Jazz Orchestra, Marsalis to appear Sept. 25

The Lincoln Center Jazz Orchestra with artistic director Wynton Marsalis will return to Harman Hall in the Christopher Cohan Center at 8 p.m. Sept. 26.

Paul Rintzler of the Music Department faculty will give a pre-concert lecture at 7 p.m. in Phillips Hall.

Marsalis, considered by many to be one of jazz’s finest trumpeters, both leads and plays with the 15-piece orchestra.

The program will draw on a vast repertoire that spans the history of jazz, including masterpieces by Jelly Roll Morton, Louis Armstrong, Duke Ellington and Thelonious Monk, with an emphasis on music by John Coltrane and Charles Mingus and original compositions by Marsalis and other members of the Lincoln Center Jazz Orchestra.

Recently hailed as “the greatest large jazz ensemble working today” by The Chicago Tribune, the orchestra is Lincoln Center’s resident jazz orchestra.

Tickets are $36 to $48, with student discounts available.

Ticket information

Tickets to the performance listed above are on sale at the Performing Arts Ticket Office 10 a.m.-6 p.m. weekdays and 10 a.m.-4 p.m. Saturday. Call 805-756-2787, or fax your order to ext. 6-0088. Tickets can also be bought online via pacso.org. Visit the Performing Arts Center’s Web site at pacso.org and click on “Event Calendar.”

Information on Cal Poly Arts events, including audio and video samples of artists’ work, can be found on the Web at www.calpoly.edu/arts.

CPR schedule

The Cal Poly Report is published every Wednesday during the academic year. Articles are due to Public Affairs by 10 a.m. Wednesday for the following week’s edition. Items can be e-mailed to news@calpoly.edu or mailed to Public Affairs, Heron Hall.

For more information, call ext. 6-1511.

Summer summary

Continued from page 3

THESE & THAT

Groundbreaking ceremonies were held for the Engineering III Building on Highland Drive near the Advanced Technology Laboratories and for the 800-bed student apartment complex, at the entrance to Poly Canyon, Cal Poly and Lockheed Martin have signed a pact to establish a U.S. Maglev Technology Center to work on the technology needed to build high-speed “magnetic levitation” (maglev) trains, a new nonprofit auxiliary, the Cal Poly Housing Corp., has been created to assume responsibility for expanding on-campus student housing and aiding employees in finding affordable housing; the Physical Education and Kinesiology Department is now the Kinesiology Department; Chancellor Reed approved two new degree programs: effective fall quarter: a Master of Science in industrial engineering and a Bachelor of Science in library studies with a concentration in elementary education.

Teaching effectiveness

Continued from page 3

The course emphasizes the practical applications of research to college teaching. Topics include:

• Which elements make instruction effective;
• How to motivate students;
• How to be sure students are learning; and
• How to get students to remember material taught.

The seminar is free; enrollment is limited. Those interested in taking the seminar should contact Cathy Joubert at ext. 6-2257 or cjohnber@calpoly.edu.

For more information on the course, call Don Maas at ext. 6-2377.

The seminars are offered by the university’s Center for Teaching and Learning.

George Hasslein

Founding Architecture Dean Hasslein dies, 83

George Hasslein, who spent the last half-century nurturing the College of Architecture and Environmental Design, died unexpectedly of a heart attack Aug. 24 in San Luis Obispo. Hasslein, a mentor to thousands of the college’s alumni, taught full time until his death at 83. This fall he was scheduled to teach a full load of classes that included field trips around the state.

The architecture program, which was uniquely his vision, has earned significant prestige and acquired national prominence.

He built the college from the ground up, said President Baker. “But he’ll be remembered most for his enthusiastic dedication to his students. He followed their careers with great fondness.”

Starting at Cal Poly in 1950 as an assistant architecture professor, Hasslein was named head of the new Architectural Engineering Department a year later. He went on to become the founding dean of the School of Architecture.

The Cal Poly Report selects 2000-01 Outstanding Staff Members

Three employees cited for their exemplary service to the university have been chosen to receive the 2000-01 Outstanding Staff Award: Donna Amos, associate director of Admissions and Recruitment; Stacy Breitenbach, director of the Advising Center in the College of Engineering; and Joyce Haratan, Human Resources manager.

Each will receive a plaque and $1,250 from a private endowment fund.

• Amos, who came to Cal Poly in 1980, is noted for her extreme professionalism. She is always available to answer questions and provide information. Her supervisor said, “I have never had the privilege, in any of my organizations, to work with anyone as dedicated as Donna. She truly is an outstanding staff member. I have always been impressed with her.”

Continued from page 1

teaching,” said President Baker. “In spite of continued modest state budget support for our polytechnic curricula, the faculty have established and maintained academic programs that rank among the best in the nation. In high demand among college applicants, Cal Poly’s programs have also earned the confidence of industry and private donors.”

In this year’s list, which includes for the second time a more comprehensive ranking of individual academic departments, the College of Engineering was noted in six of seven categories.

Appearing in the national rankings for undergraduate engineering programs without Ph.D. programs, Cal Poly’s Aerospace Engineering, Civil Engineering and Electrical Engineering departments each tied for No. 3 in their respective categories.

The university’s Industrial and Manufacturing Engineering Department is No. 4, and Computer Science is No. 5. Mechanical Engineering tied for the No. 5 position in its category.

The four private institutions ranked above Cal Poly in the Western Universities-Master’s category are Trinity (Texas), Santa Clara, Gonzaga (Wash.) and Loyola Marymount.

Cal Poly received high marks again this year for academic reputation, its freshmen retention rate and the quality of its students. Among all Western Universities-Master’s institutions, public and private, Cal Poly maintains its third-place ranking for reputation.

Academic reputation—the only subjective factor used to calculate the rankings and the single most influential factor—is based on a survey of presidents, provosts and admissions directors of other universities. It counts for 25 percent of the score used to rank an institution.

Engineering school rankings were determined by a survey of deans and senior faculty members at similar institutions. The three schools rated above Cal Poly in the national, nonindustrial engineering category are private institutions—the Rose-Hulman Institute of Technology (Ind.), Harvey Mudd College and Cooper Union (N.Y.).

U.S. News divides America’s approximately 1,400 accredited four-year colleges and universities into groups based on categories used by the Carnegie Foundation for the Advancement of Teaching. Research universities such as Stanford and the University of California campuses, which offer doctoral programs, are listed in the National University class.

Leaves solicitations

Three employees have qualified for personal catastrophic leave. Eligible state employees may donate vacation credit and sick leave to help them remain in full-pay status during an extended absence.

To donate leave credit for Joanne DH, administrative analyst, contact the Committee on the Status of Women in the College of Liberal Arts, contact solicitation coordinator Carlson Crain in the College of Liberal Arts at ext. 6-7555 or by e-mail.

For John Howard, an air conditioning-repair mechanic in Facility Services, and Terry Tackitt, a locksmith in Facility Services, contact Peg Bingle, Facility Services, at ext. 6-5122 or by e-mail.

CSEA employees in units 2, 5, 7 and 9 plus "academic professionals" in unit 4 may donate up to 32 hours total. All other state employees may donate up to 16 hours sick leave and or vacation credits per fiscal year in increments of one hour or more.

Outstanding Staff

Continued from page 1

ability to get her point across in a direct fashion, without stepping on toes. Despite breathing in the staff of a typical CSU campus and 1/10 the staff of our actual campus has accomplished a great deal because of her actions. She is considered a leader in her field. Because of her efforts, the state's Economic Development Department was considered one of the most successful admissions operations in the world.

In 1986, she hired in 1981, is known for her exceptional loyalty and dedication. She considers students a No. 1 priority and routinely works during her lunch hour to help them. A colleague noted her outgoing, upbeat and positive attitude. "She smiles a lot. Stacey continually looks for innovative ways to assist students, such as serving as a mentor and peer advisor and conducting workshops. She is considered an expert in student advising and is a great team player. Her 'can do' attitude is contagious and appreciated by her co-workers."

Breitenbach is active on several campuswide committees. She is a past recipient of the College of Engineering Outstanding Staff Award and many other awards and recognitions. For more than 20 years she has been involved with a variety of on-campus and off-campus groups. She was also noted for being trustworthy and professional.

Harani began working at Cal Poly in 1986, and is recognized for her ability to look at the "big picture" when assigned a task. An associate said she is trusted for her tact, honesty, integrity and professional handling of confidential material. "She is sensitive to people's needs. Joyce always makes you feel comfortable. You have something valuable to offer." She earned praise from the staff members she supervises. "I've had many supervisors in my years of employment, and Joyce is absolutely on top of my list." She was also called a "soft-spoken, hardworking" employee who enjoys her job.

Another colleague said, "She goes above and beyond to ensure a project is completed with accuracy, always working more than her scheduled hours - and always with a smile. Joyce is a tremendous asset not only to Human Resources but to the entire university."

Outstanding Staff members are nominated by their peers, the committee, and reviewed by a committee composed of former award recipients. President Baker selects the winners on the basis of the committee's recommendations.

Summer summary

This summary of material published in summer issues of the Cal Poly Report is intended to bring academic-year readers up to date.

APPOINTMENTS

The following appointments were announced:

- Michelle Cirovic, chair, Electrical Engineering, Bil Cheung, interim chair, Mechanical Engineering;
- Jean DeCosta, director, Campus Relations; a new department; Barbara Marlov, interim director, Human Resources; Doug Plirto, interim department head, Natural Resources Management, and David Wehrman, interim dean, College of Agriculture.

AWARDS AND HONORS

Sky Bergman, Art and Design, and Dana Spellman, Business, were selected as the two Outstanding Staff members to staff members to the Top Ten Researcher Center 1977-27 for "Welcome Back Weeks," when free student classes will be offered, and door prizes and other "goodies" will be given away. Employees who are not current Rec Center members must check in at the Service Desk before using the facilities for free. For more information, call ext. 6-1366.

Extended Studies to hold career workshop Sept. 29

Extended Studies offers Microsoft certification courses designed for those interested in careers as a network or database administrator.

Anyone wanting to learn more about such jobs should plan to attend Extended Studies' one-hour career workshop focusing on jobs, salaries, career planning, certification training and internships. The workshop will be 6:30-8 p.m. in Dexter 227.

The Microsoft certification training is geared to those with limited computer experience. The program offers:

- Training in as few as nine months;
- Instructo-led weekend lab sessions;
- Instructo-led Internet classroom for "accessory study";
- A pace appropriate for working adults and those with limited skills; and
- Loans and installation-based scholarships.

For more information, e-mail extreinfo@calpoly.edu, visit http://calpoly.evewebify.com or call Extended Studies at ext. 6-2063.0

Get fit for free

ASU Recreational Sports invites faculty and staff members to stop by the Rec Center Sept. 27-29 for "Welcome Back Weeks," when free student classes will be offered, and door prizes and other "goodies" will be given away. Employees who are not current Rec Center members must check in at the Service Desk before using the facilities for free. For more information, call ext. 6-1366.

Computer workshops available to faculty, staff

Faculty and staff members want to learn to effectively use Cal Poly's extensive computing resources are invited to attend the Information Technology Services Fall Conference forums today and Sept. 19.

Both forums will be 9:30-11 a.m. in the Ehart Agriculture Building. Today's forum will be in Room 220, and Wednesday's session will be in Room 227.

ITS staff members will give short presentations and will be available to answer questions about services, support, projects and plans for the 2001-02 year.

Topics of discussion will include training, user support, facility workstations, accounts, possible use policies, Internet services, lab access, open ports, software, hardware and mobile computing. Reference material will be provided.

In addition, two introductory sessions on "Blackboard Basics" are scheduled 11:10 a.m.-noon and 2:10-3 p.m. (Sept. 21) in the ITS Training Lab in Room 105 of the Library. "Blackboard is a powerful "e-learning" software platform for course development and management.

For more information about Blackboard, visit http://www.blackboard.calpoly.edu. To register for one of the courses, go to http://teaching.calpoly.edu/teaching_info.html.

Teaching effectiveness topic of 10-week seminar

University Center for Teacher Education Professor Brian Dier has developed the course Maintaining Instructor Effectiveness: Techniques and Strategies for More-Effective Teaching during fall semester.

The 10-week seminar, open to faculty and staff members, will be 3-6 p.m. Tuesday and Thursday, Sept. 25 in Room 510 in the library.

Leaves solicitations

Three employees have qualified for personal catastrophic leave. Eligible state employees may donate vacation credit and sick leave to help them remain in full pay status during an extended absence.

To donate leave credit for Joan Dill, administrative assistant, in the College of Liberal Arts, contact solicitation coordinator Carson Craig in the College of Liberal Arts at ext. 6-5755 or by e-mail.

For John Howard, an air conditioning/refrigeration mechanic in Facilities Services, and Terry Tackett, a locksmith in Facilities Services, contact Dan Bigle, Facilities Services, at ext. 6-5122 or by e-mail.

CSEA employees in units 2, 5, 7 and 9 plus "academic professionals" in unit 4 may donate up to 32 hours total. All other state employees may donate up to 18 hours sick leave and/or vacation credits per fiscal year in increments of one hour or more.

Position vacancies

STATE: For a complete listing of employment opportunities for state staff and management positions, you can:

• Check Cal Poly's Web site at www.calpoly.edu. Select "Employment" from the Cal Poly links drop-down box.

• Check the Human Resources office, Admin. 110, and view the posted positions.

• Call the Human Resources Job Line at ext. 6-1533.

For a listing of new openings, check The Tribune's Sunday edition.

Please note that applications for job openings must be received in the Human Resources office, Admin. 110, by 5 p.m. on the closing date. Envelopes postmarked by the deadline will not be accepted.

FOUNDATION (Foundations Adm. Build., job line at ext. 6-7107). All Foundation applications must be received (not just postmarked) by 5 p.m. of the closing date. (No faxes.)
