The Theatre and Dance Department has named the cast for its production of the comedy "I Hate Hamlet" by Paul Rudnick, to be performed at 8 p.m. Thursday through Saturday, March 1-3 and 8-10 in the Theatre.

The plot centers around a well-known soap opera star who, when he decides to take on the challenge of playing Hamlet as his first stage role, rents the former apartment of legendary star John Barrymore, one of Broadway's best-known Hamlets.

"Hilarious complications ensue when Barrymore's ghost attempts to help soap opera star prepare for the role of a lifetime," said Michael Malkin, theatre and dance professor and director of the play.

Brian Christopher Ward, a third-year engineering major will play soap opera star Andrew Rally.

San Luis Obispo resident Gregory Sellars will make his Cal Poly stage debut as his first stage role, rents the former apartment of legendary star John Barrymore. Sellars, an alumnus of the Pacific Conservatory of the Performing Arts in Santa Maria, also performs with the San Luis Obispo Little Theatre.

Jennifer Pierson, a second-year theatre major and veteran actor, will take on the role of Felicia Dantine, Rally's real estate agent. Amanda Sitko will play Lilly, Troy, Rally's acting agent, and Nate Asher is cast as Rally's best friend, Gary Peter Lefkowitz. Both are third-year theatre majors.

Via Buskerud, a second-year theatre major, will make her Cal Poly stage debut as Denis McDavey, Rally's girlfriend.

Dana Campbell, a fourth-year theatre and political science major, is the production choreographer.

Lighting designer is Brad Patterson, a senior aerospace engineering major. Matt Davis, second-year music major, will design the sound.

Amber King, a fourth-year student majoring in theatre and English, is the production stage manager.

The two assistant stage managers are Brian Clow, a computer engineering graduate who's pursuing a master's degree in electrical engineering, and Karyn Brown, a second-year theatre major.

Theatre and Dance Department staff member Tim Dugan is designing the set, while students and senior citizens. 0

Tickets are $9 for adults and $8 for students and senior citizens. 0

New policy system to aid in medical emergencies

The University Police Department has added emergency medical dispatch (EMD) capabilities to its 911 communications center, and its dispatchers have been trained in the system. EMD is a step-by-step process a dispatcher can use to clearly communicate medical instructions to a 911 caller. EMD also aims to level of emergency response appropriate to the situation.

"The system is a major component of a regional emergency medical system," said Chief of Police Tony Arlie. "EMD will enhance our agency's ability to provide a quality response in the event of a medical emergency.

"Last year University Police managed 216 events, which brought 466,000 visitors to the campus," Arlie said. "Our routine daily population, coupled with the large number of visitors, we feel it's very probable that EMD will make a positive difference in someone's life." 0

FACULTY

Position vacancies

STATE: For a complete listing of employment opportunities for state staff and management positions, you can:
• Check Cal Poly's Web site at www.calpoly.edu. Select "Employment" from the Cal Poly Links drop-down box;
• Come to the HREE office, Admin. 110, and view the posted positions;
• Call the HREE Job Line at ext. 6-1533.

For a listing of new openings, check The Tribune's Sunday edition.

Please note that applications for job openings must be received in the Human Resources and Employment Equity office, Admin. 110, by 5 p.m. on the closing date. Envelopes postmarked but not received by the deadline will not be accepted.

FACULTY Candidates are asked to contact the appropriate department office at the phone number listed for more information or to request an application. Additional information and qualifications for each position may also be obtained online at www.academic-personnel.calpoly.edu. Please submit all application materials to the department head/university unless otherwise specified in the ad. Rank and salary are commensurate with qualifications and experience (and base time applicable), unless otherwise stated.

#10881: Part-time Lecturer Pool, 2001-2002, Political Science Department (ext. 6-2948). Closing date: March 23.

#10886: Dance Part-time Lecturer Pool 2001-2002, Theatre and Dance Department (ext. 6-1465). Closing date: March 23.

#1087: Tenure-Track Assistant/Associate Professor Position, Bioscience and Agricultural Engineering Department (ext. 6-2378). Closing date: April 1.

Faculty-Staff Payday is Feb. 28
Women's conference to focus on leadership

In celebration of Cal Poly's Women's History Month, the university is sponsoring an all-day Women's Leadership Conference from 9 a.m. to 4 p.m. at the Sandbaggy Factory.

Conference organizers want to help students, faculty, and administrators develop leadership skills as communication, team building, role balancing, self-esteem and confidence building, boundary setting, and problem solving.

Women's Programs, Leadership Educa­
tion (LEADS), Career Services, and the Soci­ety for Women are sponsoring the event.

"We're moving from a celebration of women's history to a focus on women leaders because it's more relevant today," said LEADS Coordinator Pat Harris.

Women's Program Coordinator Susan Knezik said the conference will give women the tools they need to make their voices heard at Cal Poly and in their careers.

"I hope participants in the conference will learn about individuals, leadership styles and skills and how to apply them at Cal Poly and in the business world," Kelley said.

A cost is $5, which includes lunch. The registration deadline is today. To register, stop by the Women's Center in 1601 N. Campus Drive from 8 to 11 a.m. or call Kelley at ext. 6-2600 or e-mail her at skelley@calpoly.edu.

Faculty specially invited to Career Symposium

Faculty members are encouraged to meet with company representatives at the Student Career Symposium from 10 a.m. to 3 p.m. Thursday, Feb. 22 in the main and upper gym areas of the Recreation Center.

Only the company reps are alumni who have expressed an interest in recon­necting with former professors. Company officials are also interested in speaking with faculty and staff members about programs and curricula and possible collaborative efforts.

Representatives from 150 companies are expected to attend what Career Ser­
vices will be its largest-ever symposium.

Company representatives will have displays, handouts and promotional mater­
ials for students in all majors and at all levels.

Students are invited to the event to learn about prospective careers and the preparation required; to make contacts for summer, co-op, and career opportunities; and to develop senior project or class project contacts and topics.

"If you have any questions that you need answered or need help applying for employment opportunities, an employer may be able to assist you," a complete list of companies and links to their home pages can be found on Career Services' Web site: www.calpolyjobs.com.

For more information call Shel Burrell, associate director of career services, at ext. 6-5974.

Technology, teaching focus of seminar series

The faculty and staff invited to a series of informal brown-bag seminars at noon on Fridays in Room E-45 in the library.

The seminars, sponsored by the Kennedy Library and Information Technol­
ogy, are being offered to create awareness of modern teaching technologies and their applications and to promote dis­cussion of issues and concerns related to technologies and teaching.

The remaining winter quarter speakers and topics are:

February 23: Henry France, Inte­
gated Media Services, "Creating and Editing Video." Table No. 12.

March 2: Bob Clover, Integrated Media Services, "Serving MERLOT: A Web­
based Repository of Educational Objects.

March 9: Dave Kohler, Information Technology Services, PC LAN Support, "How Should I Decide What Computer to Buy?"

Topics already covered winter quarter are "Computers in the Academic Environ­

A survey of interest in topics for next quarter will be held in Room E-45 at 10 a.m. on Monday, Feb. 5. Contact any of the speakers to arrange a topic for next quarter. Participate may bring their lunch. For more information, contact Clofer at ext. 6-1509 or reclof@cals.com.

New incentive offered to North County car poolers

The SLO Regional Rideshare office is offering a North County car pool incentive to those who commute over the Cuesta Grade — a new incentive, "Fill Up Your Carpool." The corporate carpool raffle on Tuesday, Feb. 27 will be encouraged by Bob Ambach before his appointment as executive director.

Ambach is now director of budget planning for the University of Cincin­
ati, where he has worked for more than 10 years in budget- and finance-related positions.

Ambach earned a bachelor's degree in finance-real estate and a master's in public administration from the University of Cincinnati.

Foundation announces new asso. exec. director

The Foundation has appointed Bob Ambach as associate executive director, effective March 26, to fill the position held by Frank Mumford before his appointment as executive director.

Ambach is now director of budget planning for the University of Cincin­
ati, where he has worked for more than 10 years in budget- and finance-related positions.

Ambach earned a bachelor's degree in finance-real estate and a master's in public administration from the University of Cincinnati.

Physics talk to focus on natural patterns

Santa Clara University Professor David Jackson will talk Thursday (Feb. 22) about the physical mechanisms that bring about the extraordinary variety of patterns that occurs naturally in the world, from zebra stripes to snowflakes. He will open the Performing Arts Center's Web site's week­

Theatre and Dance announces cast for "I Hate Hamlet"

The Theatre and Dance Department has named the cast for its production of the comedy "I Hate Hamlet" by Paul Rudnick, to be performed at 8 p.m. Thursday through Saturday, March 1-3 and 10-12 in the Theatre.

The plot centers around a well-known soap opera star who, when he decides to take on the challenge of playing Hamlet as his first stage role, renats the former apartment of legendary star John Barrymore, one of Broadway's best-known Hamlets.

"Hilarious conclusions ensue when Barrymore's ghost attempts to help the soap opera star prepare for the role of a lifetime," said Michael Malkin, theatre and dance professor and director.

Brian Christopher Ward, a third-year engineering major will play soap opera star Andrew Rally.

San Luis Obispo resident Gregory Sellers will make his Cal Poly stage debut in the role of Barrymore. Sellers, an alumni of the Pacific Conservatory of the Performing Arts in Santa Maria, also performs with the San Luis Obispo Little Theatre.

Jennifer Pierson, a second-year theatre major and veteran actor, will take on the role of Felicia Dantine, Rally's real estate agent. Amanda Sitko will play Lillian, Troy, Rally's acting agent, and Nate Asher is cast as Rally's best friend, Gary Peter Lekowitz. Both are third-year theatre majors.

Sara Buskirk, a second-year theatre major, will make her Cal Poly stage debut as Dany McDavsy, Rally's girlfriend.

Dana Campbell, a fourth-year theatre and political science major, is the production choreographer.

Lighting designer is Brad Patterson, a senior aerospace engineering major. Matt Davis, second-year music major, will design the sound.

Amer King, a fourth-year student majoring in theatre and English, is the production stage manager.

The two assistant stage managers are Brian Clow, a computer engineering graduate who's pursuing a master's degree in electrical engineering, and Karyn Brophy, a second-year theatre major.

Theatre and Dance Department staff member Tim Degus is designing the set, and technicians Howard Gee is serving as technical director.

Tickets are $9 for adults and $6 for students and senior citizens.

Electric Vehicle Expo set for Saturday on campus

The second annual Electric Vehicle Expo, Electric Rally, which showcases electric and alternative-fuel vehicles, will be held on campus 10 a.m.-4 p.m. Saturday. Individuals and organizations who want to enter their electric or alternative-fuel vehicles are welcome to display them for free.

Static displays will be in the parking lot in front of the Kennedy Library. Electric vehicles will participate in a timed road course starting at 11 a.m., followed by a distance rally around the campus at 1:30 p.m. The event allows cars to demonstrate their maneuverability; the distance rally tests the endurance and efficiency of the vehicles.

A barbecue open to all will be held adjacent to the displays beginning at 11:30 a.m.

The event is sponsored by the Electric Vehicle Engineering Club a part of National Engineers Week.

New police system to aid in medical emergencies

The University Police Department has added emergency medical dispatch (EMD) capabilities to its 911 communications center, and its dispatchers have been trained in the system. EMD is a step-by-step process a dispatcher can use to clearly communicate medical instructions to a 911 caller. EMD also assigns the level of emergency response appropriate to the situation.

"The system is a major component of a regional emergency medical system," said Chief of Police Tony Aeilts. "EMD will enhance our agency's ability to provide a quality response in the event of a medical emergency."

"Last year University Police managed 286 events, which brought 466,000 visitors to the campus," Aeilts said. "Given our routine daily population, coupled with the large number of visitors, we feel it's a very probable that EMD will make a positive difference in someone's life."

Jekyll & Hyde to play Feb. 28, March 1

Hebby Jekyll (Guy Lannoni) resembles his benign, Emma (Shain Lynn Nelson) in the Broadway musical Jekyll & Hyde, in a version played by Cal Poly students Thursday and March 1 in the Cohen Center's Harman Hall.

"The system is a major component of a regional emergency medical system," said Chief of Police Tony Aeilts. "EMD will enhance our agency's ability to provide a quality response in the event of a medical emergency."
