PROPOSED RESOLUTION on APARTHEID

WHEREAS, The Government of South Africa, through its policy of Apartheid, has and continues to deny political and human rights and economic opportunity to its black citizens solely on the basis of race; and

WHEREAS, The Government of South Africa, through its policy of Apartheid, severely restricts the political and human rights and economic opportunities of its Asian and Coloured (Mixed Race) citizens solely on the basis of race; and

WHEREAS, The system of Apartheid has been repeatedly condemned as morally repugnant by the United States government and the government of the overwhelming majority of the world's nations; and

WHEREAS, The South African government continues to practice, promote and publicize its apartheid policies despite world wide condemnation; and

WHEREAS, American corporate investment in South Africa serves to bolster the apartheid-dominated economy, and provide critical support for the present regime's continued refusal to extend political rights to the overwhelming majority of the citizens; and

WHEREAS, The current state of affairs in South Africa has reached such a level as to ban press and news coverage from that country; and

WHEREAS, The 30-year American corporate presence in South Africa has failed to significantly modify apartheid or provide economic benefits for the nation's black, Asian, and coloured majority; and

WHEREAS, Such institutions of Higher Education as Barnard College, Columbia University, the State University of New York, the University of Arizona, the University of Minnesota and others in recognition of the above, have taken action to fully divest all holdings in corporations operating in South Africa; and

WHEREAS, The California Polytechnic State University, through its Foundation, presently holds $ 847,000 in stock in corporations which operate in South Africa; therefore be it

RESOLVED: That the Academic Senate of California Polytechnic State University recommend that the Foundation divest itself of these holdings until the affected corporations end their participation in the South African economy or until the South African government dismantles the present apartheid system and allows all of its citizens full political rights and economic opportunity; and be it further

RESOLVED: That responsibility of California Polytechnic State University, the faculty, Academic Senate recognize and acknowledge social injustice, and act on humanitarian rights.

Academic Senate Budget Committee

Subject: Proposed Academic Senate Resolution

Date: November 14, 1985  
File No.:  
Copies:

Please find attached recommendations from the Budget Committee for a possible Academic Senate resolution.

The proposed resolution addresses an apparently arbitrarily imposed $200,000 limit per CSU campus per year on computer equipment expenditures, from the Instructional Equipment Replacement (IER) allocation. This limit has a particularly negative impact on the Cal Poly campus where obsolete equipment is more likely to be replaced by new computer-based equipment in our many technical degree programs.

Thank you.

PROPOSED ACADEMIC SENATE RESOLUTION

BACKGROUND

Historically, budgeting practices by the Chancellor's Office have restricted total computer equipment expenditures to $200,000 per CSU campus per year, from the Instructional Equipment Replacement (IER) allocation, regardless of the amount of the IER allocation to the campus (see Attachment B, p.2, August 27, 1985, Instructional Replacement Allocation Memo).

WHEREAS, Existing faculty and students must have adequate opportunities to develop, refine and exercise computer information processing skills; and

WHEREAS, A significant amount of existing instructional and classroom/laboratory computer hardware is inadequate to meet the challenges of computer technology; and

WHEREAS, An increasing proportion of replacement equipment is computer-based; and

WHEREAS, An artificial ceiling has been imposed upon CAL POLY and other campuses within the CSU system as to the replacement of obsolete and inappropriate instructional computer equipment; therefore be it

RESOLVED, That the Academic Senate requests that the Chancellor's Office remove the ceiling on replacement of instructional computer equipment within the IER allocation.
Memorandum

To: Executive Committee

Date: November 20, 1985

From: George Lewis, Chair
GE & B Committee

Subject: Catalog Recommendations

The GE & B Committee has completed business on the items carried over from 1984-1985. Our recommendations are attached.

I will be happy to discuss the details of our recommendations with any interested Senator or Executive Committee Member.
