Seven Men Join Faculty

Several new instructors have joined the Cal Poly faculty, announced W. T. McPherson, acting dean of the College of Agriculture.

Joining their new duties at the beginning of the winter quarter of 1966 are: Dr. D. R. Husted, professor of electrical engineering; Dr. Laurence Bock, associate professor of biological sciences; Dr. John M. Doherty, assistant professor of civil engineering; Dr. Louis J. Krueger, associate professor of biology; Dr. Robert P. McKeown, associate professor of political science; and Dr. Robert E. Redfern, professor of management science.

Campus Clubs Sign

Soon For El Rodeo

Attention fellows, today is the last day to sign up for your El Rodeo Don or Editor. Sales for this issue will continue through the week and be on sale in the ASB office and in Adm. Bldg.

The rest of the work is beginning to progress, and fellows have been asked that all clubs by this (?) Tuesday, February 10, be ready to send in the copy of the clubs that have been solicited. If you have not sold all your copies yet, drop a note in his box stating the last time you have seen the pictures taken.

Jack Kline, campus life editor, is in need of some pictures of campus life. On top of that he is having trouble in the recent activity of student activities he has put in this past issue 64 which is still going on. With the cooperation of all student groups this week, the pictures should be finished and scheduling of pictures begin.

Parliamentary Procedure Class

Starts New Year's Work During the Winter Quarter

The Intercollegiate parliamentary procedure class, starting Jan. 30, every Thursday noon in the AAS building, will have completed the elementary parliamentary procedure course, and will be on to more advanced parliamentary procedure courses, limited to intermediate and advanced. Maximum class enrollment will be limited to 20 students.

The elementary parliamentary procedure class, starting Jan. 30, will have completed the elementary parliamentary procedure course, and will be on to more advanced parliamentary procedure courses, limited to intermediate and advanced. Maximum class enrollment will be limited to 20 students.

For additional information, see Dick Johnson, in the student body office.

Rohr Aircraft Lauds Engineering Dept.

Cal Poly's practical approach to education in the engineering field has, in recent years, brought a comment of praise from the Rohr Aircraft Corp. of San Diego.

This corporation is a placement officer for the U. S. Civil Service Commission in San Francisco.

Rohr personnel believe that the change outlined above has become necessary because breakfast patronage at Dining Hall No. 1 is not large enough to break even. During the fall quarter the average number of breakfast patrons in Dining Hall No. 1 was 187 a day. To break even, at least 260 patrons per day would be needed.

Mr. Johnson, who is being conducted by the Rohr Aircraft Corp., will be available for American Dependents Schools and high school and junior high school students in the elementary and secondary education.

Further details, including the time and place it will be available for American Dependents Schools and high school classes, will be available for American Dependents Schools and high school classes.

Overseas Teachers Needed By U.S. Army

A program is being conducted by the U.S. Army for the American Dependents Schools and high school students in the elementary and secondary education.

College... Quips...

Stanford University has 9,000 acres of buildings plus a 600-acre dairy farm. President C. H. Reavis has decided to institute part of the college for industrial and residential growth.

Among the industries already on the Stanford-originated property is a $3,000,000 electronics laboratory owned by Varian Associates and headed by Dr. M. Varian, former Cal Poly graduate who is largely responsible for the discovery of radar.

Ben Vega's C.J. radio have been having a lively debate with the college authorities over the legality of Bermuda shorts on campus.

College authorities over the illegal campus for Industrial and residentiality of Bermuda shorts on campus.

Winston Filtered Cigarettes
Winston Tastes Good

the filter cigarette that really tastes like a cigarette!

No wonder Winston's so popular with college smokers! It's got real flavor—all rich flavor you'll really enjoy. Winston tastes good—like a cigarette should!

Along with finer flavor, Winston also brings you a finer filter. The exclusive fifty-five miles per hour is the California speed limit.

Winston Filter works so effectively, yet doesn't "thin" the taste or flatten the flavor, Winston lets you draw smoothly, easily—there's no effort to puff!

Try Winston, the filter cigarette that tastes good—like a cigarette should!

Smoke WINSTON the easy-drawing filter cigarette!
Instructor and Student Collision. - 1494 Plymouth (left), driven by Poly automobile major Charles D. Isom, of Alhambra and second unit driven by Clarence Radius, head of the electronics department, collided at the intersection of California and Foothill boulevards last week. Both Mr. and Mrs. Radius received minor injuries.

Registrar's Report.

State Veteran students who paid the $10.00 Medical fee in the registration office should submit their receipts to the cashier and request a refund. This fee is authorized for a veteran cleared under the law. When a veteran is cleared under the law for this quarter, both veteran and state veterans will have fee paid by the state agency.

If you have signed for less than your subsistence, you must carry 14 units for full status, 18 units for graduate status. You may have clearance from your training officer. If you are a new student under the law for this quarter, be sure you have submitted your authorization certificate to the registrars office. Adm. 140, so that an enrollment form will be forwarded to the VA certifying the commencement of your program.

If you have signed for less than your subsistence, you must be carrying 15 (or 18 for Independent of REPEAT, or 18 units in addition to your courses. Graduate students must carry 14 units for full status.)

The last day to add a course was Wednesday Jan. 18. If you wish to drop a course you may do so without penalty until Jan. 20 by obtaining a change of program form from the recorders office.

If you are a new student under the law for this quarter you must have clearance from your training officer. If you have signed for less than minimum units under PL 340 or 360, your subsistence will be fractionally by quarters. 10-14 units equals 2/5 subsistence, 15-18 units equals 3/5 subsistence. State veterans will have their subsistence paid only if load is less than 18 units. All students carrying less than 18 units will need a special request from the recorders office.

BAY THEATRE

MORO BAY

STUDENT PRICE 50c

Psychodrama. - Jan. 13-15, Five of Us. Premier of this film, a private production, will open Jan. 13 at the Bay Theatre. A psychological study of five people living together, with no corporation and no sponsor, divided into five 15 minute acts. It is a modern version of the Greek classic Oedipus. 

"YOUNG AT HEART" - starred by Glenn Ford, is presented Jan. 16-18. A picture of youth and youthfulness. Where the young people have found love and security in life and are living the life of youth.

The SlevinScope

By Ed Slevin

After viewing the recent novice boxing journey, we felt pretty good about the coming ring season... the night of the event we held our eye glued to the TV set. From lawn to man from measure to measure, we learned and learned. We learned that every ring should have its own unique way of getting the puzzle together and not even enough for a 10 or 10 man squad... except there are many students on our campus that are capable of doing that, .., if for no other reason take a look at the schedule they have this season and the chance to travel they have to obtain: Stanford university at Palo Alto; the University state of the University of California; a two-tournament... the first being the second tournament which is the P.U. and the second journey (N.O.A) in Idaho.

Our college is in bad shape when they can not man a capable boxing squad... so those of you who are interested in boxing get down to the gym and see Coach Lee... he will be glad to give you all the details and you'll be glad and proud to be boxing for the Cal Poly Mustangs.

Like rugby? ? there's mention of the fact that there might be a team one of these days... watch for the latest news on the subject in E Mustang and sign up around campus. The Harlem clowns are the next home game for Mustang and it will be a coming event, one will want to see... and the Clowns are really terrific and a size crowd pleaser with many jokes to turn out and root for a Mustang victory.

Kellogg Unit Has Arabian Horse Show Under Way

First performances for the 1955 season of the world-famous Kellogg Arabian horse exhibitions took place last Sunday on the Kellogg Campus of Cal Poly, college officials announced recently. The shows are resuming operations after a holiday recess since November 20. The exhibitions will take place every Sunday, weather permitting, until the close of the season on May 28. Shows are conducted for 3 and 500 fans. Tonight show the Arab, eight huge Percheron draft horses, and tiny Shetland ponies will be performed in 17 different acts.

Mustangs Travel To Meet Aztecs; Harlem Clowns Next On Schedule

By Karl Hodges

After suffering a 13-0 defeat at the hands of Santa Barbara College, Coach Ed Jorgensen's squad will face the tough test of the San Diego State Aztecs this evening at 6:30 o'clock in the Alumni Room. The Mustangs were scheduled to play Los Angeles State College last night.

Last Friday night, the Mustangs (4-2) lost home territory and marked Cal Poly's second loss to the lofty Santa Barbara quintet. Previously the Mustangs dropped a CCAA tournament tilt to the Gauchos as Santa Barbara won 92-88 in the last quarter of play to defeat the Mustangs 96-90.

Haden Is Back
The Mustang squad was bolstered considerably by the return of two year letterman, Larry Madson and Alway Granberry in the game this evening. Although the Santa Barbara tilt marked Madson's second season game, the 6 foot five inch hooper displayed a marked ability on the backboards and will be in the starting lineup against the Gauchos. Madson scored seventy-two points in the last two days of competition.

High Steer
Kevin Hall, former Ventura and Purdue University star, continued to lead the scoring department with eighty points in 10 games for an average of 8.0 points per game. Bill Freeman is second highest with a total of 108 points for an average of 11.9 points. Tony Nolan follows Freeman with 108 and Alway Granberry is close behind Nolan with 105.

"They've had their time working against the Gauchos this defense, but I think the squad did very well in penetrating and working the ball to four for the shots, however, we did lose possession at different times and it woke them up, said Coach Jorgensen."

It looks as though the Mustangs will have the advantage in this game, and the squad will be hampered by the loss of Wilt Chamberlain, who is out for the season with a leg injury, and also the loss of John Wilson who had to drop from the roster because of negligible contributions.

So far, the Green and Gold have proved their opponents in scoring with 16 more baskets, but they do have an overall lead of more than 100 points in that department. Free throws have stopped the Mustangs, however, and with one point against the Gauchos, they will have to go all out to make a chance that Cal Poly will start a winning streak in the league.

The Gauchos, last night opened the season with a 76-M defeat at the hands of Santa Barbara and are 0-1 against the CCAA. After suffering a 76-M defeat at the hands of Santa Barbara, the squad will be hampered by the return of the ball in for the close shot of how, different-point in the game, and it follows Freeman with 115 more baskets, but they do have an overall lead of 108 points in that department. Free throws have stopped the Mustangs, however, and with one point against the Gauchos, they will have to go all out to make a chance that Cal Poly will start a winning streak in the league.

Good Or Bad, It's Your Paper

We've a little late but the new year isn't so aged that we have to leave 1954 without at least saying a few words about it. The entire El Mustang staff hopes the new year brought you all the things you asked for. And, too, new resolutions which will make 1955 an even better year.

Each of you play a big part in making all this a good or bad newspaper. If, as in 1954, you continue to write them ourselves, if we clip things from other magazines, we are too lazy to do original work. And if we don't print every word of contributions, we don't get enough. But if we are too critical, if we don't print every word of contributions, we are blamed for poor editing.

We've given you what we think—is thoroughly student edited and printed—a good newspaper based upon professional ideas. This newspaper has afforded the editors and staff an excellent opportunity to further our Journalism training and at least learn the basic functions of a news sheet.

We realize our learning has been and still is at your reading expense. We still, we hope, to remain with us for the rest of the year and perhaps we can all learn together. After all, we do learn by doing.

When we first started this newspaper experience has been for us and whatever pleasure you have gotten from it, El Mustang could never have been possible without you.

Our thanks from the three of us. Not only had the price gone up from eight cents for the stale on. But last year it was up to five dollars for the same. This year we're back to four dollars for the same. For our first cup of coffee. Being a hard working person, I really must dose now and get back to my homework. Just on* down on a freon. A clipper and bite down on a freon tender apudnut. I really must dose now and get back to my homework. Just on*

Editor's Perils Noted

Getting out a paper is no joke. If we print jokes, people say we are corny. If we don't, they say we are too serious. If we clip things from other magazines, we are too lazy to write them ourselves. If we don't, we clip things from other magazines. If we clip things from other magazines, we are too lazy to write them ourselves. If we don't, we clip things from other magazines. So now, I clip things from other magazines. I really must dose now and get back to my homework. Just on*

Objectives Of Printing Week

In observance of International Printing Week, January 18-22, El Mustang is proud to present the objectives of this week.

1. To salute an industry whose existence has been a dynamic force in the cultural advancement of mankind.
2. To perpetuate the sound principles and profound wisdom of Benjamin Franklin precepts.
3. To portray by visible examples the alert spirit and enterprise that characterizes the printing industry of today.
4. To encourage young people to share in the limitless career opportunities provided by Graphic Arts education facilities.

To promote international good will we'll be holding an art exhibit of Graphic Arts organizations into a more understanding relationship with one another.

Happy New Year!
