismo Beach. Current and retired faculty and staff members and by extension and retired faculty members are invited.

For reservations, call Margaret 'Toone at 543-6110.
Students invited to enter national poetry contest

The Instructional Development unit asks faculty members from all areas of campus to let their students know about a poetry contest sponsored by the Academy of American Poets. Students from all majors can submit up to five poems of no more than 300 lines each. Each poem should include the author’s name.

Solicitation of vacation for Sydney Francis

Sydney Francis, senior data control technician in Information Technology Services' Operations and Data Control area, has qualified for family medical leave. Eligible state employees may donate vacation credit to help her return in full-pay status during her extended absence.

Yelland named director for management project

George Yelland has been named Cal Poly's campus director for the CSU's Common Management Systems (CMS). Yelland will lead an effort to improve administrative processes by implementing a "common baseline" of PeopleSoft software modules throughout the CSU.

Second class rosters to be mailed May 3

A second class roster of students enrolled in classes through Open University (formerly Concurrent Enrollment) will be mailed to instructors May 3. For more information, call Vivian Steele, Expanded Education, at ext. 6-2033.

Korean 'story-song' to be sung Friday

A Korean 'story-song' about the birth, death and reincarnation of a daughter will be performed at the PAC's Philip Hall at 5 p.m. on Friday (May 18).

Friday day to day in life insurance plan

Friday (April 28) is the last day for the special open enrollment period for voluntary employee-paid group life insurance.

Information on Cal Poly Arts events can be found on line at www.calpolyarts.org.

Graduate wins award

Continued from page 4

was last week in New York City during the 2000 National Planning Awards luncheon sponsored by the APA, and the American Institute of Certified Planners (AICP) as part of their National Planning Conference.

In accepting the award, Pernell was in the company of New Jersey Gov. Christine Todd Whitman, receiving the APA's Distinguished Leadership Award for an Elected Official, and long-time planning guru and author Nathaniel Bair, winner of this year's Distinguished Leadership Award for a Professional Planner.

"The list of planning-related projects that Pernell completed as a student reflects more like the credits of someone who has been a practicing planner for several years," according to the APA. For that record and her academic achievements, the organization chose her from a field of 121 nominees to be the first recipient of the new student leadership award.

Pernell has been especially interested in sustainability and "urban" development and in advocating student involvement to local environmental efforts. For her senior project, she drew up a detailed plan for future development at Cal Poly's Student Experiment Farm and led the construction of a small straw bale structure at the site.

Among her class work, she helped write a draft general plan for the city of Atascadero and faciliated two community design workshops there. That class project, ultimately, won the AICP's national Student Project Award for "best applying the planning process" (see article on page 1), which was also presented at the New York Planning Conference.

Pernell also developed designs for redeveloping Old Town Lompoc, pre­ senting her ideas to the mayor, city staff and community.

During an internship at the Solar Living Center in Hopland, she conducted a study of public agencies and their accept­ ance of technologies that contribute to sustainable development.

A Newberry California native, Pernell now works at the Roseville land-use and environmental planning firm of Quafool.

Students receive top national planning awards

A general plan for Atascadero drafted by a city and regional planning class has been named last year's best student planning project in the nation.

"Atascadero Colony in the 21st Century: 2020 Draft General Plan" received the Student Project Award from the American Institute of Certified Planners (AICP) in New York City last week. The award, given for "best applying the planning process," was presented as part of the National Planning Conference sponsored by the AICP and the American Planning Association.

Led by faculty member Zeljka Howard, 35 third-year students worked with Atascadero officials, community members and other organizations for a year to de­ velop a complete plan for the city's future. They analyzed existing conditions, developed alternative proposals, and, through a series of meetings, helped the town select a final plan.

In drafting the segment of the plan dealing with community design, the stu­ dents emphasized preserving and rejuvenating the historic town center, whose park and rotunda-style buildings grew from a turn-of-the-century "city beautiful" move­ ment. The city is now wary that material in its general plan update.

Other city and regional planning facil­ ity advisors on the project were Michael Borelli, Lori Hoffman, Ameer Noor, and Department Head William Scicchitano.

March grad wins award

A recently graduated Cal Poly student is the first recipient of a top national award for leadership in community planning.

Alison Powell, who completed the requirements in March for her bachelor's degree in city and regional planning, re­ ceived the American Planning Association (APA) Distinguished Leadership Award for a Student Planner. The presentation
