Position vacancies

STATE: For a complete listing of employment opportunities for state staff and management positions, you can:
• Check the Human Resources and Employment Equity Web site at www.calpoly.edu, under Employment Opportunities;
• Come to the HR/E office, Adm. 110, and view the posted positions;
• Call the HR/E Job Line at 6-6533.
For a listing of new openings, check The Tribune’s Sunday edition.
Please note that applications for job openings must be received in the Human Resources and Employment Equity office, Adm. 110, by 5 p.m. on the closing date. Envelopes postmarked by the deadline will not be accepted.

If you have questions, please call HR/E at ext. 6-6537.

FACULTY

Candidates are asked to contact the appropriate department office at the phone number listed for that position or to request an application. Additional information and qualifications for each position will also be available at http://www.academic-personnel.calpoly.edu.

Salary is negotiable.

Applications must be received by 5 p.m. of the closing date. (No facsimiles.)

Senior Investment Accountant/Analyst
Salary: $36,400-47,294/yr. Closing date: open until filled; review of applications begins Dec. 21.

Comments invited on time capsule design

A time capsule is being designed by architecture students, and the campus community can have a hand in selecting its contents and design. Students in third-year design studios are participating in Cal Poly’s Centennial Celebration by creating a series of time capsule props for the university to consider. The proposed capsules will last 100 years and be opened for the university’s bicentennial celebration in 2101.

A selection of the capsule projects will be on exhibit through Friday (Dec. 8) in the Architecture and Environmental Design Building lobby. The capsules differ from traditional capsules in that they will incorporate innovative designs that propose to envelope the capsule with a kiosk-like structure. Each of the 13 time-capsule proposals on display will include a unique storage solution illustrated with physical and digital models and drawings, plus ideas about where it should be located, what should be stored in it, and how the university should go about collecting the information. Procedures on how it should be opened in 100 years are contemplated as well.

In preparation for their projects, student teams interviewed a cross-section of students, professors and staff members for their thoughts.

To view images of four of the proposals, “movie” style, go to: Find the “Projects” link at the top, and then click on the individual student photos for more details. Click on “Feedback” to provide comments on the project.

Vicki Stover called ‘outstanding’ in aiding quality

Asociate Vice President for Administration Vicki Stover was recently named Outstanding Quality Improvement Facilitator of the CSU. Stover was honored at the system’s Third Annual Quality Improvement Symposium for her contributions to the statewide Quality Improvement (QI) Programs. Stover is responsible for the reorganization of quality improvement on campus and is the communication link between the systemwide QI committees and Chancellor’s Office and Cal Poly.

She has guided the customer satisfaction initiatives of the Cal Poly work team since 1994. She has also contributed and submitted for publication the best-practice efforts of the Admissions and Recruitment office (Facilities Management), as well as at a presenter at a Quality Improvement Symposium addressing the implementation of “peer review” concept on campus, which she has facilitated.

Society of Women Engineers takes first in competition

Cal Poly’s Society of Women Engineers won first place in a national “Team Tech” competition for a proposal that could save the lives of the women and men who fight wildfires.

The problem: Unpredictable winds and other factors can turn a brush fire on the firefighters themselves, an event known as a blowover. When this happens, the option has been to pitch a government-sissued fire shelter or, if time permits, to retreat to the truck. Both options have problems: The personal shelter cannot keep someone alive for long, and fire trucks contain objects that give off toxic smoke when the fire contacts them directly.

Team leader Jo Anne Alano, an architectural engineering senior, and eight team members developed an innovative design for a quickly deployable shield that protects the vehicle from rapidly escalating temperatures and allows firefighters to enter after deployments known as S.H.I.E.L.D. (Supplemental Heat Inhibitive Emergency Life Device), the spring-loaded design deploys within 10 seconds, provides a survivable environment in the vehicle for 10 to 15 minutes.

Friday reception to honor Mary Louise Brady

Mary Louise Brady in the library is retiring Dec. 7 and extends a campus-wide invitation to a reception from 10 a.m. to noon Friday (Dec. 8) in Room 511 in the library.

Brady came to Cal Poly as a curricular librarian in 1968 and has served as head of the Learning Resources and Development Curriculum department since 1975.

Friday reception set for Sandy Harris

Payroll Services invites the campus to bid a fond farewell to payroll technician Sandy Harris at a reception in Adm. 133 on Friday (Dec. 8) from 2 to 4 p.m. Harris has worked in the payroll office since 1973. She earned a bachelor’s degree in English from Cal Poly in 1972 and then worked two years in the Social Science Department.

She is retiring Dec. 31.

Eric Rose to retire from Campus Catering

Eric Rose of Catering is retiring and invites the campus community to a reception from 1 to 3 p.m. Friday (Dec. 8) in the Veranda Café Conference Room.

Rose has served as the catering chef for more than 20 years.

State Campaign forms due; pledges welcome anytime

Donation forms for the United California State Employees Campaign (United Way) are now past due, but they’re always welcome. A significant amount of the money turned in late will become effective in the next feasible pay period.

In a drawing among donors whose forms were received by the target date, English Professor John Harrington and Jane Johnson in Career Services won a presenter at a Quality Improvement Symposium addressing the implementation of “peer review” concept on campus, which she has facilitated.

UU Reservation Desk closed over holidays

The University Union Reservation Desk will be closed Dec. 13-Jan. 3. Happy holidays!

To view images of four of the proposals, "moving" and seeing the QuickTime-formatted compilations of the interviews, go to http://suntzu.larc.calpoly.edu/cps/ccs/CCPSIZE. Select the "Projects" link at the top, and then click on the individual student photos for more details. Click on "Feedback" to provide comments on the project.

Vicki Stover called 'outstanding' in aiding quality

Associate Vice President for Administration Vicki Stover was recently named Outstanding Quality Improvement Facilitator at the CSU.

Stover was honored at the system's Third Annual Quality Improvement Symposium as one of the contributions to the statewide Quality Improvement (QI) Programs. Stover is responsible for the implementation of quality improvement on campus and is the communication link between the systemwide QI committee and Chancellor's Office and Cal Poly.

She has guided the customer satisfaction program to meet state and national targets and submitted for publication the best-practice efforts of the Admissions and Financial Aid Office. She was also a presenter at a Quality Improvement Symposium addressing the implementation of the " balanced scorecard " concept on campus, which she has facilitated.

Buying computers just got easier for community

Information Technology Services, in conjunction with Contracts and Procurement, has made ordering college- and department-funded workstations easier through the Workstation Program. The program goals are to promote volume pricing, adhere to campus computing standards, ensure effective usage, and streamline the ordering process.

Visit the Workstation Program Web site at http://poly.edu/it Serve-U for purchase information and links to generate your own "e-quote," or contact Dale Kohler, workstation program coordinator, at ext. 6-6002 for technical recommendations and price quotes.

Faculty and staff members and students can also receive special discounts on Dell and Apple computers for home use. Visit the Workstation Program Web site, and follow purchasing guidelines for cost accounting and expense funding.

Educational discounts are also available on Apple computers through El Computer Bookstore. For more information, call Kohler at ext. 6-1511.

Society of Women Engineers takes first in competition

Cal Poly's Society of Women Engineers won first place in a national "Team Tech" competition for a proposal that could save the lives of the women and men who fight wildfires.

The problem: Unpredictable winds and other factors can turn a brush fire on the firefighters themselves, an event known as a burnover. When this happens, the options have been to pitch a government-issued fire shelter or increase distance between "hot shots," a time-consuming process.

Team leader Jo Anne Alano, an architectural engineering senior, and eight team members developed an innovative design for a quickly deployable shield that protects the vehicle from rapidly escalating temperatures and allows firefighters to enter after knowing the "time to go." Known as S.H.I.E.L.D. (Supplemental Heat Inhibitive Emergency Life Device), the sprung-load design deploys within 10 seconds, providing a survivable environment in the vehicle for 10 to 15 minutes.

Friday reception to honor Mary Louise Brady

Mary Louise Brady in the library is retiring Dec. 9 and extends a campus-wide invitation to a reception from 10 a.m. to noon Friday (Dec. 8) in Room 511 in the library.

Brady came to Cal Poly as a curriculum librarian in 1968 and has served as head of the Learning Resources and Curriculum Department since 1975.

Friday reception set for Sandy Harris

Harris has worked in the payroll office since 1971. She earned a bachelor's degree in English from Cal Poly in 1972 and then worked two years in the Social Security Administration.

She is retiring Dec. 31.

Eric Rose to retire from Campus Catering

Eric Rose of Catering is retiring and invites the campus community to a reception from 11 a.m. to noon (Dec. 11) in the Veranda Cafe Conference Room.

Rose has served as the catering chef for more than 20 years.

State Campaign forms due; pledges welcome anytime

Donation forms for the United California State Employees Campaign (United Way) are now past due, but they’re always welcome.

A 100 percent return form turned in late will become effective in the next feasible pay period.

In a drawing among donors whose forms were received by the target date, English Professor John Harrington and Jane Johnson in Career Services won tickets to the annual Service Awards Luncheon, set for Feb. 27 in Chalmish Auditorium, will go to Jan. 23 for $10.

The luncheon theme is "Puttin' on the Ritz." The lunch recognizes state, Foundation, and ASI employees with 10, 15, 20, 25, 30, 35, 40 and 45 years of service. A list of awardwiners and ticket sellers will be in an early-January Cal Poly Report.

The means of a choice between two entries: antelope and sun-dried tomato stuffed chicken breast or the vegetarian entree, large portobello mushroom salad with spinach and marinara with a mozzarella and basil sauce. Green salad, fresh fruit salad, marinated vegetable salad, rice pilaf, assorted rolls, a selection of cheesecakes, coffee and tea will also be served.

Holiday library hours

The Kennedy Library will be closed from 11 a.m. to 2 p.m. Dec. 13.

Honor society inducts more than 400 students

The National Society of Collegiate Scholars inducted more than 400 Cal Poly students at a recent ceremony on campus.

NSCS, a national honors organization for first- and second-year students, recognizes outstanding academic achievement and encourages students to get involved with campus service and leadership development.

Phil Bailey, dean of the College of Science and Mathematics, delivered the keynote address. President Baker and Provost Paul Zieg were honored as Distinguished Members.

For more information, call Pat Harris, assistant director of learn-to-educate and development and N.S.C.S. advisor, at ext. 6-2582.

Bicycle group to look at safety, other issues

A bicycle task force has been created to make Cal Poly a safer place, by reducing bicycle crashes, traffic cycle paths, safety issues, and racks and locks to the University Police Depart­­ment, the Facilities Group (Facilities Services and Facilities Planting) and the Master Plan Planning Team.

The task force, made up of students and faculty, meets monthly. Anyone interested in participating or anyone with questions or concerns should call Deb Anderson at ext. 6-6080.
