Position vacancies

STATE: For a complete listing of employment opportunities for state staff and management positions, you can:
• Check Cal Poly's Web site at www.calpoly.edu. Select “Employment” from the Cal Poly Jobs drop-down box;
• Come to the HREE office, Admin. 110, and view the posted positions; or
• Call the HREE Job Line at ext. 6-1534. For a listing of new openings, check The Tribune's Sunday edition.

Please note that applications for job openings must be received in the Human Resources and Employment Equity office, Admin. 110, by 5 p.m. on the closing date. Envelopes postmarked by the deadline will not be accepted.

FACULTY Candidates are asked to contact the appropriate department office at the requested phone number listed for more information or to request an application. Additional information and qualifications for each position may also be obtained online at http://www.academic-personnel.calpoly.edu. Please submit all application materials to the department head/chair unless otherwise specified in the ad. Rank and salary are commensurate with qualifications and experience (and time base where applicable), unless otherwise stated.

ASSOCIATED STUDENTS INC. is accepting applications for the following position(s). Complete position descriptions and applications are available at the ASI Business Office, University Union, Room 212, M-F, 8 a.m.-5 p.m., ext. 6-8800. All applications must be received by 5 p.m. of the listed closing date. AA/EOE.

Information Technology Assistant Coordinator

Applications for the following position(s) begin May 29.

Consultant for Recreation Services

Applications for the following position(s) begin May 29. U

ASSOCIATED STUDENTS IIIC.

For a complete listing of employment opportunities for state staff and management positions, you can:

Complete position descriptions and applications are available at the ASI Business Office, University Union, Room 212, M-F, 8 a.m.-5 p.m., ext. 6-8800. All applications must be received by 5 p.m. of the listed closing date. AA/EOE.

Tuesday, May 23

Books at High Noon: Patricia Troxel (English) "Under the Tuscan Sun/Bella Tuscany" by Frances Mayers, Library 210, noon.

Music: Tom Mutchler, BackStage Pizza, noon.

Wednesday, May 24

Music: John Bankston, BackStage Pizza, noon.

President's Service Awards Reception: Cohan Center Lobby, 2:30 p.m.

Performance Artist: Alison De La Cruz and "717" Campaign open microphone night, San Luis, 8, UU, 6:30 p.m.

Thursday, May 24

Computer Science Colloquium: Bob Hole (Insys). "Web 'PWN Y'all!" as a Case Study," Business 113, 4 p.m.

Play: Theatre and Dance Department's "Dancing at Lughansa." May 17-19 and 24-26. Theatre, 8 p.m. (5)

Friday, May 25

Play: Theatre and Dance Department's "Dancing at Lughansa." May 17-19 and 24-26. Theatre, 8 p.m. (5)

Saturday, May 26

Music: Cal Poly Choirs' fund-raising concert, Mission San Luis Obispo, 8 p.m. (5)

Play: Theatre and Dance Department's "Dancing at Lughansa." May 17-19 and 24-26. Theatre, 8 p.m. (5)

Monday, May 28

Holiday: Memorial Day observed. Campus closed.

Wednesday, May 30

Hypnotist: Jason Nazar, UU Club 221, 6-9 p.m. (5)

Thursday, May 31

Music: Student Recital, Davidson Music Center 218, 11 a.m.

Music: Twice Fallen, UU Plaza, 11 a.m.

Friday, June 1

Music: University Jazz Bands' Jazz Night, Theatre, 8 p.m. (5)

Saturday, June 2

Music: Cal Poly Chamber Orchestra Spring Concert, Theatre, 8 p.m. (5)

Monday, June 4

Music: "Chicago." June 4-6, Cohan Center Harman Hall, 10, 7:30 p.m.

Tuesday, June 5

Music: "Chicago." June 4-6, Cohan Center Harman Hall, 8 p.m.

Wednesday, June 6

Music: Local band Hands Down and open-microphone night, UU Club 221, 6:30 p.m. (5)

The first day of the national competition, the team prepared a conceptual design, budget, construction schedule, management plan and "value engineering" alternatives for a $45,000-square-foot medical facility with an $80 million budget. The next day the team prepared their presentation materials and graphics, and the following morning presented their proposal to the jury.

The design was reviewed by five professional project managers and architects. Members of the team were Bill Armstrong, a construction management senior; Carrie Baught, architecture senior; Jennifer Ingel, architectural engineering senior; and Andy Kutzer, construction management senior.
Woody Harrelson to talk on 'Simple Organic Living'

Actor-activist Woody Harrelson will give a benefit talk on "Simple Organic Living" and ecological reform at 8 p.m. Monday (May 14) in the Rec Center. Harrelson is making the 1,500-mile trip from Seattle to Los Angeles by bike and is speaking at college campuses along the way to spread his views on "creating freedom from industry and striking a balance between economic growth and ecological sanity."

He will also express his views about the "corporate grid," the destruction of rain forests, pesticides, the impact of humans on the planet, and the impact of corporate culture on people.

While on the road, Harrelson and a group of friends are being followed by a bus called "The Mothership," which runs on bio-fuel made from hemp and vegetable oil, to demonstrate that the environment and people's lifestyles do not have to be compromised.

The bus, equipped with an organic kitchen and solar-powered appliances, will be on display on campus.

The talk is sponsored by ASI Events. Cal Poly students can pick up free tickets at the Mustang Ticket Office in front of the Rec Center. Public tickets cost $3.50 and are available at all VallyTicket outlets (888-VALLYTIX or www.vallytickets.com).

For more information contact ASI Events at ext. 6-1113 or www.calpoly.edu/events/

The evening's proceeds will benefit the Progressive Student Alliance Club and the Oasis Foundation, a nonprofit organization that buys tropical rain-forest land to protect it from development.

Agribusiness students take top honors in contest

In recent competition against 36 universities nationwide, Cal Poly's National Agribusiness Marketing Association (NAMA) team came in second in the Marketing competition and tied for first in the Chapter Programs section in the Innovative Ideas category.

The NAMA Club's team is one of the first in the Innovative Ideas Chapter Program category to be a survey conducted after the 12th annual Ag Showcase.

Using principles learned in Cal Poly's agribusiness market research class, they surveyed student attendees about what they liked and what they thought could be improved on next year. While 60 percent of the students surveyed were extremely or very satisfied, suggestions included inviting a more diverse range of companies.

CPR schedule

The Cal Poly Report is published every Wednesday during the academic year.

Articles are due to Public Affairs by 10 a.m. Wednesday for the following week's edition. Items can be e-mailed to news@calpoly.edu, faxed to ext. 6-6533, or mailed to Public Affairs, Hershey Hall.

For more information contact Biology faculty member Elena Levine at ellevine@calpoly.edu or Chemistry and Biochemistry faculty member Peggy Rice at ext. 6-1624, Kevin Kingsbury, ext. 6-1652, or Sam Rigler ext. 6-1591.

Engineering student wins 'Best Poster' award

Matthew Lloyd, a senior materials engineering student, was awarded the Best Poster award at the recent International Materials Research Society Spring Conference.

Lloyd was one of 40 undergraduate students from around the world who was awarded a grant to carry out a research project and present the results at the Conference. Each student selected his or her own project. The title of Lloyd's work was "Improved Efficiency Polymer/Oxide Hetero-Junction Solar Cells."

He competed against students from such institutions as the Colorado School of Mines, Cornell University, UC San Diego, Case Western Reserve University and the Munich (Germany) Technical University.

The conference, held in San Francisco, was attended by approximately 2,500 engineers and scientists from the United States and abroad.

Professor David Braun of the Electrical Engineering Department was Lloyd's advisor.

Faculty, staff invited to research conference

As part of the Centennial Celebration, Cal Poly is planning its first College of Science and Mathematics Research Conference: 11:30 a.m.-5 p.m. May 11 in Chumash Auditorium.

Undergraduate and graduate students will be presenting their research projects in biology, chemistry and biochemistry, math, physics and statistics.

Two poster sessions are scheduled: from 11:30 a.m. to 12:45 p.m. and from 2:15 to 3:30 p.m. Talks are scheduled from 12:45 to 2:15 p.m. and from 3:30 to 5 p.m. In all, 11 presentations are scheduled.

The campus community is invited to attend and talk with the students.

For more information contact Biology faculty member Elena Levine at ellevine@calpoly.edu or Chemistry and Biochemistry faculty member Peggy Rice at ext. 6-1624, Kevin Kingsbury, ext. 6-1652, or Sam Rigler ext. 6-1591.

ASI Rec Sports offers summer youth programs

Registration is under way for ASI Recreational Sports Summer Youth Programs, which provide low-cost recreational and instructional activities for children.

"The program aims to give children an opportunity to acquire new skills and meet new people in a diverse, fun and safe environment," said Greg Avakian, coordinator of aquatics-summer programs.

The program also provides leadership development for Cal Poly students who work as coordinators and instructors.

Youth swim lessons for younger 18 months to 13 years.

Certificates may be earned in six different skill levels.

Tadpoles (parent and child 14-18 months), Starfish, Dolphins, Barracudas, Marlins and Sharks.

Classes are 40 minutes, and each session is 10 days.

Sessions begin June 25 and end Aug. 17.

The fee is $45 per 10-day session.

For more information contact Recreation Sports at ext. 6-1306.

Ag Ambassadors give 'dairy' good tour

These seven Ag Ambassadors recently gave 120 guests a tour of the dairy facilities. From left to right: Lora Dovy, Masako Yasutake, Angel-Maree Jones, Darlene Duarte, Jillian Amador, Andrea Neelson and Nancy Fiore.

Dateline... Continued from page 1

Saturday, May 12

Music: Student Moira McMahan (Music) vocal recital, Mr. Camel Lutheran Church, 1700 Fredericks, San Luis Obispo, 3 p.m.

Music: University Jazz Band opening for Don Byron Sextet, Cohen Center Harman Hall, 8 p.m. (b)

Monday, May 14

CommUNITY Pride Speaker: Chrissie Chenley (Ethnic Studies), "The Need for CommUNITY Pride at Cal Poly," Chumash, 7 p.m. CommUNITY Pride continues through May 24. Call ext. 6-1405 for details.

Speaker: Actor-activist Woody Harrelson, "Simple Organic Living," Rec Center, 8 p.m. Cal Poly student free. (b)

Tuesday, May 15

Books at High Noon: Phil Feder (Political Science), "Robert Kennedy -- His Life" by Evan Thomas, Library 510, noon.

Women in Science and Engineering

Lecturer: Angpoo Villalba (UC Davis), "Women in Medicine: Challenges and Opportunities," Graphic Arts 104, 5 p.m.

CommUNITY Pride Workshop: Shawn Burns (Psychology and Human Development) and Lesia Brooks (Diversity Matters), "Heterosexism/Homophobia: Workshop for Allies," UU 203, 7 p.m.

Continued on page 8
University Police to hold open house May 17

In honor of National Police Week May 13-19, the University Police Department invites the faculty and staff to an open house, 1-3 p.m. May 17.

University Police Department staff members and representatives from the other local law enforcement agencies will be participating in National Police Week activities such as the Peace Officer Memorial Ceremony and San Luis Obispo Farmers’ Market Law Enforcement Night.

For more information, call Terri Mills at ext. 6663 or Susan Rains, ext. 6652.

Rec Sports says ‘Thanks’

Recreational Sports invites the campus community to stop by the Rec Center during its "Customer Appreciation Days" 6-8 p.m. on Thursday and Friday (May 9-10).

Stop by for a chance to win door prizes and contests and participate in free workshops. For more information, call ext. 6-1464.

Biotech Days scheduled Thursday, Friday on campus

On Friday, May 11, representatives from several biotechnology firms will be on campus Thursday and Friday (May 10-11) to give students and faculty members an opportunity to learn about their companies and career possibilities.

Representatives from Acadia Pharmaceutical, Advanced Medicine Inc., Angen, Baxter Immuno, Biosearch Technologies Inc., Bio-Rad Genentech, Knobbe, Martens, Olson & Bear LLP, Princemont Bioscience and Scripps Institute are expected to attend.

Faculty members and students are invited to a panel presentation on "The Biotechnology Industry at 11 a.m. Thursday in Fisher Science 286. A second hour-long presentation, "How to Get a Job in the Biotechnology Industry," will follow at noon, also Fisher Science 286.

An informal reception is planned from 2 to 4 p.m. so students can meet with company representatives to discuss career and internship opportunities.

The reception, sponsored by Genentech, will be in the Biological Sciences Museum (Fisher 285).

On Friday representatives are invited to the College of Science and Mathematics Research Poster presentations. (See related story on page 2.)

For more information, contact Sue Elrod in the Biological Sciences Department at ext. 6-2875 or visit Career Services’ homepage at www.career.services.calpoly.edu.

Biotech Days is hosted by the College of Science and Mathematics, the Biological Sciences and the Chemistry and Biological Engineering departments: Career Services, and several student clubs, including the CUAM Ambassadors, Alpha Chi Sigma, the American Chemistry Society, the Society of Microbiology and Biotechnology, and TriBeta.

Rec Sports says ‘Thanks’

Recreational Sports invites the campus community to stop by the Rec Center during its "Customer Appreciation Days" 6-8 p.m. on Thursday and Friday (May 9-10).

Stop by for a chance to win door prizes and contests and participate in free workshops. For more information, call ext. 6-1464.

Power emergency procedures set for campus

Procedures have been established for how students should respond to a power interruption or a second- or third-stage power emergency. The campus will be able to significantly reduce electrical consumption when requested.

Campus electrical systems are designed to provide emergency power for a period of time before the outage - employees will be able to avoid outages if we are able to significantly reduce electrical consumption when requested.

When a power outage occurs during the day, employees are expected to remain at work. In the event of an emergency power outage, do not use the elevator to avoid power surge when services are restored.

All students and the faculty and staff are requested to follow these guidelines:

Daylight Hours

Open doors and window coverings.

Carry flashlights.

Remain in your location and work with your vice president/executive director's office to relocate employees and classes to areas where there is natural light.

Do not use the elevators.

Resume normal operating procedures when power is restored.

Night Hours

Initially remain in your location and open doors and window coverings to take advantage of available light. Teachers should dismiss classes.

The faculty and students should evacuate the campus when it will close.

Use flashlights to help everyone leave the building.

Lock offices, turn off all equipment.

Check to be sure one is trapped in an elevator. If someone is inside, advise them to use the emergency phone to call the University Police Department at 911.

Assume the campus will remain closed for the remainder of the evening. Advise everyone that it will reopen the following day.

For more information, call 735-NEWS (697) and turn on radio and TV's for updates, if possible.

Second- or Third-Stage Power Emergency

When a second- or third-stage power emergency exists the campus has been requested to reduce power usage. A power reduction plan will go into effect:

Open blinds and use natural light as much as possible.

Ticket Information

Tickets to the performances listed in today's Cal Poly Report are on sale at the Performing Arts Ticket Office 10 a.m.-6 p.m. weekdays of the current week. Call ext. 6-2787, or fax your order to ext. 6-6088. Tickets are also available online at www.calpoly.edu/ticketing.

Call Darcy Adams at ext. 6-2472 for more information.

How sweet it is: Students' Power emergency procedures set for campus

After taking the top prize in the California Egg Commission's New Product Development Contest with "Pontastic Twister," a creamy yogurt swirl, Cal Poly's student Food Product Development Team won the Western Regional Institute of Food Technologists (IFT) competition.

The next step is to be eligible to compete in the national contest, the team submitted a five-page proposal. It was evaluated on originality, feasibility, completeness, product description, process description, safety/shelf-life and marketing.

The final report, which was due May 1, includes a product assessment, including labor, capital and operational process flow diagrams. The six finalists selected for the national competition are Rutgers, Michigan State, North Carolina State, the University of Wisconsin-Madison and Cal Poly.

The Graphic Communication Department is designing a label for the product. The members of Cal Poly's final team are food science junior Jennifer Vierra, food science and microbiology senior Jennifer Nutrition and food science senior Kjerste Nyberg.

The team's story collection, "CivilWarLand in Bad Taste," a custard-yogurt swirl, Cal Poly's final program of the Women in Science and Technology Firm's competition.

Representatives from several biotechnology firms will be on campus Thursday and Friday (May 10-11) to give students and faculty members an opportunity to learn about their companies and career possibilities.

Kimball, 86

Kenneth R. Kimball, retired Industrial Technology faculty member, died in early May. He was 86.

After serving in China, India and Burma during World War II, Kimball earned two bachelor's degrees, a master's degree and a doctorate. He taught at Cal Poly from 1967 until 1980.

New discussion group to focus on diversity

The Cultural Awareness Committee, a staff and faculty subcommittee of the University Diversity Enhancement Committee, is starting a series of monthly lunchtime discussions, the first of which will be Friday (May 11).

The inaugural program, titled “Poverty,” will spotlight Erin Grubewell, a teacher who made a difference in the lives of her students by refusing to ignore an incident involving a racial slur.

Instead, she turned it into the beginning of a real learning experience for her students. A short video of an ABC-TV “Primetime” interview with Grubewell will be shown.

The first meeting will be noon–1 p.m. in Room 241 in the Edward Agriculture Building.

The informal meetings are open to everyone and are intended to provide a forum for talking about diversity-related issues that affect us as individuals and as staff and faculty members who interact daily with students and each other, said Bonnie Krupp of Academic Affairs.

Additional meetings are scheduled for Tuesday, May 15, and July 13. For more information about the lunchtime meetings or the Cultural Awareness Committee, call Bonnie Krupp at ext. 6-5406 or Gail Simmons, ext. 6-7803.

Cal Poly to celebrate sexual diversity May 14-24

Cal Poly is planning a two-week sexual diversity celebration May 14-24 to help raise the awareness of the transgender experiences of lesbian, gay, bisexual and transgender individuals.

Prashna Dool, chair of the and Community Pride and hosted by the university’s Gay & Lesbian Blues and Bisexuals United (GLBU) and the Multicultural Center, the celebration will include an opening ceremony, guest speakers, information booths on campus and around the city of San Luis Obispo, resource fair, a roundtable discussion, entertainers, and a dance.

“The at the beginning of Cal Poly’s second century, the need for cross-cultural understanding and acceptance has never been greater,” said GLBU President Rick Hoesley.

[Continued]

Doan to speak on anti-abortive harassment

Political Science Professor Alasha Doan will speak on “The Politics of In­timidation: The Impact of Anti-Abortion Harassment and The Threat of Violence” from 1 to 2 p.m. May 17.

The talk, part of the Women’s Studies Faculty Lecture Series, will be in Room 104 in the Ag Sciences Building.

Since the 1980s, the pro-life move­ment has regularly incorporated confront­ational lobbying tactics into their strategy of action, according to Doan.

[Continued]

Alternatives to driving alone available

Deborah Anderson, coordinator of commuter automobile services with the University Police, reminds the faculty and staff that alternative transportation is available for the commuting campus.

To find out more about free or reduced-fare bus passes, car pools and van pools, call her at ext. 6-6580.

Registered "ridesharers" are guar­anteed a ride home in case of an emergency and can have transportation to and from medical appointments.

[Continued]
Kimball, 86
Kenneth R. Kimball, retired Industrial Technology faculty member, died in early May 1931.

After serving in China, India and Burma during World War II, Kimball earned two bachelor’s degrees, a master’s degree and a doctorate.

He taught at Cal Poly from 1967 until 1980.

**New focus group to focus on diversity**

The Cultural Awareness Committee, a staff and faculty subcommittee of the Ethic Diversity Enhancement Committee, is starting a series of monthly lunchtime discussions, the first of which will be Friday (May 11).

The inaugural program, titled “Perspective, ’tis to see,” will spotlight Erin Grublow, a teacher who made a difference in the lives of her students by refusing to ignore an incident involving a racial slur.

Instead, she turned it into the beginning of a real learning experience for her students.

A short video of an ABC-TV “PrimeTime” interview with Grublow will be shown.

The first meeting will be noon to 1 p.m. in Room 241 in the Agriculture Building.

The informal meetings are open to everyone and are intended to provide a forum for talking about diversity-related issues that affect us as individuals and as staff and faculty members who interact daily with students and each other, said Bonnie Krupp of Academic Affairs.

Additional meetings are scheduled for noon to 1 p.m. on Thursday, July 13.

For more information about the lunchtime meetings or the Cultural Awareness Committee, call Bonnie Krupp at ext. 6-5406 or Gail Simmons, ext. 6-7853.

**Cal Poly to celebrate sexual diversity May 14-24**

Cal Poly is planning a two-week sexual diversity celebration May 14-24 to highlight the awareness of the transvestite community, gay, lesbian, bisexual and transgender individuals.

The Sexual Diversity Committee and UNITE Pride and host by the university’s Gay and Lesbians and Bisexuals United (GLBU) and the Multicultural Center, the celebration will include an opening ceremony, guest speakers, information booths on campus and at the farmers’ Market in downtown San Luis Obispo, resource fairs, a roundtable discussion, entertainers, and a dance.

“At the beginning of Cal Poly’s second century, the need for cross-cultural understanding and acceptance has never been greater,” said GLBU President Rick Hoezter.

“ComUNITY Pride is designed to engage and educate as many members of the Cal Poly and San Luis Obispo communities as possible.

“It is our hope that with greater visibility will come greater acceptance — and an end to the tragic hate crimes perpetrated against lesbian, gay, bisexual and transgender individuals in recent years,” Hoezter said.

Some of the events include:

- May 14, 7 p.m., Chumash Auditorium — The opening ceremony will include a talk by Ethnic Studies Professor Charise Cheney, who will give an introduction to the ComUNITY Pride Committee.
- May 15, 7 p.m., UU 203 — Lecia Brooks, project specialist with Diversity Matters, will give a presentation about “Gender Identity and Psychopathology and Human Development Professor Shawn Burn will conduct Mindfulness workshops for anyone interested in “Homophobia: Workshop for All.”

Hoffman will have published two books, one on the social psychology of gender and one on global women’s issues. She has also published articles on prejudice against gays and lesbians. Hoffman will also visit the “what to ask, what to say” website from early May.

Hoffman will present findings that date this Homos, stone tool technology from early the earliest known to be found in Northeast/ east Asia.

For more information, call the Physics Department at ext. 6-2488.

**Doan to speak on anti-harassment**

Political Science Professor Alasha Doan will speak on “The Politics of In-

hiding the Fear of Anti-Harassment and the Threat of Violence” from 1 to 2 p.m. on May 17.

The talk, part of the Women’s Studies Faculty Lecture Series, will be in Room 104 in the Ag Sciences Building.

Since the 1960s, the pro-life movement has regularly incorporated confrontational lobbying tactics into their strategy of action, according to Doan.

“Participation has ranged from legal protest, to quasi-legal protest, to illegal protesting and violent protests,” said Doan.

“Anti-harassment activities remain widespread,”

According to an article in the Family Planning Perspectives Journal, 85 percent of abortion providers reported in 1985 that they had been subjected to at least one form of anti-harassment harassment.

Doan will discuss how the pro-life movement’s activities fit into current theories of political participation and what impact the movement’s activities have had on women’s reproductive rights.

For more information, call ext. 6-1525 or visit http://www.calpoly.edu/womens.

**Employees to raise money for cancer research**

Several staff members are training program for the Avon Breast Cancer” three-day Walk fundraiser and need to raise money to be eligible.

Each walker needs to raise $1,500 by September to participate in the Oct. 19-21 event.

The group, dubbed “Toon WOW—WoMen on the Walk,” has plans for a “white elephant” sale in early June in addition to individual fund raising.

The team invites the campus community to join them in their $69. Students will learn to use Microsoft FrontPage to create and manage professional-quality Web sites for individual, family or business purposes.

Exercises in effective user navigation and dynamic graphics will be stressed.

FrontPage is an easy-to-use “what-you-see-is-what-you-get” HTML document creation program that allows users to freely position photos and other design elements exactly where they want them on the page.

For more information, visit the Web site at www.breastcancer.walk.org or call one of the participants: Val Barboza at ext. 6-5925, Val Ferrero, ext. 6-7130, Lindsay Nagara, ext. 6-6798, or Elaine Ramos-Dyole, ext. 6-1740.

Women’s Programs is hosting the team.

**Performance evaluation focus of two workshops**

Supervisors and managers will have an opportunity to learn about performance measurement, creating performance feedback loops, and employee accountability in performance evaluation workshops offered May 18.

Debra costa, Human Resources and Employment Equity, will present the approximately three-hour workshop, to be offered twice in WW 200.

The morning session begins at 9 a.m., the afternoon session, at 1 p.m.

For more information, call ext. 6-2472.
Cardiologist to talk on women in medicine May 17 

Dr. Rebecca T. Bellino-Villablanca, a cardiologist at UC Davis, will discuss the challenges and opportunities available to women in medicine at the following events at UC Davis.

- Women in Medicine: Challenges and Opportunities, at 5 p.m. in the Medical Sciences Building, Room 123.
- Women's Health Expo, at 5 p.m. in the Medical Sciences Building, Room 123.

These events are free and open to the public. For more information, contact Vonda Rose at 530-707-6917 or vonda.rose@ucdavis.edu.

Biotech Days scheduled Thursday, Friday on campus

On Thursday, May 9, and Friday, May 10, Biotech Days will be held on campus.

- Thursday, May 9: A panel of biotechnology experts will discuss the future of the field and answer questions from the audience. The event will be held in the Biology Auditorium, Room 101, from 2 to 4 p.m.
- Friday, May 10: A career fair for biotechnology students and recent graduates will be held in the Student Union, from 10 a.m. to 4 p.m.

For more information, contact the Biotechnology Office at 530-752-6767 or biotech@ucdavis.edu.

How sweet it is to see women dessert entries win again

After taking the top prize in the California Egg Commission's New Product Development Contest with "Tortilla Twisters," a community dessert project led by students in the Food Science and Technology Program at Cal Poly, four students were honored with a special recognition at the annual Egg Innovations Awards Banquet.

The students, who developed the dessert "Egg-A-Licious Desserts," were selected as winners of the California Egg Commission's New Product Development Contest. The dessert features a flaky shell made from egg flour, which is a new ingredient in the food industry.

The students are encouraged to continue developing and marketing their product, which they hope will become a popular dessert at bakeries and cafes throughout California.

Power emergency procedures set for campus

Procedures have been established for how Cal Poly should respond to a power interruption or a second- or third-stage power emergency. The campus will be divided into three areas if we are unable to significantly reduce electrical consumption when requested.

Campuswide Power Interruption

During a daytime power interruption, the campus will not close. Daytime classroom buildings will remain open, but windows and doors should be kept closed to prevent loss of conditioned air. In buildings with HVAC systems, windows and doors should be opened to allow for cross ventilation. During cool days, windows and doors should be kept closed to prevent loss of heat.

When a power outage occurs during the day, employees are expected to remain at their work locations and/or assume the campus will remain closed for the rest of the day.

Daylight Hours

- Open doors and window coverings.
- Carry flashlights.
- Remain at your work location and/or stay with your buildings.
- Do not use elevators.
- Make sure all windows and doors are closed.
- Keep all outside windows and doors closed.

For more information, contact Terri Mills at ext. 6-6602 or terri.mills@calpoly.edu.
Agribusiness students take top honors in contest

In recent competition against 36 universities nationwide, Cal Poly's National Agribusiness Marketing Association (NAMA) team came in second in the Marketing competition and tied for first in the Chapter Programs section in the Innovative Ideas category.

The National Agribusiness Marketing Association annual conference, held in Denver, brings together students and more than 2,000 agricultural marketing professionals. Students present a written executive summary, give a 20-minute presentation, and hold a 10-minute question-and-answer session about a company marketing plan.

"The marketing phase is by far the most important and competitive aspect of the conference," according to faculty advisor Phillip Dobs, an agribusiness professor and head of the Food Science and Nutrition Department.

Cal Poly's team created a marketing plan for Lymnola Grain and Seed, an actual client that plans to implement the students' suggestions to increase sales.

The student team members were freshman Jenny Conal, junior Summer Kostik, senior Michelle Lindo, senior Brian Lobue and senior Kamina Rosenthal.

The students competed against UC Davis, Arizona State, Cal Poly Pomona and Texas A&M.

The NAMA Club's tie for first in the Innovative Ideas Chapter Programs category was for a survey conducted during the 12th annual Ag Showcase.

Using principles learned in Cal Poly's agribusiness market research class, they surveyed student attendees about what they liked and what they thought could be improved on next year. While 60.3 percent of the students surveyed were extremely or very satisfied, suggestions included inviting a more diversified range of corporate culture on people. The bus, equipped with an organic kitchen and solar-powered appliances, will be on display on campus.

The talk is sponsored by ASI Events. Cal Poly students can pick up free tickets at the Mustang Ticket Office in front of the Rec Center. Public tickets cost $5.50 and are available at all Vallitix outlets at (888) VALLITIX or www.vallitix.com.

For more information contact ASI Events at ext. 6-1113 or www.asi.calpoly.edu/events.

The evening's proceeds will benefit the Progressive Student Alliance Club and the Oasis Foundation, a nonprofit organization that buys tropical rain-forest land to protect it from development.

Engineering student wins 'Best Poster' award

Matthew Lloyd, a senior materials engineering student, was awarded the Best Poster award at the recent International Materials Research Society Spring Conference.

Lloyd was one of 40 undergraduate students from around the world who was awarded a grant to carry out a research project and present the results at the conference. Each student selected his or her own project. The title of Lloyd's work was "Improved Efficiency Polymer/Oxide Hetero-Junction Solar Cells."

He competed against students from such institutions as the Colorado School of Mines, Cornell University, UC San Diego, Case Western Reserve University and the Munich (Germany) Technical University.

The conference, held in San Francisco, was attended by approximately 2,500 engineers and scientists from the United States and abroad.

Professor David Braun of the Electrical Engineering Department was Lloyd's advisor.

Faculty, staff invited to research conference

As part of the Centennial Celebration, Cal Poly is planning its first College of Science and Mathematics Research Conference 11:30 a.m.-5 p.m. May 11 in Chumash Auditorium.

Undergraduate and graduate students will be presenting their research projects in biology, chemistry and biochemistry, math, physics and statistics.

Two poster sessions are scheduled from 11:30 a.m. to 12:45 p.m. and from 1:25 to 3:30 p.m. Talks are scheduled from 12:45 to 2:15 p.m. and from 3:30 to 5 p.m.

In all, 11 presentations are scheduled. The campus community is invited to attend and talk with the students.

For more information contact Biology faculty member Elena Levine at ellevine@calpoly.edu or Chemistry and Biochemistry faculty members Peggy Rice at ext. 6-1624, Kevin Kingsbury, ext. 6-1652, or Sam Rigler ext. 6-1591.

CPR schedule

The Cal Poly Report is published every Wednesday during the academic year. Articles are due to Public Affairs by 10 a.m. Wednesday for the following week's edition. Items can be e-mailed to polygon@calpolymail, faxed to ext. 6-6533, or mailed to Public Affairs, Hershey Hall.

For more information, call ext. 6-1511.

Ag Ambassadors give "dairy" good tour

Registration is under way for AG Recreation's Summer Youth Programs, which provide low-cost recreational and instructional activities for children.

"The program aims to give children an opportunity to acquire new skills and meet new people in a diverse, fun and safe environment," said Greg Avakian, coordinator of aquatics-summer programs.

The program also provides leadership development for Cal Poly students who work as coordinators and instructors.

• Youth swim lessons for youngsters 18 months to 13 years. Certificates may be earned in six different skill levels.

• Tadpoles (parent and child 18-40 months), Starfish, Dolphins, Barracudas, Marlins and Sharks. Classes are 40 minutes, and each session is 10 days.

• Sessions begin June 25 and end Aug. 17. The fee is $5 every 10-day session.

• Water polo clinics in both beginner and intermediate levels for children nine to 16. The course helps children learn the skills, concepts and rules of the game in a fun and educational environment. Classes are one hour and meet four days a week for three weeks. Sessions run July 9 to Aug. 16. $50.

For more information, call Recreation Services at ext. 6-1306.
Position vacancies

STATE: For a complete listing of employment opportunities for state staff and management positions, visit the Cal Poly website.

• Come to the HREE office, Admin. 110, and view the posted positions.
• Call the HREE Job Line at ext. 6-1533. For a listing of new openings, check The Tribune's Sunday edition.

Please note that applications for job openings must be received in the Human Resources and Employment Equity office, Admin. 110, by 5 p.m. on the closing date. Envelopes postmarked by the deadline will not be accepted.

FACULTY Candidates are invited to contact the appropriate department to request the phone number listed for more information or to request an application. Additional information and qualifications for such positions may also be obtained online at http://www.academic-personnel.calpoly.edu. Please submit all application materials to the department head/chair unless otherwise specified in the ad. Rank and salary are commensurate with qualifications and experience (and time base where applicable), unless otherwise stated.

#13066: Part-Time Lecturer Pool 2001-2002, Chemistry and Biochemistry Department (ext. 6-2064). Closing date: June 1.

#13110: Part-Time Lecturer Pool 2001-2002, Accounting (ext. 6-1384). Closing date: June 1.

#13112: Part-Time Lecturer Pool 2001-2002, Global Strategy (ext. 6-5058). Closing date: June 1.

#13115: Part-Time Lecturer Pool 2001-2002, Management (ext. 6-2012). Closing date: June 1.

#13116: Part-Time Lecturer Pool 2001-2002, Marketing Management (ext. 6-1413). Closing date: June 1.

#13117: Part-Time Lecturer Pool 2001-2002, Industrial Technology (ext. 6-2076). Closing date: June 1.

#13129: Part-Time Lecturer Pool, History Department (supervision of student teachers) (ext. 5-2543). Closing date: June 1.

#13130: Head Men's Tennis Coach, Intercollegiate Athletics Department (ext. 6-2923). Closing date: June 11.

ASSOCIATED STUDENTS INC. is accepting applications for the following position(s). Complete position descriptions and applications are available at the ASI Business Office, University Union, Room 212, M-F 8 a.m.-5 p.m., ext. 6-9800. All applications must be received by 5 p.m. of the listed closing date. AA/EOE.

Information Technology Assistant Coordinator, $45,372-992,880. Closing date: May 19.

Director of ASI Programs, $54,429-$87,648. Open until filled; review of applications begins May 29.

CAED student team wins design-build contest

Imagine having to propose, design, estimate and schedule the construction of an $80 million medical center in just 16 hours to win a national competition. That's what the College of Architecture and Environmental Design student team did in Nashville, Tenn., against six of the nation's top teams. In only their second year of competition in the National Design-Build competition, the team prepared their presentation materials and graphics, and the following morning presented their proposal to the jury.

The design was reviewed by five professional project managers and architects.

Members of the team were Bill Armstrong, a construction management senior; Carrie Baughn, architecture senior; Jennifer Ingel, architectural engineering senior; and Andy Kuntzner, construction management senior.
