Position vacancies

Below are all the new, previously unadvertised employment opportunities at the university. You may access full information about these and other, previously advertised positions at www.calpoly.edu (scroll down and select "employment opportunities" under the "Faculty/Staff Services heading.").

STATE: For a complete listing of employment opportunities for state staff and management positions, please check The Tribune’s Sunday ad section.

• Check the Human Resources and Employment Equity Web site at www.calpoly.edu under Employment Opportunities.

• Come to the HREE office, Admin 110, and view the posted positions.

• Call the HREE Job Line at ext. 6-4533. For a listing of new openings, check The Tribune’s Sunday ad section.

Please note that beginning in July applications for job openings must be received in the Human Resources and Employment Equity office, Admin 110, by 5 p.m. on the closing date. Envelope postmarked by the deadline will no longer be accepted.

If you have questions, please call HREE at ext. 6-2229.

FACULTY (Candidates are asked to contact the appropriate department office at the phone number listed for more information or to request an application. Additional information and forms for applications for each position may also be obtained on line at http://www.academic-personnel.calpoly.edu. Please submit all application materials to the department head/chair unless otherwise specified in the ad. Rank and salary are commensurate with qualifications and experience. The time limit above applies, unless otherwise stated.)

#03114: Part-time Lecturer Pool, Construction Management department (ext. 6-1223). Closing date: July 5.

#03405: Tenure-track Position in modern European history, History Department (ext. 6-2543). Closing date: Oct. 21.

FACULTY (Positions are available in the following areas):

• Theatre

College of Agriculture – Marianne Wolf (Agribusiness), Brian Diettjerck (Natural Resources Management) and William Hendricks (Natural Resources Management).

College of Engineering – Jeffrey Szczepanik (Civil and Environmental Engineering), Mei-Ling Lin (Computer Science) and Sigrid Meldahl (Computer Science).

College of Liberal Arts – Sky Bergman (Art and Design).

College of Science and Mathematics – Mary "Sam" Rigler (Chemistry and Biochemistry) and Rod Wolff (Chemistry and Biochemistry).

Psychological Services – Jean D’Costa (Counseling Services).

University Center for Teacher Education – Elaine Chiu and Rita King.

EIGHT WIN PRIZES

Eight employees won prizes in the recent raffle, supported by the Cal Poly Cat Program. They are: Doug Ovettman, Facility Services; who won a cat doll; Noni Smyth, Materials Engineering, basket filled with "goodies"; Jane Brechler, Philosophy and Speech Communication, a hair cut from Fairchild Salon; Janice Emmick, Construction Management, gift certificate from Poppy’s; Carol Clifford, Payroll, gift certificate from Alex’s Bar-B-Q of Shell Beach; Mike Lund, Animal Services, "cash management" from Tabb’s; Bob Pattee (retiree), overnight stay at Cambria Pines Lodge; and Bonnie Lowe, Facilities Planning, overnight stay at Best Western Lighthouse Inn at Pacifica.

June 28 deadline for next report

Cal Poly Report is published every other week during summer quarter.

The deadline for the next issue, July 8, is 10 a.m. June 22. Please submit articles and any photographs by e-mail to polynews@calpoly.edu.

NAIL WITH NO ACCOUNT NUMBER TO BE SHREDDED

The Mail Center reminds campus offices that only envelopes that include an account number on the return address area.

Mail intended to be sent off campus that doesn’t include an account number will be shredded the third week of summer quarter, beginning July 3.

Those who think they might have mail that falls into this category can retrieve their envelopes in the Mail Center’s "Unknown Mail" tub.

For more information, call ext. 6-4992.

OBITUARY

LARRY Voss, Ph.D.

Larry Voss, who served the university and the CSU Chancellor’s Office for 35 years in a variety of administrative and management positions, died June 13 surrounded by family and friends at a Stanford hospital where he was undergoing treatment for leukaemia.

Voss served seven years as senior personnel analyst in the CSU Chancellor’s Office before coming to Cal Poly in 1968 as director of personnel relations. He served as executive assistant to President Robert E. Kennedy from 1973 to 1979 and as executive assistant to President Baker from 1979 to 1985, at which time he assumed the position of associate vice president for university operations.

From 1957 to 1961 Voss served as assistant personnel director of the State Department of Education.

He took a leave of absence in 1966 and 1967 from his position at the Chancellor’s Office to work as assistant director for a U.S. Office of Education research program for development of guidelines for improved personnel practices in state educational agencies.

Voss was elected chairman of the Western Regional Conference of the College and University Association in 1967, served as a consultant to the State Department of Education in 1971, served on the Western Inter-State Commission for Higher Education, also in 1971, and was elected vice president of AID-United States in 1975.

Shortly before he retired in 1992, Voss and his wife, Carolyn, established a music scholarship endowment in their names to provide financial aid to qualified students majoring in music.

After his retirement, he continued to serve the President’s Office in various capacities.

Larry was a gracious and vibrant individual who left among his many friends and colleagues at Cal Poly an enormous sense of compassion, commitment and service to the university and the community,” Baker said. “We will greatly miss him.”

JOHNSON APPOINTED Interim ASI director

Rock Johnson, ASI associate executive director since 1995, has been appointed interim executive director of ASI.

Johnson succeeds Soncia Lilly, who has accepted a position at UCLA. He will serve while the nationwide search for a permanent director is conducted.

GRIFFIN PICKED FOR AWARD

Larry Griffin, assistant professor of materials engineering, has been selected to receive a Dow Outstanding New Faculty Award for 2000.

He is one of eight young faculty members from across the nation chosen to receive the award.

Griffin, who has been teaching at Cal Poly since 1997, will receive the award at the annual conference of the American Society for Engineering Education in St. Louis, Mo., later this month.

DETWEILER APPOINTED Interim vice president

Robert Detweiler, who serves as a trustee professor at Cal Poly, is also serving as interim vice president for student affairs.

President Baker appointed Detweiler to succeed Juan Gonzalez, who accepted a position at Georgetown University.

Detweiler will provide leadership for the Student Affairs division while a national search for a permanent vice president is conducted.

Detweiler has distinguished himself during more than three decades in the CSU system. He previously led CSU-Dominguez Hills as its president and served as the college’s executive for academic affairs at CSU San Bernar­dino, and was a biology professor and dean of the college of Arts and sciences at San Diego State.

In addition, Preston Allen, director of housing and student affairs, has been assigned an expanded role as assistant vice president for student affairs and student housing.

Allen’s added responsibilities include broad staff support for the vice president and oversight for organi­zation and implementation of the division’s strategic plans and initiatives. A key member of the Student Affairs management team at Cal Poly since 1990, he is directly responsible for housing and student management and Housing and Residential Life.
Students take top honors in auto design contest

\( ^\text{Cal Poly's student chapter of the Society of Automotive Engineers won in two categories and finished in the top 10 at this year's Formula SAE international automotive design competition.} \)

The contest challenges engineering students to conceive, design, fabricate and compete with formulative-style race cars — open wheel, single-seat racers with a restricted max 600-cubic-centimeter engine. This year, students from 194 universities in the United States, Canada, Mexico, Puerto Rico, Japan and the United Kingdom competed.

Cal Poly's team won in the Methanol Fuel Division and in the PACE Division.

All teams were evaluated on the design of the car, an oral presentation of the project, and cost analysis. On-track events included autonomous (open and handless), endurance and fuel economy, and acceleration.

Texas A&M University won first place, with the University of Wisconsin, Madison, and Cal Poly Pomona finishing second and third, respectively.

Cal Poly team members, all mechanical engineering students, included Adam Brinkman, Mike Freeston, Nicholas Gail, (Herny) Sean Leslie and Will Smith.

The team was coached by Joe Melio, a Cal Poly mechanical engineering professor, and Mike O'Neil from Tiwn Engineering in Buellton.

Williams wins

Libby Williams, administrative support coordinator in Academic Records, won a $25 gift certificate to El Corral bookstore in a prize drawing held by Human Resources and Employment Equity for employees who returned their Data Entry Survey.

Two engineering students selected for award

The Industrial Advisory Board of the Civil and Environmental Engineering Department has chosen two students to receive board-sponsored Professional Development Awards for 2000.

The winners are Janet Crumine, a civil engineering senior, and Brian Dragich, an environmental engineering senior. Each student will receive $500.

Candidates for the award were ranked using seven criteria: awareness of professional goals, scholarship, work experience, participation in professional organizations at the student level, community service, campus activities, and other attributes that serve as a foundation for entry into the professional work force.

Made up of 25 industry professionals and leaders, the department's Industrial Advisory Board convenes twice yearly on campus and provides input and support to the department and its students. In 1998, the board established an endowment fund to recognize civil and environmental engineering students with cash awards for outstanding efforts in preparation for a professional career.

CELEBRATION OF LIFE

Tommie Lewis Jones, 82

Tommie Lewis Jones, retired Cal Poly plumber, died June 3 in an Arroyo Grande hospital.

Jones worked at Cal Poly from 1964 until 1980. A native of Taylor, Texas, Jones moved to Arroyo Grande in 1954. He was involved in many youth activities, including the Boy Scouts of America, Little League and Babe Ruth League baseball.

Celebration of life planned for MacDonald

Jackie MacDonald, University Police dispatcher since 1995, died June 10 in a Grand Hills hospital.

MacDonald was seriously injured when she was struck by a drunk driver last November. During the past eight months, she struggled to overcome devastating injuries.

"Size was truly an example of strength and determination," said Cindy Campbell, program manager with the University Police. "MacDonald's ultimate goal was to return to work with the University Police.

The campus community is invited to attend a celebration of MacDonald's life at 10 a.m. Thursday (June 22) at the Leaning Pine Arboretum on campus.

In lieu of flowers, the family has asked that donations be made to the Methol Plastic Driving (MADe) or the Humane Society.

PARKING STRUCTURE NEARING COMPLETION

The parking structure on Grand Avenue is nearing completion. Without further delays, the structure should be open by the end of summer, according to university officials.

A wet winter and retrofitting delayed the project. Most of the current work is being conducted in the interior areas of the building. It includes painting, electrical work, retrofit layout and forming. Some of the remaining effort depends on completion of the retrofit work.

Vicki Stover, associate vice president for administration and finance, said the retrofit has taken longer than expected.

Dairy Science.

Elaine Chin and Rita King.

STATEMENT OF INTEREST

Please indicate the Campus Standing Committee you are interested in serving on:

- Campus Fee Advisory Committee
- Campus Safety and Risk Management Committee
- Campus Security Committee
- Curriculum and Program Review Committee
- Faculty Governance Committee
- Faculty Senate

Return to: Darcy Adams, Human Resources and Employment Equity, Administration Building, Room 110

FOR REVIEW COMMITTEE USE ONLY

Date of Review: Application Status: ____________ 
Committee Assignment: Staff Member Notified: ____________ 
Committee Chair Signature: ____________ 

Tenure, promotion awards announced

President Baker has announced the promotion of 21 faculty members and the award of tenure to 12 faculty members effective in the 2000-2001 academic year.

The promotions include 12 to the rank of professor, eight to associate professor, and one to student services-professional academic related.

Those receiving promotions and/or tenure are:

Promotion to professor:
- College of Agriculture - Marianne Wolf (Agriculture) and Phillip Tong (Dairy Science)
- College of Business - Phillip Fanchon (Economics), Alden Shiers (Economics) and Norm Borin (Marketing)
- College of Engineering - Sigurd Meldal (Computer Science)
- College of Liberal Arts - Joseph Kelly Moreno (Psychology and Human Development) and Maria Junco (Theatre and Dance)
- College of Science and Mathematics - Kellie Green Hall (Physical Education and Kinesiology) and Nilgun Sungur (Physics)
- University Center for Teacher Education - Elaine Chen and Rita Krup

Promotion to associate professor:
- College of Architecture and Environmental Design - William Benedict (Architecture)
- College of Engineering - Eric Kasper (Civil and Environmental Engineering), David Braun (Electrical Engineering), Fred DePiero (Electrical Engineering) and Larry Griffin (Materials Engineering)
- College of Science and Mathematics - Christopher Kitts (Biological Sciences), Mary "Sam" Rigler (Chemistry and Biochemistry) and Rudi Wolf (Chemistry and Biochemistry)

Two engineering students selected for award

The Industrial Advisory Board of the Civil and Environmental Engineering Department has chosen two students to receive board-sponsored Professional Advancement Awards for 2000. The winners are Janet Cruznice, a civil engineering senior, and Brian Driglich, an environmental engineering senior. Each student will receive $500.

Cruznice, who is majoring in civil engineering, has designed, fabricated and constructed a successful robotic arm that uses computers to control its movements.

Driglich, a civil engineering senior, has designed and constructed a low cost, 60-centimeter diameter, single-seat race car that can be driven both on track and on the streets.

Staff members invited to serve on committees

Staff members, including state, Foundation, A.S.I, and A.S.T.I, are invited to submit an application to fill the following vacancies on campuswide standing committees:

- Campus Fee Advisory Committee (2000-2001)
- Status of Women Committee (2000-2002)
- Substance Use and Abuse Advisory Committee (2000-2002)

An appointment committee, chaired by Kent McDonald, director of human resources and employment equity, will screen applications and forward recommendations to President Baker.

TENURE, PRAISE AWARDS ANNOUNCED

President Baker has announced the promotion of 21 faculty members and the award of tenure to 12 faculty members effective in the 2000-2001 academic year. The promotion includes 12 to the rank of professor, eight to associate professor, and one to student services professional. The promotion is based on excellence in preparation for a professional career.

Promotion to associate professor:

- College of Architecture and Environmental Engineering - William Benefiel (Architecture)
- College of Engineering - Eric Kaemmerle (Civil and Environmental Engineering), David Braun (Biomedical Engineering), Fred DePiero (Electrical Engineering), and Larry Griffin (Material Engineering)
- College of Science and Mathematics - Christopher Kirt (Biology and Environmental Science), Mary "Suzie" Ripley (Chemistry and Biochemistry), and K.D. Wolf (Chemistry, Environmental Chemistry, and Biochemistry)

Position vacancies

Below are all the new, previously unadvertised employment opportunities at the university. You may access full information about these and other, previously advertised positions at www.calpoly.edu (scroll down for each position listing.

STATE: For a complete listing of employment opportunities for state staff and management positions, you can:
• Check the Human Resources and Employment Equity website at www.calpoly.edu
• Come to the HREE office, Adm. 110, and view the posted positions.
• Call the HREE Job Line at ext. 6-1492.

For a listing of new openings, check The Tribune's Sunday edition.

Please note that beginning in July, application deadlines must be received in the Human Resources and Employment Equity office, Adm. 116, by 5 p.m. on the closing date. Envelopes postmarked by the deadline will no longer be accepted.

If you have questions, call HREE at ext. 6-2297.

---

FACULTY

CANDIDATES ARE InvITED TO CONTACT THE appropriate department or office at the telephone number listed for more information or to request an application. Additional information and general guidelines and qualifications for each position may also be obtained by contacting the chair. Rank and salary are commensurate with qualifications and experience. All applications must be received (not just postmarked) by 5 p.m. of the closing date.

The Mail Center reminds campus of:
• Check the Human Resources and Employment Equity website at www.calpoly.edu to post your resume. You may also post your resume under "Training and Development" on the Human Resources and Employment Equity Web site at www.ca lpol y.edu. 0
• July 31 - Registration begins for fall quarter fee waiver deadlines: Aug. 20 - Last day to submit fall fee waiver forms to Human Resources and Employment Equity office. Fee waiver guidelines and forms are available under "Training and Development" on the Human Resources and Employment Equity Web site at www.ca lpol y.edu. 0

---

Fall fee waiver schedules

Employees are reminded of the following fall quarter fee waiver deadlines:
• July 31 - Registration begins for fall fee waiver deadlines (see "Professional-Academic Related II")
• Aug. 17 - Last day to pay fees to avoid $25 late fee.
• Oct. 2 - Last day to submit fall fee waiver forms to Human Resources and Employment Equity office.

---

Eight win prizes

Eight employees won prizes in the recent raffle, held to support the Cal Poly Cat program. They are: Doug Ovetman, Facility Services, who won a cat doll; Noni Johnson, Information Technology Services, who won a cat doll; Brian Craig, Finance, who won a cat doll; Jane Brechler, Phi Delta Phi, who won a cat doll; Jane Brechler, Phi Delta Phi, who won a cat doll; and Janet Osterhoudt, Computer Science, who won a cat doll. All winners were selected at random.

---

Mental Health Services, $35,532-$42,720/yr.

---

June 28 deadline for next report

Cal Poly Report is published every other week during summer quarter.

---

Deadline for the next issue, July 8, is 10 a.m., July 7. Please submit manuscripts by e-mail to polynews@polymail.calpoly.edu.
