The dean's office of each school will send out the notifications after:

PROCEDURES FOR
MERITORIOUS PERFORMANCE AND PROFESSIONAL PROMISE AWARDS

I. PREAMBLE

This policy is designed to implement Articles 31.11 through 31.19 of the Memorandum of Understanding for Unit Three (faculty), agreed to in December, 1984.

Equal Opportunity guidelines govern the granting of MPPP Awards just as they do all other significant personnel actions at Cal Poly-- neither nominating faculty nor subsequent review bodies may discriminate on the basis of race, religion, or sex.

II. ELIGIBILITY

All persons covered by the Memorandum of Understanding for Unit Three are eligible to apply for or be nominated for Meritorious Performance and Professional Promise Awards.

No MPPP Awards shall be made except under criteria mutually developed and approved by the campus President and the body of the Academic Senate.

No MPPP Awards shall be granted without a positive recommendation from the particular school or appropriate administrative unit MPPP Committee.

III. CRITERIA

Meritorious Performance and Professional Promise Awards shall be given: (1) retrospectively, to recognize excellence in one or more of the following areas--teaching, professional activity, service and/or (2) prospectively, to promote excellence in one or more of the same areas.

Individual schools may choose whether to develop more specific criteria statements appropriate to their disciplines as long as they do not contradict the general university statement. They are also free to determine whether variable criteria are appropriate for different ranks. If school committees elect to elaborate their own criteria, they are urged to remain consistent with established school criteria for other personnel decisions. School statements of criteria should be distributed to faculty and forwarded to the Academic Senate Personnel Policies Committee well in advance of any selection cycle.

IV. APPLICATIONS/NOMINATIONS

Applications and nominations for MPPP Awards must document a candidate's excellent performance in teaching, professional activity, and/or service. Or

Applications and nominations for MPPP Awards must document proposed projects which would enhance a faculty member's performance in teaching, professional activity, and/or service. (Examples of some appropriate uses are travel, research support, technical/clerical support, released time, etc.) Or

Applications and nominations for MPPP Awards may combine the above.

V. SELECTION PROCESS

All members of Unit Three may submit applications or nominations to appropriate department heads by January 10. Past recipients are as eligible as all other unit members.
Every school or appropriate administrative unit shall elect a committee by January 15 to review applications/nominations for MPPP Awards. (Each department or other appropriate unit elects one representative from faculty who have neither applied for nor been nominated for an award.)

Department heads shall forward all applications/nominations to school committees by January 20. No rankings occur before nominations/applications reach school committees.

School committees will review nominations/applications without prejudice in favor of nominations as opposed to applications or vice versa, and by February 15, forward to the dean or appropriate administrator no more than the same number of applicants/nominees as MPPP Awards allocated to the school/appropriate administrative unit. Only positive recommendations shall be forwarded. School committees need to complete and return data sheets furnished by the Academic Senate before they disband.

If the dean or appropriate administrator concurs with the recommendations, the awards shall be granted as recommended no later than March 1.

If the dean/appropriate administrator disagrees with the recommendations forwarded by the faculty, both the recommendations of the dean or appropriate administrator and those of the faculty shall be forwarded to the President by March 1.

By March 5, the President shall transmit both sets of recommendations for review by the University Professional Leave Committee, which shall forward its positive recommendations by March 20 to the President for his/her consideration in making a final determination by April 1.

If the UPLC makes a negative determination, the committee shall state their reason and shall return the denied application to the originating school committee with the request to forward a substitute recommendation to the dean/appropriate administrator, repeating the original process. Each level of review shall complete and forward its recommendations within five (5) working days.

If the President disagrees with the UPLC, he/she shall state their reasons and shall return the denied application to the originating school committee with the request to forward a substitute recommendation to the dean/appropriate administrator, repeating the original process. Each level of review shall complete and forward its recommendations within five (5) working days.

This process shall be repeated until all the awards are granted or until the nominee/applicant pool is exhausted.

Awards shall be granted no later than June 30.

VI. GENERAL PROVISIONS

A. Recipients as well as the Personnel and Payroll Offices shall be notified in writing within five (5) days of concurrence.

B. Awards shall be paid within 30 days of having been granted.

C. When there is question as to the definition of the appropriate administrative unit for a particular application/nomination said question shall be referred to the Personnel Policies Committee for resolution.

D. All other questions about procedures and dates should also be referred to the Personnel Policies Committee.
*E. Criteria remain broadly defined at the university level, but individual schools may opt to develop more specific criteria statements. (See III-Criteria)

*F. Past recipients of MPPP Awards are eligible for repeated awards.

*G. Part-time Unit Three employees are eligible for awards.

*H. No rankings occur before nominations/applications reach school committees.

*I. School committees need to complete and return data sheets furnished by the Academic Senate before they disband.

*J. Equal Opportunity guidelines govern the granting of MPPP Awards just as they do other significant personnel actions at Cal Poly.

* Approved by the Academic Senate 4/22/86

RE: Plus/Minus Grading System

Attached is a copy of Student Senate Resolution #88-12 which "recommends the Academic Senate reevaluate their decision regarding plus/minus grading." Please give consideration to this recommendation at your earliest convenience. It is my understanding that many students and faculty question the value of plus/minus grading, and therefore feel it would be worthwhile to have the Academic Senate discuss this topic further. Thank you.
WHEREAS: The Academic Senate has addressed the issue of plus/minus grading and the ASI Student Senate, through Resolution #82-05, opposed the implementation of plus/minus grading.

WHEREAS: The Oasis registration system which is to be implemented at Cal Poly has the capability to handle plus/minus grading.

WHEREAS: Due to the following reasons, it has been found that plus/minus grading would not be a fair grading system: (1) the resolution passed by the Academic Senate places a 1.7 grade point value on the grade of C-. C- is said to be a passing grade, but a 1.7 grade point average is grounds for academic probation and/or possible dismissal from the university, thus preventing a student from graduating. (2) A student receiving a C- in a course could not re-take the course even though a 1.7 is below the satisfactory grade point standard of a 2.0. (3) The Academic Senate's resolution does not allow for an A+, but does allow for an A-, thus exhibiting an inconsistency within the distribution of grade points.

WHEREAS: The current grading system (without plus/minus) is satisfactory in meeting the needs for both the students and the faculties.

THEREFORE BE IT RESOLVED: That the Student Senate strongly recommend that the administration not to implement plus/minus grading.

THEREFORE BE IT FURTHER RESOLVED: That the Student Senate highly recommends the Academic Senate to reevaluate their decision regarding plus/minus grading.

Re: Draft of Resolution in Support of Non-Faculty MSAs

Date: October 12, 1988

I regret not having enough copies of this draft to circulate to all members of the Academic Senate Executive Committee on October 11, 1988.

I am hoping to get some feedback before this resolution next comes on the agenda (Executive Committee meeting of November 1, 1988).

If you have any suggestions for improving this document before it is presented to the full Senate, I would be most grateful.

I would also like to know the best way of having it receive State-wide Academic Senate support.

Many thanks, in advance, for reviewing this proposed resolution.
Academic Senate Resolution in Support of Merit Salary Adjustments
For All Non-Faculty Employees

Background:
For the past three years no specific provision has been made in the
California state budget for Merit Salary Adjustments (MSAs) for non-faculty
employees.

In 1985-86, 1986-87 and 1987-88, the Chancellor's Office of the CSU made
cuts in other areas of its budget to assure MSAs for CSU staff. However, for
1988-89, it made no such adjustment.

The failure to find room in its operating budget to fairly compensate non-
faculty employees has led to a demoralization of staff, inequities between
staff and faculty employees, and threatens to undermine the effectiveness
of employees to contribute to the mission of the California State University
system.

It is not enough as faculty that we sympathize with the plight of support
staff. We know that the lack of a Merit Salary Adjustment in a year of
increased medical and parking fees means less pay. We should use every
avenue possible to give concrete evidences of support to their quest for
compensation.

Therefore, the attached resolution has been drafted to give evidence of our
concern and our desire for speedy action to restore non-faculty Merit Salary
Adjustments to the CSU budget.

Linda S. Dobb
Chair, PCS Caucus
Robert E. Kennedy Library
Cal Poly
Resolution is Support of Non-Faculty MSAs:

Whereas the CSU non-faculty support staff are not scheduled to receive Merit Salary Adjustments for 1988-89, and

Whereas failure to grant such increases is a denial of economic parity and contravenes CSU employment policy to base salary adjustments on merit evaluations, and

Whereas inflation and other increases in basic employee expenses, such as medical care and parking, have effectively reduced living wages, and

Whereas these inequities threaten the productivity of and contributions these non-faculty support staff may effectively make to the mission of the California State University system,

Be it Resolved That:

Members of the California Polytechnic State University Academic Senate urge the CSU Chancellor’s Office to seek every means possible for restoring the Merit Salary Adjustments to non-faculty support staff, and that this resolution be forwarded to the appropriate bodies for immediate action.
